

American Dreamer A Life Of Henry A Wallace The Life And Times Of Henry A Wallace Norton Paperback Pdf Pdf

The Education of an American Dreamer

2009-06-08 Peter G. Peterson With insight and refreshing candor, Peter G. Peterson describes his remarkable life story beginning in Kearney, Nebraska as an eight-year-old manning the cash register at his father's Greek diner through his "Mad Men" advertising days, to Secretary of Commerce in Nixon's paranoid White House, to the tumultuous days of Lehman Brothers, and to the creation of The Blackstone Group, one of the great financial enterprises in recent times. In The Education of the American Dreamer, Peterson chronicles the progress of this journey with irony, humor and, sometimes, painful honesty. Within these pages are stories of marriage and family hardship; lessons in political gamesmanship; thoughts on his obsessive desire to succeed; and, finally, learning the meaning of "enough." From his advertising days in Chicago in the 1950's to becoming the youngest CEO of a Fortune 300 Company, he shares with us his rise to the top and the price paid along the way. As the youngest Cabinet member in the Nixon administration, he describes his survival techniques in a hubris-driven and paranoid White House, including his turbulent turf wars with Treasury Secretary John Connally leading to Peterson's abrupt and highly publicized firing. His stewardship of Lehman Brothers is a Shakespearian tale of a CEO who struggled to deal with partners who were plotting his demise and, at the same time, turning an institution on the brink of bankruptcy to one with 5 straight years of record profits. His life's story is about doing well by doing good. In the wake of Blackstone's highly successful public offering, Peterson found himself an 80-year old instant billionaire, on the verge of retirement. And like many lifetime workers and over-achievers, he suddenly confronts an unexpected, depressing identity crisis. His solution? Committing a great bulk of his net proceeds to establish the Peter G. Peterson Foundation, his philanthropic endeavor to do something about America's politically untouchable challenges that threaten America's future, among them massive entitlement obligations, ballooning health care costs, and our energy gluttony. Ultimately, this is a man's account of his legendary successes, humiliating failures, and personal tragedies - a testament to a remarkable life and, indeed, to the American Dream itself.

An American Dream

2015-02-17 Norman Mailer In this wild battering ram of a novel, which was originally published to vast controversy in 1965, Norman Mailer creates a character who might be a fictional precursor of the philosopher-killer he would later profile in The Executioner's Song. As Stephen Rojack, a decorated war hero and former congressman who murders his wife in a fashionable New York City high-rise, runs amok through the city in which he was once a privileged citizen, Mailer peels away the layers of our social norms to reveal a world of pure appetite and relentless cruelty. One part Nietzsche, one part de Sade, and one part Charlie Parker, an American Dream grabs the reader by the throat and refuses to let go. Praise for An American Dream "Perhaps the only serious New York novel since The Great Gatsby."—Joan Didion, National Review "A devil's encyclopedia of our secret visions and desires . . . the expression of a devastatingly alive and original creative mind."—Life "A work of fierce concentration . . . perfectly, and often brilliantly, realistic [with] a pattern of remarkable imaginative coherence and intensity."—Harper's "At once violent, educated, and cool . . . This is our history as Hawthorne might have written it."—Commentary Praise for Norman Mailer "[Norman Mailer] loomed over American letters longer and larger than any other writer of his generation."—The New York Times "A writer of the greatest and most reckless talent."—The New Yorker "Mailer is indispensable, an American treasure."—The Washington Post "A devastatingly alive and original creative mind."—Life "Mailer is fierce, courageous, and reckless and nearly everything he writes has sections of headlong brilliance."—The New York Review of Books "The largest mind and imagination [in modern] American literature . . . Unlike just about every American writer since Henry James, Mailer has managed to grow and become richer in wisdom with each new book."—Chicago Tribune "Mailer is a master of his craft. His language carries you through the story like a leaf on a stream."—The Cincinnati Post

American Dreamer: A Life of Henry A. Wallace

2001-09-17 John C. Culver The great politician, agriculturalist, economist, author, and businessman—loved and reviled, and finally now revealed. The great politician, agriculturalist, economist, author, and businessman—loved and reviled, and finally now revealed. The first full biography of Henry A. Wallace, a visionary intellectual and one of this century's most important and controversial figures. Henry Agard Wallace was a geneticist of international renown, a prolific author, a groundbreaking economist, and a businessman whose company paved the way for a worldwide agricultural revolution. He also held two cabinet posts, served four tumultuous years as America's wartime vice president under FDR, and waged a quixotic campaign for president in 1948. Wallace was a figure of Sphinx-like paradox: a shy man, uncomfortable in the world of politics, who only narrowly missed becoming president of the United States; the scion of prominent Midwestern Republicans and the philosophical voice of New Deal liberalism; loved by millions as the Prophet of the Common Man, and reviled by millions more as a dangerous, misguided radical. John C. Culver and John Hyde have combed through thousands of document pages and family papers, from Wallace's letters and diaries to previously unavailable files sealed within the archives of the Soviet Union. Here is the remarkable story of an authentic American dreamer. A Washington Post Best Book of the Year. 32 pages of b/w photographs. "A careful, readable, sympathetic but commendably dispassionate biography."—Arthur Schlesinger, Jr., Los Angeles Times Book Review "In this masterly work, Culver and Hyde have captured one of the more fascinating figures in American history."—Doris Kearns Goodwin, author of No Ordinary Time "Wonderfully researched and very well written...an indispensable document on both the man and the time."—John Kenneth Galbraith "A fascinating, thoughtful, incisive, and well-researched life of the mysterious and complicated figure who might have become president..."—Michael Beschloss, author of Taking Charge: The Johnson White House Tapes, 1963-1964 "This is a great book about a great man. I can't recall when—if ever—I've read a better biography."—George McGovern "[A] lucid and sympathetic portrait of a fascinating character. Wallace's life reminds us of a time when ideas really mattered."—Evan Thomas, author of The Very Best Men: The Early Years of the CIA "Everyone interested in twentieth-century American history will want to read this book."—Robert Dallek, author of Flawed Giant "[T]he most balanced, complete, and readable account..."—Walter LaFeber, author of Inevitable Revolutions "At long last a lucid, balanced and judicious narrative of Henry Wallace...a first-rate biography."—Douglas Brinkley, author of The Unfinished Presidency "A fine contribution to twentieth-century American history."—James MacGregor Burns, author of Dead Center: Clinton-Gore Leadership and the Perils of Moderation "[E]minently readable...a captivating chronicle of American politics from the Depression through the 1960s."—Senator Edward M. Kennedy "A formidable achievement....[an] engrossing account."—Kai Bird, author of The Color of Truth: McGeorge Bundy & William Bundy, Brothers in Arms "Many perceptions of Henry Wallace, not always favorable, will forever be changed."—Dale Bumbers, former US Senator, Arkansas

The american dream and the american nightmare in literature by William D. Howells and Henry James

2008-06-19 Carolina Hein Seminar paper from the year 2008 in the subject American Studies - Literature, grade: 1,7, University of Constance, 4 entries in the bibliography, language: English, abstract: This term paper deals with the origin of the American Dream, with the American Nightmare and with the two novels "The Rise of Silas Lapham" written by William D. Howell (1885) and "The American" by Henry James (1877). The term paper mainly concentrates on the main characters and their social life and shows that the protagonists, who live the way that the term "American Dream" implies, experience the seamy side of the American Dream. The American Dream has a long history which goes back several hundred years. For some people the American Dream might stand for property, for others it might be the image of freedom and equality. By all means, the American Dream promises a more comfortable life and the realization of the deepest dreams. But reality can turn the American Dream into the American Nightmare. Searching for a well paid job to raise their standards of living, people acknowledge that it is difficult to move up the economic ladder. Longing for equal opportunity, people face discrimination due to their race or social class. This term paper deals with the origin of the American Dream and two novels The Rise of Silas Lapham written by William D. Howell, originally published in 1885, and The American by Henry James published in 1877. The term paper mainly concentrates on the main characters and their social life and shows that the protagonists, who live the way that the term "American Dream" implies, experience the seamy side of the American Dream. Before Europeans had moved to the new continent, the first immigrants living in America were Asians (Jordan, Winthrop D./Leon F. Litwack. The United States, Conquering a Continent Volume 1. California: North West, 2003: 1). In 1492, Christopher Columbus discovered an unknown continent which was named "America" after the explorer Amerigo Vespucci. Reports of America visitors connected the impression of America with "a paradise on earth" and the "El Dorado" and thus attracted people (Freese, Peter. The American Dream and the American Nightmare: General Aspects and Literary Examples. Paderborner Universitätsreden 7. Paderborn: Universität-Gesamthochschule, 1987: 8). Terrible and dangerous life situations, daily suffered by men and women during the "Protestant Reformation", forced victims of "religious persecution" to flee the countries (Freese 1987: 10). Searching for protection, they moved from the "Old World" to the "New World" (15).

The Story of Henry Ford - An American Dream Cone True

2015-02-18 Henry Ford FEW PEOPLE have had the transformative success as Henry Ford of Dearborn Michigan, USA. While his life-story transformed the nation and the world, the effects on its author are less understood. The purpose of this book is to explore his story as an additional study to Napoleon Hill's bestselling "Think and Grow Rich." In Hill's book, few individuals in it have more anecdotes used as examples than Ford - excepting Thomas Edison himself (who gave Ford an early boost in one of his companies.) In most days, people are challenged by their environment. They can rise to the challenge, or succumb to it. A rare few among them can see opportunity and seize it - creating a new world from a unique and unstoppable vision they hold. With Ford, we can also gain more insight into his philosophy of achievement, and how this affected Hill in his own studies. Even today, Ford's ideals have a great deal to say about how we can approach our own life. Now, it's over to you.

Nation of Killers: Guns, Violence, White Supremacy: The American Dream Become Delusion

2015-10-29 Jack Carney, DSW In recent years, the American dream has been usurped, taking numerous opportunities away from ordinary working-class, middle-class Americans. In Nation of Killers, author Jack Carney shares what he believes has gone wrong and what might be done to address and correct it. Carney offers readers information they might not otherwise have, seeking to provoke them into reconsidering some conclusions about this country and its future direction. He argues that violence-rooted in white supremacist ideology-has been employed by one percenters and their surrogates to promote the country's nineteenth-century expansion and its modern imperialist adventures and to subjugate those of its citizens who have been politically and economically marginalized since the nation's founding.

Living the American Dream

1997 Henry L. Kimelman

American Dreamers

1996 Peter Canning The fascinating behind-the-scenes story of the Reader's Digest and its founders, the book shows how this beloved American institution lost its innocence when corporate lawyers and Wall Street wrested control from its creators, DeWitt and Lila Wallace. Ultimately, they saw their once idyllic kingdom become a breeding ground for greed, jealousy, betrayal, and power plays. of photos.

American Dreamer

2016-11-01 Tommy Hilfiger In this tale of grit and glamour, setbacks and comebacks, business and pop culture icon Tommy Hilfiger shares his extraordinary life story for the first time. Few designers have stayed on top of changing trends the way Tommy Hilfiger has. Fewer still have left such an indelible mark on global culture. Since designing his first collection of "classics with a twist" three decades ago, Tommy Hilfiger has been synonymous with all-American style—but his destiny wasn't always so clear. Growing up one of nine children in a working-class family in Elmira, New York, Tommy suffered from dyslexia, flunked sophomore year of high school, and found himself constantly at odds with his father. Nevertheless, this self-described dreamer had a vision and the relentless will to make it a reality. At eighteen he opened his own clothing store, parlaying his uncanny instinct for style into a budding career as a fashion

designer. Through decades of triumph and turmoil, Tommy remained doggedly optimistic. To this day, his approach to commerce is rooted in his positive view of the world. American Dreamer brims with anecdotes that cover Tommy's years as a club kid and scrappy entrepreneur in 1970s New York as well as unique insights into the exclusive A-list personalities with whom he's collaborated and interacted, from Mick Jagger and David Bowie to Ralph Lauren and Calvin Klein. But this is more than just a fashion icon's memoir—it's a road map for building a brand, both professionally and personally. Tommy takes us behind the scenes of every decision—and every mistake—he's ever made, offering advice on leadership, business, team-building, and creativity. This is the story of a true American original, told for the first time in his own words, with honesty, humor, and the insatiable appetite for life and style that proves that sometimes you have to dream big to make it big. Praise for American Dreamer "A unique look into the fashion world . . . an honest, straightforward, mostly entertaining autobiography of the man who created a classic yet hip line of clothing."—Kirkus Reviews "Fashionists and business gurus alike will glean important lessons from Hilfiger's rags-to-riches rag-trade story."—Booklist "Tommy burst onto the fashion scene at the height of hip-hop and was instantly taken up by rappers and rockers alike. Since then, year after year he has been ahead of the curve with his elegant and stylish looks. His creative energy has always been an inspiration to me. He's really himself in American Dreamer."—Mick Jagger "In American Dreamer Tommy shows how he has taken the (rock) stars and the (preppy) stripes and come up with a look—and a label—that are recognized globally as being quintessentially American, as well as a brand that constantly keeps time with pop music."—Anna Wintour "Tommy is an inspiration to many people. American Dreamer shows how he has managed to be successful in business and done so with integrity."—David Beckham "Tommy is one of the most genuine people I know! In American Dreamer you can feel his passion pour through everything he does: fashion, fatherhood, family, and friendship!"—Alicia Keys "Tommy Hilfiger is an American icon who was able to transcend fashion and blend it with pop culture and take it to a worldwide audience. American Dreamer documents how, unlike any other designer, Tommy was able to tap into music, its subculture, and its influence on society."—Tommy Mottola

Henry Wallace's 1948 Presidential Campaign and the Future of Postwar Liberalism

2013-05-27 Thomas W. Devine In the presidential campaign of 1948, Henry Wallace set out to challenge the conventional wisdom of his time, blaming the United States, instead of the Soviet Union, for the Cold War, denouncing the popular Marshall Plan, and calling for an end to segregation. In addition, he argued that domestic fascism—rather than international communism—posed the primary threat to the nation. He even welcomed Communists into his campaign, admiring their commitment to peace. Focusing on what Wallace himself later considered his campaign's most important aspect, the troubled relationship between non-Communist progressives like himself and members of the American Communist Party, Thomas W. Devine demonstrates that such an alliance was not only untenable but, from the perspective of the American Communists, undesirable. Rather than romanticizing the political culture of the Popular Front, Devine provides a detailed account of the Communists' self-destructive behavior throughout the campaign and chronicles the frustrating challenges that non-Communist progressives faced in trying to sustain a movement that critiqued American Cold War policies and championed civil rights for African Americans without becoming a sounding board for pro-Soviet propaganda.

Life Lessons from american dreamer a life of henry a:The operating manual for the Craig tablet provides detailed instructions for using the device. It includes crucial safety precautions and information for correct usage. The manual guides users on how to recharge the devices built-in rechargeable Lithium-ion Polymer battery. It also explains how to insert a USB device for increasing the memory size, or a USB Thumb Driver/3G Driver. The manual provides instructions on how to connect the device to a PC via the Mini USB port. It also includes a description of the main screen and the status bar.

Life Lessons from american dreamer a life of henry a:With a renewed feeling of resolve, Jonathan descended from the rise, ready to embrace the unfolding sections of his own tale. The sun started its lowering in the western sky, casting a golden glow over the town it prepared to welcome the tranquil hush of night. The anticipation of tomorrow lingered in the air, a reminder that every dawn brought with it the potential for new beginnings and unexplored wonders.

Guide american dreamer a life of henry a

Jonathan stepped outside, the dew-kissed grass beneath his feet reminding him of the earth's vitality. The town square, adorned with a fountain at its heart, served as a meeting spot for both young and old. Kids giggled and engaged in games, their delight infectious and limitless. Older couples strolled hand in hand, their faces etched with the wisdom of a lifetime and stories untold.

Discovery american dreamer a life of henry a

Far in the heart of the Technological Wilds, where the natural world and technology coexisted in a delicate dance, a biohacker named Vibrance ventured into the bioluminescent forests to decode the language of the glowing flora. The forests soft hum told tales of symbiotic relationships between organic life and the ever-advancing march of artificial intelligence.

Guide american dreamer a life of henry a

In Celestial Bay, where celestial patterns mirrored their brilliance in the starlit expanse, a sentinel of the seas named Luna unearthed an ancient mermaid's tear—a relic rumored to possess the power to traverse the ribbons of time of time and space. Luna's destiny intertwined with the dance of the tides, which carried whispers of celestial wonders.

"Bellman & Black" is a novel by Diane Setterfield, a British author known for her bestselling novel, "The Thirteenth Tale". The story revolves around the character of William Bellman, who as a boy commits a small cruel act that seems to have unforeseen and terrible consequences. The killing of a rook with his catapult is soon forgotten amidst the riot of boyhood games. However, as he grows up and has a family of his own, he seems to be a man favored by fortune until tragedy strikes. A stranger in black comes into his life, and William starts to wonder if all his happiness is about to be eclipsed. In a desperate bid to save the one precious thing he has left, he enters into a rather strange bargain, with an even stranger partner, to found a decidedly macabre business. And thus, Bellman & Black is born.

Life Lessons from american dreamer a life of henry a:Engineering Economics and Cost Estimation is a essential aspect of any engineering project. It involves present and future economic factors, making it vital to obtain dependable estimates of future costs, benefits, and other economic parameters. Engineers regularly deal with projects whose scale, complexity, and uncertainty call for sophisticated approaches to planning and budgeting^{[2][1]}. A number of methods are used for cost estimation, including rough estimates, semi-detailed estimates, or detailed estimates, depending on the needs for the estimates^{[1][2]}. Key concepts in this field include overhead costs, cost driver identification, cost allocation methods, capital budgeting, flexible budgeting, zero-based budgeting, budgets, and estimates. Various models are available for developing cost (or benefit) estimates, such as the per-unit model, the segmenting model, cost indexes, the power-sizing model, and learning curve cost estimating. The quality of a cost estimate typically increases as the resources allocated to developing the estimate increase.
