Buyology 2010-02-02 Martin Lindstrom NEW YORK TIMES BESTSELLER

• “A fascinating look at how consumers perceive logos, ads, commercials, brands, and products.”—Time How much do we know about why we buy? What truly influences our decisions in today’s message-cluttered world?

In Buyology, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our

interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can “cool” brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product?

Buyology is a fascinating and shocking journey into the mind of today's consumer that will captivate anyone who's been seduced—or turned off—by marketers' relentless attempts to win our loyalty, our money, and our minds.

Scars, Marks & Tattoos 2021-03-31 Jacqueline Caruso I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional

pain I had endured due to her prescription drug addiction, resulting in my own addictions.

Achtung-Panzer! 1995 Heinz Guderian This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Relational Soul 2014-08-01 Richard Plass What does loneliness tell us? "Be it chronic or acute, slight or significant, loneliness is proof of our relational design. At the core of our being is this truth—we are designed for and defined by our relationships," former pastors Plass and Cofield write. "We were born with a relentless longing to participate in the lives of others. Fundamentally, we are relational souls." Our ability to make deep and emotionally satisfying connections rests on the capacity to trust, and we all know trust can be difficult. Early-life relational "programming" and patterns of attachment can serve as blueprints for relationships later in life, whether good or bad. But no matter our conditioning, God is out to reclaim and restructure the deepest terrain of the human soul by helping us shed our reactive "False Self" and put on our receptive "True Self." Through spiritual disciplines and a conscious

participation in the love of the Father, Son and Spirit, we transform our self-awareness and our connection with other people. Authored by counselor Dr. Richard Plass and spiritual director James Cofield, *The Relational Soul* brings together concepts from psychology and spiritual formation. Each chapter includes introductory stories and practical "If this is true, what about you?" questions to help readers engage in relationships in more life-giving ways. When the presence of Christ and community connects with a soul that is open, we witness the miracle of transformation.

F*cking History 2020-08-11 The Captain History that doesn't suck: Smart, crude, and hilariously relevant to modern life. Those who don't know history are doomed to repeat it. Too bad it's usually boring as sh*t. Enter The Captain, the ultimate storyteller who brings history to life (and to your life) in this hilarious, intelligent, brutally honest, and crude

compendium to events that happened before any of us were born. The entries in this compulsively readable book bridge past and present with topics like getting ghosted, handling haters, and why dog owners rule (sorry, cat people). Along the way you'll get a glimpse of Edith Wharton's sex life, dating rituals in Ancient Greece, catfishing in 500 BC, medieval flirting techniques, and squad goals from Catherine the Great. You'll learn why losing yourself in a relationship will make you crazy--like Joanna of Castile, who went from accomplished badass to Joanna the Mad after obsessing over a guy known as Philip the Handsome. You'll discover how Resting Bitch Face has been embraced throughout history (so wear it proudly). And you'll see why it's never a good idea to f*ck with powerful women--from pirate queens to diehard suffragettes to Cleo-f*cking-patra. People in the past were just like us--so learn from life's losers and emulate the badasses. The Captain shows you how.
