Life Lessons from mathematics grade 12 final exam papers 2011__The work "Analyzing Casual Conversation" by Suzanne Eggins and Diana Slade, first published in 1997, establishes a organized model for the examination and description of casual conversation in English. The writers argue that despite its occasionally aimless appearance and ostensibly unstructured substance, casual conversation is a very structured task and has a crucial role in the social formation of reality. The publication works through real examples of casual conversations involving participants diverging in age, gender, ethnicity, and socio-economic class. Pulling on insights from sociology, linguistics, and critical semiotics, the work equips readers with the analytical skills to depict the levels of structure and critical interpretive models to elucidate the 'social work' that happens on through chat.
