Engraved Gems Ben van den Bercken 2017 This book discuss different types of engraved gems in the collection of the Rijksmuseum van Oudheden Leiden, their makers, users

and re-users, combining archaeological, culture historical and geological perspectives.

Giovanni Gabrieli Rodolfo Baroncini 2016 "Knowledge and debate in the field of sixteenth- and early seventeenth-

century Venetian music has greatly benefitted in recent decades from studies of major institutions, composers, repertoires, and sources, as also from investigations of the quantitative aspects of musical life in what was one of the largest, richest, and most commercially oriented cities on the Italian peninsula: the Venetian musical phenomenon includes, on the one hand, regular or sporadic musical activities in the city's many churches and private palaces (activities which provided significant earnings for large numbers of musicians, whether or not salaried members of the ducal cappella) and, on the other, the auxiliary trades of music printing and instrument making. The transmission of the musical repertoires has also received notable attention: in particular, the contemporary and later reception of Venetian musical repertoires in different political, linguistic, and/or confessional areas ... This collection of essays on the life, times, and works of a composer who ranks among the most outstanding musical personalities of his day variously unites these strands in an albeit partial attempt to interpret Giovanni Gabrieli's output and activities in their Venetian context and, at the same time, cast light on their broader historiographical significance: on the one hand Gabrieli as point of synthesis of a complex Venetian musical tradition, on the other his interaction with and impact on contemporary musical life, his influence on later generations of composers both at home and abroad, the rediscovery of his achievements by nineteenth- and twentieth-century historians and performers, the revisitations of his music by twentieth-century composers."--From introduction.

Thus Wrote 'Onchsheshonqy Janet H. Johnson 1986

Schottenfreude Ben Schott 2013-10-31 Schottenfreude is a

unique, must-have dictionary, complete with newly coined words that explore the idiosyncrasies of life as only the German language can. Ever thought, There should be a German word for that? Well, thanks to the brilliantly original mind behind Schott's Original Miscellany, now there is. In what other language but German could you construct le mot juste for a secret love of bad foods, the inability to remember jokes, Sunday-afternoon depression, the urge to yawn, the glee of gossip, reassuring your hairdresser, delight at the changing of the seasons, the urge to hoard, or the ineffable pleasure of a cold pillow? A beguiling, ideal gift book for the Gelehrte or anyone on your list--just beware of rapidly expanding (and potentially incomprehensible) vocabularies.

Early Printed Narrative Literature in Western Europe

Bart Besamusca 2019-08-19 The essays in this volume are concerned with early printed narrative texts in Western Europe. The aim of this book is to consider to what extent the shift from hand-written to printed books left its mark on narrative literature in a number of vernacular languages. Did the advent of printing bring about changes in the corpus of narrative texts when compared with the corpus extant in manuscript copies? Did narrative texts that already existed in manuscript form undergo significant modifications when they began to be printed? How did this crucial media development affect the nature of these narratives? Which strategies did early printers develop to make their texts commercially attractive? Which social classes were the

target audiences for their editions? Around half of the articles focus on developments in the history of early printed narrative texts, others discuss publication strategies. This book provides an impetus for cross-linguistic research. It invites scholars from various disciplines to get involved in an international conversation about fifteenth- and sixteenth-century narrative literature.

The Demotic Verbal System Janet H. Johnson 1976

Fredegarii Chronicorum Liber Quartus Cum

Continuationibus 1981-04-29 This translation of the fourth book of the Chronicle of Fredegar with its Continuations, has Latin and English on opposite pages.

Medieval and Modern Greek Robert Browning 1983 Traces the history of the Greek language from the immediately postclassical or Hellenistic period to the present day. In particular, the historical roots of modern Greek internal bilingualism are traced. First published by Hutchinson in 1969, the work has been substantially revised and updated.

Creativity and Innovation in the Reign of Hatshepsut

José M. Galán 2014 "This volume publishes the proceedings of the Theban Symposium that took place in May 2010, in Granada, Spain, at the Institute for Arabic Studies of the Spanish National Research Council (CSIC), on the general theme of 'Creativity and Innovation in the Reign of Hatshepsut.' The volume contains nineteen papers that present new perspectives on the reign of Hatshepsut and the early New Kingdom. The authors address a range of topics, including the phenomenon of innovation, the Egyptian worldview, politics, state administration, women's issues and the use of gender, cult and rituals, mortuary practices, and architecture. Groundbreaking for the study of Hatshepsut's reign and

the beginning of the Eighteenth Dynasty, this volume will become an important reference for scholars and lay readers interested in the history, culture, and archaeology of the time of Hatshepsut and the early New Kingdom"--Publisher description.

Sea Monsters on Medieval and Renaissance Maps Chet Van Duzer 2013 From dragons and serpents to many-armed beasts that preyed on ships and sailors alike, sea monsters have terrified mariners across all ages and cultures and have become the subject of many tall tales from the sea. Accounts of these creatures have also inspired cartographers and mapmakers, many of whom began decorating their maps with them to indicate unexplored areas or areas about which little was known. Whether swimming vigorously, gamboling amid the waves, attacking ships, or simply displaying themselves for our appreciation, the sea monsters that appear on medieval and Renaissance maps are fascinating and visually engaging. Yet despite their appeal, these monsters have never received the scholarly attention that they deserve. In *Sea Monsters on Medieval and Renaissance Maps*, Chet Van Duzer analyzes the most important examples of sea monsters on medieval and Renaissance maps produced in Europe. Van Duzer begins with the earliest mappamundi on which these monsters appear in the tenth century and continues to the end of the sixteenth century and, along the way, sheds important light on the sources, influences, and methods of the cartographers who drew or painted them. A beautifully designed visual reference work, *Sea Monsters on Medieval and Renaissance Maps* will be important not only in the history of cartography, art, and zoological illustration, but also in the history of the geography of the "marvelous" and of Western conceptions of the

ocean.

Animated Sculptures of the Crucified Christ in the Religious Culture of the Latin Middle Ages Kamil Kopania 2010-01-01

Semitic Words in Egyptian Texts of the New Kingdom and Third Intermediate Period James E. Hoch 2014-07-14

Semitic words and names appear in unprecedented numbers in texts of the New Kingdom, the period when the Egyptian empire extended into Syria-Palestine. In his book, James Hoch provides a comprehensive account of these words--their likely origins, their contexts, and their implications for the study of Egyptian and Semitic linguistics and Late-Bronze and Iron-Age culture in the eastern Mediterranean. Unlike previous word catalogs, this work consists of concise word studies and contains a wealth of linguistic, lexical, and cultural information. Hoch considers some five hundred Semitic words found in Egyptian texts from about 1500 to 650 b.c.e. Building on previous scholarship, he proposes new etymologies and translations and discusses phonological, morphological, and semantic factors that figure in the use of these words. The Egyptian evidence is essential to an understanding of the phonology of Northwest Semitic, and Hoch presents a major reconstruction of the phonemic systems. Of equal importance is his account of the particular semantic use of Semitic vocabulary, in contexts sometimes quite different from those of the Hebrew scriptures and Ugaritic myths and legends. With its new critical assessment of many hotly debated issues of Semitic and Egyptian philology, this book will be consulted for its lexical and linguistic conclusions and will serve as the basis for future work in both fields. Originally published in 1994. The Princeton Legacy Library uses the latest print-on-demand technology to

again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Schott's Sporting, Gaming, and Idling Miscellany Ben Schott 2005-11-01 From the author of the international bestsellers Schott's Original Miscellany and Schott's Food and Drink Miscellany comes the third and most playful installment in the series: a miscellanist's wisdom from the worlds of sports, games, and idling. What other sporting book will explain the rules of elephant polo; the perils of the Cresta Run; the link between crosswords and the devil; the story behind the Nike "swoosh"; or why surfing is the "Sport of Kings" (in Hawaii)? Which other volume will list the seven deadly sins of golf; the secrets of Houdini's Code; or the myriad personalities of the Pac-Man ghosts? Where else will you stumble across an account of Evel Kneival's broken bones, a detailing of Mike Tyson's tattoos, the nicknames for classic poker-hands, or every sporting ailment from jogger's nipple to housemaid's knee? You don't have to be a sports fanatic to enjoy this irresistible volume of factual odds and ends.

Schott's Sporting, Gaming, and Idling Miscellany scores big with its fascinating hodge-podge of sports- and activity-related trivia.

The Text of New Testament B.M. Metzger 1985

Spain in Italy Thomas James Dandeleit 2007 This volume integrates the theme of Spain in Italy into a broad synthesis of late Renaissance and early modern Italy by restoring the contingency of events, local and imperial decision-making, and the distinct voices of individual Spaniards and Italians.

Callimachus Callimachus 2022

The Unity of the Senses Lawrence E. Marks 2014-05-10 Academic Press Series in Cognition and Perception: The Unity of the Senses: Interrelations Among the Modalities focuses on the perceptual processes, approaches, and methodologies involved in studies on the unity of the senses. The publication first elaborates on the doctrines of equivalent information, analogous sensory attributes and qualities, and common psychophysical properties. Discussions focus on discrimination, sensitivity, sound symbolism, intensity, brightness, and cross-modal perception of size, form, and space. The text then examines the doctrine of neural correspondences and sound symbolism in poetry, including sound and meaning, analogue and formal representation, vowel symbolism in poetry, coding perceptual information, coding sensory attributes, and evolution and development. The manuscript takes a look at synesthetic metaphor in poetry, as well as unity of the senses and synesthetic metaphor, warm and cool colors, synesthetic metaphors of odor and music, metaphorical imperative, and the music of Conrad Aiken. The publication is a valuable source of data for researchers interested in the unity of the senses.

The Rise of Coptic Jean-Luc Fournet 2020-01-21 Coptic emerged as the written form of the Egyptian language in the third century, when Greek was still the official language in Egypt. By the time of the Arab conquest of Egypt in 641, Coptic had almost achieved official status, but only after an unusually prolonged period of stagnation. Jean-Luc Fournet traces this complex history, showing how the rise of Coptic took place amid profound cultural, religious, and political changes in late antiquity. For some three hundred years after its introduction into the written culture of Egypt, Coptic was limited to biblical translation and private and monastic correspondence, while Greek retained its monopoly on administrative, legal, and literary writing. This changed during the sixth century, when Coptic began to penetrate domains that were once closed to it, such as literature, liturgy, regulated transactions between individuals, and communications between the state and its subjects. Fournet examines the reasons for Coptic's late development as a competing language—which was unlike what happened with other vernacular languages in Near Eastern Greek-speaking societies—and explains why Coptic eventually succeeded in being recognized with Greek as an official language. Incisively written and rich with insights, *The Rise of Coptic* draws on a wealth of archival evidence to shed new light on the role of monasticism in the growing use of Coptic before the Arab conquest.

Ethno-Musicology Jaap Kunst 2012-12-06 This booklet hardly needs a preface; the contents, I think, speak for themselves. It contains a short and carefully brought up to date resume of all that I, as a private University Lecturer in Amsterdam, have tried to teach my pupils. It is intended as a general introduction to ethno-

musicology, before going on to the study of the forms of separate music-cultures. I sincerely hope that those, who wish to teach themselves and to qualify in this branch of knowledge, will find a satisfactory basis for self tuition in the matter here brought together. Regarding the possibility of a new edition, any critical remarks or information as to possible desiderata would be very gratefully received. J.K. PREFACE TO THE SECOND EDITION My request for critical remarks and desiderata has not been ignored. My sincere thanks to all who took the trouble to let me know what they missed in my booklet. Through their collaboration the contents have undergone a considerable improvement and enlargement as compared to the original edition issued in 1950 by the Royal Tropical Institute, Amsterdam, under the title 'Musicologica'. I have taken care to add many particulars from non-European sources, with the result that now the book is no longer so Europe-centric as it was.

Libraries Serving Dialogue Odile Dupont 2014-08-25 The IFLA Religious Libraries in Dialogue Special Interest Group is dedicated to libraries serving as places of dialogue between cultures through a better knowledge of religions. This book based on experiences of libraries serving interreligious dialogue, presents themes like library tools serving dialogue between cultures, collections dialoguing, children and young adults dialoguing beyond borders, story telling as dialog, librarians serving interreligious dialogue.

The Cambridge Grammar of Medieval and Early Modern Greek David Holton 2019-03-31 The Greek language has a written history of more than 3,000 years. While the classical, Hellenistic and modern periods of the language are well researched, the intermediate stages are much less well

known, but of great interest to those curious to know how a language changes over time. The geographical area where Greek has been spoken stretches from the Aegean Islands to the Black Sea and from Southern Italy and Sicily to the Middle East, largely corresponding to former territories of the Byzantine Empire and its successor states. This Grammar draws on a comprehensive corpus of literary and non-literary texts written in various forms of the vernacular to document the processes of change between the eleventh and eighteenth centuries, processes which can be seen as broadly comparable to the emergence of the Romance languages from Medieval Latin. Regional and dialectal variation in phonology and morphology are treated in detail.

New Catholic Encyclopedia: Baa-Cam Catholic University of America 2003 This 15 volume, second edition features revised and new articles. Among the 12,000 entries in the encyclopedia are articles on theology, philosophy, history, literary figures, saints, musicians and much more.

Twelve Years A Slave, Illustrated Edition Solomon Northup 2014-04-08 Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. *Twelve Years a Slave* is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's *Uncle Tom's Cabin*, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

Pagliacci Libretto (Italian and English Edition) Ruggero Leoncavallo 2016-06-09 Follow Leoncavallo's Italian along with English with this line by line translation of the original Pagliacci libretto. The line by line translation is literal, enabling the reader to understand the exact meaning of the words being sung, which is what the opera goer wants. This is a must for any lover of Leoncavallo's great classic,

Zoology in Early Modern Culture: Intersections of Science, Theology, Philology, and Political and Religious Education 2014-10-09 This volume tries to map out the intriguing amalgam of different, partly conflicting approaches that shaped early modern zoology. It demonstrates that theology and philology played a pivotal role in the complex formation of this new science.

A New Sense of the Past: The Scholarship of Biondo Flavio (1392–1463) Angelo Mazzocco 2016-05-31

Reappraisal of the pioneering humanist scholar Biondo Flavio During his lifetime the historian and antiquarian Biondo Flavio (1392– 1463) struggled to obtain recognition as a major contributor to the humanistic movement of the fifteenth century. Throughout the Renaissance, fellow Italian scholars far too often condemned rather than endorsed his scholarly works. His troublesome career and mixed reputation among his peers stand in stark contrast with the highly innovative character of his learning, which proved to be ground-breaking for the further development of various strands of historical and antiquarian research in the Early Modern Age. The authors of this volume aim to contribute to a reappraisal of this pioneering humanist scholar by

a fresh assessment of his major writings in the fields of historical linguistics, historiography, Roman topography, and historical geography. Contributors Angelo Mazzocco (Mount Holyoke College), Marc Laureys (Universität Bonn), Giuseppe Marcellino (Scuola Normale Superiore di Pisa), Fulvio Delle Donne (Università della Basilicata), Fabio Della Schiava (Universität Bonn), Paolo Pontari (Università di Pisa), Catherine Castner (University of South Carolina), Jeffrey White (St. Bonaventure University), Frances Muecke (University of Sydney)

Schott's Original Miscellany Ben Schott 2003-08-04 Impossible to read at one sitting, but utterly unputdownable, Schott's Original Miscellany is a unique collection of fabulous trivia. What other book boasts an index that includes shoelace lengths, sign language, and the seven deadly sins; dueling and dwarves; the hair color of Miss America and the Hampton Court maze? Where else can you find, packed onto one page, the names of golf strokes, a history of the Hat Tax, cricketing dismissals, nouns of assemblage, an unofficial motto of the US Postal Service, and the flag of Guadeloupe? Where else but Schott's Original Miscellany will you stumble across John Lennon's cat, the supplier of bagpipes to the Queen, the labors of Hercules, and the brutal methods of murder encountered by Miss Marple? A book like no other, Schott's Original Miscellany is entertaining, informative, unpredictable, and utterly addictive.

Descrittione Di Tutta Italia Leandro Alberti 1551

The City in Late Antiquity Dr John Rich 2002-09-11 The

city was the nexus of the Roman Empire in its early centuries. The City in Late Antiquity charts the change undergone by cities as the Empire was weakened by the third-century crisis, and later disintegrated under external pressures. The old picture of the classical city as everywhere in decline by the fourth century is shown to be far too simple, and John Rich seeks to explain why urban life disappeared in some regions, while elsewhere cities survived through to the Middle Ages and beyond.

Joseph Liouville 1809–1882 Jesper Lützen 2012-12-06 This scientific biography of the mathematician Joseph Liouville is divided into two parts. The first part is a chronological account of Liouville's career including a description of the institutions he worked in, his relations with his teachers, colleagues and students, and the historical context of his works. It portrays the French scientific community in a period when Germany and England had surpassed France as the leading nations in mathematics and physics. The second part of the book gives a detailed analysis of Liouville's major contributions to mathematics and mechanics. The gradual development of Liouville's ideas, as reflected in his publications and notebooks, are related to the works of his predecessors and his contemporaries as well as to later developments in the field. On the basis of Liouville's unpublished notes the book reconstructs Liouville's hitherto unknown theories of stability of rotating masses of fluid, potential theory, Galois theory and electrodynamics. It also incorporates valuable added information from Liouville's notes regarding his works on differentiation of arbitrary order, integration in finite terms, Sturm-Liouville theory, transcendental numbers, doubly periodic

functions, geometry and mechanics.

Athanasius Kircher Paula Findlen 2004-08-02 First published in 2004. Routledge is an imprint of Taylor & Francis, an informa company.

Essays on Petrarch Ugo Foscolo 1823

Studies in Honor of George R. Hughes Janet H. Johnson 1976 This volume is a collection of essays presented to George R. Hughes, Professor Emeritus of Egyptology at the Oriental Institute, on the occasion of his seventieth birthday. The articles deal with the art, history, language, literature, and religion of ancient Egypt, concentrating especially on the later periods of Egyptian civilization, which were Professor Hughes' special interest. Contents: The Funerary Texts of King Wahkare Akhtoy on a Middle Kingdom Coffin (J. P. Allen); Two Monuments of the First Intermediate Period from the Theban Nome (E. Brovarski); Shesmu the Letopolite (M. Ciccarello); The Oriental Institute Decorated Censer from Nubia (C. E. DeVries); Shipwrecked Sailor, Lines 184-85 (M. Gilula); The Royal Scribe Amenmose, Son of Penzerti and Mutemonet: His Monuments in Egypt and Abroad (L. Habachi); The Dialect of the Demotic Magical Papyrus of London and Leiden (J. H. Johnson); The Shortest Book of Amduat? (L. H. Lesko); The Naucratis Stela Once Again (M. Lichtheim); Papyrus Harkness (T. J. Logan); On the Accession Date of Akhenaten (W. J. Murnane); Ramesseum Sources of Medinet Habu Reliefs (C. F. Nims); The Sothic Dating of the Twelfth and Eighteenth Dynasties (R. A. Parker); Of Myth and Santorin (R. L. Scranton); Pashed, the Servant of Amon: A Stelophorous Figure in the Oriental Institute Museum (D. P. Silverman); Cairo Ostrakon J. 72460 (E. Thomas); A Chronology of the New Kingdom (E. F. Wente and C. C. Van Siclen III); Some Fragmentary

Demotic Wisdom Texts (R. J. Williams); Mrs. Andrews

and the 'Tomb of Queen Tiye' (J. A. Wilson);
Bibliography of George R. Hughes (J. Eckenfels).
