Gianfranco Poggi makes this important work accessible to a broader range of scholars and students, offering a compact and systematically organized presentation of its main arguments. Broken April 1990 Ismail Kadare Two destinies intersect in this novel -- that of Gjorg, a young mountaineer who has just killed a man in order to avenge the death of his older brother, and who expects to be killed himself in keeping with the code of the highlands; and that of a young couple who have come to study the age-old customs, including the blood feud.

The Fall of the Stone City 2012-08-30 Ismail Kadare Shortlisted for the Independent Foreign Fiction Prize 2013. In September 1943, Nazi troops advance on the ancient gates of Gjirokastr, Albania. The very next day, the Germans vanish without a trace. As the townsfolk wonder if they might have dreamt the events of the previous night, rumours circulate of a childhood friendship between a local dignitary and the invading Nazi Colonel, a reunion in the town square and a fateful dinner party that would transform twentieth-century Europe. A captivating novel of resistance in a dictatorship, and steeped in Albanian folklore, The Fall of the Stone City shows Kadare at the height of his powers.

The Palace of Dreams 1998 Ismail Kadare Translated from the Jusef Vrioni's French version of the Albanian original, this is the author's own vision of totalitarianism.

Chronicle in Stone 2011-07-01 Ismail Kadare Masterful in its simplicity, Chronicle in Stone is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life. Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

Cities at War 2020-03-31 Mary Kaldor Warfare in the twenty-first century goes well beyond conventional armies and nation-states. In a world of diffuse conflicts taking place across sprawling cities, war has become fragmented and uneven to match its settings. Yet the analysis of failed states, civil war, and state building rarely considers the city, rather than the country, as the terrain of battle. In Cities at War, Mary Kaldor and Saskia Sassen assemble an international team of scholars to examine cities as sites of contemporary warfare and insecurity. Reflecting Kaldor's expertise on security cultures and Sassen's perspective on cities and their geographies, they develop new insight into how cities and their residents encounter instability and conflict, as well as the ways in which urban forms provide possibilities for countering violence. Through a series of case studies of cities including Baghdad, Bogotá, Ciudad Juarez, Kabul, and Karachi, the book reveals the unequal distribution of insecurity as well as how urban capabilities might offer resistance and hope. Through analyses of how contemporary forms of identity, inequality, and segregation interact with the built environment, Cities at War explains why and how political violence has become increasingly

urbanized. It also points toward the capacity of the city to shape a different kind of urban subjectivity that can serve as a foundation for a more peaceful and equitable future.

The Siege 2010-02-12 Ismail Kadare From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, The Siege is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

Performatism, Or the End of Postmodernism 2009 Raoul Eshelman The author suggests that in this era following the postmodern we have entered a new, monist epoch in which aesthetically mediated belief replaces endless irony as the dominant force in culture. The book documents the "new monism" through an examination of popular films and novels such as American beauty, Life of Pi, and Middlesex as well as in the work of major architects and artists such as Sir Norman Foster, Andreas Gursky, and Vanessa Beecroft. --book cover.

The Outsider 1961 Albert Camus When a young Algerian named Meursault kills a man, his subsequent imprisonment and trial are puzzling and absurd. The apparently amoral Meursault—who puts little stock in ideas like love and God—seems to be on trial less for his murderous actions, and more for what the authorities believe is his deficient character.

A Time to Love and a Time to Die 2014-03-04 Erich Maria Remarque From the quintessential author of wartime Germany, *A Time to Love and a Time to Die* echoes the harrowing insights of his masterpiece *All Quiet on the Western Front*. After two years at the Russian front, Ernst Graeber finally receives three weeks' leave. But since leaves have been canceled before, he decides not to write his parents, fearing he would just raise their hopes. Then, when Graeber arrives home, he finds his house bombed to ruin and his parents nowhere in sight. Nobody knows if they are dead or alive. As his leave draws to a close, Graeber reaches out to Elisabeth, a childhood friend. Like him, she is imprisoned in a world she did not create. But in a time of war, love seems a world away. And sometimes, temporary comfort can lead to something unexpected and redeeming. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review

Cousin Pons 2006-06-29 Honoré de Balzac Mild, harmless and ugly to behold, the impoverished Pons is an ageing musician whose brief fame has fallen to nothing. Living a placid Parisian life as a bachelor in a shared apartment with his friend Schmucke, he maintains only two passions: a devotion to fine dining in the company of wealthy but disdainful relatives, and a dedication to the collection of antiques. When these relatives become aware of the true value of his art collection, however, their sneering contempt for the parasitic Pons rapidly falls away as they struggle to obtain a piece of the weakening man's inheritance. Taking its place in the *Human Comedy* as a companion to *Cousin Bette*, the darkly humorous *Cousin Pons* is among of the last and greatest of Balzac's novels concerning French urban society: a cynical, pessimistic but never despairing consideration of human nature.

The Pyramid 2011-11-21 Ismail Kadare Egypt in the twenty-sixth century BC. The young pharaoh Cheops wants to forgo the construction of a pyramid in his honor, but his court sages hasten to persuade him otherwise. The pyramid, they tell him, is not a tomb but a paradox, designed to appease the masses by oppressing them. It is a symbol of nothing, a useless and infinite project designed to waste the country's wealth and keep security and prosperity, ever the fonts of sedition, constantly at bay. And so the greatest pyramid in the world has ever seen begins to rise. Rumors multiply. A secret police is formed. Conspiracies—real and imagined—swirl around the rising edifice. The most drastic purges follow. By the time the first stone is laid, Cheops's subjects are terrified enough to yield to his most murderous whims. Each time one of the massive stones is hoisted into place, dozens of men are crushed, and there are tens of thousands of stones. . . .

The Doll 2020-11-17 Ismail Kadare In this autobiographical novel, Albania's most renowned novelist and poet Ismail Kadare explores his relationship with his mother in a delicately wrought tale of home, family, creative aspirations, and personal and political freedom. "Houses like ours seemed constructed with the specific purpose of preserving coldness and misunderstanding for as long as possible." In his father's great stone house with hidden rooms and even a dungeon, Ismail grows up with his mother at the center of his universe. Fragile as a paper doll, she finds herself at odds with her tight-lipped and wise mother-in-law who, as is the custom for women of a certain age, will never again step foot over the threshold to leave her home. Young Ismail finds it

difficult to understand his mother's tears, though he can understand her boredom. She told him the reason herself in a phrase that terrified and obsessed the boy: "The house is eating me up!" As Ismail explores his world, his mother becomes fearful of her intellectual son—he uses words she does not understand, writes radical poetry, falls in love far too easily, and seems to renounce everything she believes in. He will, she fears, have to exchange her for some other superior mother when he becomes a famous writer. *The Doll* is a delicate and disarming autobiographical novel, an exploration of Kadare's creative aspirations and their tangled connections to his childhood home and his mother's tenuous place within it.

Albanian Literature 2005-07-29 Robert Elsie The tender plant of Albanian literature grew in a rocky soil. It was late to evolve and its development, indeed its very existence, was threatened in many periods. "Albanian Literature: A Short History" tells the story of the survival and growth of Albanian creative writing beginning with the earliest thirteenth century texts of Theodor of Shkodra, tracing the development of the modern literature of Buzuku, Budi and Bogdani, the incorporation of the Muslim influences of Frakulla and Kycyku and continuing with the works of Cajupi and Kadare during the reign of King Zog and the Hoxha administration. A unique book that illuminates an under-researched subject, "Albanian Literature" is an essential reference guide for all those interested in Balkan cultures, in comparative literature and in European cultural history in general.

The Italian Renaissance 2014-06-23 John Stephens In this fascinating study, John Stephens interprets the significance of the immense cultural change which took place in Italy from the time of Petrarch to the Reformation, and considers its wider contribution to Europe beyond the Alps. His important analysis (which is designed for students and serious general readers of history as well as the specialist) is not a straight narrative history; rather, it is an examination of the humanists, artists and patrons who were the instruments of this change; the contemporary factors that favoured it; and the elements of ancient thought they revived.

Contemporary Albanian Literature 1991 Arshi Pipa Few aspects of American military history have been as vigorously debated as Harry Truman's decision to use atomic bombs against Japan. In this carefully crafted volume, Michael Kort describes the wartime circumstances and thinking that form the context for the decision to use these weapons, surveys the major debates related to that decision, and provides a comprehensive collection of key primary source documents that illuminate the behavior of the United States and Japan during the closing days of World War II. Kort opens with a summary of the debate over Hiroshima as it has evolved since 1945. He then provides a historical overview of the events in question, beginning with the decision and program to build the atomic bomb. Detailing the sequence of events leading to Japan's surrender, he revisits the decisive battles of the Pacific War and the motivations of American and Japanese leaders. Finally, Kort examines ten key issues in the discussion of Hiroshima and guides readers to relevant primary source documents, scholarly books, and articles.

The General of the Dead Army 2012-04 Ismail Kadare This is the story of an Italian general, accompanied by his chaplain, charged with the mission of scouring Albania in search of the bones of their fallen countrymen, killed twenty years earlier during World War II.

The Traitor's Niche 2018-05-01 Ismail Kadare "Kadare is inevitably linked to Orwell and Kundera, but he is a far deeper ironist than the first, and a better storyteller than the second. He is a compellingly ironic storyteller because he so brilliantly summons details that explode with symbolic reality." —The New Yorker At the heart of the Ottoman Empire, in the main square of Constantinople, a niche is carved into ancient stone. Here, the sultan displays the severed heads of his adversaries. People flock to see the latest head and gossip about the state of the empire: the province of Albania is demanding independence again, and the niche awaits a new trophy . . . Tundj Hata, the imperial courier, is charged with transporting heads to the capital—a task he relishes and performs with fervor. As he travels through obscure and impoverished territories, he makes money from illicit side-shows, offering villagers the spectacle of death. The head of the rebellious Albanian governor would fetch a very high price indeed. The Traitor's Niche is a surreal tale of tyranny and rebellion, in a land where armies carry scarecrows, state officials ban entire languages, and the act of forgetting is more complicated than remembering. Long-listed for the 2017 Man Booker International Prize "The name of the Albanian novelist Ismail Kadare regularly comes up at Nobel Prize time, and he is still a good bet to win it one of these days . . . He is seemingly incapable of writing a book that fails to be interesting." —The New York Times

Myths about Suicide 2011-11-30 Thomas Joiner Around the world, more than a million people die by suicide each year. Yet many of us know very little about a tragedy that may strike our own loved ones—and much of what we think we know is wrong. This clear and powerful book dismantles myth after myth to bring compassionate and accurate understanding of a massive international killer. Drawing on a fascinating array of clinical cases, media reports, literary works, and scientific studies, Thomas Joiner demolishes both moralistic and psychotherapeutic clichés. He shows that suicide is not easy, cowardly, vengeful, or selfish. It is not a manifestation of "suppressed rage" or a side effect of medication. Threats of suicide, far from being idle, are often followed by serious attempts. People who are prevented once from killing themselves will not necessarily try again. The risk for suicide, Joiner argues, is partly genetic and is influenced by often agonizing mental disorders. Vulnerability to suicide may be anticipated and treated. Most important, suicide can be prevented. An eminent expert whose own father's death by suicide changed his life, Joiner is relentless in his pursuit of the truth about suicide and deeply sympathetic to such tragic waste of life and the pain it causes those left behind.

The File on H. 2012-01-31 Ismail Kadare In the mid-1930s, two Irish Americans travel to the Albanian highlands with an early model of a marvelous invention, the tape recorder. Their mission? To discover how Homer could have composed works as brilliant and as long as The Iliad and The Odyssey without ever putting

pen to paper. The answer, they believe, can be found only in Albania, the last remaining habitat of the oral epic. But immediately upon their arrival, the scholars' seemingly arcane research excites suspicion and puts them at the center of ethnic strife in the Balkans. Mistaken for foreign spies, they are placed under surveillance and are dogged by gossip and intrigue. It isn't until a fierce-eyed monk from the Serbian side of the mountains makes his appearance that the scholars glimpse the full political import of their search for the key to the Homeric question.
