Power branding in five and a half steps.Presenting a thesis title involves a process where you demonstrate and explain your proposed research to a group of evaluators. This is a typical practice in many institutions where panels are established to screen and review research titles before they are allowed to continue with the concrete research. The defense normally consists of a question-and-answer session aimed at showing the importance of the research you have chosen and determining if you, as a student, are truly able of achieving it.

Power branding in five and a half steps.The book “Analyzing Casual Conversation” by Suzanne Egging and Diana Slade, first issued in 1997, establishes a systematic model for the examination and description of casual conversation in English. The writers contend that in spite of its at times aimless look and apparently unstructured content, casual conversation is a very structured activity and plays a critical function in the social formation of reality. The publication works through genuine samples of casual conversations entailing participants varying in age, gender, ethnicity, and socio-economic class¹². Deriving on understandings from sociology, linguistics, and critical semiotics, the work provides readers with the analytical skills to portray the layers of structure and critical interpretive

frameworks to explain the 'social work' that occurs on through chat.

High above the skies, where airships sailed between floating islands, an ancient order of Cloudweavers practiced the art of sky-shaping. Using enchanted looms, they wove skies into tapestries that told the stories of the skies. Each sky island bore a narrative, and the weavers, guided by cosmic constellations, continued to thread the celestial tales that adorned the firmament.
