Journal of Muslim Philanthropy and Civil Society

2017-11 Rafia Khader The Journal of Muslim Philanthropy & Civil Society (JMPCS), is a bi-annual, peer reviewed, open access journal published by the Center on Muslim Philanthropy in partnership with the IUPUI University Library Center for Digital Scholarship, and the Lilly Family School of Philanthropy at Indiana University. JMPCS seeks original academic research examining the broad scope of Muslim philanthropy and civil society. This peer reviewed online academic journal will publish research related to Muslim nonprofit, philanthropic and voluntary action. The terms "Muslim" and "philanthropy" are defined broadly to be inclusive of cutting-edge research from across the world and disciplines. JMPCS is intended to shed light on the dynamic practice and understanding of Muslim Philanthropy. We seek to draw articles by researchers from across disciplines (History, Political Science, Religious Studies, Sociology, Public Affairs, Nonprofit Management, Business, Philanthropy etc.) and practitioners throughout the world working in this emerging field.

Islamic Foundations of a Free Society

2016-09-12 Mustafa Acar Islam is growing rapidly both in its traditional homelands and in the West. Some in the West view Islam with a mixture of fear and suspicion. However, it is also fair to say that there is widespread ignorance about Islam, and especially about its relationship to political systems and the economy. Is Islam compatible with a free society and a free economy? Is the fact that many Muslim-majority states do not have free economies or polities a result of an incompatibility between Islam and political and economic freedom, or does it result from an unfortunate series of historical events? What role has past colonialism played in encouraging Muslim extremism? Exactly what does Islam have to say about freedom in economic, political and religious life? This book, written by a range of Islamic scholars, sheds a great deal of light on these crucial questions. It is an important book for those in the West who need to understand Islam better. It is also important for those in Muslim countries who can influence the development of political systems and economic policy. The publication of this book could not be more timely.

Health and Well-Being in Islamic Societies

2014-05-17 Harold G. Koenig From the first hospitals to pioneering pharmacy techniques, the early history of medicine reflects the groundbreaking contributions of Islamic physicians and scientists. Less recognized, however, is the impact of Islam on the health and daily health practices of modern day Muslims. Meticulously documented with current research sources and relevant religious texts, Health and Well-Being in Islamic Societies sheds light on the relationships between Muslim beliefs and physical, psychological, and social health. Background chapters trace Muslim thought on health and healing as it has evolved over the centuries to the present. The authors provide even-handed comparisons with Christianity as the two traditions approach medical and ethical questions, and with Christian populations in terms of health outcomes, assuring coverage that is not only objective but also empirically sound and clinically useful. And as the concluding chapters show, understanding of these similarities and differences can lead to better care for clients, cost-effective services for communities, and healthier Muslim populations in general. Included among the book's topics: Muslim beliefs about health, healing, and healthcare

Similarities and differences between Muslim and Christian health beliefs Impact of religion on physical, mental, and community health in Muslims Understanding how Islam influences health Applications for clinical practice Implications for public health Cultural awareness is critical to improving both individual client health and public health on a global scale. Health and Well-Being in Islamic Societies is essential reading for clinical and health psychologists, psychiatrists, social workers, and nurses, and will be informative for the general reader as well.

Muslim Women at Work

2017-09-04 Yusuf M. Sidani This book explores how a growing religious discourse is advocating for change in women's employment participation in Arab societies. It provides a historical and cultural overview of women in Arab societies as well as issues of homogeneity and heterogeneity in religion. An emerging group of activists, intellectuals, and religious scholars are rocking the boat of traditional Islamic understanding of the role of women and their economic and social participation, which is rooted in reinterpretations of the religious texts and history. Signs of this change are already seen in some Arab workplaces though with varying degrees of success. This book uncovers a neglected discourse on the status of Arab women that is relevant to students and academics with interest in economics, gender studies, the Middle East, and Islam.

Economics, Business, and Islamic Finance in ASEAN Economics Community

2020-01-03 Ordoñez de Pablos, Patricia The economic integration of Southeast Asia or ASEAN Economic Community (AEC) offers enormous opportunities for its members to develop and collectively collaborate with other economies. Combining the culture of the region with global business in an expanding digital atmosphere, however, has caused numerous challenges on an international scale. Due to the importance of this economic player in Asia, research on key topics including Islamic economics, Islamic finance, technology, and cultural issues in doing business are essential to understand the ASEAN competitive landscape and its relations with other countries. Economics, Business, and Islamic Finance in ASEAN Economics Community is a pivotal reference source that explores key issues and enhances understanding of business and economics in the ASEAN community and explores the collaboration between this community and Islamic finance and technology. While highlighting topics such as global business, smart manufacturing, and human resource management, this publication explores sustainable development practices as well as the methods of cultural appreciation in economics. This book is ideally designed for deans, heads of department, directors, politicians, policymakers, economists, corporate heads, senior general managers, managing directors, information technology directors and managers, libraries, academicians, researchers, and students.

Islam and Democracy in the Middle East

2003-08-07 Larry Diamond A comprehensive assessment of the origins and staying power of Middle East autocracies, as well as a sober account of the struggles of state reformers and opposition forces to promote civil liberties, competitive elections and a pluralistic vision of Islam. Drawing on the insights of some 25 leading Western and Middle Eastern scholars, the book highlights the dualistic and often contradictory nature of political liberalization. Yemen suggest, political liberalization - as managed by the state - not only opens new spaces for debate and criticism, but is also used as a deliberate tactic to avoid genuine democratization. In several chapters on

Iran, the authors analyze the benefits and costs of limited reform. There, the electoral successes of President Mohammad Khatami and his reformist allies inspired a new generation but have not as yet undermined the clerical establishment's power. By contrast, in Turkey a party with Islamist roots is moving a discredited system beyond decades of conflict and paralysis, following a stunning election victory in 2002. force for change. While acknowledging the enduring attraction of radical Islam throughout the Arab world, the concluding chapters carefully assess the recent efforts of Muslim civil society activists and intellectuals to promote a liberal Islamic alternative. Their struggles to affirm the compatibility of Islam and pluralistic democracy face daunting challenges, not least of which is the persistent efforts of many Arab rulers to limit the influence of all advocates of democracy, secular or religious.

Islamic Charity

2021-07-29 Samantha May Since 9/11 and the global War on Terror, practitioners of Islam in Europe and beyond have been scrutinised and surveyed under suspicion of disloyalty and as potential disrupters of national social cohesion. Seemingly benign, altruistic practices, such as charity, are viewed as potential threats to national security and have increasingly become subject to counter-terrorism policies. This work seeks to critically assess the assumptions behind the lesser-known financial War on Terror, through exploration of the effects of current policies on Muslim charitable practices in the UK. The consequences of current policies are multi-faceted - from the stigmatization and suspicion of Muslim charities and communities, individual loss of status and financial standing, to a decrease of living standards and/or loss of lives. Engaging with the everyday socio-political activities of Muslim individuals, this book gives voice to the motivations, apprehensions and challenges faced by Muslim charitable practitioners. A must read for anyone wanting to challenge policy assumptions behind increased surveillance of charities and individual donors, whilst outlining the repercussions of current policies on Muslim individuals and charities.

Islamic Psychology

2021-03-31 G. Hussein Rassool Islamic Psychology or ilm an-nafs (science of the soul) is an important introductory textbook drawing on the latest evidence in the sub-disciplines of psychology to provide a balanced and comprehensive view of human nature, behaviour and experience. Its foundation to develop theories about human nature is based upon the writings of the Qur'an, Sunna, Muslim scholars and contemporary research findings. Synthesising contemporary empirical psychology and Islamic psychology, this book is holistic in both nature and process and includes the physical, psychological, social and spiritual dimensions of human behaviour and experience. Through a broad and comprehensive scope, the book addresses three main areas: Context, perspectives and the clinical applications of applied psychology from an Islamic approach. This book is a core text on Islamic psychology for undergraduate and postgraduate students and those undertaking continuing professional development in Islamic psychology, psychotherapy and counselling. Beyond this, it is also a good supporting resource for teachers and lecturers in this field.

The Journal of Islamic Faith and Practice

2018-03-10 Zainab Alwani The Journal of Islamic Faith and Practice is a new, online, double-blind, peer reviewed, interdisciplinary journal published by Indiana University and sponsored by the Islamic Seminary Foundation (ISF). Produced annually, this journal commits itself to promoting academic and professional research about recent developments in American Muslim communities. In doing so, the Journal aims to provide a platform for scholars, students, and researchers to exchange their latest findings from varied
