Bulletin of the Inter-parliamentary Union

1963

Governance, Human Rights, and Political Transformation in Africa

2019-11-19 Michael Addaney This edited volume examines the development and challenges of governance, democracy, and human rights in Africa. It analyzes the emerging challenges for strengthening good governance in the region and explores issues related to civil, political, economic, cultural, and social rights highlighting group rights including women, girls, and other minority groups. The project presents a useful study of the democratization processes and normative developments in Africa exploring challenges in the form of corruption, conflict, political violence, and their subsequent impact on populations. The contributors appraise the implementation gap between law and practice and the need for institutional reform to build strong and robust mechanisms at the domestic, regional, and international levels.

Parliament and Democracy in the Twenty-first Century

2006 David Beetham

The Palgrave Handbook of Democracy, Governance and Justice in Africa

2022-10-03 Aderomola Adeola There is an emerging consensus that what is projected as democratic governance and justice in Africa requires a re-calibration, in particular, in relation to the constitutive demos, human rights, the realisation of commitments at various governance levels and the convergence between these ideations. The post-colonial narrative on democracy has unveiled some crevices in rule of law, political equality, political participation, political culture and freedom of the press. Aside from the fact that these notions are threatened by some existing institutional structures, these notions are increasingly being negotiated across political spaces. Evident in the prevalent narrative is an imperative for Africa to assert its place on the global scene of democratic governance and justice. However, if this will be accomplished, it is important to understand some of the issues that need to be worked through in this transition.

Regional Integration, Human Rights and Democratic Participation in Africa

2020 Karin Deichmann The protection of human rights and popular participation on the first sight seem to contradict the often-existing image of the African continent. However, with the foundation of the African Union in 2000, both aspects gain greater importance on regional level. Besides that, many subregional courts within the sphere of sub-Saharan Africa partially started to develop human rights-related jurisdiction. In addition to that, most regional economic communities nowadays provide for their own parliamentary structures. The study aims to examine the several institutional structures and their competences on both, regional and subregional level. Besides that, it provides for a profound analysis of the jurisdiction of the

African Charter On Democracy Inter Parliamentary Union Pdf Pdf upload Herison t Robertson

respective courts as well as the communications of the African Commission of Human and Peoples' Rights. Lastly, the study focuses on the correlation between the extension of the institutions' competences and the political will of the involved governments.

Women in Parliament

2005 Julie Ballington This updated edition of Women in Parliament: Beyond Numbers Handbook covers the ground of women's access to the legislature in three steps: It looks into the obstacles women confront when entering Parliament be they political, socio-economic or ideological and psychological. It presents solutions to overcome these obstacles, such as changing electoral systems and introducing quotas, and it details strategies for women to influence politics once they are elected to parliament, an institution which is traditionally male dominated. The first Women in Parliament: Beyond Numbers handbook was produced as part of IDEA's work on women and political participation in 1998. Since its release in English in 1998, there has been an ongoing interest and demand for the handbook, and responding to the request for the translation of the handbook, IDEA has produced Spanish, French and Indonesian language versions and a Russian overview of the handbook during 2002-2003. Since the first handbook was published, the picture regarding women's political participation has slowly changed. Overall the past decade has seen gradual progress with regard to women's presence in national parliaments. This second edition incorporates relevant global changes in the past years presenting new and updated case studies.--

International Democracy Documents
