FBI Special Agent Carly See, a star in the elite BAU unit, hides a terrible secret: she can speak with the dead. The murder of her sister, still unsolved, plunged her life into grief and awakened a new power within her. Sometimes messages come from direct contact, other times in dreams. All of it feels like a curse—until Carly realizes she can harness her new skills to solve cases. But her abilities are unreliable, and Carly must use her brilliant mind to complete the puzzle—all while struggling to keep her secret from her colleagues. In *NO WAY OUT* (Book #1), when victims turn up with Shakespearean sonnets left on their bodies, the handiwork of a diabolical serial killer, FBI Special Agent (and psychic medium) Carly See is called in. Can she use her intuition to supplement her brilliant investigative skills and save the next victim before it's too late? As Carly races to decode the conflicting messages she receives from the other side, she wonders: Why these poems? Why these victims? What connects them? What is the killer's secret message? And who will he strike next? In a twisted game of cat and mouse, this killer seems to know way too much about Carly. Is he toying with her? Or is Carly herself the prey? In *NO WAY BACK* (Book #2), women are disappearing on their walk home at night, their bodies are turning up the next day staged as famous sculptures. FBI Special Agent (and psychic medium) Carly See must decode the mystery, and finds herself in the race of her life to find the killer—and save the next victim—before it's too late. With her vision leading Carly to dark and irrational places, she finds herself in a cat and mouse game with a diabolical killer—who always seems to be one step ahead of her. Profile 2002-10 C.D. Blizzard ☐ A Pulse Pounding Adrenalin Rush! ☐☐☐☐☐☐☐☐☐ Special Agent Joe Cross of the Federal Bureau of Investigations scrambles to find a killer who represents his biggest failure to date. Twelve years ago, a man killed a young girl and got away with it. Now he's at it again. But this time Joe is determined not to fail. Leaving his family behind, he travels to Florida and begins the arduous task of sifting through impossible evidence in an unfamiliar environment. The killer expertly evades the local talent, leaving nothing behind as evidence, but his obsession with a woman of innocent appeal may become his inevitable ruin. Excerpt: Before she could move, he stood up and turned to face her, his expression soft now, almost friendly. She hesitated, momentarily confused. Maybe she was wrong. Maybe he wasn't angry. "Hi," he called. She sputtered a greeting in return, but there was still something about him that made her nervous. Something... Out of her peripheral vision, she caught sight of a white patch on the ground. Thinking maybe it was his hiking gear, she looked beyond him, to the spot where he'd been crouching just moments before, and felt the bite of cold winter air pierce her lungs as she gasped in alarm. A pair of bare legs was sticking out of the midst of the palmetto patch, lifeless and still. She stared for what seemed like an eternity, her brain barely grasping what she was seeing. She was having trouble registering it, putting it all together in her head, but when the reality finally hit, her entire body began to tremble. She lifted her eyes back to his face, searching, hoping she was wrong. He smiled, and the blood froze in her veins. He stared at the hiker. The fear literally boiled off her, so powerfully alluring that he could practically smell it. She'd seen the body. There was no question. He had no choice now but to kill her. Not a bad bargain as far as he was concerned. She stood there staring, frozen by her own fear. He'd seen the look a dozen times before, and he knew what it meant. She was immobilized by terror, confused, searching for a way out, but not quite comprehending. He glanced around, made sure that she was alone, and his smile broadened. Suzanne's heart began to race, and the sound of her own blood throbbing through her ears made it almost impossible to hear anything else. There was a pain in her chest, a squeezing, suffocating sort of pain. Her body was providing her with the perfect burst of adrenaline to flee, but she couldn't seem to make her feet move. All she could do was stand there and stare at him in abject terror, her mind cataloging every detail of his face. He was so handsome, so clean-

cut. So benign. He hardly looked like what she thought a killer should. She couldn't seem to tear her gaze away from his, couldn't seem to do much of anything at all. God, why couldn't she run? Why was she just standing there like an empty-headed fool when she knew she should run--must run! Yet, the futility of even making an attempt.... What was the point in giving in to such a conditioned response when she knew it was hopeless, utterly hopeless? He took a step toward her. She gave a little whimpering gasp and stumbled backwards. He laughed, a lethal whisper of sound, and took another step forward. His movements were slow, self-assured, like he knew he couldn't possibly lose. A second later, she heard an odd scream burst through the forest, echoing off the surrounding trees. She was so terrified that it took her a moment before she realized the scream had been her own. She was so intent on getting out of there, getting away. Dammit, there had to be a chance. Dear God, please give me a chance, she mentally screamed. She twisted around, prepared to run, felt her booted foot snag on something. A damn tree root! Her arms flailed the air for one terrifying moment, and then she managed to right herself again. She lunged forward, began a stumbling flight back the way she'd come, blindly tearing through the woods, dodging the tree branches that slapped at her body and pulled at her hair as she passed. Her breath became a ragged wheeze. Her lungs felt like they would burst. And the whole time her legs were pumping hard to get her out of danger, she knew...she was never going to make it. She would never waste another second resenting her ex-husband. Would never again enjoy the cool crisp country air, the wisps of white clouds in an otherwise clear blue sky. She would never be thrilled at catching sight of a meteor on a dark night, never feel the touch of a man's fingers caressing her face. She was going to die. This man was going to kill her. She knew that as surely as she knew the sun was still shining. She was already losing ground. Her legs burned from the effort, the strain she was forcing on them. She'd always been an athletic person, had always been in good shape, but she knew she couldn't run forever. Not at top speed. Eventually, she would exhaust herself, and then.... He would be there. With a sinking sort of dread, she felt it coming. She was flagging already. She wasn't going to make it. God, she wasn't going to make it!

Four Years Gone 2018-11-03 Dallas Gorham For fans of Jack Reacher, Elvis Cole, Matt Kile, and Spenser comes a new mystery thriller... Four Years Gone Carlos McCrary's morning in his South Florida beachside condo turns topsy-turvy when Crazy Aunt Carrie calls. Her daughter Emily--McCrary's cousin-- appeared last night in a vision. "Mom, I'm here. Come find me. I need you." Four year ago, when Emily disappeared, McCrary couldn't find her and the failure still haunts him. Carrie persuades him to drop everything and fly to Austin, Texas. His aunt has nothing new beyond her vision, but, hell, family is family. The Wrong Bodies Surface Finding his cousin's body would finally give Aunt Carrie closure. But other bodies turn up in the backwoods of the Texas Hill Country. Before he knows it, the young detective is emmeshed in a decade-old cauldron of kidnapping, rape, and serial killings. As McCrary untangles the web of deception, the killer sets his sights on McCrary. Interview with the Author Q - What makes the Carlos McCrary series exceptional? A - I consider myself a serious mystery and thriller fan. My novels reflect the kind of books I like to read. My top picks are usually private detective novels, any of the thousands of thrillers and mysteries best sellers, and, of course, books featuring classic heroes like Spenser (he with no first name) and Jack Reacher (who has a first name but doesn't use it much). Basically, I like stories with a kick-butt, take-no-prisoners attitude and fast-paced action. And maybe a little PG-13 sex. The Carlos McCrary books are a great mix of these genres. The series focuses on the mystery and thriller / private investigator genre overall, with a couple of vigilante justice thrillers thrown in, some political corruption thrillers, and some organized crime and mafia involvement to keep things interesting! Overall, I designed the series to keep you up late a night. Once you start a book, it's hard to quit. Q - What order should I read the books in? A - You can read the books in any order. All the stories tie up nicely by the time you finished. If you want to read them in order, I'd suggest the following sequence: - I'm No Hero (a prequel short story that introduces Carlos McCrary as a Green Beret in Afghanistan in the military rescue that earned him the Bronze Star medal) - Six Murders Too Many - Double Fake, Double Murder - Quarterback Trap - Dangerous Friends - Day of the Tiger - McCrary's Justice - Yesterday's Trouble - Four Years Gone Q - So, why should readers try these books? A - Because the Carlos McCrary series is a fast, fun, thrill-ride that takes no prisoners! Ultimately, readers who enjoy lightning-fast pacing with a plot that twists and turns all the way to the end will get a kick out of this series. And thanks for reading! Does she possess the seeds of malice that would be required to walk away after committing so many crimes? The one thing London knows he needs to do is keep his guard up at all times while he finds out the truth. Fern's charm could prove to be the very lure that's impossible for him to resist.

Small Secrets 2021-05-28 Ciana Stone SMALL SECRETS: a psychic suspense novel " Mama Marion says I wouldn't have the sight if God didn't intend for me to do good with it. I just wish God didn't feel I needed to see this." Emmy age 16 Her visions started when she was a child. Between a childhood where abuse was the norm and visions of death, her life has been far from normal. It's been a decade since her vision led police to another victim of the Low Country Killer, long enough that Emmy has convinced herself that the secrets of the past should be forgotten, or at least kept locked away. Letting them out into the open can only cause pain and they've all had enough of that. So, she convinces herself that that horrible chapter in the life of her family is over, and the monsters who once walked Holly Isle are gone forever. Then out of the blue, on the anniversary of her husband's death, she has another vision of a young woman's body in the marsh. If that wasn't troubling enough, Nash, the boy she loved her entire life, the one who left and broke her heart, is back. Are the two events connected? Emmy won't accept that, no matter who tries to connect the events. She knows Nash isn't capable of that kind of barbarism. However, there are others who are and she fears those monsters may have decided it is time to bring their dark hungers back to Holly Isle.
