Bakunin: Statism and Anarchy

1990-11-30 Mikhail Aleksandrovich Bakunin Statism and Anarchy is a complete English translation of the last work by the great Russian anarchist Michael Bakunin, written in 1873. Then he assails the Marxist alternative, predicting that a 'dictatorship of the proletariat' will in fact be a dictatorship over the proletariat, and will produce a new class of socialist rulers. Instead, he outlines his vision of an anarchist society and identifies the social forces he believes will achieve an anarchist revolution. Statism and Anarchy had an immediate influence on the 'to the people' movement of Russian populism, and Bakunin's ideas inspired significant anarchist movements in Spain, Italy, Russia and elsewhere. In a lucid introduction Marshall Shatz locates Bakunin in his immediate historical and intellectual context, and assesses the impact of his ideas on the wider development of European radical thought. A guide to further reading and chronology of events are also appended as aids to students encountering Bakunin's thought for the first time.

A guide to further reading and chronology of events are also appended as aids to students encountering Bakunin's thought for the first time.

New Technology

2009 Alessia Ceresa From the second half of the the years '90s, we are assisting to a progressive internationalisation of 'Terror(ism)', through the diffusion on a large scale fo the New Technology as an essential component of our lives. National and International Terrorism, in fact, has found a great ally in technological instruments and, in particular, Internet, since they guarantee a high level of anonymity and they represent new channels of communication, essential to keep internal contacts among the members of a single terrorist organisation and they are fundamental instruments also to develop an international network of connections both for idelogogical support, as well as for massive recruitment campaign. New technology has also developed new and more aggressive "technological weapons" (mass-destruction armaments and CBRNE weapons), used by the criminal terrorist organisations for creating new and alternative forms of blackmailing the International Institutions and the 'Civil Society'. These armaments are also considered a new source of raising funds for financing terrorism, because of the illegal trade of toxic and nuclear material. The time is mature for clarifying the concrete subversive capability of the several Terrorist movements that at a National-Intentional level represents a menace to the 'global security', in the light also of the fact that New Technology has progressively contributed in creating a world without spatial and temporal frontiers, through Internet and the technological instruments. This research also has the aim to develop a new program of prevention/repression strategy against Terrorism in any form and ideological identity, to shorten the distance between the Terrorist phenomenon and the capability of the International Society to prevent and control this 'pathological' problem, using the same technological instruments exploited by Terrorism: from an 'asymmetric war' to a more and more 'symmetrical war', where the battle-field is the the Informational Technology.

Concepts stato e anarchia pdf pdf:First Love that Never Fades

Anna could never forget her first love, Leo. Their paths had crossed when they were both 16, at a enchanting summer camp. They were drawn to each other like magnets, spending every day sharing laughter, exchanging heartfelt thoughts, and sharing stolen kisses. Their bond was unbreakable, and they vowed to maintain their bond, to remain faithful, and to love each other forever. But life, as it often does, had other arrangements in store for them. They lost contact, they moved on with their lives, and they eventually married other people. Years passed, and the hustle and bustle of life took them in different directions. But fate, it seems, had not forgotten their unwavering connection. At a chance encounter, at a nostalgic reunion, their paths crossed once again. The moment they laid eyes on each other, the flame of their first love rekindled. The same electric spark that had drawn them together years ago was still potent. They felt the same thrill that had fueled their teenage romance, but they also felt the burden of their past. Their souls ached for the unconditional love they had shared, but their minds grappled with the complexity of their current lives. They were caught in a tug-of-war, torn between the passion of their past and the comfort and familiarity of their present. They stood at a defining moment, forced to make a heartbreaking choice. Would they choose the magnetic pull of their first love, risking the uncertainty that lay ahead, or would they hold onto the security of their current lives, forever wondering what could have been? Only time would tell if their first love would overcome the challenges.

Stato e anarchia

1983 Michail Aleksandrovič Bakunin

STATISM AND ANARCHY

Mikhail Bakunin Statisme dan Anarki merupakan satu-satunya karya besar Bakunin dari periode anarkis yang ditulisnya di Rusia, bukan di Perancis. Disusun pada musim panas 1873, Mikhail Alexandrovich Bakunin adalah anarkis revolusioner Rusia, dan pendiri anarkisme kolektif. Dia dianggap sebagai tokoh anarkisme yang paling berpengaruh, dan pendiri utama tradisi anarkis sosial. Wibawa besar Bakunin sebagai aktivis menjadikan dirinya salah satu ideolog yang paling terkenal di Eropa. Dia sangat berpengaruh di kalangan kaum radikal di seluruh Rusia dan Eropa.

Bakunin: Statism and Anarchy

1990-11-30 Michael Bakunin Statism and Anarchy is a complete English translation of the last work by the great Russian anarchist Michael Bakunin. It was written in 1873, in the aftermath of the rise of the German Empire and the clash between Bakunin and Karl Marx in the first International. Bakunin assesses the strength of a European state system dominated by Bismarck. Then, in the most remarkable part of the book, he assails the Marxist alternative, predicting that a "dictatorship of the proletariat" will in fact be a dictatorship over the proletariat, and will produce a new class of socialist rulers. Instead, he outlines his vision of an anarchist society and identifies the social forces he believes will achieve an ananarchist revolution. Statism and Anarchy had an immediate influence on the "to the people" movement of Russian populism, and Bakunin's ideas inspired other anarchist movements. This is the only complete and reliable rendition of Statism and Anarchy in English, and in a lucid introduction Marshall Shatz locates Bakunin in his immediate historical and intellectual context, and assesses the impact of his ideas on the wider development of European radical thought. A guide to further reading and a chronology of events are appended as aids to students encountering Bakunin's thought for the first time.

Anarchy, State, and Utopia

1974 Robert Nozick Robert Nozicka s Anarchy, State, and Utopia is a powerful, philosophical challenge to the most widely held political and social positions of our age --- liberal, socialist and conservative.
