Cartomancy 2012-09-21 Julian Moore "Get this book, learn the system, do cool readings." - David Nümen "Julian's work is the best of the bunch in these genres. I have scoured book stores. I only learn from his books and ideas." - John Cesta My latest ebook which teaches the fundamentals of cartomancy is now ready for release. It's similar to my other books in that it's aimed at complete beginners as well as people who've started learning this particular reading discipline but then given up for one reason or another. Like my other books I use a no nonsense approach with lots of memory tips, insights, reviews and exercises over ninety pages to help you get up to speed as quickly as possible and the whole experience is extremely hands-on. In fact part of the process involves scribbling on the cards a lot to make sure the basics are imprinted in your mind as you go. I'm really hoping that in this new book gets some of you on the road to giving proper and interesting readings with cards instead of just thinking about it. There's a lot more information hidden in those fifty-two bits of paper than you probably realise! REVIEWS "I got this yesterday and have started the study and have to say it's quite brilliant. I've read cards of one form or another for 20 years after learning initially from the Joe Riding course but for various reasons I was looking for something to help me sharpen my skills - and this more than does the trick. For anyone who might feel that they'd rather this was on tarot I think it's worth pointing out that when I started doing readings many moons ago a number of clients would tell me of this mystical sounding old man who read from "ordinary cards". It was clear that the impression given to these women was that reading ordinary cards was somehow more skillful and impressive than tarot cards (I guess the pictures on the cards might make it obvious to some astute clients that there are highly visible clues on the cards). Playing card readings rock - and playing cards predate tarot and are thus, in my book, purer and more mysterious than tarot." - David Nümen "I purchased this ebook. What a great system. Always in the easily understood clear writing format you'd expect from Julian. This is of a quality you would expect to find in a book store. I have in the past purchased Julian's James Bond Cold Reading book and his Palm Reading book. For me this is one of the best. I find I am more in tune with numbers than the others. I always have a deck of cards and certainly the places I frequent there are cards as well. The fact that you can use a few cards, a lot more to create a simple or more complex reading is terrific. Make it as long or short as you'd like Julian's audio book (available for free from his site) is also top notch! Lots of valuable audio files to use while driving or sitting in a doctor's office. Certainly worth the asking price. If you have any of Julian's other offerings you know what I mean. If you don't have any of Julian's other offerings don't hesitate. His metaphors and memory links make sense and they work." - John Cesta OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: The James Bond Cold Reading Speed Learning: Palmistry - Palm Readings in Your Own Words

De Laurence This book is a practical guide on the art of Tarot, helping novice and experienced readers better understand this mysterious art. The book starts with an insight into the history of the Tarot and its connection with some occult parts of the past. Further, the authors go into great detail about the Greater and Lesser Arcanas, the Veil of Divinations, its secrets, symbols, traditions, and methods. It is believed that a significant part of the text was copied from a similar book by the British author G.Æ. Waite, called "The Pictorial Key to the Tarot." L.W. de Laurence used the loops in the copyright law during WWI and published the British book in the United States, as in that period, the interest in esoterica and Tarot was looming.

The Tarot of Creativity Little White Book 2016-03-23 Alyiah Marr The Companion Guide to The Tarot of Creativity, * A Modern Tarot Deck by Alyiah Marr With a brief, easy to understand style, this guide correlates each card with its deeper numerological meanings, and the relationships of the cards with each other. Use with The Tarot of Creativity or use in conjunction with any other Tarot deck to give insight on the cards and on your readings. INTRODUCTION The Tarot of Creativity is the second Tarot deck that I have created; it was designed to be very easy to use. The card titles took a full two years to determine, as I wanted a deck that respected the ancient knowledge of numerology and Tarot symbolism, while enabling more positive, practical, and modern interpretations. HOW TO USE THIS EBOOK Traditionally, the booklet included with most Tarot decks was a tiny book the size of the deck or the size of the box it shipped in. As a little stapled booklet, it was usually limited to a few pages with cryptic keywords for most of the cards that didn't really serve to illuminate the imagery or titles. One of the most arcane and difficult "Little White Books" I have ever tried to read was written by A. E. Waite for the Rider Waite Smith deck. The card descriptions seemed to have little to do with the import of the deck, and distracted from the meanings rather than adding to them. This book was created to be the companion guide for The Tarot of Creativity. I wanted to avoid the issues I found in most Little White Books. This book serves the following three purposes: 1. It is intended to be a small guide in the form of an actual printed book (or eBook) that you can take with you as a quick guide for The Tarot of Creativity. The eBook version of this guide is included with every deck sold from the author. This version can easily be put on any device such as a tablet, computer or even on your phone. 2. The brief meanings for the cards enable the reader to engage their personal intuition. 3. It teaches how to read Tarot using numerology and how to use the energy of the suits for creative thinking. Tarot by the Numbers The Tarot of Creativity was designed to align with the ancient art of numerology. To use this book properly, it is important to look first at the number of the card. I have organized the information in this book by sections, each section contains all the cards for that number, starting with the Major Arcana card, and then proceeding through the equivalent card in each suit. If You Want To Learn Tarot I have written another book, "The Tarot Key, Unlock the Secrets to Your Soul," which is intended to be a guide for learning the Tarot, as well as being a reference tool for the more experienced or professional reader. "The Tarot Key" is intended to be the only tarot guide you will ever need and includes extensive descriptions of all the cards in both the Rider Waite Smith Tarot and The Tarot of Creativity. "The Tarot Key" introduces a blended technique for learning and reading the cards that I call the SEER System (TM). * The Tarot of Creativity is available direct from the artist / author's website: www.parallelnowz.com ::: The Tarot of Creativity, Alyiah Marr, Alyiah Marr's Tarot Decks, Learn to Read Tarot, Tarot guide, guide to the Tarot, Earth-Based Religions, Celtic New Age and Spirituality, Channeling, Goddesses, Meditation, Mental and Spiritual Healing, Mysticism, New Thought, Self-Help, Theosophy, Inner Child, Earth-Based Religions Celtic Divination, Fortune Telling, New Age Divination, Magic Studies, Jung Psychology, Numerology, Fortune Telling, Occult Alchemy Theosophy, Meanings of Dreams, Dream Interpretation, Divination Tarot, Reading Tarot Cards, Learn How to Read Tarot

The Pictorial Key to the Tarot 2021-10-20 Arthur Edward Waite The Pictorial Key to the Tarot Arthur Edward Waite - The Pictorial Key to the Tarot is A. E. Waite's guide to divinatory tarot, published in conjunction with the Rider-Waite-Smith deck. Waite was very concerned with the accuracy of the symbols he used for his deck, and he did much research into the traditions, interpretations, and history behind the cards. Two different versions of the book were published. The first, published in 1909, was called The Key to the Tarot. The second, published in 1910, added illustrations of the tarot cards by Pamela Colman Smith and was called The Pictorial Key to the Tarot.

What various meanings your cards can have (how else can 78 cards describe the thousands of things that could happen to you on any given day?) How to cast a spread and actually get reliable answers The best spreads to use, how to use them, and when to use them (for any occasion) What the cards "traditionally mean" and why that is important, but not more important than what your intuition is telling you "right now" The difference between average Tarot readers and masters is their ability to hear their inner voice, and see how card meanings adapt to the question being asked. We help you instinctively see exactly how cards blend, influence, and aspect other cards, and how to answer ANY question, even if you have never picked up a deck. Energy secrets of Tarot 2022-04-17 Alexandra Stepashina What is the Tarot? A divination system. This is how it is known to most people today, and it is even popular. On the one hand, this book is also about divination. It is up to you what is how it is used. On the other hand, it is used for the diagnosis of magical abilities, determining the state of subtle bodies or the state of health, or relationships - in terms of cause-effect relationships, the interpretation of the sheets of the Senior Arcanons as the stages of personal evolution, the author's method of determining the time intervals ... On the other hand, you will learn about the history of the Tarot and the Ethereal World, and about man from that, the Ethereal World, which attracts both troubles and joys, without even realizing it. But in whatever aspect, in whatever realities (historical, mystical, psychological) the author presents the Tarot cards to us - in each of them they always appear as a bridge between worlds, as an amazing tool to work with the subconscious, as a storehouse of universal wisdom, as a compass on the way to the truth.

Radio Psychics 2021-08-19 John Benedict Buescher When radio broadcasting began in the early 1920s, the radio was a magic box aglow with the future, drawing humanity into a new age. Some thought it would dissolve the distance between time and place, others that human minds would become transparent, one tuned to another. Performers claiming psychic powers turned radio broadcasting into a fabulous money machine. These "mentalists," born from vaudeville, circuses, sideshows, and the Spiritualist and New Thought movements of the mid-late 19th century, used the language of wireless technology to explain their ability to see the past, present, and future. Casting their mystical knowledge as a scientifically honed craft, these mentalists persuaded millions to pay for dubious advice until governmental and public pressures forced them off the air. This book is a history of over 25 performers who practiced their art behind studio microphones during the early years of radio broadcasting, from about 1920 to 1940. Here, laid out for the first time, is the tale of how they made cash rain from the heavens and harnessed the sensation of the radio in search of wealth, health, love, and success.
