The Faith Healers 1989 James Randi Exposes the pretension and fraud that surrounds the faith healer business, revealing how alleged faith healers prey on the insecurities and vulnerabilities of the people they preach to.

Christ the Healer 2001-02-01 F. F. Bosworth F. F. Bosworth's earnest prayer was that many thousands would learn to apply the promises of God's Word to their lives through his book, Christ the Healer. Bosworth offers an astonishing discussion of healing, based on the premise that Jesus redeemed us from our diseases when he atoned for our sins. This classic on healing, first released in 1924, has sold more than 500,000 copies and continues to enrich and inspire new readers every day. This revised and expanded edition includes a brand-new foreword and epilogue on the remarkable life and healing of the author himself, written by his son.

The Cambridge Companion to Brian Friel 2006-10-19 Anthony Roche Brian Friel is widely recognized as Ireland's greatest living playwright, winning an international reputation through such acclaimed works as Translations (1980) and Dancing at Lughnasa (1990). This 2006 collection of specially commissioned essays includes contributions from leading commentators on Friel's work (including two fellow playwrights)

and explores the entire range of his career from his 1964 breakthrough with Philadelphia, Here I Come! to his most recent success in Dublin and London with The Home Place (2005). The essays approach Friel's plays both as literary texts and as performed drama, and provide the perfect introduction for students of both English and Theatre Studies, as well as theatregoers. The collection considers Friel's lesser-known works alongside his more celebrated plays and provides a comprehensive critical survey of his career. This is a comprehensive study of Friel's work, and includes a chronology and further reading suggestions.

If You Need Healing Do These Things 2018-12-01 Oral Roberts IF YOU NEED HEALING Oral Roberts is setting a pattern in these times of confusion for a strong, dynamic faith in God. Faith Healer 1980 Brian Friel In this darkly lyrical tale of a traveling faith healer roaming through Scotland and Wales with his wife and his manager, the author has created a metaphorical portrait of the artist as both creator and destroyer. The Broadway production starred James Mason.--From publisher description.

Faith in the Great Physician 2007-11-30 Heather D. Curtis This history of evangelical faith healing in nineteenth-century America examines the nation's shifting attitudes about sickness, suffering, and health. Faith in the Great Physician tells the story of how participants in the divine healing movement transformed the ways

Americans coped with physical affliction and pursued bodily wellbeing. Heather D. Curtis offers critical reflection on the theological, cultural, and social forces that come into play when one questions the purpose of suffering and the possibility of healing. Belief in divine healing ran counter to a deep-seated Christian ethic that linked physical suffering with spiritual holiness. By engaging in devotional disciplines and participating in social reform efforts, proponents of faith cure embraced a model of spiritual experience that endorsed active service, rather than passive endurance, as the proper Christian response to illness and pain. Emphasizing the centrality of religious practices to the enterprise of divine healing, Curtis sheds light on the relationship among Christian faith, medical science, and the changing meanings of suffering and healing in American culture. Recipient of the Frank S. and Elizabeth D. Brewer Prize of the American Society of Church History for 2007

How to Develop Faith that Heals 1921 Fenwicke Lindsay Holmes

More Than a Healer 2021-09-28 Costi W. Hinn How does healing fit into God's will, especially when God doesn't heal? Our hearts, our bodies, and our world are desperate for healing. We all experience brokenness, and we rightfully look to Jesus for restoration. But many Christians have been taught the lie that God will heal us if our faith is strong enough, and that he is punishing us when bad things happen. Growing up in one of the world's leading faith-healing dynasties, Costi Hinn witnessed the tragedy of people chasing after healing more

than the Healer. In this book he provides biblical clarity to some of the most challenging questions of the Christian faith. Does grace guarantee healing? How do we catch ourselves from slipping into the trap of seeking God for what he can do for us and not for who he really is? Beginning with the vivid memory of the night he discovered his son's cancer diagnosis—Costi unpacks the layered feelings and questions we have about God and his healing power, and he provides practical principles for growing closer to Jesus. With gentle clarity and biblical wisdom, he explains how to: Faithfully pray for healing while trusting in God's sovereignty. Navigate tough conversations about the topics of divine healing, love, and justice. Hold on to faith even in the most painful trials. More than chasing after the Jesus we want, this hopeful and encouraging book will guide you to discovering the Jesus we truly need—and the true power and hope that comes from a genuine relationship with him.

Adventures in God 2013-07 John G. Lake John Graham Lake, (1870-1935), usually known as John G. Lake, was a businessman influenced by the healing ministry of John Alexander Dowie, received the baptism of the Holy Spirit in 1907 in the wake of the Azusa Street Revival and became known for his ministry as a missionary and Faith Healer, where he saw tens of thousands healed either under his hands or those he trained. This book is his personal account in his own words. His testimonies of faith in the healing power of God and the wisdom of the Holy Spirit will challenge you to reach a new level in your spiritual walk.

Faith and Mental Health 2009-08-15 Harold G Koenig Dr. Harold Koenig is the brand in the growing field of spirituality and health. His groundbreaking research has been featured on national and international television and radio shows, on the covers of magazines, and in the headlines of newspapers. Now he opens a window on mental health, providing an unprecedented source of practical information about the relationship between religion and mental health. Dr. Koenig examines how Christianity and other world religions deliver mental health services today, and he makes recommendations, based on research, expertise, and experience, for new programs to meet local needs. Meticulously researched and documented, Faith and Mental Health includes: Research on the relationship between religion and positive emotions, psychiatric illnesses, and severe and persistent mental disorders Ways in which religion has influenced mental health historically, and how now and in the future it can be involved with mental health A comprehensive description and categorization of Christian and non-Christian faith-based organizations that provide mental health resources Resources for religious professionals and faith communities on how to design effective programs Presenting a combination of the history and current research of mental health and religion along with a thorough examination of faith-based organizations operating in the field, this book is a one-of-a-kind resource

for the health care community; its valuable research and insights will benefit medical and religious professionals, and anyone concerned with the future of mental health care.

The Faith Healer of Olive Avenue 2009
Manuel Muñoz Manuel Muñoz's dazzling second collection finds the author returning, once again, to the small towns of California's Central Valley. Set in a neighborhood with characters whose lives often intersect with each other, The Faith Healer of Olive Avenue offers ten stories about a wide range of lives: a mother coping with a mortally injured son after his motorcycle accident; a single father returning from San Francisco and attempting a reconciliation with an estranged sister; a young woman trying to provide safe haven to her cousin fleeing a vicious boyfriend; and a teenager who sees himself in the trials of the town's most-gossiped-about resident. How these characters cross paths reveal a neighborhood shaped by misunderstandings and long-held secrets, and show how a community can be both embracing and unforgiving, revealing a truth about the nature of home: you always live with its history. Stories from The Faith Healer of Olive Avenue were previously published in Epoch, Glimmer Train (marking Manuel's third appearance in this literary journal), Rush Hour, and Swink. His work has appeared in many other journals, including The Massachusetts Review, The Colorado Review, Boston Review, and Puerto del Sol, and has also been broadcast on National Public Radio's Selected Shorts.

Heaven Is Within Us 2016-10-26 Fara Gibson
May you find Faith within the pages of this book that you didn't even know that you needed within your

soul. My first book, "Looking Into The Windows Of Heaven", has brought amazing healing and knowledge into the lives of those who have read it. This, my second book, Heaven Is Within Us, is intended to answer some of the questions you may have about Heaven. What do I do if there are Ghosts or Spirits in my home? Are my loved ones happy in Heaven? A family member or friend is Gay and I am having a hard time with that, can you help? There is an amazing chapter filled with the stories of some of the readings that I have done over the last few years for people all over the world. In these readings, there has been faith and healing restored in the lives of the families on the receiving end of the validations that came through for them from Heaven. I included a picture of each loved one in Heaven so that you have an opportunity to meet them with your eyes and soul as you make your way through their journey. May you find Love and Faith within their stories and the knowledge that your family and friends in Heaven are with you and watching over you always from a place of pure peace and love in Heaven. There is also a chapter of poetry that is written by me and inspired by Heaven. May you find the words of your loved ones in Heaven within those poems. The letter from Heaven that ends this book was written with the love and inspiration of Heaven. It isn't by chance that you feel your loved one's words within your soul as you read that letter.

Biblical Healing 2011 T. L. Osborn
Biblical Healing is the Teacher's Handbook, the Believer's Textbook, the Sick Person's Guidebook, and the Needy Person's Miracle Book. These dynamics were first published in Java, 1954. Today this is the Osborn's most translated book.

Thousands have been healed while reading the truths that are found in this book, Biblical Healing. This enlarged edition includes Our Four Vital Visions, a half-century of Our Miracle Witness, plus 324 linked Bible verses that comprise Christ's Healing ministry.

The Ministry of Healing 1942 Ellen G. White Heritage Edition: Over 200 hand drawn illustrations from a century ago. Unabridged, original text. This book helps us to see the natural laws of our bodies as the divine laws of a loving Creator. Practical counsel guides us in our day-to-day care of our physical being in ways that will greatly maintain physical health and in general provide us a longer, more productive, and enjoyable life span. The Ministry of Healing was first published in its present form in 1905. Its roots, however, began as far back as the 1860s with materials Ellen White wrote for publications such as Health Reformer, Good Health, Appeal to Mothers, How to Live, and Christian Temperance and Bible Hygiene. This version is a full text rendition. Over 200 hand drawn illustrations from that era have been restored and add much to its attractiveness and study value. Christ spent more time healing and ministering to the physical needs of suffering humanity than he did to preaching. He related to people in the areas of their felt need and after gaining their attention and indebtedness he ministered to their spiritual needs, encouraging them to "go and sin no more." He was indeed the pattern Medical Missionary. Through His example in ministry He calls not only health professionals but every admirer of His to "come and follow Me." This book helps us to see the natural laws of our bodies as the divine laws of a loving Creator. Practical counsel guides us in our

day-to-day care of our physical being in ways that will greatly maintain physical health and in general provide us a longer, more productive, and enjoyable life span. There is also much information on how to best minister to those who are suffering physically, mentally, and spiritually. There is good, practical advice on how to provide effective home health care which, in many instances, will diminish, the need for professional health care and fewer medications.

Restoring Your Shield of Faith
2003-12-08 Chuck D. Pierce This message from Chuck Pierce and Robert Heidler likens our spiritual defense to that of the children of Israel while in battle. Within the ranks there were those who carried huge shields to protect the bulk of the army. And just as we fight spiritual battles today, there is a mighty shield we can carry to protect us. This shield of faith is one of the main ways we can resist our enemy's attacks. We are fully capable of resisting the enemy's attacks, but we must first be able to recognize how Satan fights. His main weapons are to create fear and doubt in us and to tempt us to become complainers and murmurers. If we succumb, our faith is weakened. The keys to increasing our faith are found in knowing the Word of God, which engenders praise, thankfulness, trust and obedience.

The Wounded Healer 2013-11-20 Henri J. M. Nouwen A hope-filled and profoundly simple book that speaks directly to those who want to be of service in their church or community, but have found the traditional ways often threatening and ineffective. In this book, Henri Nouwen combines creative case studies of ministry with stories from diverse cultures and religious traditions in preparing a new model for ministry. Weaving keen cultural analysis with his psychological and religious insights, Nouwen has come up with a balanced and creative theology of service that begins with the realization of fundamental woundedness in human nature. Emphasizing that which is in humanity common to both minister and believer, this woundedness can serve as a source of strength and healing when counseling others. Nouwen proceeds to develop his approach to ministry with an analysis of sufferings—a suffering world, a suffering generation, a suffering person, and a suffering minister. It is his contention that ministers are called to recognize the sufferings of their time in their own hearts and make that recognition the starting point of their service. For Nouwen, ministers must be willing to go beyond their professional role and

leave themselves open as fellow human beings with the same wounds and suffering—in the image of Christ. In other words, we heal from our own wounds. Filled with examples from everyday experience, The Wounded Healer is a thoughtful and insightful guide that will be welcomed by anyone engaged in the service of others.

Healing is Here—Week 1 2020-04-29 John W. Nichols The daily devotions on prayer for physical healing begin! (Healing Bible Verses PDF available for free in Introduction) *** Search for the full version of this book, currently free on Google Play! Sickness and miraculous healing are shrouded in mystery. Not many know how to pray for themselves or a loved one when they are sick. Not only that, most people don't feel confident that God is willing to help them when they pray. After John W. Nichols (author of GOD is HERE) discovered his daughter had many symptoms of autism, he began reading the Bible with new eyes, trying to understand healing for today. Soon he felt impressed to fast for 7 weeks and pray through Scriptures about healing daily. Healing is Here: A 49-Day Devotional Journey of Healing Through the Bible, compiles the author's notes and prayers during his fast. It has been organized to apply to anyone who wants to learn about healing at their own pace, with Scriptural support, suggested prayers, and journaling prompts. (There is no requirement to fast while going through this devotional) John systematically teaches the mysteries he has unlocked over the course of four years of studying and applying Biblical Christian healing.

He wrote this devotional with the hope of helping others who are in similar circumstances: those who desperately need healing, aren't sure how to pray, and are wondering if God is willing to help. The first week covers verses that reveal: God's healing nature Why people started getting sick Our need to connect with Him despite our pain How Jesus represented God as He healed The importance of asking God for what we need, and the promises in His Word regarding asking The depth of provision in Jesus's sacrifice Jesus's example of speaking to what needs changed, instead of speaking to God about what needs changed Over the course of the full 49 days you will discover: What is God and Jesus's will regarding healing How Jesus fulfilled prophetic verses of healing How God's will is accomplished What we can learn from the remarkable similarity between salvation and healing What do covenants have to do with sickness and healing How to receive the same blessings God promised His people in the Bible How God disciplines and teaches us What faith has to do with healing What we can learn about God by looking at Jesus in the gospels How sin and righteousness affects healing What the Bible teaches us about evil spirits How Jesus showed us to fight the enemy, and how to be equipped for that fight How Satan attacks, and what we can do about it What Jesus told His disciples (and us) to do What is the right atmosphere for healing How to exercise and apply Jesus's name, authority, anointing, and blood How fear and doubt play into sickness and how to overcome them How to heal the soul (thoughts and emotions) What are the promises and benefits of God, and how to claim them How fasting affects healing Many surprising (and practical) elements of healing seen in the Bible which

can be applied today Don't forget to get the free resources linked within the book! "What I love about this devotional is that it answers questions about healing (mentally, physically, spiritually and emotionally) in such a relatable way. Each devotional is loaded with Bible verses, a prayer and thought provoking questions to help you journal your journey to healing and restoration. This is a must read for anyone from the new believer to the person that's walked with Christ their whole life. You will gain new understanding of the Scriptures and insight into who God is and how He wants to heal you." – Chris Hendrix, Author of Devotional Guide to Stretching Your Faith, Devotions By Chris, DevotionsByChris.com "Healing is Here is a powerful resource for those pursuing physical healing in their bodies. Written with gentleness and humility, he addresses so many deep concepts in a way that quietly unravels the bad theology we've so often been taught. Jesus truly was Healer while on earth, and His Father is no different. This book is written in an accessible weekly format, so the ideas can be revisited easily as necessary. Healing is part of our portion as believers, so don't live another day sick. Pick up this book and get grounded in what the eternal Word has to say about wholeness in your body!" – Andrea Joy Moede, Writer, Coach, Speaker, Author of Misunderstood, Path of Truth, and God is Light, AndreaJoy.org "I had such a leap in my spirit that this book is going to be so anointed for the times we are in. The introduction and first devotional gave me a hunger to know more about healing." – Danielle Edens, Author of Breaking Out of the Cocoon, Founder of Second Chance Dreamers "John Nichols is an example of a young man whose life has been marvelously transformed when he

surrendered to Christ. He now lives to share what he has learned with others. His Bible-based teaching will lead every follower of Jesus into a deeper, more joyful walk." – Joanne Hillman, Author of Listening Prayer, A Perfect Marriage, Song of Salome, and more, JoanneHillman.com

Who Are You, God? 2013-09-13 Janet Hagberg Everyone suffers. Suffering is human. It is not suffering in itself that is the problem. It is what we, as sufferers, believe about God and suffering that can restrict our ability to cope, prevent us from healing, or even make our suffering worse. This book pulses with the pain, relief, and insights of people who shared their intimate stories of suffering--women and men of all ages, and from all walks of life. Many of these people said they experienced part of their healing just by telling their story. The central theme of this book is this: If people who suffer have or can develop a loving image of God and enter into a healing process, they will have greater intimacy with God and their faith will deepen. In fact, their relationship with God makes all the difference. Intimacy with God transforms suffering "In what I believe may be one of her best books, Janet Hagberg writes about her own journey of life suffering with such tender and honest vulnerability that we are led by her hand to feel safe enough to dare enter into the darkness of our own life's pain. Then she masterfully takes our hand and offers to place it into God's loving grip so that the darkness is no longer a place full of fear but becomes a place where hope is all we see." Rev. Keith Meyer, pastor, mentor, author of Whole Life Transformation and Kingdom Life

One Hundred Divine Healing Facts 1983 T. L. Osborn

The Healer's Calling 1997 Daniel P. Sulmasy Increasingly, physicians and other health care workers are becoming alienated from their work, as medicine becomes more and more de-personalized, technologically oriented and driven by entrepreneurial concerns. The Healer's Calling addresses the longings of many people in this profession for a renewed sense of the transcendent meaning of their work, for the spiritual elements of healing.-- where God may be found in health care-- how faithful clinicians might persevere in the midst of the suffering and uncertainty that is part of daily practice-- how and when a doctor or nurse might pray-- how genuine Christian joy can still be found in the healing arts With extraordinary grace and passion, Franciscan friar and physician Daniel Sulmasy speaks to the spiritual longing of healers. His work is at once a personal reflection and exhortation, written at a time of great turmoil in medicine. Sure to be of great interest to health care workers at all levels, it will capture the attention of anyone concerned about the spiritual dimensions of health care.

Avak Hakobian 2023-10-02 Roy

Weremchuk When conventional medicine fails, reservations about alternative healing methods disappear. This factor led to the young Armenian-Persian faith healer Avak Hakobian being invited to the USA in 1947. His mission: to heal a paralyzed Californian millionaire's son. Then as now, charismatic healers benefit from the assumption that they have access to a mystical source or transcendent energy. Not a few people entrust such supposed healers with their physical as well as their spiritual well-being. "Avak Hakobian - From Fame to Failure" is the previously untold story of one such healer who for a time made headline news.

Being Healed and Staying Alive

All Things Are Possible 1979-01-21
David Edwin Harrell “The first book to tell the story of the enterprisers who have personal followings . . . a missing link in the chain of American religious movements.”—Martin E. Marty, author of *October 31, 1517: Martin Luther and the Day that Changed the World* Written by a Professor Emeritus at Auburn University, this is the first objective history of the great revivals that swept the country after World War II. It tells the story of the victories and defeats of such giants of the revival as William Branham, Oral Roberts, Jack Coe, T. L. Osborn, and A. A. Allen. It also tells of the powerful evangelists who carried on the revival, including Robert Schambach and Morris Cerullo. Those who lived through the great revivals of the 1950s and 1960s will be thrilled to read about those exciting days, and those interested in the religious history of the United States need to read this book to see what has led us up to this present moment in time. “Harrell has obviously attended countless rallies, read sheafs of literature, and personally interviewed many of the principals. He . . . tell[s] the story in a largely biographical format. This makes for lively reading.”—The New York Times Book Review “A book about healing revivalists that takes them seriously and treats them fairly.”—Journal of Southern History “Will be a definitive work for some years to come.”—Reviews in American History “Will attract readers interested in the reasons behind the various fat and lean periods among

revivalists.”—Publishers Weekly “Harrell’s book will doubtless be the definitive work on the subject for a long while—who else will wade through *Healing Waters* and *Miracle Magazine* with such fastidious care?”—Kirkus Reviews

observation faith healer pdf pdf~Acupuncture for Effective Weight Loss

In a generation when physical fitness is given topmost attention, people are always on the lookout for the newest and most effective means for weight loss. Acupuncture, the method of inserting thin, filiform needles on certain points in an individual's body, has been found to be one effectual method for losing weight.

Not many people may find the idea of being inserted by needles quite

comforting in their quest for weight control. However, this ancient Chinese alternative treatment seeks to deliver a control mechanism, enabling the patient to manage hunger cravings more successfully in the long run.

Acupuncture Can Help You Quit Smoking

Smoking is one hard habit to break. If nicotine patches and gum doesn't work, perhaps you should try something else like an alternative form of healthcare like acupuncture.

Acupuncture is an ancient practice involving the use of needles. This instrument is inserted into the skin to allow you energy or Qi to start flowing freely around your body and thus help you quit smoking.

When you go visit an acupuncturist for the first time and tell him or her that you want to quit smoking, after answering some questions, the specialist will carry out an examination of your ears and search for areas where the energy is low.

Concepts faith healer pdf pdf, **Acupuncture Closely Revealed**

The foundation of acupuncture rests on the relevance of an individual's chi in maintaining bodily and mental health. It is believed that chi is present in every living creature, and flows through specific pathways in the body. Health problems arise when the flow of chi on the body is blocked. As a result, a person may feel persistent headaches, muscle pain, fever, weakness, or in the worst case, becomes afflicted with more serious health conditions.

A Deeper Explanation of Acupuncture

Acupuncture has its origins in ancient Chinese philosophy and practice. More than ten thousand years ago, during the Old Stone Age of China, stones were fashioned into knives for medical purposes. After several years, during the New Stone Age, these stones were eventually made into needles intended for the same therapeutic end. These accounts are further evidenced by unearthed stone needles found to be of the same types used during the New Stone Age.

Lolita faith healer pdf pdf-**Acupuncture is an Example of Holistic Healthcare**

Holistic healthcare by definition is being able to cure an illness through the use alternative means. This means no medication is given to the patient and an instrument like a bunch of needles could do the trick.

Acupuncture has been around for than 2000 years. It is only recently that this holistic form of healthcare has reached the US. Studies have shown that it can treat minor problems and prevent some from happening.

The needles used in acupuncture are very thin but thicker than the human hair. This makes it smaller than those used on hypodermic needles.

First faith healer pdf pdf: Unfortunately, standards of acupuncture have not been fully approved by the FDA due to many unregulated practices that still exist such as the re-use of needles. Furthermore, acupuncture certification today is mostly a sham, used to make money on desperate patients who have not benefited from western medical treatments. The National Council Against Health Fraud has even declared acupuncture as an unproven means of treatment whose concepts of healing are primitive and false.

Should You Try It

One thing that Western science can agree upon is that there are no proven harmful effects of acupuncture. Many doctors agree that as long as a

medication is not detrimental to one's health, then there is no reason why it should not be used if there are noticeable benefits. Most scientists would also state that it is simply due to a lack of research that the therapeutic properties of acupuncture have not yet been proven.

Acupuncture For All Those Simple Aches And Pains

If, like me, you have quite a fear of needles and injections, then acupuncture, that practice of sticking needles onto different parts of your body to cure sicknesses might seem scary at first.

However, if you've been long been suffering from some problems like headaches or chronic pains and your regular visits to the doctor don't seem to be helping you, then why not consider a trip to an acupuncture specialist? After all, who hasn't heard of somebody's aunt somewhere suffering from arthritis and trying out everything that the doctors recommended all to no avail, only to finally be cured by a really good acupuncturist?

Perhaps you were wondering if it could actually work for you. You might feel a bit skeptical since traditional Chinese medicine doesn't immediately coincide with theories in modern Western medicine. In fact, the use of needles to cure people was discovered thousands of years ago in China long before microscopes or x-ray machines were invented or before bacteria and germs were discovered.

Is Acupuncture The Remedy for You?

With the growing acceptance of alternative medicine in Western cultures, acupuncture is quickly becoming a popular practice. More and more people today are choosing acupuncture over western medicine to treat bodily pains, relieve stress, or to promote overall health. If you are thinking about trying acupuncture but are wondering if it is safe or if it's the right treatment for you, the following information may aid you in making a more informed decision.

Description and Origin

Acupuncture is the practice of inserting fine needles into specific points in the body for therapeutic purposes. According to theory, these specific points called "acupuncture points" lie along pathways of the body along which one's vital energy is said to flow. The needles are used to promote free-flow of energy in areas of the body that circulation may have stagnated. Although acupuncture is practiced in many Asian cultures such as Japan, Tibet, and Korea the practice is commonly known to have originated in China.

Behind the faith healer pdf pdf... Suppose you're not a graduate of accountancy and you're already too old to attend classes in traditional classroom-based colleges. Don't you worry because there are now online colleges that let's you earn a degree in accounting from your very own home. You simply need an internet connection at home and then you have to comply with the requirements of the online college and that's it.

Are you already a CPA? If you're not, then you can also get a certification online. Comply with all the requirements and pass the exams and you can become a CPA.

State requirements vary when it comes to accounting degrees. You have to

ensure that the accounting degree you've taken fulfills all the requirements of the state you live in or in the state that you plan to have your accounting career.

Discovery faith healer pdf pdf-Acne in Adolescents

Acne is one of the most common problems in adolescent teens affecting nearly seventeen million people in the United States. Acne is nothing but a disorder involving sebaceous glands and hair follicles. Acne results from the clogging of sebaceous glands leading to the formation of pimples and cysts. The condition usually begins with the onset of puberty. Going by the facts, as teens attain puberty the androgens also called male sex hormones are produced in high number leading to sebaceous glands becoming over active which results in sebum being produced in high proportions.

Sebum, which is nothing but oil is produced by sebaceous glands which travel to the skin surface through hair follicles. But, skin cells block the follicles which results in oil also being blocked. When these hair follicles are blocked it results in the development of skin bacteria known as Propionibacterium Acnes within the follicles which in turn results in swelling of the skin called Acne. If the hair follicles are partially blocked it results in blackheads. If the follicles are completely blocked they result in whiteheads. But if these plugged follicles are not treated they ultimately burst causing the oil, bacteria and skin cells to spill all over the skin resulting in irritation and formation of pimples. Acne can be shallow as well as deep in various individuals depending on the nature of skin and amount of oil produced.

example faith healer pdf pdf

There can be various causes why Acne forms. Apart from rising hormone levels due to puberty it can also be attributed to certain other factors like intake of drugs which contain lithium, barbiturates and corticosteroids. Acne can also be caused due to excess grease and oil in the scalp, due to cooking oil and use of some cosmetics can actually alleviate the acne problem. Acne problem many times is inherited also. Acne problem is worsened if the pimples are squeezed or scrubbed too hard.

Acne can form at any place of the body but they most commonly form in the areas where there sebaceous glands are present in high proportions like face, chest, shoulders, neck and upper back. The symptoms may differ from person to person but commonly seen symptoms are: formation of blackheads, whiteheads, lesions filled with pus and which are very painful and lastly nodules. One may get confused sometimes as symptoms of acne may be like some other skin condition and it is always advised to consult a doctor in this scenario.

There are lots of treatments available today to treat acne. The primary goal of the treatment is to reduce scars and better appearance. There are various treatments and the doctor decides which specific treatment you need based on: the extent of acne problem, age, medical history, overall health, tolerance to specific medications and procedures, expectations and last but not the least what patients prefer.

Life Lessons from faith healer pdf pdf

But acupuncture is not risk free. Hematoma may develop if the needle punctures a circulatory structure. It is also possible that pneumothorax may

occur if the needle is inserted too deep. There is also the risk of HIV and hepatitis if the needle was not properly sterilized.

Now that you know what acupuncture is, you must not forget that it is merely an alternative and not a proper form of medical treatment. This means you should still be examined by a professional in the medical field who can determine the severity of your illness or disease.

Story of" faith healer pdf pdf. Acupressure is another example and here, the fingers are used to relieve the pain. This can be used by itself or with other manual healing techniques.

Impulses of electromagnetic energy are used because our bodies generate tiny but electrical discharges which influence the function, growth and maturity of certain types of cells. By inserting the needles in these areas, it stimulates and alters the neurotransmitters in the body thus making the patient feel better after treatment. This is also sometimes used for diagnosis and testing.

According to the World Health Organization or WHO, here is a list of some illnesses where acupuncture is used. These include acute bronchitis, the common cold, cataract, toothaches, gingivitis, hiccups, ulcers, constipation, diarrhea, headache and migraine, Meniere's disease, osteoarthritis and a lot more. In the US, acupuncture is often used to treat chronic pain conditions and mind body disorders.

Hope faith healer pdf pdf. But you have to remember that acupuncture is not permanent. It merely starts something that you have to finish on your own. Some smokers who go 2 or 3 times a week to the clinic will need to come back for follow up sessions in the future.

At the same time, you have to find ways to prevent yourself from picking up a cigarette. You can do this by staying away from people who smoke since you will be tempted to ask for a stick. You can create your own personal mantra which you repeat to yourself every time you have an urge.

Remember that this craving is only short term and will last only for a few minutes. You have worked so hard to leave this behind so stick to the path and stay smoke free.

Heat cramps are the mildest of all heat related injuries and constitute aching muscle cramps and also spasms that occur during intense exercising and also after intense exercising and also sweating in high heat. The symptoms of heat cramps include cramps that are painful in the legs. Flushed and moist skin is also symptoms of heat cramps. The symptoms could also include mild fever generally below 102 degree Fahrenheit. Teens suffering from heat cramps should move to a cool place and take adequate rest. Remove any excessive clothing and wear or put cool clothing on skin or cool skin using air conditioner or fan. Sports drinks which are cool and which contains sugars and salts can also be taken. Stretching out cramped muscles slowly and steadily also helps reduce heat cramps.

On the other hand heat exhaustion is more serious and severe compared to heat cramps and occur due to heavy loss of salt and water from the body. Extreme heat conditions, inadequate fluid intake and excessive sweating results in this conditions. Also, heat exhaustion occurs as a result of inability of the

body to maintain the body temperature below the normal which can deteriorate further and also result in a heat stroke which is even worse. The symptoms of heat exhaustion are: muscle cramps, moist skin, pale skin, nausea, fever above 102 degree Fahrenheit, diarrhea, vomiting, fatigue, headache, weakness, anxiety and faint feeling. Teens suffering from heat exhaustion should stay in cool surrounding and take enough rest. Removing excessive clothing, putting on cool clothes and sitting in fan or air conditioning also helps the situation. Intake of cold sports drinks which contains salts and sugars are also advisable. If a teen doesn't show any signs of improvement even after taking all these measures a physician should be consulted immediately.

Learn faith healer pdf pdf-There are basically 14 pathways throughout the body where chi flows continuously. These are called the meridian points. In order for chi to course through the body unobstructed, there has to be a balance between the strengths of yin and yang. In ancient Chinese philosophy, yin and yang represent the forces of the universe- yin is for feminine, while yang is for masculine. Every single thing in the universe is believed to contain both yin and yang for harmony.

When the yin and yang are not balanced, chi cannot stream through the body liberally. Therefore, the meridian points through which chi courses through need to be stimulated. This is done by the insertion of hair-thin, disposable needles in specific areas on a person's body to induce bodily harmony and bring about healing.

A certified and trained acupuncturist will be able to carry out an excellent therapy session for the patient. Trainings for acupuncturists are given in order for them to obtain their licenses. A poor practitioner may not be proficient enough with the practice and could end up jeopardizing the results of the entire procedure. Nowadays, it is wise to verify on a practitioner's credentials to ensure a safe and effective acupuncture treatment.

Liberation faith healer pdf pdf, A rest of about a month is generally advised and normal activities can be resumed after acute symptoms disappear. Also care should be taken to avoid physical activities which are heavy in nature and also activities or sports involving physical contacts should also be avoided. Care must also be taken to avoid eating sweet things in excess for few months.

Menstrual Disorders in Adolescent Girls

Adolescence is the time when there is sudden transformation in the body and many questions arises in the minds of the adolescents. Firstly they are not able to cope with the changes and secondly the changes bring along problems with them. The most challenging problems are related to menses, in girls. Menstrual conditions are many that may require physician's attention or any other healthcare professional's attention. The most common of the menstrual disorders are premenstrual syndrome, dysmenorrhea and amenorrhea.

Before the onset of the menses, females face many uncomfortable symptoms which last for a short period, stretching from few hours to few days. But some of them can be very intense and can disturb the normal functioning of the person. These symptoms are grouped as premenstrual syndrome. In usual cases, the symptoms come to a halt when the menses begin, but for some they may last even after the menstrual periods are over. Eighty five percent of the females experience some of the symptoms of premenstrual syndrome at one

time or the other. Nearly forty percent experience the symptoms so intensely that their daily chores are affected by it and ten percent are disabled by it.

What This Ancient Method Does

One of the foremost effects of acupuncture on the body is relaxation. Stress is frequently pinpointed as the main precursor for a host of physical ailments. There are particular points all over the body that direct the flow of harmony and relaxation and when these are enthused, the patient becomes more at ease.

Another positive effect of this alternative therapy is increased pain control. During a session, a patient will usually feel very minimal pain as the thin needles are being inserted gradually. However, the needles are deliberately placed in varying depths, depending on the health requirements of the patient. When the needles reach the right depth, the patient will feel deeper pain, although the entire procedure is not necessarily painful. It is also recommended for relief from chemotherapy fatigue as well as chemotherapy-related nausea. It has also been found to be largely effective for back pains, migraines, menstrual cramps, and as a pain controller for patients after undergoing surgical operations.

Others

The following are other ailments that acupuncture has been known to remedy:

- Menopausal problems such as hot flushes, infertility, and premenstrual tension.
- Bladder or bowel problems, difficulty or pain in urination, and urinary infections.
- Digestive disorders including nausea, indigestion, heartburn, and diarrhea.
- Respiratory problems such as rhinitis, hay fever, prickly heat, rashes and ulcers, eczema, and some types of dermatitis and psoriasis.
- Conditions of the eyes and mouth such as cataracts, dry eyes, conjunctivitis, retinitis and toothache, and post extraction pains.
- Heat problems such as poor circulation, stroke recovery, and hypertension.
- Addictions such as smoking, drinking, or other harder drugs.

Concepts faith healer pdf pdf

The history of acupuncture is first discussed in an ancient Chinese medical text called the "Huang Di Nei Jing" or The Yellow Emperors Classic of Internal Medicine.

But there have been a few who are skeptic as archaeologists have found a 5,000 year old mummy in the Alps with similar acupuncture points in the body. This gives some people the idea that it was used even before the Chinese did but sine there is no written text to prove that, no one is certain and credit to this ancient practice goes back to the Chinese.

In the 6th century, this knowledge moved to Japan. In the 17th century, a man by the name of Waichi Sugiyama wanted to make this procedure painless for the patient so he developed the insertion tube, a small cylindrical tube through which the needle is inserted. Believe it or not, this technique is still being used today.

Start now and look and look for a career in accountancy while you're still young. New accountancy graduates are produced every year and so you mustn't lose hope if you still don't have a career right now. Exert some effort and time and soon you will have a rewarding career.

If the church doesn't want to hire a skilled force of financial experts, they can simply make use of the church accounting software. Accounting experts designed the software and it can assist church officials in managing finances. The software engineers are already well-acquainted with the church's various needs and so they can easily tailor-fit a certain church's software according to its particular requirements.

The church accounting software is quite different from other software. Ordinary accounting software is designed to suit the needs of modern businesses. The church accounting software on the other hand focuses mainly on the necessities of the institution. The church has no ambition or any financial interest. Remember, the church is not being taxed by the government and so its expenditure and resources takes a different curve altogether. Aside from that, the church has several expenditure and income account heads.

Review faith healer pdf pdf,Insomnia

Acupuncture has become a popular alternative to common remedies such as sleeping pills. It works at the nerve levels, relaxing and soothing your senses. Acupuncture is thought to be a safer route for insomnia because it brings back your natural sleeping cycle through natural means and not through chemicals, which can turn into an addiction. Using acupuncture for insomnia usually starts working after the very first session. The treatment is usually stretched out for a period of time, until your body returns to its natural sleeping cycle.

Infertility

Studies show that acupuncture is a beneficial form of complementary therapy for women who are having undergoing treatments for fertility problem. Acupuncture is believed to relieve the anxiety of women undergoing fertility treatment. Also, acupunctures success in aiding fertility is more pronounced in in-vitro fertilization. In addition, the rate of miscarriages has been found to be lower for women who do acupuncture.

example faith healer pdf pdf___Most patients that undergo acupuncture will not feel any significant change after one session which is why a few sessions are needed. Best of all, it is painless so your body will not feel sore afterwards.

Several studies have been conducted about acupuncture and there have been positive results. For instance in the UK, 400 participants who were suffering from migraines claimed they felt better after 3 months worth of sessions. In the US, acupuncture has also proven to be effective in helping people deal with arthritis because the needles help the body fight against this chronic illness that is much cheaper and more effective than conventional medicine.

Services in Financial Accounting

Offices and companies have various activities everyday and that includes accounting. Whether the company is private or government-owned, it still

makes use of accounting. Companies, offices, and various organizations or institutions cannot operate successfully without an accounting staff. However, having an accounting staff can get very expensive and so most companies resort to auditing services or financial accounting services. Chartered accountants are not hard to find; with the use of the internet, you can easily locate them and hire their services.

A company needs to seek help from a competent and experienced auditor or accountant so that all financial activities of the company are monitored and evaluated. This way, the company can gain a lot of benefits which can lead to its success. It is now easy to monitor the sales as well the operating expenses. All expenditures and income are recorded and the accountant can even provide you with strategies to help increase the profit and sales of a company.

Outsourcing is quite popular nowadays because it is a cost-effective measure for companies who want to cut-down their operation costs. That is why most companies are looking for services of chartered accountants. These accounting services can provide any company or organization with auditing services, company laws, taxation, and other related matters.

Instruction faith healer pdf pdf; Acupuncture can do more than just helping patients deal with arthritis or migraine. Clinical tests have shown that it can help obese people lose weight and those who are suffering from insomnia. In some countries, acupuncture has even been used to replace chemical anesthesia prior to surgery as there are some patients who are not able to tolerate regular anesthesia.

Another field which acupuncture has proven to be effective is helping patients deal with their addictions such as alcohol, drugs and smoking. One study of smokers revealed that the average patient will cut down by half the number of cigarettes they consume after just one treatment. Just imagine the potential after a few more sessions!

Have you ever had an uncontrollable urge to be pierced by a dozen needles? This is the image most people get when someone mentions the word "acupuncture". It comes as no surprise that most view this technique with suspicion, even downright horror. The fact is, however, that this relatively painless ancient Chinese technique has helped relieve the symptoms of millions of people. Properly used, it can help in the management of many medical conditions including chronic pain and fatigue.

How does needle puncture work?

Practitioners of Chinese traditional medicine believe in energy flows. This energy, called Qi, circulates around the body using pathways called meridians. Meridians run very close to the surface of the skin in certain areas and can be accessed by needles. Much like plumbing, these pipes can get blocked or go the wrong way, causing health problems. The insertion of needles at these points is aimed to help loosen blocks and normalize flow.

Family and school support is necessary to tackle the depression of the adolescent. Parents can get their children admitted in emotional growth schools, boot camps or wilderness programs, to solve the behavioral problems.

These programs consist of non medical staff and confrontational therapies. But care must be taken as some of the programs can in turn harm children who are depressed and sensitive. Adolescents, who get caught due to criminal offense, should be taken special care of by their parents. It is best that the child face the consequences and learn a lesson from it. Depressed adolescents respond well to treatment if they are treated comprehensively and early. More than half of the adults are known to have depression when they were in their teens.

Diabetes in adolescents

Diabetes is a rapidly growing, serious health problem among youngster today. Above thirteen thousand adolescents are diagnosed for type 1 diabetes, every year in America. There has also been an increase in the number of teenagers with type 2 diabetes, which was more common among adults above forty and who were overweight. Clinics are reporting that nearly half of the new childhood diabetes cases are of type 2. Adolescents, who are obese and had type 2 diabetes in the family history, are at a greater risk of developing diabetes.

Liberation faith healer pdf pdf~Symptoms of depression in adolescents are eating disorders, weight change, irritable mood, excessive sleeping in daytime, excessive temper, criminal behavior, memory loss, fatigue, self preoccupation, sadness, difficulty in concentrating, worthlessness feelings, loss of interest, self hatred, obsession with death and thought & attempts of suicides. When these symptoms are being noticed for more than two weeks, it is important to get treatment for the adolescent. Depression not only affects interpersonal relationships, but school performance as well. Depressed adolescents are more prone to take onto drugs and alcohol as an attempt to overcome their depression. Such problems require intensive treatment. The doctor will take blood test and perform physical examination to determine the cause of depression. The adolescent can also be tested for substance abuse such as smoking, heavy alcohol consumption, marijuana smoking, and usage of other drugs. After the physical examination, psychiatric evaluation is also done to understand the cause of sadness, loss of interest and irritability. Depression can also lead to the development of other psychiatric disorders such as schizophrenia, mania and anxiety. It is also important to determine whether the adolescent poses a risk for himself/herself and others. Family and school personnel can provide valuable information about the adolescent to the doctor.

Treatment for depression for adolescent is similar to the treatment of depression for adults. Along with the treatment, the adolescent are given antidepressant medication and psychotherapy. Antidepressant medications include tricyclics, Prozac, selective serotonin reuptake inhibitors or SSRI. Some of the medicines increase the risk, so it is a good idea that parents discuss the possible risks with the doctor. Only some of the antidepressant medications are meant for children and adolescents. Adolescents with severe depression need to be hospitalized as they are more prone to kill themselves.

Curse faith healer pdf pdf:Depression in Adolescents

Depression in adolescents is a disorder which occurs due to persistent sadness, loss of interest, loss of self worth and discouragement. Depression is normally a temporary reaction towards situations of stress. Depression is a normal part of the maturation process of adolescents. It is even induced

due to production of sex hormones. Adolescent females are depressed twice more than adolescent boys according to a study.

Adolescent behavior is normally marked with good and bad moods. The transition from a good mood to bad mood and vice-versa, can take minutes, hours and even days. That is the reason why true depression is very difficult to find out. Depression in adolescents can be caused due to bad school performance, break up with boyfriend or girlfriend, and failing relations with friends and family. These causes can lead to persistent depression. Other serious causes are chronic illness, obesity, child abuse, stressful lifestyle, poor social skills, unstable care giving and depression in family history.

Diabetes is a disease where the human body is incapable of producing or utilizing insulin. Insulin is a hormone produced by the body in order to get energy by converting starches, sugar and other items. Since the insulin isn't used properly in diabetic people, the blood sugar level increases. This glucose buildup is found in blood and is then passed onto the urine and comes out of the body and the major source of body energy is lost.

Diabetes is a serious chronic disease and should be handled at proper time; otherwise it can create serious problems. It can pose a risk and can damage parts of the human body such as eyes, teeth, gums, blood vessels, nerves, and kidneys. This is the reason why diabetes is responsible in most of the cases of adult blindness, kidney failure and lower limb amputations. And if left untreated, it can cause stroke, heart disease and eventually, death. These problems are not only faced by adults, but also adolescents who get diabetes in their childhood. The important factor in treatment of diabetes is to keep the blood sugar level normal at all times.

Precautions should not only be taken indoors, but outdoors too. This is because; more than forty thousand people get eye injuries outdoors. Ninety nine percent of the injuries are caused while playing sports. So it is necessary for the youngsters to wear protective eyewear while playing sports or when involved in outdoor recreational activities. A special helmet is designed with wire shield or polycarbonate face mask which is not only safe, but comfortable, too. Protective eyewear should also be worn while performing experiments in science lab. Fireworks must only be handled by adults.

Because of increasing use of computers, more and more youngsters are getting eye strains. The symptoms of eye strain caused by computer are red & watery eyes, focusing problems, aching & tired eyelids, eye muscle spasm, backache and headache. In such an environment, eye exercise must be done regularly. The eyes must be made to focus on distant objects and should be rotated from side to side. It is extremely important to give ample rest to the eyes. Glasses with UV shield must be worn when looking at the computer screen. Eye strain can be avoided by increasing the distance from the monitor.

Eye hazards are also caused when cosmetics are used improperly by contact lens wearers. Some of the adverse reactions are injury, eye irritation, allergy, dryness, infection, and lens deposition. That is the reason why adolescents must be made aware of the risk they will face when opting for contact lens. Girls should understand that they should buy hypoallergenic

cosmetics and especially the non-scented variety, manufactured by big brand names. Cosmetics should not be shared with anything else. The applicator brushes must be washed regularly and old mascara must be disposed and not refilled. Eye shadows which are glittery, pearlized, frosted or iridescent contain ground tinsel or oyster shell, which should be always avoided. Eyeliner should not be applied in the inner lid edge. Loose powder should be avoided. Cream should not be applied near the eyes. The wearer should wash hands while handling contact lens. No crying, washing of face or bathing should be done with the contact lens on.

Some improvement was noticeable within a few TAC sessions, especially for drooling, spasticity (scissoring or tiptoeing), ataxia, and poor balance in walking. Functional improvement was noted after one to two courses of TAC. Most children tolerated TAC well, with only occasional pain and minor bleeding in some patients.

The reason why tongue acupuncture is being experimented with is because there is a connection between the tongue and the heart through the meridians that spread to all the organs in the body. It is believed that the points on the tongue can influence the state of the other body organs thus giving relief to the one suffering from autism.

But many believe that acupuncture alone cannot help autism sufferers. It has to be combined with other things like maintaining a certain diet to help improve one's mood and communication schools. Although it is only short term, it is better than nothing until a cure is found.

What Do Acupuncturists Do

The acupuncturist is the specialist who conducts acupuncture. He or she may use needles or some other instruments depending on the type that will be used to create harmony and balance in the body.

First faith healer pdf pdf.The duration of your treatment varies depending on the nature of your problem. Some are easy to fix compared to others especially if you are dealing with something long term. For instance, alcoholics and drug users may quit their vices after 3 or 4 months while those suffering from a disease like autism will take years as there is no know cure yet for the this illness.

Before the needles are inserted, you need to undergo a physical examination and answer a few questions. There are risks involved even though it is a painless procedure because the needle might hit something vital inside but if the specialist is good, then there is nothing to worry about.

You may notice a spot of blood when the needles come off. But if you are concerned about it, talk to your acupuncturist so he or she can prescribe something.

*Story of" faith healer pdf pdf.*Cholesterol screening helps to determine the cholesterol and fat levels in the blood. Children and adolescents with normal cholesterol level is a thing of the past. Because of the changing lifestyle and junk food trend, even they have a high risk to develop high levels of cholesterol which also increases the risk of developing heart diseases which can affect the blood vessels and the coronary arteries. The main cause of this change is obesity, junk food high in fat, fast food diets, sedentary lifestyle and high cholesterol level in family history. Keeping the blood cholesterol levels at normal is a good way of avoiding high blood pressure and coronary artery diseases.

The blood cholesterol level can vary from individual to individual. Healthy levels of LDL is less than one hundred and thirty milligrams, HDL is greater than thirty five milligrams. If the HDL is less than thirty five milligrams then the adolescent is at a higher risk of developing heart diseases. And LDL more than one hundred and thirty milligrams is dangerous. But a high level of LDL cholesterol is a problem in many citizens of America. And there is an expected increase in number, the figure is unknown, of adolescents who have a family history of high cholesterol levels.

An adolescent or a child who has a parent having high levels of blood cholesterol and family history of heart diseases at an early age, should take cholesterol test from the age of two. Adolescents who are obese also should have lipid test along with cholesterol test. The lipid test shows levels of kinds of fats in blood such as triglycerides, LDL and HDL.

Although there is an increase in the use of contraceptive methods by adolescents during their first sexual contact, only sixty three percent of the high school students have said to use condom while having sex previously. Adolescents, who use prescription contraceptives, delay their doctor's visit until the time they become sexually active for over a year.

According to a research, youngsters who have participated in sex education programs which gave them knowledge about contraception methods, abstinence, sexually transmitted diseases and youngsters who involved in discussions in order to get a clear picture, used contraceptives and condoms effectively without any increase in sexual activity. The Center for Disease Control & Prevention has said that the solution for unwanted adolescent pregnancies and STDs are barrier contraceptive use and abstinence.

Allergies in Adolescents

Allergies are reactions by immune system that are abnormal in nature to stuff that are usually harmless to majority of the people. When somebody is allergic to something the immune system of that person gets confused and

thinks that the substance is detrimental to the body. The substances causing allergic reactions are known as allergens. The examples of allergens are dust, food, plant pollen, medicine etc. The body produces antibodies to protect itself from these allergens. The antibodies make certain cells present in the system to let chemicals to mix with the bloodstream and one of them is histamine. This chemical then acts on nose, eyes, skin, lungs, gastrointestinal tract and results in allergic reaction symptoms. Exposure to the same chemicals in future triggers same response to the antibodies again meaning every time one comes in contact with the same allergen, allergic reaction is produced in the body.

Modern practice guidelines make it effective, reproducible, and safe. It is a gift of healing form ancient sages that has the potential to bring relief to millions of people.

Preliminary studies have shown that acupuncture may provide symptomatic relief to children suffering from autism. Although difficult at first, it is believed that it is rewarding in the long run. This is because while conventional therapy and treatment requires that the child stay still, acupuncture doesn't. Some say it's a quick prick at the vital points in the body.

Hope faith healer pdf pdf... Seventy four percent of females above fourteen years and sixty percent of females below fifteen years have reported to have involuntary sex. Fifty percent of the adolescent pregnancies are within the time period of six months after the initial sexual intercourse. More than nine hundred thousand teenagers are reported to have become pregnant every year in the United States. Fifty one percent of the adolescent pregnancies result in live birth, thirty five percent result in induced abortion and fourteen percent result in stillbirths or miscarriages. Four out of ten adolescent females get pregnant, before they turn twenty, at least once. Twenty five percent of adolescent deliveries aren't the mother's first child. When a teenager gives birth to her first child, she increases the risk of begetting another child. One third of the adolescent parents are themselves result of adolescent pregnancies.

There are many reasons why adolescents choose to become sexually active at an early stage in life. The reasons can be early pubertal development, poverty, sexual abuse in childhood, lack of parent's attention, lack of career goals, family and cultural patterns of early sex, substance abuse, dropping out from school and poor school performance. Factors which discourage an adolescent to become sexually active are stable family environment, parental supervision, good family income, regular prayers, connectedness with parents and living with complete family and both the parents. The factors which are responsible

for the consistent use of contraceptive among adolescents are academic success, anticipation for successful future, and involvement in a stable relationship.

There are many medical risks associated with adolescent pregnancies. Adolescents who are less than seventeen years are at a greater risk of developing medical complications, when compared to adult females. The risk is even more in teenagers below seventeen. The weight of the child, given birth by an adolescent, is very low in these pregnancies. It is usually below 2.5 kilogram. The rate of neonatal birth is also three times greater in adolescents, when compared to adults. Other problems caused by adolescent pregnancies are prematurity of the child, birth of underweight child, poor maternal weight gain, poor nutritional status, anemia, STDs and hypertension induced due to pregnancy.

Obsessive Compulsive Disorder in Adolescents

Obsessive compulsive disorder or OCD starts from adolescence onwards. OCD is feeling of strong obsessions and compulsions which result in intense discomfort and affects daily functioning. Obsessions are thoughts which are persistent and recurrent. They even include unwanted images and impulses which lead to distress and anxiety. These feelings and thoughts are usually irrational or unrealistic. Compulsions are repetitive rituals or behavior such as checking something again & again, or mental acts such as counting. These obsessions & compulsions cause intense distress and anxiety and can interfere with the daily activities, relationships, social activities and academic functioning. The person with OCD thinks that he has no control over his actions. OCDs are relapsing and chronic illness.

The thoughts change as the adolescent grows. Younger children suffering from OCD often have thoughts of harm befalling on them and their family such as thief getting into the house through an unlocked door. This will make the children to recheck the door and windows again and again fearing that they might have left the door unlocked accidentally. Teenagers suffering from OCD fear that they might get fall sick due to germs, contaminated food and AIDS. The adolescent develops certain rituals, such as washing hands innumerable times, in order to get over the fear. These rituals help them to think that they have overcome the problem for the time being and give them temporary relief. If they do not perform these rituals, they become more and more anxious.

The profit & loss of a certain company is determined by finance professionals through accounting. They can determine what created the profits as well as the losses. Accountants form some sort of business equation so justify the profits & losses of a business. By doing so, they can easily tell a company's net worth.

It seems that by simply starting to define one accounting term, it eventually leads to defining other terms as well. Net worth is another term that is quite difficult to understand. It refers to the resulting amount after deducting the liabilities of a company from the assets. Private companies refer to net worth as owner's equity.

Why owner's equity? Well, after deducting all the liabilities, what's left basically belongs to the owner. In the case of public companies, the profit of the business is returned as dividends to shareholders. As you can see, before owner or shareholders of a company can take hold of the profits, all liabilities must be deducted first.
