Adolescent Psychotherapy Homework Planner 2023-10-17 Arthur E. Jongsma, Jr. Evidence-based and effective clinical homework for adolescent clients and their caregivers In the newly updated sixth edition of The Adolescent Psychotherapy Homework Planner, a team of distinguished practitioners delivers a time-saving and hands-on practice tool designed to offer clients valuable homework assignments that will further their treatment goals for a wide variety of presenting problems. The Homework Planner addresses common and less-common disorders—including anxiety, depression, substance use, eating, and panic—allowing the client to work between sessions on issues that are the focus of therapy. This book provides evidence-based homework assignments that track the psychotherapeutic interventions suggested by the fifth edition of The Adolescent Psychotherapy Treatment Planner. They are easily photocopied, and a digital version is provided online for the therapist who would prefer to access them with a word processor. The Homework Planner also offers: Cross-referenced lists of

suggested presenting problems for which each assignment may be appropriate (beyond its primary designation) Several brand-new assignments, as well as adapted assignments that have been shortened or modified to make them more adolescent-client-friendly Homework assignments for the parents of adolescents in treatment, assignments for the adolescents themselves, and assignments for parents and adolescents to complete together An essential and practical tool for therapists and practitioners treating adolescents, The Adolescent Psychotherapy Homework Planner, Sixth Edition will benefit social workers, psychologists, psychiatrists, and other clinicians seeking efficient and effective homework tools for their clients.

Treatment Planning in Psychotherapy 2012-01-19 Sheila R. Woody This user-friendly book helps clinicians of any theoretical orientation meet the challenges of evidence-based practice. Presented are tools and strategies for setting clear goals in therapy and tracking progress over the course of treatment, independent of the specific interventions used. A wealth of case examples illustrate how systematic treatment planning can enhance the accountability and efficiency of clinical work and make reporting tasks easier—without taking up too much time. Special features include flowcharts to guide decision making, sample assessment tools, sources for a variety of additional measures, and instructions for graphing client progress. Ideal for busy professionals, the book is also an invaluable text for graduate-level courses and clinical practice.

Designed as a companion for the Parenting Skills Treatment Planner, this invaluable resource can also be used alone to facilitate counseling and help clients take a more proactive role. Organized by topic, each section provides specific goals for each exercise and suggests additional exercises that may help clients organize their thoughts and behaviors surrounding complex family dynamics. From behavioral problems and negative relationships to career development, blended families, grandparenting, and much more, this book provides practical tools for therapists helping clients navigate the landmines of parenthood. In an era of brief therapy, tangible homework assignments help clients continue their therapeutic work outside of the session, offering a quicker, more effective route to solving parenting skills deficits. This book provides insightful prompts and helpful exercises designed to uncover the root of the problem, focus on a solution, and help clients think deeply and critically about past and ongoing behaviors and habits. Use tested homework assignments independently, or in alignment with the Parenting Skills Treatment Planner Customize each exercise to suit each client's situation using downloadable files Help clients get more out of therapy by using time between sessions productively Tackle issues relating to abuse, depression, school difficulties, divorce, poverty, and more Today's complex family structures, combined with increased childhood pressures from school, peers, and the general culture, make parenting a more difficult job than ever before. Homework assignments extend therapy into family time, and facilitate constructive thought and discussion outside of the session. With 60 customizable exercises tailored to specific parenting problems, the Parenting Skills Homework Planner is an essential resource for the family therapist.
