[Swallow's Dance](#) Wendy Orr 2018-06-27 I wonder if the first day of Learning is always like this - do the girls on the hill always feel the ground tremble under their feet? Leira is about to start her initiation as a priestess when her world is turned upside down. A violent earthquake leaves her home - and her family - in pieces. And the goddess hasn't finished with the island yet. With her family, Leira flees across the sea to Crete, expecting sanctuary. But a volcanic eruption throws the entire world into darkness. After the resulting tsunami, society descends into chaos; the status and privilege of being noble-born reduced to nothing. With her injured mother and elderly nurse, Leira has only the strength and resourcefulness within herself to find safety. A thrilling Bronze Age survival story from the acclaimed author of *Dragonfly Song*.

Windsong Wendy Margie Amos 2015-04-25 Wendy is no ordinary chicken. Abandoned on her first day of life, she is rescued by a pair of warm hands who take her to rest on a pile of hay in a cardboard box. Now as part of an animal family on Windsong Ranch Wendy must quickly

learn the pecking order as she makes new friends. Rocky the rooster runs a tight coop. While surrounded by Pepper the cat, Nannette the goat, Lilli the hummingbird, and many others, Wendy eventually learns how to be a chicken from the ranch's grand-hen, Lennie. But it soon becomes evident that life as a chicken is not all egg laying and scratching for worms when Wendy's adventures lead her to become an unsuspecting hero. *Windsong Wendy* is the charming tale of an abandoned chick as she grows up on a ranch and learns life lessons about family, friendship, and compassion for others.

Regulation of State-Controlled Enterprises Julien Chaisse 2022-08-25 This book analyses actual and potential normative (whether legislative or contractual) conflicts and complex transnational disputes related to state-controlled enterprises (SCEs) operations and how they are interwoven with the problem of foreign direct investment. Moreover, SCEs also fall within the remit of international political economy, international economics and other SCE-related fields that go beyond purely legal or regulatory matters. In this connection, research on such

economic and political determinants of SCE's operations greatly informs and supplements the state of knowledge on how to best regulate cross-border aspects of SCE's and is also covered in this book. The book also aims to analyse the "SCE phenomenon" which includes a wide panoply of entities that have various structures with different degrees of control by states at the central or regional level, and that critically discuss the above-mentioned overlapping legal economic and political systems which can emerge under various shades of shadows casted by governmental umbrellas (i.e., the control can be exercised through ownership, right to appoint the management, and special-voting-rights). The chapters in this book are grouped, so as to address cross-border investment by and in SCE, into four coherent major parts, namely --- (i) the regulatory framework of state capitalism: laws, treaties, and contracts; (ii) economic and institutional expansion of state capitalism; (iii) the accountability of state capitalism: exploring the forms of liabilities; and (iv) regional and country perspectives. Contributions address the core theme from a broad range of SCE and international economic regulations, including but not limited to competition law, WTO law, investment law, and financial/monetary law. They also cover the new emerging generation of Free Trade Agreements (EU-Vietnam FTA, EU China investment treaty, Regional Comprehensive Economic Partnership; and the coordination between treaty systems). The book is a valuable addition and companion for courses, such as international trade law, international law of foreign investment, transnational law, international and economic development, world politics, law of preferential trade agreements, international economics, and economics of development.

The Beast of Noor Janet Lee Carey 2011-10-04 Fifteen-year-old Miles Ferrell uses the rare and special gift he is given to break the curse of the Shriker, a murderous creature reportedly brought to Shalem Wood by his family's clan centuries before.

The Necronomicon Files Daniel Harms 2003-07-01 What if a book existed that gave answers to everything you've ever wondered about? What would you do to learn its secrets? Tales of such books have abounded for millennia and are legend in occult history. One of the most pervasive modern iterations is that of the Necronomicon, said to be a genuine occult text from the 8th century. The Necronomicon really is the creation of science fiction writer H.P. Lovecraft (1891-1937), in whose books the magic volume first appears in print. In *The Necronomicon Files* two occult authorities explore all aspects of The Necronomicon, from its first appearance in Lovecraft's fiction to its ongoing pervasive appearance in cult and occult circles. *The Necronomicon Files*, revised and expanded further, reveals the hoax of the Necronomicon. Harms and Gonce show that the apocryphal history of the Necronomicon was concocted by Lovecraft to lend it verisimilitude in his fiction. The magical text was transformed into an icon among Lovecraft's literary circle, who added to the book's legend by referring to it in their own writing. People became convinced that it was a real book and its references in literature and film continue to grow. The book also examines what people have undergone to find the Necronomicon and the cottage industry that has arisen over the past three decades to supply the continuing demand for a book that does not exist. Scholarly yet accessible, humorous and intriguing, *The Necronomicon Files* illuminates the depth of the creative process and the transformations of modern myth, while still managing to preserve much of the romance and fascination that surrounds the Necronomicon in our culture.

The Government UFO Files Kevin D Randle 2014-04-21 Secrets and Suppressed Evidence. Coincidences or Lies? Sifting through hundreds of historical and government documents, interviewing multitudes of participants, and tracking countless number of leads, a former army officer, trained as an intelligence officer, presents a case for government incompetence and, potentially, malfeasance. Shining a harsh light on the government and its secrets, *The Government UFO Files: The Conspiracy of Cover-Up* investigates what the government knows about encounters with UFOs, alien life, and mysterious activities. The government has long collected information and assembled files on unidentified objects, extraterrestrial encounters, and strange convergences in the skies, but with new government secrets constantly being revealed (including finally admitting the existence of Area 51) is it too much to believe that it is hiding important information on close encounters, UFOs, and alien life? Nearly 100 sightings and other occurrences are thoroughly examined. Suppressed evidence, hidden plots, cover-ups, misleading statements, and documented connections to government intrigue are all addressed. It sorts through the information, sources, and it lets you decide whether the government is being deliberately misleading or whether the conspiracy theories have gotten out of control.

Conversations in the Wings Roy Harris 1994 Roy Harris interviews 13 actors in this entertaining and informative book on the technique of acting.

Emily's Pranking Problem Wendy L. Brandes 2016-08 Emily distracts herself from her family drama by focusing on her swimming times and pulling pranks. But when one of her pranks ends up going too far, she puts her time at camp at risk.

Leap Day Wendy Mass 2007-09-03 On her fourth Leap birthday, when she turns sixteen, Josie has a number of momentous experiences, including taking her driver's test, auditioning for a school play, and celebrating with her family and friends.

Dirty Wings Sarah McCarry 2014-07-15 "In this retelling of the Persephone myth, an unlikely friendship develops between Cass, a teenaged runaway, and Maia, a piano prodigy imprisoned in the oppressive silence of her adoptive parents' house. When Cass frees Maia from her sheltered life and the hypnotic blue-eyed rocker Jason appears on the scene, an ancient evil is awakened"--

Pearlie In The Park Wendy Harmer 2012-11-01 Everyone has heard of the fairies who live at the bottom of the garden. But did you know that fairies also live in the big city? Of course they do! Pearlie looks after Jubilee Park and it keeps her very busy. Every day she makes the slippery dip slippery, opens all the flowers, polishes the dragonflies' wings, and looks after all the animals who live in the park. But one day she wakes up to find everything topsy-turvy. Hurly-burly! What can have gone wrong? It's up to Pearlie to find out . . . A delightfully funny urban fairytale, *Pearlie in the Park* is perfect for new and emerging readers.

Cheetah Wendy A. Lewis 2007-03-01 Cheetah is the small spotted frog Amelia brings home in a macaroni container. Amelia longs to keep Cheetah forever, but over the course of a week, she comes to understand that his place is back in the wild. Cheetah is based on a true story, and all the characters are real.

Sustainable Design and Manufacturing 2016 Rossi Setchi 2016-04-02 This volume consists of 59 peer-reviewed papers, presented at the International Conference on Sustainable Design and Manufacturing (SDM-16) held in Chania, Crete Greece in April 2016. Leading-edge research into sustainable design and manufacturing aims to enable the manufacturing industry to grow by adopting more advanced technologies, and at the same time improve its sustainability by reducing its environmental impact. SDM-16 covers a wide range of topics from sustainable product design and service innovation, sustainable process and technology for the manufacturing of sustainable products, sustainable manufacturing systems and enterprises, decision support for sustainability, and the study of societal impact of sustainability including research for circular economy. Application areas are wide and varied. The book will provide an excellent overview of the latest research and development in the area of Sustainable Design and Manufacturing.

They Both Die at the End Adam Silvera 2017-09-05 Adam Silvera reminds us that there's no life without death and no love without loss in this devastating yet uplifting story about two people whose lives change over the course of one unforgettable day. #1 New York Times bestseller * 4 starred reviews * A School Library Journal Best Book of the Year * A Kirkus Best Book of the Year * A Booklist Editors' Choice * A Bustle Best YA Novel * A Paste Magazine Best YA Book * A Book Riot Best Queer Book * A BuzzFeed Best YA Book of the Year * A BookPage Best YA Book of the Year On September 5, a little after midnight, Death-Cast calls Mateo Torrez and Rufus Emeterio to give them some bad news: They're going to die today. Mateo and Rufus are total strangers, but, for different reasons, they're both looking to make a new friend on their End Day. The good news: There's an app for that. It's called the Last Friend, and through it, Rufus and Mateo are about to meet up for one last great adventure—to live a lifetime in a single day. In the tradition of *Before I Fall* and *If I Stay*, *They Both Die at the End* is a tour de force from acclaimed author Adam Silvera, whose debut, *More Happy Than Not*, the New York Times called "profound." Plus don't miss *The First to Die at the End*: #1 New York Times bestselling author Adam Silvera returns to the universe of international phenomenon *They Both Die at the End* in this prequel. New star-crossed lovers are put to the test on the first day of Death-Cast's fateful calls.

For Want of Wings Jill Hunting 2022-02-24 In 1872, a young graduate of Yale University named Thomas Russell unearthed the bones of an 83,000,000-year-old dinosaur in western Kansas. The rare fossil, an avian dinosaur with teeth and flightless wings, proved that birds evolved from reptiles. More than a century later, Russell's great-granddaughter set out to retrace her ancestor's forgotten expedition. Part detective history, part memoir, *For Want of Wings* is Jill Hunting's captivating account of

her journey into prehistory, national history, and family history. In her quest to piece together fragments of her family's past, Hunting ends up crisscrossing the United States, from California to Connecticut. On her first trip across the Colorado Rockies to the fossil bed site near Russell Springs, Kansas, Hunting brings along her then twenty-six-year-old daughter. When the book opens, mother and daughter are both at crossroads, each seeking to understand the impact of personal decisions on the landscape of her life. As Hunting ventures forward, she encounters unexpected resources, such as ten-year-old triplets who converse with her about dinosaurs and a Connecticut museum where portraits of her ancestors hang on the walls. Through lively descriptions of these visits, Hunting advances a view of history as nonlinear and full of unlikely coincidences. For *Want of Wings* is also the carefully researched story of the least known of Yale's four expeditions into the American West, led by eminent paleontologist O. C. Marsh; the friendship between Russell's father and abolitionist John Brown; a portrait of a mother and daughter evolving in self-understanding; and an inquiry into matters of race in American history and the author's own family. In the end, all these pieces converge, like fragments of a fossil, to form an exquisitely patterned work of historical exploration.

The Six Success Factors for Children with Learning Disabilities

Frostig Center 2009-03-16 Research-based, classroom-tested Teaches children skills for long-term success Fosters social skills, proactivity, perseverance, and more The 6 Success Factors for Children with Learning Disabilities Ready-to-Use Activities to Help Kids with Learning Disabilities Succeed in School and in Life From the acclaimed Frostig Center comes a valuable resource for teachers and parents of children with learning disabilities. Based on a 20-year study, Frostig research has revealed six attributes that lead to long-term success for individuals with LD. This book helps teachers identify and encourage the growth of characteristics that will help students thrive in the classroom, at home, and in social situations. The book offers an array of classroom-tested, engaging activities—complete with reproducible worksheets—that have been proven to foster the "success attributes" in children. The six attributes identified by the Frostig Center are: Self-awareness Proactivity Perseverance Goal setting Use of social support systems Emotional coping strategies Each of the book's activities contains a lesson plan with goals, materials, and procedures, including teaching instructions and reproducible student worksheets. The book is designed to be both flexible and easy-to-use. All activities can be modified to accommodate a variety of learners. Praise for *The 6 Success Factors for Children with Learning Disabilities* "Provides educators, parents, and other caregivers with pragmatic and measurable strategies to foster maturity and independence...The activities demonstrate that success is not amorphous and unattainable—rather, it can be achieved by adopting an established set of behaviors, attitudes, and characteristics. [This book] will be enormously useful as you prepare your students for their journey to adulthood." —From the foreword by Richard D. Lavoie, bestselling author, *It's So Much Work to be Your Friend* and *The Motivation Breakthrough*

The Publishers Weekly 2008

Butterfly Kisses and Wishes on Wings Ellen McVicker 2015-05-01

Butterfly Kisses and Wishes on Wings is a listen-to or read-along book for children. It is a resource that can be give as a gift and used to educate and support any child who is facing the cancer of a loved one. The story line, as told through the eyes of a child, lends itself to a simple and clear understanding of cancer. Most important, however, is the lesson that teaches children to realize the power they have to be an active and integral part of a loved one's cancer journey.

Cuckoo's Flight Wendy Orr 2021-03-02 If she had stayed to load the kiln as she should have, she'd never have seen the ship. Mama said the ship still would have been there, so everything had to happen the way it did. But that's not true. Clio saw it, and the world changed. When a raiders' ship appears off the coast, the goddess demands an unthinkable price to save the town - and Clio's grandmother creates a sacred statue to save Clio's life. But Clio is torn between the demands of guarding the statue and caring for her beloved horses. Disabled in an accident, she must try to put aside her own grief at no longer being able to ride - and in the process, save a friend's life and stop a war. Rippling with emotion and drama, war and resistance, fear and determination, this novel is a brilliant companion to the highly acclaimed *Dragonfly Song* and *Swallow's Dance*.

The Invention of the American Art Museum Kathleen Curran

2016-07-01 American art museums share a mission and format that differ from those of their European counterparts, which often have origins in

aristocratic collections. This groundbreaking work recounts the fascinating story of the invention of the modern American art museum, starting with its roots in the 1870s in the craft museum type, which was based on London's South Kensington (now the Victoria and Albert) Museum. At the turn of the twentieth century, American planners grew enthusiastic about a new type of museum and presentation that was developed in Northern Europe, particularly in Germany, Switzerland, and Scandinavia. Called *Kulturgeschichte* (cultural history) museums, they were evocative displays of regional history. American trustees, museum directors, and curators found that the *Kulturgeschichte* approach offered a variety of transformational options in planning museums, classifying and displaying objects, and broadening collecting categories, including American art and the decorative arts. Leading institutions, including the Museum of Fine Arts, Boston, and the Metropolitan Museum of Art in New York, adopted and developed crucial aspects of the *Kulturgeschichte* model. By the 1930s, such museum plans and exhibition techniques had become standard practice at museums across the country.

Children's Book Review Index Gary C. Tarbert 2006

God Promised Me Wings to Fly Janet V. Grillo 2021-05-04 "Readers dealing with a loved one's unexpected death, who believe in God as Grillo does, will particularly appreciate this book." —Library Journal *God Promised Me Wings to Fly* is a heartfelt expression of the many traumas Janet Grillo has faced in her life. She writes from her heart and shares with women how her Christian beliefs helped her survive and overcome extremely challenging times. Janet's kindness and obvious caring for others shines through *God Promised Me Wings to Fly*. This honest, vulnerable, raw, and inspiring recounting of her life's journey gives hope to readers no matter what devastating betrayal they are facing or financial adversity they must overcome. Within this inspiring memoir, readers discover that they too can find the courage, determination, and self-love to honor and value who they are despite their circumstances—because God always has their back and will give them "Wings to Fly."

Women Navigating Globalization Jana Everett 2013-11-14 This up-to-date text offers a clear and cogent introduction to women in development.

Exploring the global structures and processes that impede or support the empowerment of women, Jana Everett and Sue Ellen M. Charlton use a feminist lens to understand contemporary gender roles. Without such a lens, they argue, our understanding of globalization and development is incomplete, resulting in flawed policies that fail to improve the lives of millions of people around the globe. After a set of introductory chapters that conceptually frame the issues, the authors then investigate women's struggles within and against globalization and development through powerful case studies of sex trafficking, water, work, and health. These chapters, by using specific examples, develop the concepts of structure and agency, levels of analysis, and feminist approaches as tools to help students understand the complexities of development and alternative strategies. Through rich interdisciplinary analysis, Everett and Charlton explore the individual and collective strategies women have used to improve their lives under globalization and weigh how effective they have been. Their book will be an essential resource in women's studies, political science, political economy, anthropology, sociology, and development studies.

Dragon's Keep Janet Lee Carey 2008 In 1145 A.D., as foretold by

Merlin, fourteen-year-old Rosalind, who will be the twenty-first Pendragon Queen of Wilde Island, has much to accomplish to fulfill her destiny, while hiding from her people the dragon's claw she was born with that reflects only one of her mother's dark secrets.

Tears of a Tiger Sharon M. Draper 2013-07-23 Three boys struggle to come to terms with the death of a friend in a drunk-driving auto accident in which all four were involved, in a story told through newspaper stories, diary entries, school announcements, telephone conversations, and classroom assignments.

Forthcoming Books Rose Army 2004

Every Soul a Star Wendy Mass 2008-10-01 And as streams of light fan out behind the darkened sun like the wings of a butterfly, I realize that I never saw real beauty until now. At Moon Shadow, an isolated campground, thousands have gathered to catch a glimpse of a rare and extraordinary total eclipse of the sun. It's also were three lives are about to be changed forever: Ally likes the simple things in life—labyrinths, stargazing, and comet-hunting. Her home, the Moon Shadow campground, is a part of who she is, and she refuses to imagine it any other way. Popular and gorgeous (everybody says so), Bree is a future homecoming queen for sure. Bree wears her beauty like a suit of armor. But what is she

trying to hide? Overweight and awkward, Jack is used to spending a lot of time alone. But when opportunity knocks, he finds himself in situations he never would have imagined and making friends in the most unexpected situations. Told from three distinct voices and perspectives, Wendy Mass weaves an intricate and compelling story about strangers coming together, unlikely friendships, and finding one's place in the universe.

Governor's Houses and State Houses of British Colonial America, 1607-1783 Hoke P. Kimball 2017-03-29 This comprehensive survey of British colonial governors' houses and buildings used as state houses or capitols in the North American colonies begins with the founding of the Virginia Colony and ends with American independence. In addition to the 13 colonies that became the United States in 1783, the study includes three colonies in present-day Florida and Canada--East Florida, West Florida and the Province of Quebec--obtained by Great Britain after the French and Indian War.

Wings in the Desert Amadeo M. Rea 2022-04-26 There is a common but often unspoken arrogance on the part of outside observers that folk science and traditional knowledge—the type developed by Native communities and tribal groups—is inferior to the “formal science” practiced by Westerners. In this lucidly written and humanistic account of the O’odham tribes of Arizona and Northwest Mexico, ethnobiologist Amadeo M. Rea exposes the limitations of this assumption by exploring the rich ornithology that these tribes have generated about the birds that are native to their region. He shows how these peoples’ observational knowledge provides insights into the behaviors, mating habits, migratory patterns, and distribution of local bird species, and he uncovers the various ways that this knowledge is incorporated into the communities’ traditions and esoteric belief systems. Drawing on more than four decades of field and textual research along with hundreds of interviews with tribe members, Rea identifies how birds are incorporated, both symbolically and practically, into Piman legends, songs, art, religion, and ceremonies. Through highly detailed descriptions and accounts loaded with Native voice, this book is the definitive study of folk ornithology. It also provides valuable data for scholars of linguistics and North American Native studies, and it makes a significant contribution to our understanding of how humans make sense of their world. It will be of interest to historians of science, anthropologists, and scholars of indigenous cultures and folk taxonomy.

Reign of Angels 1: Revelation L.G. Castillo 2019-10-10 Graduation is meant to be a new beginning. For me, it might be the end. Sneaking off to Vegas was supposed to be fun and exciting. Nothing more than a getaway with my best friend to celebrate surviving high school. But I can't shake the feeling someone's watching. Determined to enjoy my newfound freedom, we hit the strip and meet Tristan, a wildly popular magician who's worshipped by adoring fans. Burned by guys like him before, I resist his advances. Yet, his smoldering blue eyes compel me, and I can't help falling under his spell. When the world erupts in chaos, and Tristan's magic act turns out to be more than just an illusion, my entire life changes. Suddenly, I'm catapulted into a world where angels walk among us, and Tristan is one of them. Some are out to destroy us. Some will protect us. The real question is, which side is Tristan on? For readers who enjoy Lauren Kate, Susan Ee, Becca Fitzpatrick, Cassandra Clare, Nalini Singh, Stephanie Meyer, Laini Taylor, Wendy Higgins, Jennifer L Armentrout, Alyssa Rose Ivy, Amy Bartol, Anna Zaires, and Dannika Dark. Topics: fantasy romance, fallen angel romance, fallen, paranormal romance, forbidden romance, romance book, romance novel, ebook, fallen angel saga, broken angel series, reign of angel.

Developing to Scale Heidi Morefield 2023-10-23 The first critical book on “appropriate technology,” *Developing to Scale* shows how global health came to be understood as a problem to be solved with the right technical interventions. In 1973, economist E. F. Schumacher published *Small Is Beautiful*, which introduced a mainstream audience to his theory of “appropriate technology”: the belief that international development projects in the Global South were most sustainable when they were small-scale, decentralized, and balanced between the traditional and the modern. His theory gained widespread appeal, as cuts to the foreign aid budget, the national interests of nations seeking greater independence, postcolonial activism, and the rise of the United States’ tech sector drove stakeholders across public and private institutions toward cheaper tools. In the ensuing decades, US foreign assistance shifted away from massive modernization projects, such as water treatment facilities, toward point-of-use technologies like village water pumps and oral rehydration salts. This transition toward the small scale had massive implications for the practice of global health. *Developing to Scale* tells the history of

appropriate technology in international health and development, relating the people, organizations, and events that shaped this consequential idea. Heidi Morefield examines how certain technologies have been defined as more or less “appropriate” for the Global South based on assumptions about gender, race, culture, and environment. Her study shows appropriate technology to be malleable, as different constituencies interpreted its ideas according to their own needs. She reveals how policymakers wielded this tool to both constrain aid to a scale that did not threaten Western interests and to scale the practice of global health through the development and distribution of technical interventions.

Dragonfly Song Wendy Orr 2017-10-13 The girl has had many selves in her short life. The first she remembers is Aissa, the daughter of Mama and Dada, sister to Zufi who watched the goats. Then the Bull King's raiders came, and Mama said, "Don't make a sound till I come back." And when the villagers found her she was silent as stone, because Mama never came back again. So the villagers cursed her as back luck and made her No-Name, lowest of the servants to the Lady, the island's priestess. But there were whispers, as she grew, of another self: of the Lady's rejected first daughter, born imperfect with two extra thumbs. The silent girl looks at the scars on her wrists and wonders, but she has more pressing concerns. The villagers blame her bad luck for the tribute the Bull King now demands of them: two youths given each spring to dance with his bulls and die for his god's glory. And the servants hate and fear the unnatural way the animals all come to her. For Aissa, though, this bond with creatures of fur and scale is the first clue in finding the true self that no one else can give to her, or take away. Wendy Orr, the author of *Nim's Island*, introduces a resourceful and resilient heroine for slightly older readers. Inspired by an archeological trip to the island of Crete, where frescoes show figures leaping over the backs of bulls, Orr weaves an intriguing mythological portrayal of the Bronze Age Minoan civilization. Lyrically written and refreshingly unpredictable, *Dragonfly Song* suggests a fascinating origin for the legend of the Minotaur and his dark tribute.

Far Out Wendy Barker 2016-03-01 *Far Out: Poems of the '60s* includes poems by over 80 poets who remember that tumultuous decade from a wide range of vantage points. This collection brings to life the experiences of people who vividly remember the effects of the assassinations of Medgar Evers, JFK, Malcolm X, and Martin Luther King, who lived through the period of the Vietnam War and the protests against it, and who experienced the rise of Second-Wave Feminism, the Civil Rights Act and the emergence of the Black Power Movement, as well as the Apollo 11 moon landing.

Rip van winkle a Washington Irving 2006-05-23 The American War of Independence was fought from 1775 to 1783. General George Washington became the first president of the United States in 1789. These facts, and an old German folk-tale, formed the material from which Washington Irving made up his tale of Rip Van Winkle, who fell asleep in 1765 and woke up in 1785.

Wings of the Wind (Out From Egypt Book #3) Connilyn Cossette 2017-05-02 Cossette Consistently Brings the Old Testament to Life in an Engrossing, Fresh New Way Alanah, a Canaanite, is no stranger to fighting and survival. When her family is killed in battle with the Hebrews, she disguises herself and sneaks onto the battlefield to avenge her family. The one thing she never counted on was surviving. Tobiah, a Hebrew warrior, is shocked to find an unconscious, wounded woman among the Canaanite casualties. Compelled to bring her to a Hebrew healer back at their camp, he is soon confronted with a truth he can't ignore: the only way to protect this enemy is to marry her. Unused to being weak and vulnerable, Alanah submits to the marriage--for now. As she comes to know and respect Tobiah and his people, however, she begins to second-guess her plans of escape. But when her past has painfully unanticipated consequences, the tentative peace she's found with Tobiah, the Hebrews, and Yahweh is shaken to the core. Can Alanah's fierce heart and strength withstand the ensuing threats to her life and all she's come to love?

The School Librarian 2005

Scientific American 2004

Wenny Has Wings Janet Lee Carey 2004-06 After having a near-death experience in the accident that killed his younger sister, Wenny, eleven-year-old Will copes by writing her letters.

Life Inside My Mind Jessica Burkhart 2018-04-10 “Who better to raise teens’ awareness of mental illness and health than the YA authors they admire?” —Booklist (starred review) “[A] much-needed, enlightening book.” —School Library Journal (starred review) Your favorite YA authors

including Ellen Hopkins, Maureen Johnson, and more recount their own experiences with mental health in this raw, real, and powerful collection of essays that explores everything from ADD to PTSD. Have you ever felt like you just couldn't get out of bed? Not the occasional morning, but every day? Do you find yourself listening to a voice in your head that says "you're not good enough," "not good looking enough," "not thin enough," or "not smart enough"? Have you ever found yourself unable to do homework or pay attention in class unless everything is "just so" on your desk? Everyone has had days like that, but what if you have them every day? You're not alone. Millions of people are going through similar things. However issues around mental health still tend to be treated as

something shrouded in shame or discussed in whispers. It's easier to have a broken bone—something tangible that can be "fixed"—than to have a mental illness, and easier to have a discussion about sex than it is to have one about mental health. *Life Inside My Mind* is an anthology of true-life events from writers of this generation, for this generation. These essays tackle everything from neurodiversity to addiction to OCD to PTSD and much more. The goals of this book range from providing a home to those who are feeling alone, awareness to those who are witnessing a friend or family member struggle, and to open the floodgates to conversation.
