Life After Life

2013-04-02 Kate Atkinson What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly

poignant, and utterly original: this is Kate Atkinson at her absolute best.

Goldilocks

1996-09-01 Ed McBain Murder and detection lie at the core of a story of psychological warfare, human passion, and their impact on a marriage and a family that explores what it means to be "the other woman"

Pop-Up Books

2012-02-02 Nancy Larson Bluemel A convincing explanation of why interactive or movable books should be included in the library collection that documents their value as motivational instructional tools—in all areas of the school

curriculum, across many grade levels. Pop-up books possess universal appeal. Everyone from preschoolers to adults loves to see and tactilely experience the beautiful three-dimensional work of Robert Sabuda, David A. Carter, and other pop-up book creators. Sabuda himself was inspired to become a pop-up book artist after experiencing the 1972 classic pop-up *The Adventures of Super Pickle*. The effect of these movable books on young minds is uniquely powerful. Besides riveting children's attention, pop-up books can also help build motor skills, teach cause and effect, and develop spatial understanding of objects. Based on their direct experience and many presentations to teachers and librarians, the authors have provided template lesson plans with curriculum and standards links for using the best pop-up books currently available in the instructional program of the school. The book also includes profiles of the most notable authors, a history of the format, definitions of terms such as "flap book" and

"paper engineer," and information on how to create movable books. Librarians will find the section regarding collection development with the format—how and where to acquire them, proper storage methods—and the annotated listing of the authors' 50 favorite pop-ups extremely helpful.

The Elementary School Library Collection

1996-02 Brodart

The Poky Little Puppy

Roly Poly Panda

2022-05-03 Surya Sajnani Open out the soft pages of this beautiful, sensory-rich cloth book to follow Roly Poly Panda through the trees as she explores her forest home and listens out for her friends. With gorgeous vibrant colors and soft,

padded tactile pages, this delightful fold-out cloth book for babies features adorable friendly animal faces that babies will love and respond to. Ideal for reading in prams, cots and changing areas, this machine-washable book is the perfect gift for new born babies. Little hands will love to explore Wee Gallery Cloth Books, a lovable collection of animals with crinkly ears that heighten babies' senses. The result of a fantastic partnership between Wee Gallery and words & pictures, the beautiful illustrations, bold lines, whimsical animals, and repeating patterns are designed to stimulate visual development in young infants, making this soft cloth book an ideal first gift. Please cut the sewn-in care label off the book before use and retain box for reference.

The Diving Bell and the Butterfly

2008-03-06 Jean-Dominique Bauby A celebration of the liberating power of consciousness—a triumphant book that lets us witness an indomitable spirit and share in the pure joy of its

own survival. In 1995, Jean-Dominique Bauby was the editor-in-chief of French Elle, the father of two young children, a 44-year-old man known and loved for his wit, his style, and his impassioned approach to life. By the end of the year he was also the victim of a rare kind of stroke to the brainstem. After 20 days in a coma, Bauby awoke into a body which had all but stopped working: only his left eye functioned, allowing him to see and, by blinking it, to make clear that his mind was unimpaired. Almost miraculously, he was soon able to express himself in the richest detail: dictating a word at a time, blinking to select each letter as the alphabet was recited to him slowly, over and over again. In the same way, he was able eventually to compose this extraordinary book. By turns wistful, mischievous, angry, and witty, Bauby bears witness to his determination to live as fully in his mind as he had been able to do in his body. He explains the joy, and deep sadness, of seeing his children and of hearing his aged father's voice on the phone. In magical

sequences, he imagines traveling to other places and times and of lying next to the woman he loves. Fed only intravenously, he imagines preparing and tasting the full flavor of delectable dishes. Again and again he returns to an "inexhaustible reservoir of sensations," keeping in touch with himself and the life around him. Jean-Dominique Bauby died two days after the French publication of *The Diving Bell and the Butterfly*. This book is a lasting testament to his life.

Fun for Kids III

2002 Marion F. Gallivan An index to children's craft books published since 1991. Provides a guide to craft instructions alphabetically by project, or by type of material used.
