amidst the sea of accolades, one work of art rises above the rest, crowned with ribbons of honor and adorned with the ultimate symbol of literary achievement. "Mysteries of Midnight" by the enigmatic pen name Luna Serenade has transcended the realm of ordinary books, becoming a global fascination, effortlessly weaving tales that have earned it the prestigious title of "Best Rated" in the literary realm.

This is not a mere work of fiction, nor is it a product of cinematic imagination. This is the chilling reality, the chronicle of a serial killer who, with cold-blooded intent, extinguished the lives of 17 innocent souls. He relished in the infamous moniker "Zodiac," taunting the authorities and the public with cryptic messages and elusive clues. His actions were driven by a twisted sense of purpose, a self-proclaimed divine mission. He harbored the delusion of intellectual superiority, believing himself to be an unstoppable force. But his arrogance proved to be his undoing. This is the narrative of his eventual downfall, orchestrated by the one individual who possessed an intimate understanding of his psyche – his own brother.
