Islam, the West and the Challenges of Modernity Tariq Ramadan 2009-09-01 Tariq Ramadan attempts to demonstrate, using sources which draw upon Islamic thought and civilization, that Muslims can respond to contemporary challenges of modernity without betraying their identity. The book argues that Muslims, nourished by their own points of reference, can approach the modern epoch by adopting a specific social, political, and economic model that is linked to ethical values, a sense of finalities and spirituality. Rather than a modernism that tends to impose Westernization, it is a modernity that admits to the pluralism of civilizations, religions, and cultures. The Muslim Brotherhood and the West Martyn Frampton 2018-02-19 The Muslim Brotherhood and the West is the first comprehensive history of the relationship between the world’s largest Islamist movement and the Western powers that have dominated the Middle East for the past century: Britain and the United States. In the decades since the Brotherhood emerged in Egypt in the 1920s, the movement’s notion of “the West” has remained central to its worldview and a key driver of its behavior. From its founding, the Brotherhood stood opposed to the British Empire and Western cultural

influence more broadly. As British power gave way to American, the Brotherhood’s leaders, committed to a vision of more authentic Islamic societies, oscillated between anxiety or paranoia about the West and the need to engage with it. Western officials, for their part, struggled to understand the Brotherhood, unsure whether to shun the movement as one of dangerous “fanatics” or to embrace it as a moderate and inevitable part of the region’s political scene. Too often, diplomats failed to view the movement on its own terms, preferring to impose their own external agendas and obsessions. Martyn Frampton reveals the history of this complex and charged relationship down to the eve of the Arab Spring. Drawing on extensive archival research in London and Washington and the Brotherhood’s writings in Arabic and English, he provides the most authoritative assessment to date of a relationship that is both vital in itself and crucial to navigating one of the world’s most turbulent regions.

Revenge of the Translator Brice Matthieussent 2018-09-25 The work of a novelist and translator collide in this visionary and hilarious debut from acclaimed French writer Brice Matthieussent. Revenge of the Translator follows Trad, who is translating a mysterious author’s book, Translator’s Revenge, from English to French. The book opens as a series of footnotes from Trad, as he justifies changes he makes. As the novel progresses, Trad begins to take over the writing, methodically breaking down the work of the original writer and changing the course of the text. The lines between reality and fiction start to blur as Trad’s world overlaps with the characters in Translator’s Revenge, who seem to grow more and more independent of Trad’s increasingly deranged struggle to control the plot. Revenge of the Translator is a brilliant, rule-defying exploration of literature, the act of writing and translating, and the often complicated relationship between authors and their translators.

Green Deen Ibrahim Abdul-Matin 2013-01-21 A Muslim environmentalist explores the fascinating intersection of environmentalism and Islam. Muslims are compelled by their religion to praise the Creator and to care for their community. But what is not widely known is that there are deep and long-standing connections between Islamic teachings and environmentalism. In this groundbreaking book, Ibrahim Abdul-Matin draws on research, scripture, and interviews with Muslim Americans to trace Islam’s preoccupation with humankind’s collective role as stewards of the Earth. Abdul-Matin points out that the Prophet Muhammad declared “the Earth is a mosque.” Using the concept of Deen, which means “path” or “way” in Arabic, Abdul-Matin offers dozens of examples of how Muslims can follow, and already are following, a Green Deen in four areas: “waste, watts (energy), water, and food.”

Straight from the Horse’s Mouth Meryem Alaoui 2020-09-15 This hilarious, colorful portrait of a sex worker navigating life in modern Morocco introduces a promising new literary voice. Thirty-four-year-old prostitute Jmiaa reflects on the bustling world around her with a brutal honesty, but also a quick wit that cuts through the drudgery. Like many of the women in her working-class Casablanca neighborhood, Jmiaa struggles to earn enough money to support herself and her family—often including the deadbeat husband who walked out on her and their young daughter. While she doesn’t despair about her profession like her roommate, Halima, who reads the Quran between clients, she still has to maintain a delicate balance between her reality and the “respectable” one she paints for her own more conservative mother. This daily grind is interrupted by the arrival of an aspiring young director, Chadlia, whom Jmiaa takes to calling “Horse Mouth.” Chadlia enlists Jmiaa’s help on a film project, initially just to make sure the plot and dialogue are authentic. But when she’s unable to find an actress who’s right for the starring role, she turns again to Jmiaa, giving the latter an incredible opportunity for a better life. In her breakout debut novel, Meryem Alaoui creates a vibrant picture of the day-to-day challenges faced by working people in Casablanca, which they meet head-on with resourcefulness and resilience. **Minor Detail** Adania Shibli 2020-05-26 A searing, beautiful novel meditating on war, violence, memory, and the sufferings of the Palestinian people Finalist for the National Book Award Longlisted for the International Booker Prize Minor Detail begins during the summer of 1949, one year after the war that the Palestinians mourn as the Nakba—the catastrophe that led to the displacement and exile of some 700,000 people—and the Israelis celebrate as the War of Independence. Israeli soldiers murder an encampment of Bedouin in the Negev desert, and among their victims they capture a Palestinian teenager and they rape her, kill her, and bury her in the sand. Many years later, in the near-present day, a young woman in Ramallah tries to uncover some of the details surrounding this particular rape and murder, and becomes fascinated to the point of obsession, not only because of the nature of the crime, but because it was committed exactly twenty-five years to the day before she was born. Adania Shibli masterfully overlays these two translucent narratives of exactly the same length to evoke a present forever haunted by the past.

The Genius of Muhammad Abbas Mahmoud Al-Akkad 2016-08-14 Although the biography of Prophet Muhammad, Peace Be Upon Him (PBUH), has been the subject of many studies, books, references, and commentaries, the book written in Arabic by the Author, Abbas Mahmoud Al-Akkad, remains unique in the way it has addressed the personality of the Prophet (PBUH), producing such an elegant thesis. This book is not a mere citation of the acts and traditions of Prophet Muhammad (PBUH); rather, Al-Akkad opted to dive deeply into the traits and attributes underlying the Prophet's legacy as a manifestation of his genius, still as a human being. According to Al-Akkad, Prophet Muhammad (PBUH) had naturally practiced all facets of genius and greatness, because he was gifted by the talents that had made him the best preacher, politician, manager, warier, friend, and father. The Author illustrated how the Prophet (PBUH) had such lively heart, soul, and conscience that enabled him to register the irrefutable genius in every creation around him, subtle or obvious, from the air lifting of a single grain of sand to the ever-glowing sun and moon. It was such lively elements instilled in the Prophet that prepared him for the divine call and enabled him to endure the struggle associated with receiving the 'heavy' message and delivering it successfully to all mankind. And in the way the Prophet reflected upon the genius of all creations around us is a strong message to every human being to search, ponder, and listen to the wonders of Allah's creation. The Author succeeded in presenting Prophet Muhammad (PBUH) as a human being whose human nature made him appreciative of people's weaknesses, needs, and aspirations, while catering for these astonishingly during his delivery of the message of Islam. Al-Akkad proved how the Prophet (PBUH) persisted and persevered in his call to make it a success despite all the odds, barriers, and challenges; a message to be emulated by every individual who has goals to pursue and achieve in this life and in the hereafter. The Author also showed that during only 23 years, the duration of Prophet Muhammad's mission, the world has changed forever; thanks to this one single man. Yet this change would have never been possible without the special qualities that were inculcated in the Prophet. It is these qualities that every person should strive to acquire and act upon, notwithstanding the divine preparation that qualified Prophet Muhammad for the most serious mission in history. In the course of guidance and aspiration to mankind, the way the Author presented the genius traits of the Prophet (PBUH) inspires individuals to strive for nobility and justice, societies to aim for reforms and prosperity, and nations to establish and maintain order and peace. Finally, the book shows how the Prophet (PBUH) spent all his life expending his skills, talents, and genius for the benefit of mankind, entertaining none of life's glamour; a fact that characterized all prophets before him. But in return, people will always celebrate his contribution to mankind until the end of time. Dr. Mostafa Ismail

Message in a Mobile Siri Lamoureux 2011 This detailed, meticulous ethnographic study on mobile phone use among Nuba students at the University of Khartoum in Sudan, distinguishes itself from other studies by taking a focused look at the linguistic content of mobile phone interactions via text-messaging, portraying it as a site for the expression of personalized and affective language. While men and women appear to be equally aggressive consumers and producers of text-message poetry, women are formally discouraged in using the phone for relations that go beyond the publicly acceptable norms of "keeping in touch" and making arrangements. Nonetheless, women use it for such purposes and many manage it discreetly, showing how this technology can serve to subvert discursive norms on gender and marriage. The mobile phone in Sudan enhances individual autonomy over interactions, making possible the extension and creation of social spaces. It simultaneously enlarges private space and trespasses into public space. Poetic themes and language, previously limited to elite producers - those both more literate and who had control over mass media domains, radio and newspapers - are exposed to anonymous recipients, who draw from, copy or forward them in continuous circulation, thereby staking a claim in the public sphere. Similarly, the mobile phone serves as a site for the exercise of several layers of identity in negotiation, and reflects or creates alternative identities and the contestation of existing discourses, communities in physical space and notions of belonging.

It also focuses on education and work outside the home as they affect the traditional role of the Saudi woman as wife, mother and homemaker. At the same time, those factors promote the participation of women in the development of Saudi Arabia. Intensive interviews were held with 100 Saudi women in the city of Jeddah, Saudi Arabia, from different social, economic and educational levels.
