Sing! 2017-09-01 Keith Getty Sing! has grown from Keith and Kristyn Getty's passion for congregational singing; it's been formed by their traveling and playing and listening and discussing and learning and teaching all over the world. And in writing it, they have five key aims: • to discover why we sing and the overwhelming joy and holy privilege that comes with singing • to consider how singing impacts our hearts and minds and all of our lives • to cultivate a culture of family singing in our daily home life • to equip our churches for wholeheartedly singing to the Lord and one another as an expression of unity • to inspire us to see congregational singing as a radical witness to the world They have also added a few "bonus tracks" at the end with some more practical suggestions for different groups who are more deeply involved with church singing. God intends for this compelling vision of His people singing—a people joyfully joining together in song with brothers and sisters around the world and around his heavenly throne—to include you. He wants you, he wants us, to sing.

Worship and the World to Come 2020-07-28 Glenn Packiam Christians sing because we are people of hope. Yet our hope is unlike other kinds of hope. We are not optimists; nor are we escapists. Christian hope is uniquely shaped by the resurrection of Jesus Christ from the dead and by the promise of our

own future resurrection. How is that hope both expressed and experienced in contemporary worship? In this volume in the Dynamics of Christian Worship series, pastor, theologian, and songwriter Glenn Packiam explores what Christians sing about when they sing about hope and what kind of hope they experience when they worship together. Through his analysis and reflection, we find that Christian worship is crucial to both the proclamation and the formation of Christian hope. The Dynamics of Christian Worship series draws from a wide range of worshiping contexts and denominational backgrounds to unpack the many dynamics of Christian worship—including prayer, reading the Bible, preaching, baptism, the Lord's Supper, music, visual art, architecture, and more—to deepen both the theology and practice of Christian worship for the life of the church.

Old School Hymnal 2021-05-25 Bryce H. Lowrance From the song of Moses on the shore of the Red Sea, to the hymn at the close of our Lord's first communion, the singing of psalms, hymns and spiritual songs is an essential part of worship for God's people. In the wisdom of the Glorious Creator, God created man in his image, which included a voice – a uniquely human instrument capable of producing melody. And so, our Lord delights in worship with the voice of praise. From the psalms composed by David on the grassy hillsides of Bethlehem, to the thunderous chorus of "Holy! Holy! Holy!" offered by the seraphim in the throne room of heaven, expressions of singing in worship are evident. And notably, Zephaniah declared the Lord rejoices in singing Himself: "The LORD thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing." (Zephaniah 3:17). Truly, God's people rejoice in songs of praise through the ages. By singing Psalms in the early church, in quiet whispers of praise in dens and caves of the earth during persecution, singing praises to our Lord endures. In recent centuries, times of revival and despair alike have sown seeds of creativity, and hymns of praise blossomed and bloomed. As such, visionary men like Elder Lee Hanks, saw fit to collect hymns, true to God's word in sentiment, and place them in hymnbook form to use in worship. To commemorate the 100th year of the Old School Hymnal, with hearts set on the glory of God, and enveloped by our rich history of worship in song, we the members of the newly restructured, non-profit Old School Hymnal Foundation Board, humbly present to you the Centennial Edition. In 1920, the founding members of the 1st edition presented a compilation of beloved hymns. In updating the hymnal, we prayerfully labored to honor their focus, endeavoring to maintain treasured, long-standing hymns, while also offering new compositions. We believe the Lord blessed us to remain true to scripture and honor Him with the words and melodies selected. In following the footsteps of our forefathers in hymnody, we echo the words of Elders Monsees and Pittman, in the preface to the 3rd edition, as we tried to include "the best old songs, and some of the new good ones..." In

recent years, the Holy Spirit has blessed the creation of new hymns, born from the souls of redeemed children of God, moved and affected by the influence of grace. In honoring the spirit of past editions, and striving to obey the unction of the Holy Spirit, we are united in the desire to share some new songs. Having begun in the fall of 2019, and concluded in the midst of uncertain times, we believe a Providential blessing is in the timing of this effort. As unprecedented upheaval and abject fear prevails, we are compelled to present a point of light to push back against the darkness. While angry, dispirited voices reach a fever pitch, as the vitriolic squawk of malicious accusations command our attention, amidst the din of hard speeches and great swelling words, our prayer is that a different sound rises above the fray. In Christian homes, among congregations of Spirit-led worship, and from hearts of weary sinners, may songs of praise and voices of worship rise to adorn and adore the worthy name of Jesus. Accepting full responsibility for omissions, oversights and mistakes, and pleading for the mercy and blessing of God, we give to you this Centennial Edition, trusting the voice of praise will lift up to glorify our resurrected, reigning and returning Savior.

*What Comes Next?* 2021-01-05 Nicholas Skytland What if, instead of keeping up with change, you could get ahead of it? Our mission as Christians was the same yesterday as it is today and will be tomorrow. The world, however, is changing faster than ever before, and keeping up feels impossible. The realities of human life—from how we develop relationships to how we use technology to have impact—therefore change rapidly too. It's critical that Christian leaders take this into consideration as they plan for their organizations' future. In *What Comes Next?*, strategists and innovation experts Nick Skytland and Ali Llewellyn use the eight elements of their Futures Framework to teach us how to help shape the future, be visionary, and grow

*Suffering Well and Suffering With* 2023-09-12 Aimee Patterson We live in a society that has little tolerance for suffering. Suffering is not only unpleasant. Profound, innocent suffering can upend our sense of identity. Yet, we push suffering people to the periphery to avoid an uncomfortable truth: We are all subject to suffering. In a time when Christian churches suffer the loss of authority, influence, and membership, Patterson challenges the idea that we need such power to live on earth as in heaven. Only God can transform suffering into joy. Drawing on her experience with cancer, Patterson claims Christians hold certain responsibilities while we wait for this transformation. Revisiting the story of Job, she confronts the problem of suffering and what it takes to suffer well. This sets the scene for what a fleshy, wounded Jesus Christ calls us to do: use suffering to build compassionate relationships with others who suffer.

*A New Hymnal for Colleges and Schools* 1992-07-29 Jeffery Rowthorn A New Hymnal for Colleges and Schools is a nondenominational, ecumenical collection of over 400 hymns and 100 psalms designed especially for worship services in academic communities. Hymns and spiritual songs are drawn from many countries and many different traditions. A number of hymns appear in their original languages, as well as in English translations. Throughout the hymnal, gender-inclusive language is used wherever possible. The psalms, for example, depend heavily on inclusive-language versions prepared by the United Methodist Church and the National Council of Churches. Also included are many hymns written in the past quarter-century, as well as new texts and music commissioned especially for this collection. The ample selection of hymns by Americans includes the work of hymn writers, composers, and authors such as Aaron Copland, Emma Lou Diemer, Alice Parker, Virgil Thomson, Richard Proulx, Robert Frost, and John Updike.

*Grace Transforming* 2012-10-31 Philip Graham Ryken For those of us who are performance-oriented or for those who have long since thrown in the towel, a word about grace is in order. Within these pages are 9 key messages on the grace of God. These are masterful lessons, built on Scripture, edifying and applicable for all who want to experience the freedom that comes from resting on the promise of God's unmerited favor. Helping us to understand that we are not defined by what we do, but rather by who Jesus is and what he has done, *Grace Transforming* powerfully addresses the transforming power of grace that is essential for every Christian.

*Why Church?* 2019-07-09 Scott W. Sunquist 2020 Outreach Magazine Resource of the Year ("Also Recommended," Church) Is a church just something we create to serve our purposes or to maintain old traditions? Or is it something more vital, more meaningful, and more powerful? This can be hard to believe when we look at what happens in any one congregation or

denomination. Certainly not all churches act like Jesus in the world, and many individual churches in the West are dying. When it's so easy to be confused, frustrated, or simply apathetic about the church, how should we understand its purpose today? In this appealing introduction to the nature of the local church, set in the context of Christian history and global diversity, historian and missionary Scott Sunquist shows us the church in motion. *Why Church?* clarifies the two primary purposes of the church—worship and witness—and unpacks what the church is (and ought to be) using five movements of worship: come together stand to praise God kneel to confess sit to listen to the Word of God go out into the world Packed with stories and insights from experiences in churches around the world, this book explores cultural contextualization, the meaning of conversion, worship in both personal and communal aspects, and how mission combines telling the good news with being good news as a community. From Fuller Theological Seminary's renowned church-planting program, this primer is well suited to leaders and their core teams to read together and share with new attenders as they catch the spirit of the dynamic gathering that is the local church.

*We Gather Together* 2016 Neil J. Young The story of the birth of the Religious Right is a familiar one. In the 1970s, mainly in response to *Roe v. Wade*, evangelicals and conservative Catholics put aside their longstanding historical prejudices and theological differences and joined forces to form a potent political movement that swept across the country. In this provocative book, Neil J. Young argues that almost none of this is true. Young offers an alternative history of the Religious Right that upends these widely-believed myths. Theology, not politics, defined the Religious Right. The rise of secularism, pluralism, and cultural relativism, Young argues, transformed the relations of America's religious denominations. The interfaith collaborations among liberal Protestants, Catholics, and Jews were met by a conservative Christian counter-force, which came together in a loosely bound, politically-minded coalition known as the Religious Right. This right-wing religious movement was made up of Mormons, conservative Catholics, and evangelicals, all of whom were united--paradoxically--by their contempt for the ecumenical approach they saw the liberal denominations taking. Led by the likes of Jerry Falwell, they deemed themselves the pro-family movement, and entered full-throated into political debates about abortion, school prayer, the Equal Rights Amendment, gay rights, and tax exemptions for religious schools. They would go on to form a critical new base for the Republican Party. Examining the religious history of interfaith dialogue among conservative evangelicals, Catholics, and Mormons, Young argues that the formation of the Religious Right was not some brilliant political strategy hatched on the eve of a history-altering election but rather the latest iteration of a religious debate that had gone on for decades. This path breaking book will reshape our understanding of the most important religious and political movement of the last 30 years.

*Things Fall Apart* 2009-06-05 Chinua Achebe *THINGS FALL APART* tells two overlapping, intertwining stories, both of which center around Okonkwo, a "strong man" of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. *THINGS FALL APART* is the most illuminating and permanent monument we have to the modern African experience as seen from within.

Singing the Congregation 2018-09-17 Monique M. Ingalls Contemporary worship music shapes the way evangelical Christians understand worship itself. Author Monique M. Ingalls argues that participatory worship music performances have brought into being new religious social constellations, or "modes of congregating". Through exploration of five of these modes--concert, conference, church, public, and networked congregations--Singing the Congregation reinvigorates the analytic categories of "congregation" and "congregational music." Drawing from theoretical models in ethnomusicology and congregational studies, Singing the Congregation reconceives the congregation as a fluid, contingent social constellation that is actively performed into being through communal practice--in this case, the musically-structured participatory activity known as "worship." "Congregational music-making" is thereby recast as a practice capable of weaving together a religious community both inside and outside local institutional churches. Congregational music-making is not only a means of expressing local concerns and constituting the local religious community; it is also a powerful way to identify with far-flung individuals, institutions, and networks that comprise this global religious community. The interactions among the congregations reveal widespread conflicts over religious authority, carrying far-ranging implications for how evangelicals position themselves relative to other groups in North America and beyond.

Lead like Christ 2021-07-13 A.W. Tozer What Does Christ-Centered Leadership Look Like? As a Christian, does your leadership approach look any different from that of those who don't follow Christ? Throughout the Bible, God shows us what leadership looks in His kingdom, and sometimes it can seem upside-down. The first shall be last. The master shall be the servant. But how can we apply these counterintuitive truths in our world today? Rather than focusing on the nuts and bolts of management, Lead like Christ uses the book of Titus to take a close look at what biblical leadership entails. Using Paul's instructions to his young ministry partner as a guide, Tozer takes us through themes of grace, servanthood, spiritual boldness, and humility toward the Word of God. This foundation will lead to powerful, long-lasting change in both your own leadership role today as well as in God's eternal kingdom.

Art for God's Sake 2006 Philip Graham Ryken What does God say about the arts? Can you be a Christian and an artist? How do the arts impact your church? The creation sings to us with the visual beauty of God's handiwork. But what of man-made art? Much of it is devoid of sacred beauty and is often rejected by Christians. Christian artists struggle to find acceptance within the church. If all of life is to be viewed as "under the lordship of Christ," can we rediscover what God's plan is for the arts? Philip Graham Ryken brings into sharp focus a biblical view of the arts and the artists who make art for God's sake. This is a concise yet comprehensive treatment of the major issue of the arts for all who seek answers.

Anna could never erase from memory her first love, Leo. Their paths had crossed when they were both 16, at a idyllic summer camp. They were utterly smitten, spending every day exchanging lighthearted banter, exchanging heartfelt thoughts, and experiencing the thrill of first love. Their bond was solid, and they vowed to maintain their bond, to cherish their connection, and to love each other forever. But life, as it often does, had other arrangements in store for them. They lost track of each other, they moved on with their lives, and they eventually married other people. Years passed, and the whirlwind of life took them in different directions. But fate, it seems, had not forgotten their unwavering connection. At a chance encounter, at a sentimental reunion, their paths crossed once again. The moment they laid eyes on each other, the spark of their connection rekindled. The same undeniable attraction that had drawn them together years ago was still unmistakable. They felt the same excitement that had fueled their teenage romance, but they also felt the burden of their past. Their emotions swirled for the deep connection they had shared, but their minds grappled with the complexity of their current lives. They were caught in a tug-of-war, torn between the alluring memories of their first love and the stability and security of their present. They stood at a critical juncture, forced to make a heartbreaking choice. Would they choose the magnetic pull of their first love, risking the unpredictability that lay ahead, or would they hold onto the stability of their current lives, forever wondering what could have been? Only time would tell if their first love would survive the test of time.
