The Traditional Teaching of the Ethiopian Orthodox Täwahedo Church Christine Chailot Christine Chailot's new book, *The Traditional Teaching of the Ethiopian Orthodox Täwahedo Church: Faith and Spirituality*, presents a topic that is little - if at all - known outside Ethiopia, even in Christian circles. Moreover, it is a much neglected field in the wider study of African education. It is a teaching based on ancient texts and books, taught orally to the students who will become the future clergy and who will then share their knowledge with the faithful in Church life. The studies of the different disciplines are pursued at different schools and at different levels, in liturgy, theology with commentaries of books (Old and New Testaments, books of the Church fathers and monks) as well as composition of poems (qenes) and iconography. All this teaching presented in the present volume is deeply related to the faith and spirituality of the Ethiopian Orthodox Church. This teaching is a unique intangible cultural heritage. One wonders, however, what its future will be in the context of the modern educational methods and social attitudes that have evolved in Ethiopia over the last half-century.

Miaphysite Christology Mebratu Kiros Gebru 2010 As in the case of the christology of the other non-Chalcedonian Oriental Orthodox Churches, Ethiopian christology is usually nicknamed as monophysite christology - an erroneous christological position which indicates the absorption of the humanity of Christ by its divinity. Disproving such a pejorative designation, this book contends that the christological position of the Ethiopian Orthodox Tewahedo Church should correctly be termed as miaphysite christology, which highlights the one-united nature of the Word of God incarnate. Besides, the book proves the orthodoxy of Ethiopian christology, demonstrating how it is based on the christology of St. Cyril of Alexandria.

The Hyena People Hagar Salamon 1999-12-07 The Jews (Falasha) of northwestern Ethiopia are a unique example of a Jewish group living within an ancient, non-Western, predominantly Christian society. Hagar Salamon presents the first in-depth study of this group, called the "Hyena people" by their non-Jewish neighbors. Based on more than 100 interviews with Ethiopian immigrants now living in Israel, Salamon's book explores the Ethiopia within as seen through the lens of individual memories and expressed through ongoing dialogues. It is an ethnography of the fantasies and fears that divide groups and, in particular, Jews and non-Jews. Recurring patterns can be seen in Salamon's interviews, which thematically touch on religious disputations, purity and impurity, the concept of blood, slavery and conversion, supernatural powers, and the metaphors of clay vessels, water, and fire. The Hyena People helps

unravel the complex nature of religious coexistence in Ethiopia and also provides important new tools for analyzing and evaluating inter-religious, interethnic, and especially Jewish-Christian relations in a variety of cultural and historical contexts.

Liturgy Ethiopian Church Marcos Daoud 2013-01-11 First published in 2005. Originally, the Ethiopian Church received fourteen Anaphora's from the Church of Egypt, yet at the time of publication, only three of them could be accounted for- that of St. Cyril, St. Gregory and St. Basil. Marcos Daoud has therefore devoted this work to the English translation of the remaining three.

The Ethiopian Orthodox Täwahido Church Ephraim Isaac 2012 Ephraim Isaac sketches the history of the Ethiopian Orthodox Tawahido Church and also that of Christianity as a whole in Ethiopia. An Introduction to the Christian Orthodox Churches John Binns 2002-07-04 This clear and accessible introduction describes the life of the Orthodox Churches of the Christian East from the accession of the Emperor Constantine in 312 up to the year 2000. It explores the nature of the various churches of the Christian East, both Chalcedonian and non-Chalcedonian Orthodox, the Church of the East, and Greek Catholic Churches. It explains both the common

traditions and the different and sometimes divisive local characteristics. The distinctive Orthodox approaches to the themes of liturgy, theology, monastic life and spirituality, iconography, popular religion, mission, politics and the schism between East and West are discussed in turn. A final chapter examines the response of the Churches to their new freedom following the collapse of communism and the prospects for the future. For Christians of the West, a knowledge of Orthodoxy can open up fresh ways of looking at the Christian faith.

Songs of Ethiopia’s Tesfaye Gabbiso Lila W. Balisky 2018-10-19 Tesfaye Gabbiso, prominent Ethiopian soloist, began composing song texts and tunes as a young lad in the early 1970s during a period of social and political upheaval in Ethiopia. This national ferment strengthened a creative surge among a generation of youth as the Ethiopian revolution (1974-91) was taking hold. An explosion of indigenous spiritual songs was one result. The indigenous song style was in contrast to the imported and translated European hymnody that had earlier been sung in Ethiopia's evangelical churches. Because of his testimony, both in life and song, Tesfaye was imprisoned for seven years during the revolution, during which time he continued to compose and sing. Thus, his songs reflect suffering, endurance, and hope in the "Babylons, Meantime, and Zions" of life experience. The human voice in song, rooted in the flow of the missio Dei, is perhaps the greatest testimony that may be lived out, whether in a prison cell or in the larger complex world. A special feature of this book is the inclusion of 104 of Tesfaye's songs (Cassettes 1-7) in English translation. This study is valuable as a cross-cultural textbook, offers rich lyrics, and embodies a challenge to Christian commitment in the arts.

The Eucharistic Liturgy Jameson K. Pallikunnil 2017-03-20 The Malankara Mar Thoma Syrian Church exists as a hybrid church by blending the Eastern liturgical elements of the Oriental Orthodox Church and the evangelical ideas of the Protestant Reformation of the sixteenth century. This Church is a bridging church, connecting Protestantism and Oriental Orthodoxy. The reformation in the Malankara Church (1836) instigated a new impetus for this church in constructing an ecclesial identity and pattern of mission. A major missiological imperative employed by CMS missionaries in India was solely centered on the scripture. Against this popular understanding, the Mar Thoma Church, through its reformation process showed that liturgy can also be an imperative for mission. The translation and revision of the Eucharistic liturgy is the basic visible expression of reformation in the Malankara Church. Hence, this book explicitly places how the Eucharistic liturgy of the Mar Thoma Church is observed as the foundation for mission in its course of growth. In order to accomplish this objective, the writer has examined the historical evolution and the developmental process of the Eucharistic liturgy of the church, which is a revised version of the liturgy of St. James. In a nutshell, this study is an appraisal of various missiological themes reflected in the Eucharistic liturgy of the church. This study throws ample light on how the Mar Thoma Church integrated liturgy and evangelism in its course of development. The writer systematically illustrates how the church made a serious effort to bring missional themes employed in the liturgy into the practical realm by its ancillary organizations, convention gatherings, and sociocharitable works. This volume asserts that an emphasis on Eucharist-centred ecclesiology guides and motivates the church to enliven a mission-oriented life, which is crucial for accomplishing a relevant mission.

The Didache Aaron Milavec 2016-03-24 Most Christians believe that everything about Jesus and the early church can be found in their New Testament. In recent years, however, the discovery of the Gospel of Thomas and the reconstruction of the Q-Gospel have led scholars to recognize that some very early materials were left out. Now, due to the pioneering efforts of Dr. Aaron Milavec, the most decisive document of them all, namely, the Didache ("Did-ah-Kay"), has come to light. Milavec has decoded the Didache and enabled it to reveal its hidden secrets regarding those years when Christianity was little more than a faction within the restless Judaisms of the mid-first-century. The Didache reveals a tantalizingly detailed description of the prophetic faith and day-to-day routines that shaped the Jesus movement some twenty years after the death of Jesus. The focus of the movement then was not upon proclaiming the exalted titles and deeds of Jesus - aspects that come to the fore in the letters of Paul and in the Gospel narratives. In contrast to these familiar forms of Christianity, the focus of the Didache was upon "the life and the knowledge" of Jesus himself. Thus, the Didache details the step-by-step process whereby non-Jews were empowered by assimilating the prophetic faith and the way of life associated with Jesus of Nazareth. Milavec's clear, concise, and inspiring commentaries are not only of essential importance to scholars, pastors, and students but also very useful for ordinary people who wish to unlock the secrets of the Didache. Milavec's analytic, Greek-English side-by-side, gender-inclusive translation is included as well as a description of how this document, after being fashioned and used 50-70 C.E., was mysteriously lost for over eighteen hundred years before being found in an obscure library in Istanbul. The study questions, bibliography, and flowcharts enable even first-time users to grasp the functional and pastoral genius that characterized the earliest Christian communities.

I Need Answers Dawit Muluneh 2019-12-13 Whether you are just beginning your journey into the Ethiopian Orthodox Tewahedo Church or have long been a member but are looking for answers to your questions about the church, "I Need Answers" is for you. Although the answers are gathered from Church fathers and holy books, the style of writing provides clear answers to complicated questions. The past few years the Ethiopian Orthodox Tewahedo Church has seen her youth leaving in mass numbers. Why? Mainly because the youth cannot get understandable answers to their questions. The Church uses Amharic as its primary language and Ge'ez as the liturgical, preventing young people born in America from being able to understand the worship or teaching of the Ethiopian Orthodox Tewahdo Church.. Deacon Dawit Muluneh, who has traveled around the United States teaching and preaching during the last decade, has gathered the most frequently asked questions and provided answers in a way that can be understood by the youth. Each chapter focuses on a particular question, addressing central themes of Christianity and teaching about the uniqueness of the Ethiopian Orthodox Tewahedo Church.

Performing the Gospels in Byzantium Roland Betancourt 2021-05-13 Tracing the Gospel text from script to illustration to recitation, this study looks at how illuminated manuscripts operated within ritual and architecture. Focusing on a group of richly illuminated lectionaries from the late eleventh century, the book articulates how the process of textual recitation produced marginalia and miniatures that reflected and subverted the manner in which the Gospel was read and simultaneously imagined by readers and listeners alike. This unique approach to manuscript illumination points to images that slowly unfolded in the mind of its listeners as they imagined the text being recited, as meaning carefully changed and built as the text proceeded. By examining this process within specific acoustic architectural spaces and the sonic conditions of medieval chant, the volume brings together the concerns of sound studies, liturgical studies, and art history to demonstrate how images, texts, and recitations played with the environment of the Middle Byzantine church.

The Orthodox Church of Ethiopia John Binns 2016-11-28 Surrounded by steep escarpments to the north, south and east, Ethiopia has always been geographically and culturally set apart. It has the longest archaeological record of any country in the world. Indeed, this precipitous mountain land was where the human race began. It is also home to an ancient church with a remarkable legacy. The Ethiopian Church forms the southern branch of historic Christianity. It is the only pre-colonial church in sub-Saharan Africa, originating in one of the earliest Christian kingdoms-with its king Ezana (supposedly descended from the biblical Solomon) converting around 340 CE. Since then it has maintained its long Christian witness in a region dominated by Islam; today it has a membership of around forty million and is rapidly growing. Yet despite its importance, there has been no comprehensive study available in English of its theology and history. This is a large gap which this authoritative and engagingly written book seeks to fill. The Church of Ethiopia (or formally,

the Ethiopian Orthodox Tewahedo Church) has a recognized place in worldwide Christianity as one of five non-Chalcedonian Orthodox Churches.As Dr Binns shows, it has developed a distinctive approach which makes it different from all other churches. His book explains why this happened and how these special features have shaped the life of the Christian people of Ethiopia. He discusses the famous rock-hewn churches; the Ark of the Covenant (claimed by the Church and housed in Aksum); the medieval monastic tradition; relations with the Coptic Church; co-existence with Islam; missionary activity; and the Church's venerable oral traditions, especially the discipline of qene-a kind of theological reflection couched in a unique style of improvised allegorical poetry. There is also a sustained exploration of how the Church has been forced to re-think its identity and mission as a result of political changes and upheaval following the overthrow of Haile Selassie (who ruled as Regent, 1916-1930, and then as Emperor, 1930-74) and beyond.

When we understand what the liturgy is and what we do in different sections our experience of the liturgy becomes very different. The point of this book is not to try and capture all the detailed descriptions and contemplations on the liturgy. Instead, the purpose of this book is to help those of us who sometimes struggle to connect with God and one another through the liturgy to understand and follow this great feast. This book is a great resource for individual reading or as a resource for a Sunday school class discussion to help teens understand and start to interact with the liturgy. It is full of illustrations, fun facts and sayings of the church fathers to help teens understand and enjoy the liturgy.
