Acoustemologies in Contact 2021-01-19 Emily Wilbourne
In this fascinating collection of essays, an international
group of scholars explores the sonic consequences of
transcultural contact in the early modern period. They
examine how cultural configurations of sound impacted
communication, comprehension, and the categorisation of
people. Addressing questions of identity, difference,
sound, and subjectivity in global early modernity, these
authors share the conviction that the body itself is the
most intimate of contact zones, and that the culturally
contingent systems by which sounds made sense could be
foreign to early modern listeners and to present day

scholars. Drawing on a global range of archival
evidence—from New France and New Spain, to the slave
ships of the Middle Passage, to China, Europe, and the
Mediterranean court environment—this collection
challenges the privileged position of European
acoustical practices within the discipline of global-
historical musicology. The discussion of Black and non-
European experiences demonstrates how the production of
'the canon' in the cosmopolitan centres of colonial
empires was underpinned by processes of human
exploitation and extraction of resources. As such, this
text is a timely response to calls within the discipline
to decolonise music history and to contextualise the
canonical works of the European past. This volume is
accessible to a wide and interdisciplinary audience, not
only within musicology, but also to those interested in
early modern global history, sound studies, race, and
slavery.

Madwomen 2009-09-01 Gabriela Mistral A schoolteacher
whose poetry catapulted her to early fame in her native
Chile and an international diplomat whose boundary-
defying sexuality still challenges scholars, Gabriela
Mistral (1889–1957) is one of the most important and
enigmatic figures in Latin American literature of the
last century. The Locas mujeres poems collected here are
among Mistral's most complex and compelling, exploring
facets of the self in extremis—poems marked by the wound
of blazing catastrophe and its aftermath of mourning.
From disquieting humor to balladlike lyricism to
folkloric wisdom, these pieces enact a tragic sense of
life, depicting "madwomen" who are anything but mad.
Strong and intensely human, Mistral's poetic women
confront impossible situations to which no sane response

exists. This groundbreaking collection presents poems from Mistral's final published volume as well as new editions of posthumous work, featuring the first English-language appearance of many essential poems. Madwomen promises to reveal a profound poet to a new generation of Anglophone readers while reacquainting Spanish readers with a stranger, more complicated "madwoman" than most have ever known.

The Outsider (Fantasy and Horror Classics) 2020-05-26 H. P. Lovecraft After spending more time than he can remember on his own inside a castle, an enigmatic man resolves to finally escape and seek human contact and daylight, both of which he has never experienced before. However, dissatisfied with what he finds on the outside, he hastens back to his old world inside his castle—to which he is now barred entry. First published in 1926, "The Outsider" is a short story by American horror writer H. P. Lovecraft that explores the concepts of loneliness and the Gothic ab-human. A fantastic example of Lovecraftian supernatural literature not to be missed by fans and collectors of his seminal work. Howard Phillips Lovecraft (1890–1937) was an American writer of supernatural horror fiction. Though his works remained largely unknown and did not furnish him with a decent living, Lovecraft is today considered to be among the most significant writers of supernatural horror fiction of the twentieth century. Other notable works by this author include: "The Call of Cthulhu", "The Rats in the Walls", and "The Shadow Over Innsmouth". Read & Co. is publishing this classic work now as part of our "Fantasy and Horror Classics" imprint in a new edition with a dedication by George Henry Weiss.

These series are currently revised to assist countries in preparing for the 2020 round of censuses by taking into account changes in methodology, technology, as well as the need for better data dissemination and utilization.

Deep Rivers 2002-03-28 José María Arguedas Fiction. In English translation. José María Arguedas is one of the few Latin American authors who loved and described his natural surroundings, and he ranks among the greatest writers of any time and place. He saw the beauty of the Peruvian landscape, as well as the grimness of social conditions in the Andes, through the eyes of the Indians who are a part of it. Ernesto, the narrator of Deep Rivers, is a child with origins in two worlds. The son of a wandering country lawyer, he is brought up by Indian servants until he enters a Catholic boarding school at age 14. In this urban Spanish environment he is a misfit and a loner. The conflict of the Indian and the Spanish cultures is acted out within him as it was in the life of Arguedas. For the boy Ernesto, salvation is his world of dreams and memories. While Arguedas' poetry was published in Quechua, he invented a language for his novels in which he used native syntax with Spanish vocabulary. This makes translation into other languages extremely difficult, and Frances Horning Barracough has done a masterful job, winning the 1978 Translation Center Award from Columbia University.

The Demon-Haunted World 2011-07-06 Carl Sagan A prescient warning of a future we now inhabit, where fake news stories and Internet conspiracy theories play to a disaffected American populace "A glorious book . . . A spirited defense of science . . . From the first page to the last, this book is a manifesto for clear thought."—Los Angeles Times How can we make intelligent

decisions about our increasingly technology-driven lives if we don't understand the difference between the myths of pseudoscience and the testable hypotheses of science? Pulitzer Prize-winning author and distinguished astronomer Carl Sagan argues that scientific thinking is critical not only to the pursuit of truth but to the very well-being of our democratic institutions. Casting a wide net through history and culture, Sagan examines and authoritatively debunks such celebrated fallacies of the past as witchcraft, faith healing, demons, and UFOs. And yet, disturbingly, in today's so-called information age, pseudoscience is burgeoning with stories of alien abduction, channeling past lives, and communal hallucinations commanding growing attention and respect. As Sagan demonstrates with lucid eloquence, the siren song of unreason is not just a cultural wrong turn but a dangerous plunge into darkness that threatens our most basic freedoms. Praise for *The Demon-Haunted World* "Powerful . . . A stirring defense of informed rationality. . . Rich in surprising information and beautiful writing."—The Washington Post Book World "Compelling."—USA Today "A clear vision of what good science means and why it makes a difference. . . . A testimonial to the power of science and a warning of the dangers of unrestrained credulity."—The Sciences "Passionate."—San Francisco Examiner-Chronicle

The Discovery and Conquest of Peru 1999-02-11 Pedro de Cieza de Leon
Dazzled by the sight of the vast treasure of gold and silver being unloaded at Seville's docks in 1537, a teenaged Pedro de Cieza de León vowed to join the Spanish effort in the New World, become an explorer, and write what would become the earliest historical account of the conquest of Peru. Available for the first time in English, this history of Peru is based largely on interviews with Cieza's conquistador compatriotes, as well as with Indian informants knowledgeable of the Incan past. Alexandra Parma Cook and Noble David Cook present this recently discovered third book of a four-part chronicle that provides the most thorough and definitive record of the birth of modern Andean America. It describes with unparalleled detail the exploration of the Pacific coast of South America led by Francisco Pizarro and Diego de Almagro, the imprisonment and death of the Inca Atahualpa, the Indian resistance, and the

ultimate Spanish domination. Students and scholars of Latin American history and conquest narratives will welcome the publication of this volume.

But on her sixteenth birthday, everything changed. She received a mysterious package from her grandmother, who had died years ago. Inside was a leather-bound book with the words "The Book of Shadows" engraved on the cover. Eva opened it and felt a surge of power run through her veins. She realized that the book contained the secrets of her family's magical heritage, and that she was the last of a long line of powerful witches. But she also learned that she was not alone. There were others like her, and some of them wanted to use their magic for evil. Eva had to decide whether to embrace her destiny as a witch, or to reject it and live a normal life.
