Mother to Mother Sindiwe Magona 2022-08-23 A searing novel, told in letter form, that explores the South African legacy of apartheid through the lens of a woman whose Black son has just murdered a white woman. *Mother to Mother* is a novel with depth, at once an emotional plea for compassion and understanding, and a sharp look at the impacts of colonialism and apartheid on South African families. Inspired by the true story of Fulbright scholar Amy Biehl's murder, the book takes the form of a letter to the victim's mother. The murderer's mother, Mandisa, speaks of a life marked by oppression and injustice. Through her writing, Mandisa reveals a colonized society that not only allowed but perpetuated violence against women and impoverished Black South Africans under the reign of apartheid. This book is not an apology for the murder but rather something more. It seeks to connect, through empathy and storytelling, one pained mother with another who is grief-stricken and in mourning. A beautifully written exploration of the society that bred such violence, *Mother to Mother* will resonate with readers interested in understanding and ending racial injustice, as well as the lasting colonial foundations of oppression.

Mindset Carol S. Dweck 2007-12-26 From the renowned psychologist who introduced the world to "growth mindset" comes this updated edition of the million-copy bestseller—featuring transformative insights into

redefining success, building lifelong resilience, and supercharging self-improvement. "Through clever research studies and engaging writing, Dweck illuminates how our beliefs about our capabilities exert tremendous influence on how we learn and which paths we take in life."—Bill Gates, *GatesNotes* "It's not always the people who start out the smartest who end up the smartest." After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset—those who believe that abilities are fixed—are less likely to flourish than those with a growth mindset—those who believe that abilities can be developed. *Mindset* reveals how great parents, teachers, managers, and athletes can put this idea to use to foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own.

Things Fall Apart Chinua Achebe 2009-06-05 *THINGS FALL APART* tells two overlapping, intertwining stories, both of which center around Okonkwo, a "strong man" of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the

individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within.

The Long Shadow of Little Rock Daisy Bates 2014-08-01 At an event honoring Daisy Bates as 1990's Distinguished Citizen then-governor Bill Clinton called her "the most distinguished Arkansas citizen of all time." Her classic account of the 1957 Little Rock School Crisis, *The Long Shadow of Little Rock*, couldn't be found on most bookstore shelves in 1962 and was banned throughout the South. In 1988, after the University of Arkansas Press reprinted it, it won an American Book Award. On September 3, 1957, Gov. Orval Faubus called out the National Guard to surround all-white Central High School and prevent the entry of nine black students, challenging the Supreme Court's 1954 order to integrate all public schools. On September 25, Daisy Bates, an official of the NAACP in Arkansas, led the nine children into the school with the help of federal troops sent by President Eisenhower—the first time in eighty-one years that a president had dispatched troops to the South to protect the constitutional rights of black Americans. This new edition of Bates's own story about these historic events is being issued to coincide with the fiftieth anniversary of the Little Rock School crisis in 2007.
