Abide

2022-02-25 Heather Khym In this personal healing retreat from Heather Khym, cohost of the popular Abiding Together podcast, you are invited to break through the barriers that prevent you from trusting and experiencing the deep love of Jesus and be transformed by the freedom that comes when we vulnerably bring our entire selves to the foot of the Cross. Rooted in the teaching of Khym’s Vancouver-based ministry, Life Restoration, Abide shares scripture, essential Catholic teaching, and the author’s personal healing journey to reintroduce you to God as the Divine Healer, Restorer, and Miracle Worker. Khym offers you a compass to navigate your past as you dig into difficult memories that have disoriented your understanding of God and made you afraid to trust him. She challenges you to cast off your self-protective tendencies and to recognize your need for healing so you can be the person you were created to be. Jesus says, “Abide in me as I abide in you. Just as the branch cannot bear fruit by itself unless it abides in the vine, neither can you unless you abide in me. I am the vine, you are the branches. Those who abide in me and I in them bear much fruit because apart from me you can do nothing” (John 15:4-5). We are meant to abide in Jesus, to unite ourselves to him. Yet over the course of our lives, we experience brokenness and loss, which lead us to doubt God’s presence. Khym challenges you to step outside your comfort zone so that you can authentically: recognize God as a loving father who desires your happiness; practice spiritual and emotional vulnerability with Jesus; invite the Divine Healer into your past and relationships; acknowledge that you have an enemy who battles for your heart; and overcome false beliefs about God and learn to trust Jesus as a compelling, captivating, and trustworthy lover of your soul. Each chapter includes practical reflection-based exercises that help you recall troublesome memories, identify the roots of your feelings, and meditate on excerpts from scripture and the Catechism of the Catholic Church. You’ll come away with a renewed hope in the power of God to bring freedom to your fearful heart as you start to live a life restored in Christ, one that begins with and is sustained by an intimate relationship with Jesus.

The Soul of a Pilgrim

2015-05-05 Christine Valters Paintner The renowned author of eight books and abess of the online retreat center Abbey of the Arts, Christine Valters Paintner takes readers on a new kind of pilgrimage: an inner journey to discover the heart of God. Eight stages of the pilgrim’s way—from hearing the call to coming home—are accompanied by scripture stories of great biblical journeys and the author’s unique and creative practices of prayer, writing, and photography. As she did in The Artist’s Rule and Eyes of the Heart, Christine Valters Paintner once again helps readers travel to the frontiers of their souls to discover the hidden presence of God. In The Soul of a Pilgrim, Paintner identifies eight stages of the pilgrim’s way and shows how to follow these steps to make an intentional, transformative journey to the reader’s inner “wild edges.” Each phase of the exploration requires a distinct practice such as packing lightly, being uncomfortable, or embracing the unknown. Paintner shows how to cultivate attentiveness to the divine through deep listening, patience, and opening oneself to the gifts that arise in the midst of discomfort. Each of the eight chapters offers reflections on the themes, a scripture story, an invitation to the practice of lectio divina, and a creative exploration through photography and writing.

Imitating Mary

2013-04-22 Marge Steinhage Fenelon In an age of much mothering advice but few admirable role models, award-winning Catholic journalist Marge Fenelon delves into ten instances—and corresponding virtues—of Mary’s life that reveal her as the ultimate example and companion for the modern mom. In this first and only book to offer Mary’s life as a template for living as a faithful Catholic mother today, the Mother of God is presented as the ideal guide for the vocation of Catholic motherhood. A new addition to the CatholicMom.com Book series, Imitating Mary: Ten Marian Virtues for the Modern Mom unpacks Scripture and Catholic tradition to examine ten biblical climaxes, including Mary’s betrothal to Joseph, the Annunciation, the scene at the foot of the Cross, and Pentecost. In these scenes, Marge Fenelon introduces readers to a Mary who faced challenges familiar to every mother—impatience, frustration, sacrifice, and grief—and demonstrates how, in the face of these ordinary obstacles, Mary’s response was an extraordinary example through the virtues of patience, joy, trust, and faith.

My Soul Feels Lean is a journey into compassion. Drawing on insights from her Christian faith and a lifelong connection to the Iowa farmland of her birth, Joyce Rupp explores themes of loss and restoration in this luminous collection of poems. Returning to an undercurrent in her work since the publication of Praying Our Goodbyes, Rupp offers here sensitive insights on the pain of loss and the hope she finds when she is willing to let go and trust. Rupp’s leanness of soul has taught her to observe and celebrate the harsh beauty of life. “Loss has encouraged me to find joy and meaning here instead of pining for it elsewhere,” she writes, “to live more simply and be content with less, to appreciate more fully what I now have.”

Jesus, Friend of My Soul

2020-01-24 Joyce Rupp Bestselling author and beloved retreat leader Joyce Rupp has offered companionship and gentle guidance throughout the seasons in such books as May I Have This Dance? and Anchors for the Soul. In Jesus, Friend of My Soul, each two-page daily reflection brings our attention to the Lenten season, providing reflections for growth and inviting us to follow Jesus and become more like him. “As Christians,” Joyce Rupp writes, “we look to the person of Jesus to learn from him.” Because our lives are filled to the brim with activity, it is easy to drift away from trying to live as Jesus did, and we find ourselves in need of time to focus on drawing close to him again and learning from his example. In Jesus, Friend of My Soul, Rupp guides us from Ash Wednesday through Easter Sunday illustrating both how Jesus called his followers to change and how his actions provide us a blueprint for growth. Rupp helps us learn from the qualities of Jesus and the actions and teachings that marked his time on earth, including: how Jesus extended mercy after Peter’s denials how Jesus trusted in his Father, even as he experienced other emotions when troubling events occurred how Jesus spoke and acted with integrity,

which made him a valuable and trustworthy person for others to listen to and follow Each day’s reflection begins with a verse from scripture and a meditation centered on Jesus’ life, actions, and teachings that are applied to our lives. We are then offered a prayer and an intention to carry with us throughout the day. Each brief reflection gently leads us to new growth in our lives and invites us to reach new depths in our faith. Questions for individual or group study are included.

Acupuncturists in the US charge from \$75 to \$150 per session. This usually gets lower in the succeeding treatments. The person will probably have to undergo 10 to 15 treatments 2 to 3 times a week but this really depends on the condition of the patient.

Before you go to one, you should check if this is covered by your insurance. If it isn't, perhaps you should suggest that it should be included as it is much cheaper than having to undergo surgery.

Allergies in Adolescents

Allergies are reactions by immune system that are abnormal in nature to stuff that are usually harmless to majority of the people. When somebody is allergic to something the immune system of that person gets confused and thinks that the substance is detrimental to the body. The substances causing allergic reactions are known as allergens. The examples of allergens are dust, food, pollen, medicine etc. The body produces antibodies to protect itself from these allergens. The antibodies make certain cells present in the system to let chemicals to mix with the bloodstream and one of them is histamine. This chemical then acts on nose, eyes, skin, lungs, gastrointestinal tract and results in allergic reaction symptoms. Exposure to the same chemicals in future triggers same response to the antibodies again meaning every time one comes in contact with the same allergen, allergic reaction is produced in the body.

Most courses involve a series of 10 to 20 treatment sessions, each lasting 30 to 90 minutes. Needles will be carefully placed at the required points and kept in place for some time. Most patients report a feeling of mild sensation at the site of the puncture, but no real pain.

Anemia in Adolescents

To understand what is anemia one should begin with breathing. The oxygen that is inhaled simply doesn't stop in lungs. It circulates though out the body and fuels the brains also. Oxygen travels to all parts of the body though bloodstream and to be precise in the RBCs i.e. red blood cells. Now, these RBCs are produced in the bone marrow of the body and they serve as boats carrying oxygen in the bloodstream. RBCs have something called hemoglobin, a protein which holds oxygen. To make adequate hemoglobin body requires iron in plenty. The iron is supplied by the foods that we take along with other nutrients. When these RBCs are fewer in number than what is needed anemia occurs in the body. There can be 3 primary reasons: RBCs are lost due to some reason, the production of RBCs is slower than what is needed and lastly the body is destroying the RBCs. Different types of anemia are linked to at least one of these causes.

Amenorrhea is the condition in which the female skips her menses for more than three consecutive menstrual cycles. Amenorrhea is also classified as primary amenorrhea and secondary amenorrhea. Primary amenorrhea develops from the onset of menstrual periods. In this condition, the adolescent might not get periods when she enters puberty. Secondary amenorrhea is a condition where periods become irregular after a period of time and not from the start.

There are many causes of amenorrhea such as ovulation abnormality, eating disorders, birth defects, anatomical abnormalities, malnourishment, anorexia, bulimia, pregnancy, over exercising, thyroid disorder, obesity and other medical conditions. Out of these ovulation abnormalities are a common cause for absent or irregular periods. It is a must that an adolescent start getting menses at least by the age of sixteen. If not, anatomical abnormality, birth defect and other medical conditions are the cause. Adolescents who participate in sports actively and are athletic have a lower body fat content because of which they have absent menses. Even because of malnourishment, the body is incapable of sustaining pregnancy. So in turn the body itself shuts down the reproductive system and menses. Extra fat cells in the body interfere with ovulation and that is the reason why obese female have irregular menses. Amenorrhea is treated by dietary modifications, ovulation inhibitors and hormone treatment.

The history of acupuncture is first discussed in an ancient Chinese medical text called the "Huang Di Nei Jing" or The Yellow Emperors Classic of Internal Medicine.

But there have been a few who are skeptic as archaeologists have found a 5,000 year old mummy in the Alps with similar acupuncture points in the body. This gives some people the idea that it was used even before the Chinese did but since there is no written text to prove that, no one is certain and credit to this ancient practice goes back to the Chinese.

In the 6th century, this knowledge moved to Japan. In the 17th century, a man by the name of Waichi Sugiyama wanted to make this procedure painless for the patient so he developed the insertion tube, a small cylindrical tube through which the needle is inserted. Acne in Adolescents

Acne is one of the most common problems in adolescent teens affecting nearly seventeen million people in the United States. Acne is nothing but a disorder involving sebaceous glands and hair follicles. Acne results from the clogging of sebaceous glands leading to the formation of pimples and cysts. The condition usually begins with the onset of puberty. Going by the facts, as teens attain puberty the androgens also called male sex hormones are produced in high number leading to sebaceous glands becoming over active which results in sebum being produced in high proportions.

Sebum, which is nothing but oil is produced by sebaceous glands which travel to the skin surface through hair follicles. But, skin cells block the follicles which results in oil also being blocked. When these hair follicles are blocked it results in the development of skin bacteria known as Propionibacterium Acnes within the follicles which in turn results in swelling of the skin called Acne. If the hair follicles are partially blocked it results in blackheads. If the follicles are completely blocked they result in whiteheads. But if these plugged follicles are not treated they ultimately burst causing the oil, bacteria and skin cells to spill all over the skin resulting in irritation and formation of pimples. Acne can be shallow as well as deep in various individuals depending on the nature of skin and amount of oil produced.

Type 1 diabetes affects the immune system's function as the systems attacks the pancreas' insulin producing cells, also known as the beta cells. Because of this, the pancreas loses the ability to manufacture insulin. This is the reason why people with type 1 diabetes take insulin everyday. The symptoms are weight loss, increase in urination & thirst, blurred vision, tiredness and constant hunger. And if the adolescent isn't treated at the right time, he/she can slip in to diabetic coma which can endanger his/her life. In type2 diabetes, the body is incapable of properly using the insulin produced by the body and requires insulin from an external source, too. The symptoms of type 2 diabetes are similar to type 1 diabetes. The teenager feels sick, tired, nauseated, and thirsty. The wounds will recover very slowly; he/she will get infections frequently, will develop blurred vision and will experience weight loss.
