Space Battles which Altered History

It was the year 23, and the earth stood on the brink of war. The U.S. and China, the two superpowers, had been engaged in a intense competition, contending for resources, power, and supremacy. They had engineered advanced arms, like laser weapons, unmanned aerial vehicles, and spacecrafts, which can attack anywhere, anytime. They had also covertly constructed space stations, which can fire nuclear missiles, that could destroy the earth. They were ready to use them, if at all required. But they were not alone. There was a third force, a secret power, that had watching them, waiting for them, preparing for them both. They were ETs, and they had come come to prevent them both. They had come arrived to save the globe, or to finish it. They had come come to initiate the star wars that altered history.

Presenting a thesis title involves a process where you showcase and elucidate your planned research to a group of evaluators. This is a typical practice in many schools where groups are established to evaluate and review research titles before they are approved to proceed with the actual research. The defense usually consists of a question-and-answer session intended at proving the importance of the research you have selected and deciding if you, as a scholar, are actually able of accomplishing it.
