News from Nowhere and Other Writings 1994-01-04 William Morris This volume illustrates the variety of William Morris's prose, while focusing on one theme: the earthly paradise. The "Nowhere" of News from Nowhere (1890) is England in 2102, an ideal pastoral society born out of revolution. It is as compelling a dream of the future as the nightmares of Brave New World and Nineteen Eighty-Four. Exhilaratingly, it reminds us that nothing is inevitable about the way we live--now or in 1890.

William Morris 1995 Fiona MacCarthy Winner of the Wolfson History Prize, the essential biography of the father of the Arts and Crafts movement. The author, Fiona MacCarthy, is the curator of the National Portrait Gallery's 2014-15 exhibition Anarchy and Beauty: William Morris and His Legacy. 'One of the finest biographies ever published in this country' A. S. Byatt Since his death in 1896,

William Morris has come to be regarded as one of the giants of the Victorian era. But his genius was so many-sided and so profound that its full extent has rarely been grasped. Many people may find it hard to believe that the greatest English designer of his time, possibly of all time, could also be internationally renowned as a founder of the socialist movement, and could have been ranked as a poet together with Tennyson and Browning. With penetrating insight, Fiona MacCarthy has managed to encompass all the different facets of Morris's complex character, shedding light on his immense creative powers as artist and designer of furniture, fabrics, wallpaper, stained glass, tapestry and books, and as a poet, novelist and translator; his psychology and his emotional life; his frenetic activities as polemicist and reformer; and his remarkable circle of friends, literary, artistic and political, including Dante Gabriel Rossetti and Edward Burne-Jones. Fiona MacCarthy's skilful drawing together of these disparate elements makes for a comprehensive and compelling biography.

Looking Backward 2000-1887 2009-06-25 Edward Bellamy 'No person can be blamed for refusing to read another word of what promises to be a mere imposition upon his credulity.' Julian West, a feckless aristocrat living in fin-de-siècle Boston, plunges into a deep hypnotic sleep in 1887 and wakes up in the year 2000. America has been turned into a rigorously centralized democratic society in which everything is controlled by a humane and efficient state. In little more than a hundred years the horrors of nineteenth-century capitalism have been all but forgotten. The squalid slums of Boston have been replaced by broad streets, and technological inventions have transformed people's everyday lives. Exiled from the past, West excitedly settles into the ideal society of the future, while still fearing that he has dreamt up his experiences as a time traveller. Edward Bellamy's Looking Backward (1888) is a thunderous indictment of industrial

capitalism and a resplendent vision of life in a socialist utopia. Matthew Beaumont's lively edition explores the political and psychological peculiarities of this celebrated utopian fiction. An Anthology of Pre-Raphaelite Writings 1997 Carolyn Hares-Stryker Here, for the first time, is a panoramic overview of the most resonant work of the Pre-Raphaelite era in one handy volume. Combining well-known works with previously neglected materials, this ambitious anthology includes writing and art by such figures as the Rossettis, William Morris, John Ruskin, George Meredith, and Algernon Charles Swinburne. Organized chronologically, the book enables the reader to trace the most prominent artists and writers within each decade, revealing how their influence alternately increased and waned over time and further how their work was received by Victorian critics, by turn friendly, satirical and hostile. Carolyn Hares-Stryker's introduction addresses the principles and origins of the movement, describing the social and political events that shaped the Pre-Raphaelites and the themes to which they returned again and again: social reform, religion and its role in contemporary life, the allure of the past, and the fragility of utopia.

When his first major book, *The Innocents Abroad*, appeared six years later, he began what would become one of the most celebrated and influential careers in American letters. *Autobiographical Writings* will help readers know the author intimately and appreciate why, a century after his death, he remains so vital and appealing.

The Parisian Prowler 1997-01-01 Charles Baudelaire From Edouard Manet to T. S. Eliot to Jim Morrison, the reach of Charles Baudelaire's influence is beyond estimation. In this prize-winning translation of his no-longer-neglected masterpiece, Baudelaire offers a singular view of 1850s Paris. Evoking a mélange of reactions, these fifty "fables of modern life" take us on various tours led by a flâneur, an incognito stroller. Through day and night, in gleaming cafés and filthy side streets, this alienated yet passionate esthete muses on the bizarre in the commonplace, the sublime in the mundane. As the work reveals a teeming metropolis on the eve of great change, we see a Paris as contradictory, surprising, and ultimately unknowable as our guide himself. Superbly complemented by twenty-one period illustrations by Delacroix, Callot, Manet, Whistler, Baudelaire himself, and others, *The Parisian Prowler* is an essential companion to *Les Fleurs du Mal* and other works by the father of modern poetry. In the preface to this edition, translator Edward K. Kaplan explains how the volume's illustrations act as a graphic subtext to the narrator's observations.

The Street of Crocodiles 1977 Bruno Schulz *The Street of Crocodiles* in the Polish city of Drohobych is a street of memories and dreams where recollections of Bruno Schulz's uncommon boyhood and of the eerie side of his merchant family's life are evoked in a startling blend of the real and the fantastic. Most memorable - and most chilling - is the portrait of the author's father, a maddened shopkeeper who imports rare birds' eggs to hatch in his attic, who believes tailors' dummies should be treated like people, and whose obsessive fear of cockroaches causes him to resemble one. Bruno Schulz, a Polish Jew killed by the Nazis in 1942, is considered by many to have been the leading Polish writer between the two world wars.

News from Nowhere - William Morris 2021-06-15 William Morris News from Nowhere is a classic work combining utopian socialism and soft science fiction written by the artist, designer and socialist pioneer William Morris. It was first published in serial form in the Commonweal journal beginning on 11 January 1890. Up at the League, says a friend, there had been one night a brisk conversational discussion, as to what would happen on the Morrow of the Revolution, finally shading off into a vigorous statement by various friends of their views on the future of the fully-developed new society. Says our friend: Considering the subject, the discussion was good-tempered; for those present being used to public meetings and after-lecture debates, if they did not listen to each others opinions (which could scarcely be expected of them), at all events did not always attempt to speak all together, as is the custom of people in ordinary polite society when conversing on a subject which interests them. For the rest, there were six persons present, and consequently six sections of the party were represented, four of which had strong but divergent Anarchist opinions. One of the sections, says our friend, a man whom he knows very well indeed, sat almost silent at the beginning of the discussion, but at last got drawn into it, and finished by roaring out very loud, and damning all the rest for fools; after which befel a period of noise, and then a lull, during which the aforesaid section, having said good-night very amicably, took his way home by himself to a western suburb, using the means of travelling which civilisation has forced upon us like a habit. As he sat in that vapour-bath of hurried and discontented humanity, a carriage of the underground railway, he, like others, stewed discontentedly, while in self-reproachful mood he turned over the many excellent and conclusive arguments which, though they lay at his fingers ends, he had forgotten in the just past discussion. But this frame of mind he was so used to, that it didnt last him long, and after a brief discomfort, caused by disgust with himself for having lost his temper (which he was also well used to), he found himself musing on the subject-matter of discussion, but still discontentedly and unhappily. If I could but see a day of it, he said to himself; if I could but see it!

Amusing Ourselves to Death 2005-12-27 Neil Postman What happens when media and politics become forms of entertainment? As our world begins to look more and more like Orwell's 1984, Neil's Postman's essential guide to the modern media is more relevant than ever. "It's unlikely that Trump has ever read Amusing Ourselves to Death, but his ascent would not have surprised Postman." -CNN Originally published in 1985, Neil Postman's groundbreaking polemic about the corrosive effects of television on our politics and public discourse has been hailed as a twenty-first-century book published in the twentieth century. Now, with television joined by more sophisticated electronic media--from the Internet to cell phones to DVDs--it has taken on even greater significance. Amusing Ourselves to Death is a prophetic look at what happens when politics, journalism, education, and even religion become subject to the demands of entertainment. It is also a blueprint for regaining control of our media, so that they can serve our highest goals. "A brilliant, powerful, and important book. This is an indictment that Postman has laid down and, so far as I can see, an irrefutable one." -Jonathan Yardley, The Washington Post Book World

The Blazing World and Other Writings 1994-03-31 Margaret Cavendish 'The whole story of this Lady is a romance, and all she doth is romantic' Pepys Flamboyant, theatrical, exuding ambiguous sexuality, Margaret Cavendish, Duchess of Newcastle, was one of the seventeenth century's most striking figures, experimental in her personality as much as in her prolific writings. Both 'The Contract' and 'Assaulted and Pursued Chastity' (from Nature's Pictures, 1656) are romances which play out the empowering possibilities of disguise or masking for women. The centrepiece of this collection is 'The Blazing World', the only known Utopian fiction by a seventeenth century woman writer, an inventive and extravagant portrayal of the rise of a woman to absolute power.

The result is a zestful read for Franklin scholars and anyone wanting to know and enjoy this American icon. The Last 2019-04-09 Hanna Jameson This propulsive post-apocalyptic thriller "in which Agatha Christie's And Then There Were None collides with Stephen King's The Shining" (NPR) follows a group of survivors stranded at a hotel as the world descends into nuclear war and the body of a young girl is discovered in one of the hotel's water tanks. Jon thought he had all the time in the world to respond to his wife's text message: I miss you so much. I feel bad about how we left it. Love

you. But as he's waiting in the lobby of the L'Hotel Sixieme in Switzerland after an academic conference, still mulling over how to respond to his wife, he receives a string of horrifying push notifications. Washington, DC, has been hit with a nuclear bomb, then New York, then London, and finally Berlin. That's all he knows before news outlets and social media goes black—and before the clouds on the horizon turn orange. Two months later, there are twenty survivors holed up at the hotel, a place already tainted by its strange history of suicides and murders. Jon and the rest try to maintain some semblance of civilization. But when he goes up to the roof to investigate the hotel's worsening water quality, he is shocked to discover the body of a young girl floating in one of the tanks, and is faced with the terrifying possibility that there might be a killer among the group. As supplies dwindle and tensions rise, Jon becomes obsessed with discovering the truth behind the girl's death. In this "brilliantly executed...chilling and extraordinary" post-apocalyptic mystery, "the questions Jameson poses—who will be with you at the end of the world, and what kind of person will you be—are as haunting as the plot itself." (Emily St. John Mandel, nationally bestselling author of Station Eleven).
