25. E-Government and the Decentralisation of Service Delivery 2003

Sustainable English Language Teacher

Development at Scale Ian Eyres 2018-09-06

This book offers a thorough and comprehensive review of the lessons learnt from the award-winning 'English in Action' English language teacher development programme, which ran in government primary and secondary schools across Bangladesh from 2008 to 2017. Over the course of nine years the programme involved 51,000 teachers and 20 million school students, demonstrably raising standards of teachers' classroom practice and students' English language attainment, and won the British Council ELTON Award for Local innovation (2013) and Times Higher Education Award for International Impact (2107). The sixteen chapters explore the programme in detail, looking at both the successes and the challenges encountered throughout its course, including the strategies used to address the challenges. The key innovative factors of the programme include:

- a positive choice to build on the existing context, such as the lives and experiences of local teachers and the demands of a nationally determined curriculum;
- teacher learning taking place in the teachers' own classrooms;
- a focus on learning the 'how' of communicative language teaching through reflective practice and peer support;
- the use - within a carefully constructed pedagogy - of affordable, readily-available mobile phone technology;
- the use of mediated authentic video
- a model of teacher development at very large scale that provided a successful alternative to the 'cascade' model;
- a partnership with government institutions to ensure that improved practices are maintained

beyond the life of the Programme.

Software and CD-ROM Reviews on File 1996

United States Ambassadors to the United

Nations Bob Navarro

Implementing Sustainable Development Goals in Europe Charlie Karlsson 2020-09-25 This unique

book expertly analyses European political entrepreneurship in relation to the European Union's approach towards the Agenda 2030 Sustainable Development strategy. It explores the role of European political entrepreneurs in shaping, influencing and realising the United Nation's Sustainable Development Goals.

Chapters examine EU actors in the context of numerous development goals to assess how political entrepreneurship challenges traditional EU institutions and promotes visionary activity.

The Wars of Afghanistan Peter Tomsen

2013-12-10 As Ambassador and Special Envoy

on Afghanistan from 1989 to 1992, Peter Tomsen has had close relationships with Afghan leaders and has dealt with senior Taliban, warlords, and religious leaders involved in the region's conflicts over the last two decades. Now Tomsen draws on a rich trove of never-before-published material to shed new light on the American involvement in the long and continuing Afghan war. This book offers a deeply informed perspective on how Afghanistan's history as a "shatter zone" for foreign invaders and its tribal society have shaped the modern Afghan narrative. It brings to life the appallingly misinformed secret operations by foreign intelligence agencies, including the Soviet NKVD and KGB, the Pakistani ISI, and the CIA.

American policy makers, Tomsen argues, still do not understand Afghanistan; nor do they appreciate how the CIA's covert operations and the Pentagon's military strategy have strengthened extremism in the country. At this critical time, he shows how the U.S. and the

coalition it leads can assist the region back to peace and stability.

Political Handbook of the World 2016-2017

Tom Lansford 2017-03-31 Published since 1928, the Political Handbook of the World provides timely, thorough, and accurate political information with more in-depth coverage of current political controversies and political parties than any other reference guide. The updated 2016-2017 Edition continues this legacy as the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Political science and international relations scholars have revised this edition, and made understanding complex foreign affairs and political situations easy and accessible. With more than 200 entries on countries and territories throughout the world, housed in one place, these volumes are renowned for their extensive coverage of all major and minor political parties and groups in each political system. They also provide names of key ambassadors and international memberships of each country, plus detailed profiles of more than 30 intergovernmental organizations and United Nations agencies. This comprehensive update will include coverage of current events, issues, crises, and controversies from the course of the last two years, including: The closely-watched U.S. presidential election The effect of the Brexit referendum and installment of a new British prime minister The extensive investigation and subsequent impeachment of Brazil's president The far-reaching impact of the "Panama Papers" scandal Changes in U.S.-Cuba diplomatic relations and the reopening of their embassies The unconstitutional declaration of Gambia as an Islamic State Sentiments about the migrant and refugee crisis across Europe and the influence on policy Also, the new "For Further Reference" feature included for every country entry directs readers to additional resources to continue their research.

Political Handbook of the World 2020-2021

Tom Lansford 2021-05-31 The Political Handbook of the World by Tom Lansford provides timely, thorough, and accurate political information, with more in-depth coverage of current political controversies than any other reference guide. The updated 2020-2021 edition

will continue to be the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Compiling in one place more than 200 entries on countries and territories throughout the world, this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system. The Political Handbook of the World 2020-2021 also provides names of key ambassadors and international memberships of each country, plus detailed profiles of more than 30 intergovernmental organizations and UN agencies. And this update will aim to include coverage of current events, issues, crises, and controversies from the course of the last two years.

Negotiating Peace Sven M. G. Koopmans

2018-07-18 This book is the first and only practical guide to negotiating peace. In this ground-breaking book Sven Koopmans, who is both a peace negotiator and a scholar, discusses the practice, politics, and law of international mediation. With both depth and a light touch he explores successful as well as failed attempts to settle the wars of the world, building on decades of historical, political, and legal scholarship. Who can mediate between warring parties? How to build confidence between enemies? Who should take part in negotiations? How can a single diplomat manage the major powers? What issues to discuss first, what last? When to set a deadline? How to maintain confidentiality? How to draft an agreement, and what should be in it? How to ensure implementation? The book discusses the practical difficulties and dilemmas of negotiating agreements, as well as existing solutions and possible future approaches. It uses examples from around the world, with an emphasis on the conflicts of the last twenty-five years, but also of the previous two-and-a-half-thousand. Rather than looking only at either legal, political or organizational issues, *Negotiating Peace* discusses these interrelated dimensions in the way they are confronted in practice: as an integral whole. With one leading question: what can be done?

Integrating Africa Martin Welz 2013 This study seeks to comprehend why Africa's integration process has not moved towards a supranational organization, using a novel approach. It shifts the usual perspective away

from the organization level and provides the first comprehensive and systematic analysis of the AU from the perspective of the states themselves.

Political Handbook of the World 2012 Tom Lansford 2012-04-02 With more in-depth coverage of current political controversies than any other reference guide, 'Political Handbook of the World 2012' is the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup.

North Korea Handbook Yonhap News Agency, Seoul 2002-12-27 This is a timely and comprehensive guide to one of the most volatile, misunderstood, and potentially dangerous states in the world, and one of great strategic importance to U.S. interests in Asia. Featuring a detailed "who's who" section, it covers politics, the economy, the military, education, and culture, and provides numerous vital statistical data.

Gender and Global Politics in the Asia-Pacific B. D'Costa 2008-12-22 This book demonstrates the integral nature of gendered issues and feminist frameworks for a comprehensive understanding of contemporary IR bringing together the work of feminist scholars, teachers and activists into a coherent and accessible collection.

Special Edition Using Corel WordPerfect Office 2000 Trudi Reisner 1999 To fit the needs of the intermediate and advanced user who already has familiarity with WordPerfect Suite, this is a comprehensive reference focusing on the core applications in the suite that users apply most often.

Risk Assessment and Management in Pervasive Computing: Operational, Legal, Ethical, and Financial Perspectives Godara, Varuna 2008-10-31 Provides extensive information about pervasive computing and its implications from various perspectives so that current and future pervasive service providers can make responsible decisions about where, when and how to use this technology.

Peacemakers James W. Pardew 2018-01-05 The wars that accompanied the breakup of Yugoslavia in the 1990s were the deadliest European conflicts since World War II. The violence escalated to the point of genocide when, over the course of ten days in July 1995, Serbian troops under the command of General Ratko Mladic murdered 8,000 unarmed men and boys who had sought refuge at a UN safe-haven in Srebrenica. Shocked, the United States quickly launched a diplomatic intervention supported by military force that ultimately brought peace to the new nations created when Yugoslavia disintegrated. Peacemakers is the first inclusive history of the successful multilateral intervention in the Balkans from 1995--2008 by an official directly involved in the diplomatic and military responses to the crises. A deadly accident near Sarajevo in 1995 thrust James Pardew into the center of efforts to stop the fighting in Bosnia. In a detailed narrative, he shows how Richard Holbrooke and the US envoys who followed him helped to stop or prevent vicious wars in Bosnia, Croatia, Kosovo, and Macedonia. Pardew describes the human drama of diplomacy and war, illuminating the motives, character, talents, and weaknesses of the national leaders involved. Pardew demonstrates that the use of US power to relieve human suffering is a natural fit with American values. Peacemakers serves as a potent reminder that American leadership and multilateral cooperation are often critical to resolving international crises.

Conquest and Redemption Gregg J. Rickman 2011-12-31 In *Conquest and Redemption*, Gregg J. Rickman explains how the Nazis stole the possessions of their Jewish victims and obtained the cooperation of institutions across Europe in these crimes of convenience. He also describes how those institutions are being brought to justice, sixty years later, for their retention of their ill-gotten gains. Rickman not only explains how the robbery was accomplished, tracked, stalled, and then finally reversed, but also clearly shows the ways in which robbery was inextricably connected to the murder of the Jews. The Nazis took everything from Jews--their families, their possessions, and even their names. As with the murder of Jews, the Nazis' robbery was an organized, institutionalized

effort. Jews were isolated, robbed, and left homeless, regarded as parasites in the Nazis' eyes, and thus fair game. In short, the organized robbery of the Jews facilitated their slaughter. How did the German people come to believe that it was permissible to isolate, outlaw, rob, and murder Jews? A partial explanation can be found in the Nazis' creation of a virtual religion of German nationalism and homogeneity that delegitimized Jews as a people and as individuals. This belief system was expressed through a complex structure of religious rules, practices, and institutions. While Nazi ideology was the guiding principle, how that ideology was formed and how it was applied is important to understand if one is to fully grasp the Holocaust. Rickman painstakingly describes the structural composition and motivation for the plundering of Jewish assets. The Holocaust will always remain a memory of unequalled pain and suffering, but, as Rickman shows, the return of stolen goods to their survivors is a partial victory for the long aggrieved. Conquest and Redemption will be of interest to students and scholars in the history of the Holocaust and its aftermath.

Discourses of Globalisation and Higher

Education Reforms Joseph Zajda 2022-04-16

This book examines some of the major higher education reforms and policy shifts globally, particularly in the light of recent shifts in quality and standards-driven education and policy research. It critiques the neo-liberal ideological imperatives of current higher education and policy reforms, and illustrates the way that changes in the relationship between the state and higher education policy affect current trends in higher education reforms. Using diverse comparative education paradigms from critical theory to historical-comparative research, the chapters focus on globalisation, ideology and higher education reforms and examine both the reasons and outcomes of higher education reforms and policy change. The book analyses and evaluates the policy shifts in methodological approaches to globalisation and higher education reforms, and their impact on education policy and pedagogy. The book contributes in a very scholarly way, to a more

holistic understanding of the nexus between globalisation, comparative education research and higher education reforms.

The Palgrave Encyclopedia of Peace and Conflict Studies Oliver P. Richmond 2022-06-21 This encyclopaedia provides a comprehensive overview of major theories and approaches to the study of peace and conflict across different humanities and social sciences disciplines. Peace and conflict studies (PCS) is one of the major sub-disciplines of international studies (including political science and international relations), and has emerged from a need to understand war, related systems and concepts and how to respond to it afterward. As a living reference work, easily discoverable and searchable, the Palgrave Encyclopedia of Peace and Conflict Studies offers solid material for understanding the foundational, historical, and contemporary themes, concepts, theories, events, organisations, and frameworks concerning peace, conflict, security, rights, institutions and development. The Palgrave Encyclopaedia of Peace and Conflict Studies brings together leading and emerging scholars from different disciplines to provide the most comprehensive and up-to-date resource on peace and conflict studies ever produced.

Alien Envoy Pamela F. Service 2017-01-01

Audisee® eBooks with Audio combine professional narration and sentence highlighting for an engaging read aloud experience! Alien Agent Zack Gaither has spent his whole life on planet Earth. His assignment: to protect humans from the knowledge of life on other planets. Finally, the time is right, and Zack has the chance to help Earth join the Galactic Union. The only problem? A small army of alien thugs is set on keeping Earth out of the picture. And they're planning to take Zack out in the process. Fortunately, Zack's got a few old friends on his side. Together, they're headed on an adventure that will take Zack off of Earth and across the galaxy. What will the future hold for this Alien Agent?

NASA Tech Briefs 1996

Conflict and Peace in Western Sahara János Besenyő 2022-12-26 This book offers the first comprehensive analysis of MINURSO (the United Nations Mission for the Referendum in Western Sahara), focused on its activities,

composition, purpose, and operational future in Western Sahara, the world's last colony. The book's focus is broad, examining MINURSO from key historical, legal, military and political angles whilst assessing the future of UN peacekeeping missions in the Western Sahara. Supported by a diverse, international mix of perspectives and professions—including academics, lawyers, soldiers, and humanitarian aid workers—an in-depth view of MINURSO is provided, rooted in practical Western Saharan field experience. The authors reveal the complexities of the region and of the mission locally, but also analyze MINURSO through a global lens, focusing on relations with the United States, China, Russia, France, and African states. This approach emphasizes the importance of the region as a site of international struggle while remaining conscious of local contexts. A landmark contribution to peacekeeping studies, the book is vital reading for practitioners and academics focused on the Western Saharan conflict and the MENA region, but will also be of interest to those engaged in international relations, international law, and security studies.

Abstracts, Russian and East European Series
2002

The Rohingya Crisis and the International

Criminal Court Hitomi Takemura 2023-05-31

The purpose of this book is to critically examine the activities of the International Criminal Court (ICC) on the eve of its 20th year of existence, with a focus on its relationship to the Rohingya crisis. This book is unique in that it identifies the potential and contemporary challenges of the ICC while focusing on the relationship between the Rohingya issue and the ICC. The relationship between the Rohingya crisis and the ICC is an issue that is fraught with contemporary challenges and worth dealing with. The relationship between the ICC and non-State Parties and the relationship between the ICC and high government officials are the examples of these challenges. Its novelty is to address the relationship between the Rohingya crisis and the ICC by staying current of information. The human rights situation of the Rohingya is of high international concern. With a case pending at the International Court of Justice (ICJ), not only individual criminal responsibility but also State responsibility may be sought for the most

serious human rights violations. The Rohingya crisis itself is of great international concern, and it is expected that the issues will be discussed from the perspective of international human rights law, international humanitarian law, and international criminal law. Therefore, the structure of this book is as follows. First, it explains the history of the Rohingya crisis. Secondly, it touches on the relationship between the Rohingya crisis and the ICC. Thirdly, the book discusses the relationship between the ongoing case of *Gambia v. Myanmar* at the ICJ and the proceedings of the ICC. Finally, the book concludes with an assessment of the legitimacy, effectiveness, and efficiency of the ICC in recent years.

The Caspian Shirin Akiner 2004-07-05 Reflects the particular concerns of each of the Caspian countries, which with contributions from a host of international experts offer a unique perspective on the prospects and priorities for long-term development round the Caspian basin.

The China Pakistan Axis Andrew Small

2015-11-25 China and Pakistan, India's two most powerful neighbours, share an 'all-weather' relationship that is as reputed for its depth as it is layered in secrecy. Based on years of research and interviews, Andrew Small has put together the story of China and Pakistan's growing, and in parts troubled, friendship. The China-Pakistan Axis is essential to understanding the economic, political and security map of Asia, especially India's neighbourhood. It explains Beijing's extraordinary support to Pakistan's nuclear programme and defence planning, their strategic cooperation on India, the United States and Afghanistan, and the implications for counter-terrorism efforts. A special chapter for this Indian edition brings the book up to date on China's involvement in the Taliban talks.

Essentials of Nursing Informatics, 6th Edition

Virginia K. Saba 2015-02-22 Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. Discover how technology can improve patient care -- and enhance every aspect of a nurse's job performance, education, and career A Doody's Core Title for 2017! Written by leaders in nursing informatics, this comprehensive up-to-

date text helps you understand how informatics can enhance every aspect of the nursing profession. This edition of *Essentials of Nursing Informatics* is highlighted by an outstanding team of international contributors and content that reflects the very latest concepts, technologies, policies, and required skills. Numerous case studies take the book beyond theory and add real-world relevance to the material. *Essentials of Nursing Informatics* is logically divided into ten sections edited by leading nurse informaticists: *Nursing Informatics Technologies* (Jacqueline Ann Moss) *System Life Cycle* (Virginia K. Saba) *Informatics Theory Standards/Foundations of Nursing Informatics* (Virginia K. Saba) *Nursing Informatics Leadership* (Kathleen Smith) *Advanced Nursing Informatics in Practice* (Gail E. Latimer) *Nursing Informatics/Complex Applications* (Kathleen A. McCormick) *Educational Applications* (Diane J. Skiba) *Research Applications* (Virginia K. Saba) *Big Data Initiatives* (Kathleen A. McCormick) *International Perspectives* (Susan K. Newbold) *Essentials of Nursing Informatics* is the best single resource for learning how technology can make the nursing experience as rewarding and successful as possible. New Feature! The 6th Edition introduces an online faculty resource to supplement classroom teaching, offering instructors PowerPoint slides with concise chapter outlines, learning objectives, key words, and explanatory illustrations and tables. To request Instructor PowerPoint slides: Visit www.EssentialsofNursingInformatics.com and under the "Downloads and Resources tab," click "Request PowerPoint" to access the PowerPoint request form. Also, for the first time, a companion study guide for the 6th Edition is available separately from McGraw-Hill (*Essentials of Nursing Informatics Study Guide*/ISBN: 978-007-184-5892; edited by Julianne Brixey, Jack Brixey, Virginia K. Saba, and Kathleen A. McCormick), presenting teaching modules for all major chapters, with content outlines, teaching tips, class preparation ideas, review questions, answer explanations, and online PowerPoint slides to aid understanding and retention of all major concepts covered in *Essentials of Nursing Informatics*, 6th Edition.

Essentials of Nursing Informatics, 7th Edition
Virginia K. Saba 2021-03-22 The single best resource for learning how technology can make the nursing experience as rewarding and successful as possible Doody's Core Titles for 2021! *Essentials of Nursing Informatics* provides the information and insights readers need to manage and process data to improve the quality and outcomes of healthcare. Topics include the use of computers in nursing administration, practice, education, and research; computer systems and information theory; electronic medical records, continuum of care information technology systems, and personal health records; coding; and government, clinical, and private sector system requirements. This revised and updated edition covers the latest changes in technology, administration, policy, and their effects on healthcare informatics in the U.S., with contributing international authors from Canada, South America, Europe, Asia, Australia, and New Zealand. The seventh edition includes section summaries, and each chapter includes sample test questions and answers. This updated seventh edition covers: *Nursing Informatics Technologies Nursing Practice Applications System Standards Advanced Applications for the 4th Nursing IT Revolution System Life Cycle Educational Applications Informatics Theory Standards Research Applications Policies and Quality Measures in Healthcare Communication Yearbook 34* Charles T. Salmon 2010-06-10 *Communication Yearbook 34* continues the tradition of publishing rich, state-of-the-discipline literature reviews. This volume offers insightful descriptions of communication research as well as reflections on the implications of those findings for other areas of the discipline. Editor Charles T. Salmon presents a volume with diverse chapters from scholars across the globe. Chapters cover a wide range of topics, including nanotechnology, deception, terror management theory, and the rhetorical aftermath of genocide. Commentaries from senior scholars round out the contents, providing insights on the groundbreaking work presented here. As a whole, this volume will be valuable to scholars and researchers across the communication discipline and around the world. *The Dalai Lama's Special Envoy Lodi Gyaltzen Gyari* 2022-11-15 Lodi Gyaltzen Gyari spent

decades drawing attention to the plight of the Tibetan people and striving for resolution of the Tibetan-Chinese conflict. He was the Dalai Lama's Special Envoy and chief negotiator with the People's Republic of China in the formal negotiations over the status of Tibet. In this revealing memoir, Gyari chronicles his lifetime of service to the Dalai Lama and the Tibetan cause. Gyari recounts his work conducting formal dialogue with the Chinese leadership from 2002 to 2012, as well as his efforts during the many years of quiet diplomacy preceding these historic negotiations. He details the fits and starts of the parties' relationship, addressing successes as well as failures and highlighting misperceptions, missteps, and missed opportunities by both sides. Gyari grounds his recollections of his time as Special Envoy in his life experience, providing a powerful account of the personal side of Tibet's struggles. He describes the Tibetan resistance to the Chinese invasion and the tumultuous early years of the Tibetan community in exile as well as his family's history and spiritual lineage. A reincarnated Tibetan Buddhist lama forced to flee Tibet during the Chinese invasion, Gyari illuminates how his political efforts fulfilled his spiritual calling. Informed by his unparalleled experiences, Gyari offers realizable—but provocative—recommendations for restarting the Tibetan-Chinese dialogue to achieve a mutually beneficial resolution of the issue. For all readers interested in Tibet's complex modern history, this book offers an incomparable look inside the decades-long effort to achieve the Dalai Lama's vision of a reunited Tibet.

United States Practice in International Law: Volume 1, 1999-2001 Sean D. Murphy 2003-01-09 Sean D. Murphy's wide-ranging and in-depth 2002 survey of U.S. practice in international law in the period 1999-2001 draws upon the statements and actions of the executive, legislative and judicial branches of the U.S. government to examine its involvement across a range of areas. These areas include diplomatic and consular relations, jurisdiction and immunities, state responsibility and liability, international organizations, international economic law, human rights, and international criminal law. At the time of its first publication this summary of the most salient issues was a

central resource on U.S. practice in international law. The volume contains extracts from hard-to-find documents, generous citations to relevant sources, tables of cases and treaties, and a detailed index. Revealing international law in the making, this essential tool for researchers and practitioners was the first in a series of books capturing the international law practice of a global player.

The Oxford Handbook of Religion and Europe Grace Davie 2022 This authoritative collection offers a detailed overview of religious ideas, structures, and institutions in the making of Europe. Written by leading scholars in the field, it demonstrates the enduring presence of lived and institutionalised religion in the social networks of identity, policy, and power over two millennia of European history.

Introduction to Politics Robert Garner 2016 Combining theory, comparative politics, and international relations, *Introduction to Politics* provides a perfect introduction to the subject for students embarking on university-level study. As the only introductory text to cover both comparative politics and international relations, and contextualise this material with a wide range of international examples, it is the most comprehensive, authoritative, and global introductory politics textbook on the market. Written by three experts in the field, this book takes a balanced approach to the subject, serving as a strong foundation for further study. The material is explored in an accessible way for introductory study, but takes an analytical approach which encourages more critical study and debate, helping students to develop the vital skills they need for a politics degree. An Online Resource Centre accompanies this text, and includes a range of resources for both students and lecturers. For students - Learn more about the people behind the theory with the 'Key Thinkers' resource. - Test your understanding of the chapter content and receive instant feedback with self-marking multiple-choice questions. - Revise key terms and concepts with an online flashcard glossary. For registered lecturers - Encourage students to think critically with political scenario exercises. - Reinforce key themes from each chapter with suggested discussion questions for use in seminars. - Use the adaptable PowerPoint slides as the basis for

a lecture presentation, or as hand-outs in class. - Save time preparing assessments and seminars with a fully updated test bank of questions.

Human Rights in the Media Michelle Farrell
2019-01-03 This collection sets about untangling some of the knotty issues in the underexplored relationship between human rights and the media. We investigate how complex debates in political, judicial, academic and public life on the role and value of human rights are represented in the media, particularly, in print journalism. To focus the discussion, we concentrate on media representation of the controversial proposals in the United Kingdom to repeal the Human Rights Act 1998 and to replace it with a British Bill of Rights. The collection is underpinned by the observation that views on human rights and on the proposals to repeal and replace are polarised. On the one hand, human rights are presented as threatening and, therefore, utterly denigrated; on the other hand, human rights are idolised, and, therefore, uncritically celebrated.

This is the 'fear and fetish' in our title. The media plays a decisive role in constructing this polarity through its representation of political and ideological viewpoints. In order to get to grips with the fear, the fetish and this complex interrelationship, the collection tackles key contemporary themes, amongst them: the proposed British Bill of Rights, Brexit, prisoner-voting, the demonisation of immigrants, press freedom, tabloid misreporting, trial by media and Magna Carta. The collection explores media representation, investigates media polarity and critiques the media's role.

Moving Mountains Geoffrey Russell Evans
2002 Transnational mining companies are key agents of corporate globalization. They are often larger than national economies, and dominate governments, local peoples and their environments. In response, affected communities and non-government organizations are creating new agendas for change and justice.
