The Excellence of the Rosary Conferences for Devotions, in Honor of the Blessed Virgin (Classic Reprint) 2012-08-11 Rev. Frings Jericho. Ecclus. xxiv, 18. My dear brethren, when Pope Pius IX, on May 23, 1877, gave audience to a number of pious pilgrims he said to them: Have courage, my dear children! I exhort you to fight against the persecution of the Church and against anarchy, not with the sword, but with the rosary, with prayer and good example. This Pope, who with great wisdom and strong hand has guided for thirty-two years the bark of Peter, which in many violent storms had been rocked to and fro, he who well knew the great dangers of our times, regarded the rosary as a conquering weapon. What great confidence his successor, Pope Leo XIII, placed in the veneration and invocation of the Blessed Virgin Mary, by means of the rosary! He exhorted all Christianity to pray the rosary daily during the month of October, in order to obtain assistance in these distressing times. In his brief on this occasion Leo XIII says: It has been a favorite and prevalent custom of Catholics, in times of need and danger, to take refuge in Mary, and to seek consolation from her motherly concern. Thus the firm reliance and confidence rightly placed by the Catholic Church in the mother of God is stanchly avowed. As a matter of fact, Mary, the immaculate Virgin, free from original sin, the chosen mother of God, is endowed with such power by her Son, as no other creature, man or angel, has ever received or can receive. The Excellence of the Rosary 2015-07-31 M. J. Frings
David, with God's assistance, his only weapon a pebble, slew the giant. God gives us, as our weapon, the rosary. This has proven efficacious in the battles of the Church against heretics and heathen armies. Examples: Albigenses; Turks at Lepanto and Belgrade; many epidemics abated or averted by the power of the rosary. This devotion is just as powerful for the individual and for the family. Islam in Focus 1993-06-01 Dr. Hammudah Abdalati
This popular book is an attempt to respond to the needs of both Muslims and non-Muslims in North America. Its purpose is simply to acquaint the average reader with the basic teachings of Islam; not intended to present the depth or breadth of Islam. It guides Muslims to the median way in all matters of

life, rejects fanaticism and narrow mindedness. It provides truth about Islam, a spiritual insight and a moral approach to the human condition. The author hopes that "it will make them responsible citizens of their respective countries, honorable members of the human race, and above all else, God-minded people"

Making and Remaking Horror in the 1970s and 2000s 2014-02-06 David Roche
In Making and Remaking Horror in the 1970s and 2000s author David Roche takes up the assumption shared by many fans and scholars that original horror movies are more "disturbing," and thus better than the remakes. He assesses the qualities of movies, old and recast, according to criteria that include subtext, originality, and cohesion. With a methodology that combines a formalist and cultural studies approach, Roche sifts aspects of the American horror movie that have been widely addressed (class, the patriarchal family, gender, and the opposition between terror and horror) and those that have been somewhat neglected (race, the Gothic, style, and verisimilitude). Containing seventy-eight black and white illustrations, the book is grounded in a close comparative analysis of the politics and aesthetics of four of the most significant independent American horror movies of the 1970s—The Texas Chain Saw Massacre, The Hills Have Eyes, Dawn of the Dead, and Halloween—and their twenty-first-century remakes. To what extent can the politics of these films be described as "disturbing" inasmuch as they promote subversive subtexts that undermine essentialist perspectives? Do the politics of the film lie on the surface or are they wedded to the film's aesthetics? Early in the book, Roche explores historical contexts, aspects of identity (race, ethnicity, and class), and the structuring role played by the motif of the American nuclear family. He then asks to what extent these films disrupt genre expectations and attempt to provoke emotions of dread, terror, and horror through their representations of the monstrous and the formal strategies employed? In this inquiry, he examines definitions of the genre and its metafictional nature. Roche ends with a meditation on the extent to which the technical limitations of the horror films of the 1970s actually contribute to this "disturbing" quality. Moving far beyond the genre itself, Making and Remaking Horror studies the redux as a form of adaptation and enables a more complete discussion of the evolution of horror in contemporary American cinema.

Singer's Siddur - The Standard Prayer Book 2022-01-04 Simeon Singer
The Standard Prayer Book commonly known as Singer's Siddur is an English translation of the Hebrew siddur created by Rabbi Simeon Singer. A siddur is term for a Jewish prayer book, containing a set order of daily prayers. The word siddur comes from the Hebrew and means 'order'. Singer provides an authorized version of the liturgy capable of standardizing and stabilizing the synagogue service and helping to create an "established" Judaism. The author's goal was to unite precision and literalness regarding English language and the simplicity of expression suiting the religious prayer. Singer's Siddur has gone through many editions, and is still used in many synagogues and homes.

Printing terror 2021-01-12 Michael Goodrum
Printing Terror places horror comics of the Cold War in dialogue with the anxieties of their age. It rejects the narrative of horror comics as inherently, and necessarily, subversive and explores, instead, the ways in which these texts manifest white male fears over America's changing sociological landscape. It examines two eras: the pre-CCA period of the 1940s up to 1954, and the post-CCA era to 1975. The book examines each of these periods through the lenses of war, gender, and race, demonstrating that horror comics at this time were centered on white male victimhood and the monstrosity of the gendered and/or racialised other. It is of interest to scholars of horror, comics studies, and American history.

A Prophet with Honor 2018-02-21 William C. Martin
A Prophet with Honor is the biography Billy Graham himself invited and appreciated for its sympathetic but frank approach. Carefully documented, eminently fair, and gracefully written, it raises and answers key questions about Graham's character, contributions, and influence on the world religious scene. In this engaging and comprehensive book, William Martin gives readers a better understanding of the most successful evangelist in modern history, and the movement he led for over fifty years. A Prophet with Honor makes a vital contribution to the Billy Graham legacy and allows us to understand why his words, actions, and personality endeared him to popes and preachers, kings and presidents, and millions of Christians in virtually every nation and culture around the world. Martin draws on extensive conversations with Graham himself nearly two hundred interviews previously untouched resources, including documents from six presidential libraries and the Billy Graham Evangelistic Association archives personal observation of Graham's crusades and conferences in the United States and Europe decades of research on evangelical Christianity Martin pays particular attention to Graham's controversial relationships with Presidents Lyndon Johnson and Richard Nixon. He also describes how Graham's lifelong determination "to do something great for God" led him to organize international conferences that spearheaded the worldwide spread of the liberating message of Jesus, and prompted him to help strengthen religious freedom in the Soviet bloc and China. Tracing Graham's life and ministry from his rural and religious roots in North Carolina to his place as the elder statesman of American evangelicalism, examining both his triumphs and his tribulations, Martin shows the multidimensional character of the man who has become one of the most admired persons in the world.

Horror Films of 2000-2009 2023-03-22 John Kenneth Muir
Horror films have always reflected their audiences' fears and anxieties. In the United States, the 2000s were a decade full of change in response to the 9/11 terrorist attacks, the contested presidential election of 2000, and the wars in Iraq and Afghanistan. These social and political changes, as well as the influences of Japanese horror and New French extremism, had a profound effect on American horror filmmaking during the 2000s. This filmography covers more than 300 horror films released in America from 2000 through 2009,

including such popular forms as found footage, torture porn, and remakes. Each entry covers a single film and includes credits, a synopsis, and a lengthy critical commentary. The appendices include common horror conventions, a performer hall of fame, and memorable ad lines.

Notions of Time in Deuterocanonical and Cognate Literature 2021-12-20 Stefan Beyerle A comprehensive investigation of notions of "time" in deuterocanonical and cognate literature, from the ancient Jewish up to the early Christian eras, requires further scholarship. The aim of this collection of articles is to contribute to a better understanding of "time" in deuterocanonical literature and pseudepigrapha, especially in Second Temple Judaism, and to provide criteria for concepts of time in wisdom literature, apocalypticism, Jewish and early Christian historiography and in Rabbinic religiosity. Essays in this volume, representing the proceedings of a conference of the "International Society for the Study of Deuterocanonical and Cognate Literature" in July 2019 at Greifswald, discuss concepts and terminologies of "time", stemming from novellas like the book of Tobit, from exhortations for the wise like Ben Sira, from an apocalyptic time table in 4 Ezra, the book of Giants or Daniel, and early Christian and Rabbinic compositions. The volume consists of four chapters that represent different approaches or hermeneutics of "time:" I. Axial Ages: The Construction of Time as "History", II. The Construction of Time: Particular Reifications, III. Terms of Time and Space, IV. The Construction of Apocalyptic Time. Scholars and students of ancient Jewish and Christian religious history will find in this volume orientation with regard to an important but multifaceted and sometimes disparate topic.

Fashioning Horror 2017-12-14 Julia Petrov From Jack the Ripper to Frankenstein, Halloween customs to Alexander McQueen collections, Fashioning Horror examines how terror is fashioned visually, symbolically, and materially through fashion and costume, in literature, film, and real life. With a series of case studies that range from sensationalist cinema and Slasher films to true crime and nineteenth-century literature, the volume investigates the central importance of clothing to the horror genre, and broadens our understanding of both material and popular culture. Arguing that dress is fundamental to our understanding of character and setting within horror, the chapters also reveal how the grotesque and horrific is at the center of fashion itself, with its potential for instability, disguise, and carnivalesque subversion. Packed with original research, and bringing together a range of international scholars, the book is the first to thoroughly examine the aesthetics of terror and the role of fashion in the construction of horror.

The Horror of Police 2022-09-06 Travis Linnemann Unmasks the horrors of a social order reproduced and maintained by the violence of police Year after year the crisis churns: graft and corruption, violence and murder, riot cops and armored vehicles claim city streets. Despite promises of reform, police operate with impunity, unaccountable to law. In The Horror of Police, Travis Linnemann asks why, with this open record of violence and corruption, policing remains for so many the best, perhaps only means of security in an insecure world. Drawing on the language and texts of horror fiction, Linnemann recasts the police not only as self-proclaimed "monster fighters" but as monsters themselves, a terrifying force set loose in the world. Purposefully misreading a collection of everyday police stories (TV cop dramas, detective fiction, news media accounts, the direct words of police) not as morality tales of innocence avenged and order restored but as horror, Linnemann reveals the monstrous violence at the heart of liberal social order. The Horror of Police shows that police violence is not a deviation but rather a deliberate and permanent fixture of U.S. "law and order." Only when viewed through the refracted motif of horror stories, Linnemann argues, can we begin to reckon the limits of police and imagine a world without them.

The Book of Honor 2007-12-18 Ted Gup A national bestseller, this extraordinary work of investigative reporting uncovers the identities, and the remarkable stories, of the CIA secret agents who died anonymously in the service of their country. In the entrance of the CIA headquarters looms a huge marble wall into which seventy-one stars are carved-each representing an agent who has died in the line of duty. Official CIA records only name thirty-five of them, however. Undeterred by claims that revealing the identities of these "nameless stars" might compromise national security, Ted Gup sorted through thousands of documents and interviewed over 400 CIA officers in his attempt to bring their long-hidden stories to light. The result of this extraordinary work of investigation is a surprising glimpse at the real lives of secret agents, and an unprecedented history of the most compelling-and controversial-department of the US government.

The Way of Perfection 2000 Saint Teresa (of Avila) St. Teresa of Avila is an unsurpassed teacher of Christian prayer, and in The Way of Perfection she is at her best. Now with the help of this study edition and its helpful commentary and explanations by Teresian expert Fr. Kieran Kavanaugh, everyone can enjoy the benefits of her wisdom. More Information A Study Edition, with Introduction, Commentary, Discussion Questions, and Glossary. St. Teresa of Avila is an unsurpassed teacher of Christian prayer and spirituality, and in The Way of Perfection she is at her best. Now, with the help of this study edition, everyone can enjoy the benefits of her wisdom. In The Way of Perfection, St. Teresa gives practical counsels and advice on prayer, destined originally for the few nuns who embraced the reformed Carmelite life she established. As a handbook for spiritual formation, it presented them with the basic Christian spirituality undergirding their Constitutions and Rule. Over the centuries, the book's appeal has reached far beyond the walls of Carmelite monasteries, and The Way of Perfection has become a spiritual classic. More and more today, Teresa's instructions speak to all those interested in prayer, providing them with basic guidelines for praying and showing how to avoid potential pitfalls. But as the readership and interest grow, so does the need for some help in working with this sixteenth-century text. The principles and teachings in Teresa's book, first presented within the limited horizons of her own situation, clearly lend themselves to broader applications, and can work well in all walks of life. This study edition-with its introduction, commentary, notes, discussion questions, and glossary-provides what is needed to assist contemporary readers in making these applications and delving more deeply into the text's spiritual riches.

Eyes of Honor 2012-06-19 Jonathan Welton Open your pure eyes. whatever things are true, whatever things are noble, whatever things are just, whatever things are pure, whatever things are lovely, whatever things are of good report, if there is any virtue and if there is anything praiseworthy—meditate on these things (Philippians 4:8). After struggling with sexual temptation for years, author Jonathan Welton devoted himself to finding a way to be completely free from sexual sin. He read books, attended 12-step groups, and participated in counseling—with no success. Spurred on by countless friends and acquaintances who shared a similar broken struggle and longed for freedom, the author searched Scripture—there he found the answer and shares it with you in a compassionate, nonjudgmental way. Eyes of Honor helps you understand how to live a life of purity by realizing: Your personal identity. How to view the opposite sex correctly. Recognizing your enemies. Eyes of Honor is honest and refreshing, offering hope and complete freedom and deliverance from sexual sin. Jesus' sacrifice on the cross and your salvation guarantee rescue from the appetite of sin. Your true identity empowers you to stop agreeing with the lies of the enemy that ensnare you.

Post-9/11 Horror in American Cinema 2012-03-22 Kevin J. Wetmore, Jr. The horror film is meant to end in hope: Regan McNeil can be exorcized. A hydrophobic Roy Scheider can blow up a shark. Buffy can and will slay vampires. Heroic human qualities like love, bravery, resourcefulness, and intelligence will eventually defeat the monster. But, after the 9/11, American horror became much more bleak, with many films ending with the deaths of the entire main cast. Post-9/11 Horror in American Cinema illustrates how contemporary horror films explore visceral and emotional reactions to the attacks and how they underpin audiences' ongoing fears about their safety. It examines how scary movies have changed as a result of 9/11 and, conversely, how horror films construct and give meaning to the event in a way that other genres do not. Considering films such as Quarantine, Cloverfield, Hostel and the Saw series, Wetmore examines the transformations in horror cinema since 9/11 and considers not merely how the tropes have changed, but how our understanding of horror itself has changed.

Digital Horror 2015-10-13 Xavier Aldana Reyes In recent years, the ways in which digital technologies have come to shape our experience of the world has been an immensely popular subject in the horror film genre. Contemporary horror cinema reflects and exploits the anxieties of our age in its increasing use of hand-held techniques and in its motifs of surveillance, found footage (fictional films that appear 'real': comprising discovered video recordings left behind by victims/protagonists) and 'digital haunting' (when ghosts inhabit digital technologies). This book offers an exploration of the digital horror film phenomenon, across different national cultures and historic periods, examining the sub-genres of CCTV horror, technological haunting, snuff films, found footage and torture porn. Digital horror, it demonstrates, is a product of the post 9/11 neo-liberal world view - characterised by security paranoia, constant surveillance and social alienation. Digital horror screens its subjects via the transnational technologies of our age, such as the camcorder and CCTV, and records them in secret footage that may, one day, be found.

The Cats of Ulthar 2021-01-08 H.P. Lovecraft "The Cats of Ulthar" is a short story written by American fantasy author H.P. Lovecraft in June 1920. In the tale, an unnamed narrator relates the story of how a law forbidding the killing of cats came to be in a town called Ulthar. As the narrative goes, the city is home to an old couple who enjoy capturing and killing the townspeople's cats. When a caravan of wanderers passes through the city, the kitten of an orphan (Menes) traveling with the band disappears. Upon hearing of the couple's violent acts towards cats, Menes invokes a prayer before leaving town that causes the local felines to swarm the cat-killers' house and devour them. Upon witnessing the result, the local politicians pass a law forbidding the killing of cats. Influenced by Lord Dunsany, the tale was a personal favorite of Lovecraft's and has remained popular since his death. Considered one of the best short stories of Lovecraft's early period, aspects of The Cats of Ulthar would be referenced again in the author's works The Other Gods and The Dream-Quest of Unknown Kadath. It was first published in the literary journal Tryout in November 1920 and now resides in the public domain. Famous works of the author Howard Phillips Lovecraft: At the Mountains of Madness, The Dreams in the Witch House, The Horror at Red Hook, The Shadow Out of Time, The Shadows over Innsmouth, The Alchemist, Reanimator, Ex Oblivione, Azathoth, The Call of Cthulhu, The Cats of Ulthar, The Outsider, The Picture in the House, The Shunned House, The Terrible Old Man, The Tomb, Dagon, What the Moon Brings.

Holy Horror 2018-12-03 Steve A. Wiggins What, exactly, makes us afraid? Is it monsters, gore, the unknown? Perhaps it's a biblical sense of malice, lurking unnoticed in the corners of horror films. Holy Writ attempts to ward off aliens, ghosts, witches, psychopaths and demons, yet it often becomes a source of evil itself. Looking first at Psycho (1960) and continuing through 2017, this book analyzes the starring and supporting roles of the Good Book in horror films, monster movies and thrillers to discover why it incites such fear. In a culture with high biblical awareness and low biblical literacy, horrific portrayals can greatly influence an audience's canonical beliefs.

The Opening Statement of the Prosecution in International Criminal Trials 2021-04-19 Sofia Stolk This book addresses the discursive importance of the prosecution's opening statement before an international criminal tribunal. Opening statements are considered to be largely irrelevant to the official legal proceedings but are simultaneously deployed to frame important historical events. They are widely cited in international media as well as academic texts; yet have been ignored by legal scholars as objects of study in their own right. This book aims to remedy this neglect, by analysing the narrative that is articulated in the opening statements of different prosecutors at different tribunals in different times. It takes an interdisciplinary approach and looks at the meaning of the opening narrative beyond its function in the legal process in a strict sense, discussing the ways in which the trial is situated in time and space and how it portrays the main characters. It shows how perpetrators and victims, places and histories, are juridified in a narrative that, whilst purporting to legitimise the trial, the tribunal and international criminal law itself, is beset with tensions and contradictions. Providing an original perspective on the operation of international criminal law, this book will be of considerable interest to those working in this area, as well as those with relevant interests in International/Transnational Law more generally, Critical Legal Studies, Law and Literature, Socio-Legal Studies, Law and Geography and International Relations.
