Emotion: The Juice of Life (eBook) Sadhguru

Adiyogi 2017-02-23 Sadhguru "Shiva does not spell religion. Shiva spells responsibility -- our ability to take our very life process in our hands.'" -- Sadhguru 'Shi-va' is 'that which is not', a primordial emptiness; Shiva is also the first-ever yogi, Adiyogi, the one who first perceived this emptiness. Adiyogi is symbol and myth, historic figure and living presence, creator and destroyer, outlaw and ascetic, cosmic dancer and passionate lover, all at once.A book like no other, this extraordinary document is a tribute to Shiva, the Adiyogi, by a living yogi; a chronicle of the progenitor of mysticism by a contemporary mystic. Here science and philosophy merge seamlessly, so do silence and sound, question and answer--to capture the unspeakable enigma of Adiyogi in a spellbinding wave of words and ideas that will leave one entranced, transformed.

Chakra Mantras 2006-08-01 Thomas Ashley Farrand Thomas Ashley-Farrand is the preeminent authority on yogic mantras. In Chakra Mantras, he brings previously hidden knowledge from India and Tibet and teaches us through the use of mantras how to activate our secret chakras, which contain the keys to our spiritual progress. Located along the spine, the chakras process energy for all of our waking activities, and during sleep they provide energy for healing and cleansing the physical body. But there is another, higher octave of functioning that these chakras can achieve, if they are given higher states of spiritual energy in which to operate. This higher octave provides paths for spiritual development that ultimately lead to spiritual liberation or freedom from karma. A powerful method for charging the chakras with higher energy is through the use of Sanskrit mantras. With energy-invoking tools, stories from India's ancient tales, and amusing anecdotes, Chakra Mantras provides the information needed for fueling spiritual advancement through the use of healing sounds and chakra mantras.

Inner Engineering 2016-09-20 Sadhguru NEW YORK TIMES BESTSELLER • Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. “A loving invitation to live our best lives and a profound reassurance of why and how we can.”–Sir Ken Robinson, author of The Element, Finding Your Element, and Out of Our Minds: Learning to Be Creative NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means “dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life.” The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy.

Kundalini Science 2021-02-07 Premyogi vajra This book is second part of the Kundalini science series. First and second parts are also availab;e. It is the compiled form of blog-posts. Those posts are written by Premyogi vajra, a mystic yogi. He is enlightened as well as he has his kundalini awakened. These all posts are related to kundalini. One post corresponds to one chapter. Premyogi vajra is writing about Kundalini since 3 years ago, when his kundalini awakened

after one year long continued kundalini yoga meditation. He became amazed on seeing that nowhere Kundalini had been mentioned or described completely. Even Kundalini had not been defined properly. He searched and read many kundalini awakening experiences, but he found none as genuine and complete. Although he found Samadhi as mentioned in Patanjali Yoga Sutras as equivalent to Kundalini, but that was described in a mystic and ancient way that was difficult to be understood by the laymen type general public. Therefore inspired by these shortcomings, he decided to present every know-how about kundalini in very simple or childish way keeping everything at ground level, true, experiential, scientific, original, practical and intuitive. That genuine, honest and humane effort resulted into the origination of this wonderful book. That is why this book appears as a blessing for kundalini seekers. Because it is not comfortable to read so many blog posts together on glare producing screens, therefore those posts were presented in the form of a kindle e-book that is comfortable and enjoying to read. As a result, it is fully hoped that readers will find this book spiritually uplifting and comfortable to read.

Mahanirvana Tantra (Tantra of the Great Liberation) Translated by Arthur Avalon

Hindu Rites and Rituals 2015-11-25 K V Singh Why is the tulsi considered sacred? What is the significance of namaste? Why do Hindus light a lamp before performing a ritual? Why is it forbidden to sleep facing the south? Why do Hindus chant 'shanti' three times after performing a rite? Millions of Hindus the world over grow up observing rites, rituals and religious practices that lie at the heart of Hinduism, but which they don't know the significance of. Often the age-old customs, whose relevance is lost to modern times, are dismissed as meaningless superstitions. The truth, however, is that these practices reveal the philosophical and scientific approach to life that has characterized Hindu thought since ancient times; it is important to revive their original meanings today. This handy book tells the fascinating stories and explains the science behind the Hindu rites and rituals that we sometimes follow blindly. It is essential reading for anyone interested in India's cultural tradition.

Myth = Mithya 2014-07-11 Devdutt Pattanaik A decoding of Hindu mythology Hindus have one God. They also have 330 million gods: male gods; female gods; personal gods; family gods; household gods; village gods; gods of space and time; gods for specific castes and particular professions; gods who reside in trees; in animals; in minerals; in geometrical patterns and in man-made objects. Then there are a whole host of demons. But no Devil. In this groundbreaking book Dr Devdutt Pattanaik; one of India's most popular mythologists; seeks an answer to these apparent paradoxes and unravels an inherited truth about life and death; nature and culture; perfection and possibility. He retells sacred Hindu stories and decodes Hindu symbols and rituals; using a unique style of commentary; illustrations and diagrams. We discover why the villainous Kauravas went to heaven and the virtuous Pandavas (all except Yudhishtira) were sent to hell; why Rama despite abandoning the innocent Sita remains the model king; why the blood-drinking Kali is another form of the milk-giving Gauri; and why Shiva wrenched off the fifth head of Brahma. Constructed over generations; Hindu myths serve as windows to the soul; and provide an understanding of the world around us. The aim is not to outgrow myth; but to be enriched and empowered by its ancient; potent and still relevant language.

Layayoga 1999-05-01 Shyam Sundar Goswami The most comprehensive guide to chakra meditation and the ancient spiritual science of layayoga ever created. • One of the great works on yoga, available for the first time in the United States. • Full-color plates illustrate each chakra. With the growing interest in energy medicine in the West, the ancient Hindu tradition of chakra meditation has become increasingly important to both healers and spiritual seekers. While new to us, the chakras have long been studied in the East, with the spiritual science of layayoga having the profoundest knowledge of these energy centers. The fundamental aspect of layayoga is the arousing of dormant energy within the body through concentration and breathing exercises and the movement of this energy through the chakras to achieve supreme consciousness. Unlike kundalini yoga, which starts with the lower chakras and moves energy upward, layayoga meditation starts with the Sahasrara, the spiritual chakra that crowns the aura, and brings energy down to spiritualize each chakra in turn. Layayoga has long been viewed as the most comprehensive and deeply researched examination of the chakras available in the West. Its detailed, illustrated look at each of the chakras and the various meditations and mantras that go with them makes it a must for serious students of yoga.

Chakras 2000-09-01 Harish Johari • Revised and expanded edition of the classic work on chakras by the renowned Indian scholar and tantra practitioner. • Over 35,000 copies of the original edition sold. • Includes full-color illustrations of the chakras to be used with the meditation exercises in the book and provides the tools necessary to activate these centers of transformative energy. In the ancient science of tantra, the human body is viewed as the most perfect instrument for the expression of consciousness, a perfection realized through the development of psychic centers known

as chakras. Located within the cerebrospinal system, the chakras are the stage upon which the interaction between higher consciousness and desire is played out. Consequently, it is through understanding and utilizing the energies of the chakras that we ultimately reach an enlightened state of being. In Chakras, Indian scholar and tantra practitioner Harish Johari introduces the classical principles of the chakras as well as their practical application for today. In this expanded edition, complete with new art and text, he unfolds the mysteries of these subtle centers of transformation with visualization techniques essential to a fully realized tantric practice. Unlike other books in its field, Chakras provides the tools to activate these centers of transformative energy and elevate one's intellectual knowledge to an experience of spiritual growth. Meditating on the beautiful, full-color illustrations of each chakra vitalizes the cerebrospinal centers and harmonizes the entire system both physically and psychically. Explanations of each chakra elaborate on the chakra's connection to elements, colors, sounds, sense and work organs, desires, planets and deities, as well as on behavioral characteristics and particular effects of meditation. For scholars and spiritual aspirants of every level, Chakras is an invaluable, practical source of information and techniques.

Lord Siva and His Worship 1962 Swami Sivananda

Shiva 2004-09-14 Wolf-Dieter Storl An extensive look at all the aspects of multi-natured Shiva • Explores the shamanic roots of world spirituality as exemplified by this Hindu god who shares many of the attributes of the Norse Odin and the Celtic Cernunnos • Looks at Shiva's relation to contemporary culture, Tantra, and the dualistic religions of the West To his devotees Shiva is the entire universe and the core of all beings. Hindu myth shows him appearing at the beginning of creation as a giant pillar of fire from which this world sprang forth. Yet he is also the most approachable of gods, for he is the lover of lovers and the devotee of his devotees. Of the 1,008 names of Shiva, Pashupati, Lord of Animals, is one of the most common. His special relation to animals along with his trickster nature reveal the deep connection of Shiva to shamanism and other gods such as the Norse Odin and the Celtic Cernunnos that came out of the Paleolithic traditions. Ethnologist Wolf-Dieter Storl was first captivated by Shiva when he was in India as a visiting scholar at Benares Hindu University. In this book he invites readers to join in the lively and mythical world of Shiva, or Mahadev, God of All Gods. Shiva is a study in contrasts: As the lord of dance he looses himself in ecstatic abandon; with his consort Parvati he can make love for 10,000 years. Both men and women worship him for his ability to unite and balance masculine and feminine energies. But as the ascetic Shankar he sits in deep meditation, shunning women, and none dare disturb him lest he open his third eye and immolate the entire universe. Lord of intoxicants and poisons, he is the keeper of secret occult knowledge and powers, for which he is worshipped by yogis and demons alike. Shiva dances both the joy of being and the dance of doom--but in every aspect he breaks through the false ego to reveal the true self lying within. This is his true power.

Lemurian Scrolls 2006-07 Satguru Sivaya Subramuniyaswami Imagine reading a book written millions of years ago from within great, walled Lemurian monasteries where narrators look back and forward at the same time, chronicling mankind's journey to Earth from the Pleiades and other planets in the pursuit of unfolding into the ultimate attainment, realization of the timeless, formless, spaceless Self within.Lemurian Scrolls is just that book. This ancient manuscript was not found etched on a cave wall or buried in forgotten ruins, but rather discovered through the practice of an inner archeology, the use of the third eye to read the akashic records. Many books exist in the inner akashic, library, and Satguru Sivaya Subramuniyaswami chose to share the chapters that comprise these Scrolls as a further effort to help us all realize where we came from, where we are going, and how to connect with our innate Divinity.

Healing Mantras 2008-12-24 Thomas Ashley-Farrand "Sound is more than simply a medium of artistic expression. Sound has practical and powerful applications in the real world." Mantras, or simple chants, are short phrases packed with energy and intention--specifically designed to generate powerful sound waves that promote healing, insight, creativity, and spiritual growth. Healing Mantras is the practical, how-to guide that makes the strengths and benefits of mantras available to everyone. The transformative power of sound has been passed down to the present from the sages of India, the classical scientists of ancient Greece, and the medieval monks of Europe. Mantras, sounds, and chants have inspired, comforted, and mended the lives of individuals, religious orders, and even entire cultures. Even though the science and discipline of chanting and formal prayer are practiced in every religion around the world, this is the first time that ancient Sanskrit mantras have been explained and adapted to Western needs. One of the few Western experts in Hindu and Buddhist mantras, Thomas Ashley-Farrand has practiced mantra-based spiritual disciplines for twenty-five years. In this illuminating book, he explains how and why mantras work and shows how to use them for everything from controlling habits to overcoming fear, from curing specific ailments to finding inner peace. In each of the more than fifty mantras, all translated from the original Sanskrit, Ashley-Farrand unlocks the power of every word, explains its appropriate application, and tells you how to pronounce it in easy-to-follow phonetic symbols. Inside, you'll find mantras for - Health - Worldly Success - Habit Control - Protection - Grief - Anger - Controlling Fear - Personal Attraction - Wisdom - Concentration and Mental Clarity - Healing Life Issues - and more! These mantras can be repeated aloud or in silence and can be used by people of any religion or spiritual practice, "as you wash dishes, as you drive on the freeway, as you meditate, or as you cook." Sound can help and sound can heal, and Healing Mantras now makes this sound medicine available to everyone.

Living Mantra 2018-09-15 Mani Rao Living Mantra is an anthropology of mantra-experience among Hindu-tantric practitioners. In ancient Indian doctrine and legends, mantras perceived by rishis (seers) invoke deities and have transformative powers. Adopting a methodology that combines scholarship and practice, Mani Rao discovers a continuing tradition of visionaries (rishis/seers) and revelations in south India's Andhra-Telangana. Both deeply researched and replete with fascinating narratives, the book reformulates the poetics of mantra-practice as it probes practical questions. Can one know if a vision is real or imagined? Is vision visual? Are deity-visions mediated by culture? If mantras are effective, what is the role of devotion? Are mantras language? Living Mantra interrogates not only theoretical questions, but also those a practitioner would ask: how does one choose a deity, for example, or what might bind one to a guru? Rao breaks fresh ground in redirecting attention to the moments that precede systematization and canon-formation, showing how authoritative sources are formed.

Yoga Meditation 2013 Gregor Maehle This book will not only give a precise step-by-step description of the meditation technique at the heart of yoga but also put it into context with all other yogic techniques and how they contribute to

the breakthrough to spiritual freedom. Yogic meditation derives its power from the fact that it systematically suspends the entire processing capacity of the subconscious mind and diverts it towards meditation. The processing power of the subconscious mind is a multiple of that of the conscious mind. Simply watching breath or watching awareness involves only your conscious mind. For quick and effective concentration the entire power of the subconscious mind has to be harnessed. This is the secret of yogic meditation. You will also find information on the importance of Kundalini as support for meditation and the factors that make it rise, such as chakra and Sushumna visualization, mantra and breath. The text then explains how the chakras represent evolutionary stages of brain and mind development. Chakra meditation, if done in a sophisticated, high-powered way, will propel the evolution of the brain and mind of the practitioner and the awakening of higher intelligence.

A Gateway to Spirituality 2017-10-27 Wing Commander Santosh Sharma The first book in the world, which talks about de-hypnosis and explains spiritual dimensions of hypnosis in an eastern way. Hypnosis is spiritual in the sense that in hypnosis, illusion is created to destroy illusion. It applies the principle of similia similibus curenur: let like be cured by like. In this book, there are two parts. The first part of this book will wake you up from maya and de-hypnotize you by creating awareness using traditional gyana. The second part of the book teaches some time-tested, verified, and effective modern hypnosis methods to de-hypnotize and integrate you. It is said, "to take out a nail, use another nail." Hypnosis uses illusion to remove illusions and delusions of your perceptions about yourself, your guilt, fears, phobias, anxiety, and hatred, etc. Sounds strange though, when I tell you to use hypnosis for de-hypnosis. However, that is the quickest way to get out of mental illusions and delusions.

The Answer Is You 2017-05-12 Joseph P. Kauffman So many people are searching for the answer-the answer to life, love, health, happiness, success, and freedom. People search for the answer to life's questions in money, in relationships, in experiences, in places and material things. We have searched for it everywhere in the world outside of ourselves, completely unaware of the fact that real freedom, and real happiness, can never come to us from something else, but can only be found within the truth of our being. The answers you seek lie within YOU, the true you, and by awakening to your true nature, you can see clearly that your experience of the world is ultimately dependent upon the world within your consciousness. You are not the separate and isolated individual that many people feel themselves to be. You are a divine expression of the whole of existence, an essential part of the Universe, connected to it on every level. In truth, all things are one, and we are all a part of this oneness. Realizing this ancient truth liberates us from the prison of ego, and allows us to express ourselves authentically-without fear, without doubt, and without limitations. It enables us to find true freedom: the freedom to be ourselves, to live naturally, and to allow the Universe to express itself through us effortlessly, without resistance. This book investigates the subject of who we are at our deepest level, why we have forgotten who we are, and how remembering our true nature is the key to finding real freedom, happiness, and peace in our lives. Blending together the wisdom of ancient spiritual traditions as well as new discoveries in quantum physics and modern science, this book takes the reader on an inward journey to the very core of their being. The message in this book is clear: our pain, our misery, our suffering, arises from our ignorance of our true nature, and if only we are willing to see beyond the illusions of our culture, and wake up to the reality of who we really are, we can be free of this suffering, and live lives filled with peace, with love, and with happiness.
