I'm Not as Well as I Thought I Was

2023-05-11 Ruby Wax 'One of the most powerful books of the year' Daily Mail 'Nobody can make the serious funny and the funny serious quite like Ruby.' - Alastair Campbell Dear Reader, Checking into a mental clinic wasn't exactly on my radar in

2022. Writing about it wasn't either. But here we are. I spent a lifetime trying to create a 'front' to give everyone the illusion that all is well. It wasn't, and it isn't. Now I look back and I think, 'what the f*ck was that all about?' I began the book trying to find meaning by going on various, life-changing journeys, I ended up in a mental clinic; obviously things didn't work out the way I expected. This is the story of what happened after the mental car crash . . . From then on, the journey had to turn inward. It turns out I wasn't looking for meaning, I was looking for home. I'm not a fiction writer. I can't fake it. I could say I rode into the sunset, but life isn't like that unless you're a cowboy. Truth is I'm not as well as I thought I was. These days, trying to stay sane in a completely chaotic world makes life incredibly difficult. For those readers who are deep in the darkness of mental illness, I hope my book makes you feel less alone. Take care, love, Ruby x -----
----- 'If you buy only one book this year, make it this one.' - Joanna Lumley 'A true tour de force. We're all a little messed up in our own ways, but we should all strive to be as fabulously fearless as Ruby.' - Fearne Cotton As seen on Channel 5 Castaway Sunday Times Bestseller, May 2021

Sane New World

2014-11-04 Ruby Wax The #1 UK bestseller that presents a funny, honest, and engaging look at the craziness of modern life, explaining why we're all just a little bit out of our minds. In Sane New World, Ruby Wax - comedian, writer and mental health advocate - shows us just how our minds can send us mad as our internal critics play on a permanent loop tape 'Don't do that.. why you... you didn't... should have... but you didn't...'. Ruby knows those voices well. She has been on a tough but ultimately enlightening journey that has taken her from battling depression to achieving a Masters Degree from Oxford University in Mindfulness-based Cognitive Therapy. In Sane New World,

Ruby helps us all understand why we sabotage our sanity, how our brains work and how we can rewire our thinking – often through simple mindfulness techniques - to find calm in a frenetic world.

How to Be Human

2018 Ruby Wax In How to be Human, Ruby Wax tries to come up with some answers to that niggling question about how we can learn to like and love ourselves. With the input of a Buddhist monk (an expert on our inner lives) and a neuroscientist (an expert on the brain), Ruby explores how to find happiness in the modern world - despite the constant bombardment of bad news, the need to choose between 5,000 different types of toothpaste, and the loneliness of having hundreds of friends who we've never met and don't know us. Filled with witty anecdotes from Ruby's own life, and backed up by scientific authority, How to be Human is the only guide you need for building a healthy, happy relationship with yourself.

A Mindfulness Guide for the Frazzled

2016-01-07 Ruby Wax **The number one bestseller, with over 150,000 copies sold, which kick-started a mindfulness revolution** 'Ruby Wax has written a guide to mindfulness that's as hilarious as it is useful' Arianna Huffington 'We are all frazzled, all of us...' Five hundred years ago no one died of stress: we invented this concept and now we let it rule us. In A Mindfulness Guide for the Frazzled, Ruby Wax shows us how to de-frazzle for good by making simple changes that give us time to breathe, reflect and live in the moment. It's an easy-to-understand introduction to mindfulness, weaved together with Ruby's trademark wit and humour. Let Ruby be your guide to a healthier, happier you. You've nothing to lose but your stress... 'Whip-smart on the subject... she teaches the art of doing nothing in a way that doesn't send you to sleep' The Times

How to Be Human

2018-01-25 Ruby Wax *FROM THE NUMBER ONE BESTSELLING AUTHOR OF FRAZZLED*

A three way encounter between a Monk, a neuroscientist and Ruby Wax sounds like the set up for a joke. Instead it's produced one of the most fascinating, intriguing and informative books about minds and bodies and brains and mindfulness I've ever encountered. A triangulation on what it means to be human. Utterly readable and surprisingly wise. Neil Gaiman How to Be Human is, without exaggeration, a lifeline; wise, practical and funny, it is a handbook for those in despair. It is actually for everyone alive, for the curious, or disillusioned or muddled or just plain happy. Ruby, the Monk and the Neuroscientist are today's Magi. Joanna Lumley With this marvellous book, Ruby Wax has confirmed her position as one of the most readable, inspirational and engaging writers in the field of human mental health, happiness and fulfilment. Stephen Fry It took us 4 billion years to evolve to where we are now. No question, anyone reading this has won the evolutionary Hunger Games by the fact you're on all twos and not some fossil. This should make us all the happiest species alive - most of us aren't, what's gone wrong? We've started treating ourselves more like machines and less like humans. We're so used to upgrading things like our iPhones: as soon as the new one comes out, we don't think twice, we dump it. (Many people I know are now on iWife4 or iHusband8, the motto being, if it's new, it's better.) We can't stop the future from arriving, no matter what drugs we're on. But even if nearly every part of us becomes robotic, we'll still, fingers crossed, have our minds, which, hopefully, we'll be able use for things like compassion, rather than chasing what's 'better', and if we can do that we're on the yellow brick road to happiness. I wrote this book with a little help from a monk, who explains how the mind works, and also gives some mindfulness exercises, and a neuroscientist who explains what makes us 'us' in the brain. We answer every question you've ever

had about: evolution, thoughts, emotions, the body, addictions, relationships, kids, the future and compassion. How to be Human is extremely funny, true and the only manual you'll need to help you upgrade your mind as much as you've upgraded your iPhone.
