[Kierkegaard and the Self Before God](#) Simon D. Podmore 2011-02 Simon D. Podmore claims that becoming a self before God is both a divine gift and an anxious obligation. Before we can know God, or ourselves, we must come to a moment of recognition. How this comes to be, as well as the terms of such acknowledgment, are worked out in Podmore's powerful new reading of Kierkegaard. As he gives full consideration to Kierkegaard's writings, Podmore explores themes such as despair, anxiety, melancholy, and spiritual trial, and how they are broken by the triumph of faith, forgiveness, and the love of God. He confronts the abyss between the self and the divine in order to understand how we can come to know ourselves in relation to a God who is apparently so wholly Other.

Kierkegaard's Writings Søren Kierkegaard

The Seducer's Diary Soren Kierkegaard

2007-08-02 Johannes is an aesthete, dedicated to creating the possibility of seduction through the careful manipulation of young women. He stealthily pursues the innocent Cordelia until she becomes increasingly drawn to him. But when she is ready to give herself completely, she realizes she may have got everything wrong. United by the theme of love, the writings in the Great Loves series span over two thousand years and vastly different worlds. Readers will be introduced to love's endlessly fascinating possibilities and extremities: romantic love, platonic love, erotic love, gay love, virginal love, adulterous love, parental love, filial love, nostalgic love, unrequited love, illicit love, not to mention lost love, twisted and obsessional

love....

[Kierkegaard's Indirect Politics](#) Bartholomew

Ryan 2014-03-15 This book argues that a radical political gesture can be found in Søren Kierkegaard's writings. The chapters navigate an interdisciplinary landscape by placing Kierkegaard's passionate thought in conversation with the writings of Georg Lukács, Carl Schmitt, Walter Benjamin and Theodor Adorno. At the heart of the book's argument is the concept of "indirect politics," which names a negative space between methods, concepts, and intellectual acts in the work of Kierkegaard, as well as marking the dynamic relations between Kierkegaard and the aforementioned thinkers. Kierkegaard's indirect politics is a set of masks that displaces identities from one field to the next: theology masks politics; law masks theology; political theory masks philosophy; and psychology masks literary approaches to truth. As reflected in Lukács, Schmitt, Benjamin, and Adorno, this book examines how Kierkegaard's indirect politics sets into relief three significant motifs: intellectual non-conformism, indirect communication in and through ambiguous identities, and negative dialectics. Bartholomew Ryan is currently a postdoctoral fellow (2011-) at the Instituto de Filosofia da Nova, New University of Lisbon, Portugal. He holds degrees from Aarhus University, Denmark (PhD), University College, Dublin (MA), and Trinity College, Dublin (1999). He was visiting lecturer at the European College of Liberal Arts in Berlin (2007-2011) and Lady Margaret Hall, University of Oxford (2010), and was a guest scholar at the Søren Kierkegaard Research Centre in

Copenhagen (2007 and 2005) and Hong Kierkegaard Library at St. Olaf College, Minnesota (2005). He has written extensively on Kierkegaard, and also published articles on Nietzsche, Pessoa, Joyce, Shakespeare and Schmitt.

Søren Kierkegaard Joakim Garff 2007-04-23

"The day will come when not only my writings, but precisely my life--the intriguing secret of all the machinery--will be studied and studied." Søren Kierkegaard's remarkable combination of genius and peculiarity made this a fair if arrogant prediction. But Kierkegaard's life has been notoriously hard to study, so complex was the web of fact and fiction in his work. Joakim Garff's biography of Kierkegaard is thus a landmark achievement. A seamless blend of history, philosophy, and psychological insight, all conveyed with novelistic verve, this is the most comprehensive and penetrating account yet written of the life and works of the enigmatic Dane who changed the course of intellectual history. Garff portrays Kierkegaard not as the all-controlling impresario behind some of the most important works of modern philosophy and religious thought--books credited with founding existentialism and prefiguring postmodernism--but rather as a man whose writings came to control him. Kierkegaard saw himself as a vessel for his writings, a tool in the hand of God, and eventually as a martyr singled out to call for the end of "Christendom." Garff explores the events and relationships that formed Kierkegaard, including his guilt-ridden relationship with his father, his rivalry with his brother, and his famously tortured relationship with his fiancée Regine Olsen. He recreates the squalor and splendor of Golden Age Copenhagen and the intellectual milieu in which Kierkegaard found himself increasingly embattled and mercilessly caricatured. Acclaimed as a major cultural event on its publication in Denmark in 2000, this book, here presented in an exceptionally crisp and elegant translation, will be the definitive account of Kierkegaard's life for years to come.

The Joy of Kierkegaard Hugh S. Pyper 2014-10-20 Kierkegaard has often been regarded as a gloomy thinker yet, as an evangelist, his aim was to discover the joy of the truth of Christianity. Both Kierkegaard's belief and his doubt in his own work were the result of

his attempt to comprehend the exceptional experiences of biblical characters and to examine what he found most puzzling or offensive. 'The Joy of Kierkegaard' brings together the writings of one of the most influential of Kierkegaard scholars. These essays argue that Kierkegaard's most original thought arises from his struggle with biblical passages and that joy underpins his profound exploration of spiritual alienation.

Kierkegaard, Religion, and Existence Avi Sagi 2021-12-13 This book is an original philosophic exploration of the meaning of Kierkegaard's life, his thought, and his works. It makes a bold case for Kierkegaard's recognition of the concrete existence of the individual, including Kierkegaard himself, as crucial to the spiritual life. Written with delicate insight, and beautifully translated from Hebrew, this work offers valuable new turns to understanding the puzzling life-work of a modern giant of spiritual reflection.

The Concept of Anxiety: A Simple Psychologically Oriented Deliberation in View of the Dogmatic Problem of Hereditary Sin Soren Kierkegaard 2014-03-03 The first new translation of Kierkegaard's masterwork in a generation brings to vivid life this essential work of modern philosophy. Brilliantly synthesizing human insights with Christian dogma, Soren Kierkegaard presented, in 1844, *The Concept of Anxiety* as a landmark "psychological deliberation," suggesting that our only hope in overcoming anxiety was not through "powder and pills" but by embracing it with open arms. While Kierkegaard's Danish prose is surprisingly rich, previous translations—the most recent in 1980—have marginalized the work with alternately florid or slavishly wooden language. With a vibrancy never seen before in English, Alastair Hannay, the world's foremost Kierkegaard scholar, has finally re-created its natural rhythm, eager that this overlooked classic will be revived as the seminal work of existentialism and moral psychology that it is. From *The Concept of Anxiety*: "And no Grand Inquisitor has such frightful torments in readiness as has anxiety, and no secret agent knows as cunningly how to attack the suspect in his weakest moment, or to make so seductive the trap in which he will be snared; and no

discerning judge understands how to examine, yes, exanimate the accused as does anxiety, which never lets him go, not in diversion, not in noise, not at work, not by day, not by night."

Provocations Søren Kierkegaard 1999

Provocations contains a little of everything from Kierkegaard's prodigious output: his famously cantankerous (yet wryly humorous) attacks on what he calls the "mediocre shell" of conventional Christianity, his brilliantly pithy parables, his wise (and witty) sayings. Most significantly, it brings to a new generation a man whose writings pare away the fluff of modern spirituality to reveal the basics of the Christ-centered life: decisiveness, obedience, and recognition of the truth.

Kierkegaard's Writings IV, Part II Søren

Kierkegaard 2013-04-21 Søren Kierkegaard, the nineteenth-century Danish philosopher rediscovered in the twentieth century, is a major influence in contemporary philosophy, religion, and literature. He regarded *Either/Or* as the beginning of his authorship, although he had published two earlier works on Hans Christian Andersen and irony. The pseudonymous volumes of *Either/Or* are the writings of a young man (I) and of Judge William (II). The ironical young man's papers include a collection of sardonic aphorisms; essays on Mozart, modern drama, and boredom; and "The Seducer's Diary." The seeming miscellany is a reflective presentation of aspects of the "either," the esthetic view of life. Part II is an older friend's "or," the ethical life of integrated, authentic personhood, elaborated in discussions of personal becoming and of marriage. The resolution of the "either/or" is left to the reader, for there is no Part III until the appearance of *Stages on Life's Way*. The poetic-reflective creations of a master stylist and imaginative impersonator, the two men write in distinctive ways appropriate to their respective positions.

Kierkegaard's Romantic Legacy Anoop Gupta 2005-12-01 In *Kierkegaard's Romantic Legacy*, Anoop Gupta develops an original theory of the self based on Kierkegaard's writings. Gupta proceeds by historical exegesis and considers several important ways of thinking about self outside of the natural sciences. His study moves theories of the self from theology toward sociology, from a God-relationship to a social

one, and illustrates how a loss in theological underpinnings partly contributes to the rise in the popularity of cultural relativism. By drawing on Kierkegaard's writings, Gupta develops a metaphysical account of the self that provides an alternative to the idea that there is no such thing as human nature. Keywords: Kierkegaard; Philosophy; Theory of self; Metaphysics; Theology; Sociology

The Mind of Kierkegaard James Daniel Collins

2014-07-14 This introductory overview of Kierkegaard's writings summarizes their central arguments and places them in their historical context. Originally published in 1984. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Cambridge Companion to Kierkegaard

Alastair Hannay 1998 Accessible guide to Kierkegaard available serving as a reference to students and non-specialists.

Kierkegaard's God and the Good Life Stephen

Minister 2017-09-11 Collected critical essays analyzing Kierkegaard's work in regards to theology and social-moral thought.

Kierkegaard's God and the Good Life focuses on faith and love, two central topics in Kierkegaard's writings, to grapple with complex questions at the intersection of religion and ethics. Here, leading scholars reflect on Kierkegaard's understanding of God, the religious life, and what it means to exist ethically. The contributors then shift to psychology, hope, knowledge, and the emotions as they offer critical and constructive readings for contemporary philosophical debates in the philosophy of religion, moral philosophy, and epistemology. Together, they show how Kierkegaard continues to be an important resource for understandings of religious existence, public discourse, social life, and how to live virtuously. "All in all, the editors of this

volume have put together a thoughtful and sometimes provocative collection of essays by a number of Kierkegaard scholars and philosophers for the reader's consideration. . . . The volume undoubtedly makes a contribution to contemporary philosophical debates in the philosophy of religion, moral philosophy, and epistemology, especially with regard to the importance of faith and love for leading a good and meaningful human life." —International Journal for Philosophy of Religion "Invites the reader to think anew about what Kierkegaard was saying and what we can learn from him in the context of our time, particularly what it means to become a Christian in terms of the moral task of love and living a life worthy of a human being." —Sylvia Walsh, translator of Kierkegaard's Discourses at the Communion on Fridays

The Seducer's Diary Søren Kierkegaard
2013-04-28 "In the vast literature of love, The Seducer's Diary is an intricate curiosity--a feverishly intellectual attempt to reconstruct an erotic failure as a pedagogic success, a wound masked as a boast," observes John Updike in his foreword to Søren Kierkegaard's narrative. This work, a chapter from Kierkegaard's first major volume, *Either/Or*, springs from his relationship with his fiancée, Regine Olsen. Kierkegaard fell in love with the young woman, ten years his junior, proposed to her, but then broke off their engagement a year later. This event affected Kierkegaard profoundly. Olsen became a muse for him, and a flood of volumes resulted. His attempt to set right, in writing, what he feels was a mistake in his relationship with Olsen taught him the secret of "indirect communication." The Seducer's Diary, then, becomes Kierkegaard's attempt to portray himself as a scoundrel and thus make their break easier for her. Matters of marriage, the ethical versus the aesthetic, dread, and, increasingly, the severities of Christianity are pondered by Kierkegaard in this intense work. The Prayers of Kierkegaard Søren Kierkegaard
1956 Søren Kierkegaard's influence has been felt in many areas of human thought from theology to psychology. Nearly 100 of his prayers are gathered here, illuminating his own life of prayer and speaking to the concerns of Christians today.

A Companion to Kierkegaard Jon Stewart
2015-07-21 Jon Stewart, one of the world's leading experts on the work of Søren Kierkegaard, has here compiled the most comprehensive single-volume overview of Kierkegaard studies currently available. Includes contributions from an international array of Kierkegaard scholars from across the disciplines Covers all of the major disciplines within the broad field of Kierkegaard research, including philosophy; theology and religious studies; aesthetics, the arts and literary theory; and social sciences and politics Elucidates Kierkegaard's contribution to each of these areas through examining the sources he drew upon, charting the reception of his ideas, and analyzing his unique conceptual insights into each topic Demystifies the complex field of Kierkegaard studies creating an accessible entry-point into his thought and writings for readers new to his work

Kierkegaard's Writings, XII, Volume I Søren Kierkegaard
2013-04-21 In *Philosophical Fragments* the pseudonymous author Johannes Climacus explored the question: What is required in order to go beyond Socratic recollection of eternal ideas already possessed by the learner? Written as an afterword to this work, *Concluding Unscientific Postscript* is on one level a philosophical jest, yet on another it is Climacus's characterization of the subjective thinker's relation to the truth of Christianity. At once ironic, humorous, and polemical, this work takes on the "unscientific" form of a mimical-pathetical-dialectical compilation of ideas. Whereas the movement in the earlier pseudonymous writings is away from the aesthetic, the movement in *Postscript* is away from speculative thought. Kierkegaard intended *Postscript* to be his concluding work as an author. The subsequent "second authorship" after *The Corsair Affair* made *Postscript* the turning point in the entire authorship. Part One of the text volume examines the truth of Christianity as an objective issue, Part Two the subjective issue of what is involved for the individual in becoming a Christian, and the volume ends with an addendum in which Kierkegaard acknowledges and explains his relation to the pseudonymous authors and their writings. The second volume contains the

scholarly apparatus, including a key to references and selected entries from Kierkegaard's journals and papers.

Works of Love Soren Kierkegaard 1962 "One of Soren Kierkegaard's most important writings, Works of Love is a profound examination of the human heart, in which the great philosopher conducts the reader into the inmost secrets of Love. "Deep within every man," Kierkegaard writes, "there lies the dread of being alone in the world, forgotten by God, overlooked among the household of millions upon millions." Love, for Kierkegaard, is one of the central aspects of existence; it saves us from isolation and unites us with one another and with God. This new edition of Works of Love features an original foreword by Kierkegaard scholar George Pattison."

Parables of Kierkegaard Søren Kierkegaard 1989-09-21 The mind of Kierkegaard has been kept alive in the common memory more by his parables than any other part of his authorship. Like all good parables, they have developed an oral tradition. Do not be surprised if you find here parables that you have heard imperfectly retold or partially revised. Now the reader can track down the original.

Selections From the Writings of Kierkegaard Søren Kierkegaard 2022-10-27 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Provocations Soren Kierkegaard 2014-10-15 This is a book that will wrestle with your soul at the deepest level, yet it is written in language that will deal with your mind in the most simple terms, without demanding you to take a leap of arcane philosophical knowledge. Here is Kierkegaard for all of us: the philosopher who

holds a mirror to one's innermost being and at the same time aims a Hubble telescope right at God. One way or another, this book is bound to change your life.

Kierkegaard's Writing, III, Part I Søren Kierkegaard 1987 Søren Kierkegaard, the nineteenth-century Danish philosopher rediscovered in the twentieth century, is a major influence in contemporary philosophy, religion, and literature. He regarded Either/Or as the beginning of his authorship, although he had published two earlier works on Hans Christian Andersen and irony. The pseudonymous volumes of Either/Or are the writings of a young man (I) and of Judge William (II). The ironical young man's papers include a collection of sardonic aphorisms; essays on Mozart, modern drama, and boredom; and "The Seducer's Diary." The seeming miscellany is a reflective presentation of aspects of the "either," the esthetic view of life. Part II is an older friend's "or," the ethical life of integrated, authentic personhood, elaborated in discussions of personal becoming and of marriage. The resolution of the "either/or" is left to the reader, for there is no Part III until the appearance of Stages on Life's Way. The poetic-reflective creations of a master stylist and imaginative impersonator, the two men write in distinctive ways appropriate to their respective positions.

Kierkegaard's Writings, XI, Volume 11 Søren Kierkegaard 2013-04-21 Stages on Life's Way, the sequel to Either/Or, is an intensely poetic example of Kierkegaard's vision of the three stages, or spheres, of existence: the esthetic, the ethical, and the religious. With characteristic love for mystification, he presents the work as a bundle of documents fallen by chance into the hands of "Hilarius Bookbinder," who prepared them for printing. The book begins with a banquet scene patterned on Plato's Symposium. (George Brandes maintained that "one must recognize with amazement that it holds its own in this comparison.") Next is a discourse by "Judge William" in praise of marriage "in answer to objections." The remainder of the volume, almost two-thirds of the whole, is the diary of a young man, discovered by "Frater Taciturnus," who was deeply in love but felt compelled to break his engagement. The work closes with a letter to the reader from Taciturnus on the three

"existence-spheres" represented by the three parts of the book. Stages on Life's Way not only repeats themes, characters, and pseudonymous authors of the earlier works but also goes beyond them and points to further development of central ideas in Concluding Unscientific Postscript. ?

Philosopher of the Heart Clare Carlisle
2020-05-05 *Philosopher of the Heart* is the groundbreaking biography of renowned existentialist Søren Kierkegaard's life and creativity, and a searching exploration of how to be a human being in the world. Søren Kierkegaard is one of the most passionate and challenging of all modern philosophers, and is often regarded as the founder of existentialism. Over about a decade in the 1840s and 1850s, writings poured from his pen pursuing the question of existence—how to be a human being in the world?—while exploring the possibilities of Christianity and confronting the failures of its institutional manifestation around him. Much of his creativity sprang from his relationship with the young woman whom he promised to marry, then left to devote himself to writing, a relationship which remained decisive for the rest of his life. He deliberately lived in the swim of human life in Copenhagen, but alone, and died exhausted in 1855 at the age of 42, bequeathing his remarkable writings to his erstwhile fiancée. Clare Carlisle's innovative and moving biography writes Kierkegaard's life as far as possible from his own perspective, to convey what it was like actually being this Socrates of Christendom—as he put it, living life forwards yet only understanding it backwards.

The Essential Kierkegaard Søren Kierkegaard
2013-02-04 A comprehensive anthology of Kierkegaard's writings that offers an unmatched introduction to one of the most original and influential modern philosophers This is the most comprehensive anthology of Søren Kierkegaard's works ever published in English. Drawn from the volumes of Princeton's authoritative Kierkegaard's Writings series by editors Howard and Edna Hong, these carefully chosen selections represent every major aspect of Kierkegaard's extraordinary output, which changed the course of modern intellectual history with its mix of philosophy, psychology, theology, and literary criticism. The anthology

reveals the most important themes of his work, especially what it means to exist and to be human, and captures the unique character of his writings, with their shifting pseudonyms, complex dialogues, and powerful combination of irony, satire, sermon, polemic, humor, and fiction. A superb introduction and guide to the Danish philosopher, *The Essential Kierkegaard* vividly demonstrates why his work continues to speak so directly to so many readers. Traces the full span of Kierkegaard's writings, from his early journals to his final work Features generous selections from all of Kierkegaard's most important works, including *Either/Or*, *Fear and Trembling*, *Works of Love*, and *The Sickness unto Death* Presents selections from lesser-known writings, including *Three Discourses on Imagined Occasions* and *The Lily of the Field and the Bird of the Air* Includes an introduction to Kierkegaard's writings and explanatory notes for each selection

Kierkegaard Anthology Robert Bretall
2022-02-08 This anthology covers the whole of Kierkegaard's literary career. The selections range from the terse epigrams of the *Journal* through the famous "Diary of the Seducer" and the "Banquet" scene, in which Søren Kierkegaard reveals his great lyric and dramatic gifts, on to the philosophical and psychological works of his maturity. These are climaxed by the beautiful and moving religious discourses which accompany them; finally, there is the biting satire of his *Attack upon "Christendom."* This is emphatically not a collection of "snippets," but the cream of Kierkegaard, each selection interesting and intelligible in itself, and all ranking among his most important work. They are so arranged as to convey an idea of his remarkable intellectual development. Contents: A comprehensive anthology from the following works: *Either/Or* *Fear and Trembling* *Stages on Life's Way* *Works of Love* *Concluding Unscientific Postscript* *Attack upon "Christendom"* *The Sickness Unto Death* *Philosophical Fragments* and other? *Kierkegaard's Writings, II, Volume 2* Søren Kierkegaard 2013-04-21 A work that "not only treats of irony but is irony," wrote a contemporary reviewer of *The Concept of Irony*, with Continual Reference to Socrates. Presented here with Kierkegaard's notes of the celebrated

Berlin lectures on "positive philosophy" by F.W.J. Schelling, the book is a seedbed of Kierkegaard's subsequent work, both stylistically and thematically. Part One concentrates on Socrates, the master ironist, as interpreted by Xenophon, Plato, and Aristophanes, with a word on Hegel and Hegelian categories. Part Two is a more synoptic discussion of the concept of irony in Kierkegaard's categories, with examples from other philosophers and with particular attention given to A. W. Schlegel's novel *Lucinde* as an epitome of romantic irony. The Concept of Irony and the Notes of Schelling's Berlin Lectures belong to the momentous year 1841, which included not only the completion of Kierkegaard's university work and his sojourn in Berlin, but also the end of his engagement to Regine Olsen and the initial writing of *Either/Or*.

Kierkegaard Albert Anderson 2010 Interest in Kierkegaard's writings continue decade after decade; their relevance to generation after generation is amazing. Kierkegaard wrote for "that solitary individual, the reader I call my own"-ordinary people, not really the learned scholars of northern Europe or even just the citizens of Copenhagen. He wrote for every thoughtful reader everywhere in every time. How, you may ask, could one be so bold as to presume this? One reason: The self in its multiple dimensions, coupled with the human condition-existence-to which he gave his remarkable thought and passion, are universal, timeless, and about which we are incessantly preoccupied. And no author does a better job of plumbing their mysterious depths. That is why he can be understood and why he should be read. As professor and administrator in various colleges and universities including three as president, Albert Anderson has published several books and articles in philosophy and philanthropy, among them a collaboration with Reidar Thomte on the translation and notes for Kierkegaard's *The Concept of Anxiety*. He studied in Copenhagen and holds advanced degrees from Luther Northwestern Seminary, the University of Minnesota, and Harvard University. Now retired, he and his wife make their home on a lakeshore in Northern Minnesota. Book jacket.

Kierkegaard, Mimesis, and Modernity Wojciech Kaftanski 2021-10-04 This book challenges the

widespread view of Kierkegaard's idiosyncratic and predominantly religious position on mimesis. Taking mimesis as a crucial conceptual point of reference in reading Kierkegaard, this book offers a nuanced understanding of the relation between aesthetics and religion in his thought. Kaftanski shows how Kierkegaard's dialectical-existential reading of mimesis interlaces aesthetic and religious themes, including the familiar core concepts of imitation, repetition, and admiration as well as the newly arisen notions of affectivity, contagion, and crowd behavior. Kierkegaard's enduring relevance to the malaises of our own day is firmly established by his classic concern for the meaning of human life informed by reflective meditation on the mimetic origins of the contemporary age. *Kierkegaard, Mimesis, and Modernity* will be of interest to scholars and advanced students working on Kierkegaard, Continental philosophy, the history of aesthetics, and critical and religious studies.

Kierkegaard's Writings, I, Volume 1 Søren Kierkegaard 2009-10-05 *Early Polemical Writings* covers the young Kierkegaard's works from 1834 through 1838. His authorship begins, as it was destined to end, with polemic. Kierkegaard's first published article touches on the theme of women's emancipation, and the other articles from his student years deal with freedom of the press. Modern readers can see the seeds of Kierkegaard's future career these early pieces. In "From the Papers of One Still Living," his review of Hans Christian Andersen's novel *Only a Fiddler*, Kierkegaard rejects the notion that environment is decisive in determining the fate of genius. He also puts forward his belief that each person needs a life-view or life for which and by which to live, a thought he explores further in the comic play *The Battle between the Old and the New Soap-Cellars*.

The Concept of Anxiety: A Simple Psychologically Oriented Deliberation in View of the Dogmatic Problem of Hereditary Sin Søren Kierkegaard 2014-03-03 Presents a translation of the Danish philosopher's 1844 treatise on anxiety, which he claimed could only be overcome through embracing it.

Kierkegaard and the Theology of the Nineteenth Century George Pattison

2012-11-15 This book situates Kierkegaard in the nineteenth-century debates which influenced him and discusses his relevance to contemporary Christian theology.

Kierkegaard's Muse Joakim Garff 2017-06-05

The first biography of Kierkegaard's literary muse and one-time fiancée, from the author of the definitive biography of the philosopher Kierkegaard's Muse, the first biography of Regine Olsen (1822–1904), the literary inspiration and one-time fiancée of Danish philosopher Søren Kierkegaard, is a moving portrait of a long romantic fever that had momentous literary consequences. Drawing on more than one hundred previously unknown letters by Regine that acclaimed Kierkegaard biographer Joakim Garff discovered by chance, the book tells the story of Kierkegaard and Regine's mysterious relationship more fully and vividly than ever before, shedding new light on her influence on his life and writings. Like Dante's Beatrice, Regine is one of the great muses of literary history. Kierkegaard proposed to her in 1840, but broke off the engagement a year later. After their break, they saw each other strikingly often, inside dimly lit churches, on the streets of Copenhagen, and on the paths along the old city ramparts, passing by without uttering a word. Despite or because of their separation in life, Kierkegaard made Regine his literary life companion, "that single individual" to whom he dedicated all his works. Garff shows how Regine became a poetic presence in the frequent erotic conflicts found throughout Kierkegaard's writings, from the famous "Seducer's Diary" account of their relationship to diary entries made shortly before his death in 1855. In turn, Regine remained preoccupied with Kierkegaard until her own death almost fifty years later, and her newly discovered letters, written to her sister Cornelia, reveal for the first time a woman of flesh and blood. A psychologically acute narrative that is as gripping as a novel, *Kierkegaard's Muse* is an unforgettable account of a wild, strange, and poignant romance that made an indelible mark on literary history. Some images inside the book are unavailable due to digital copyright restrictions.

Kierkegaard For Beginners Donald D. Palmer
2007-08-21 The Danish philosopher Soren

Kierkegaard was one of the most original thinkers of the 19th Century – and one of the most enigmatic men who ever walked the Earth. Philosophically, Kierkegaard was the "bridge" that led from Hegel to Existentialism.

Kierkegaard abhorred Hegel's abstract, Know-it-all idealism that tried to capture reality in a few words. Kierkegaard's attack on social and religious complacency and his single-handed assault on traditional Western philosophy generated a crisis that produced a radically new way of philosophizing and made him the founder of the school that would later be called Existentialism. To Kierkegaard, reality was personal, subjective – it began and ended with the individual – and philosophy was not something one merely talked about, it was the way you lived. For such a brilliant thinker, the way Kierkegaard lived was... somewhat too interesting? His "abstract" love affair? His obsession with death? His "leap of Faith," his cynicism, his marvelous sense of humor – how do you put all that into one man? For starters, you read *Kierkegaard For Beginners*. It explains, plainly and simply, the great Danish thinker's obsession with the particularity of human existence as well as his demonstration of how the creation of an authentic new kind of individual is possible

Fear and Trembling Soren Kierkegaard

2013-01-18 In our time nobody is content to stop with faith but wants to go further. It would perhaps be rash to ask where these people are going, but it is surely a sign of breeding and culture for me to assume that everybody has faith, for otherwise it would be queer for them to be . . . going further. In those old days it was different, then faith was a task for a whole lifetime, because it was assumed that dexterity in faith is not acquired in a few days or weeks. When the tried oldster drew near to his last hour, having fought the good fight and kept the faith, his heart was still young enough not to have forgotten that fear and trembling which chastened the youth, which the man indeed held in check, but which no man quite outgrows. . . except as he might succeed at the earliest opportunity in going further. Where these revered figures arrived, that is the point where everybody in our day begins to go further.

Diary of a Seducer Søren Kierkegaard

2006-02-20 *Diary of a Seducer* records Johannes's discovery of a girl with the Shakespearean name Cordelia, whom he sets out to control. Intricately, meticulously, cunningly, the seduction proceeds. No detail is too small to escape Johannes. "She sits on the sofa by the tea table and I sit on a chair at her side. This position has an intimate quality and at the same time a detaching dignity." Less erotic than an intellectual depiction of seduction, *Diary of a Seducer* shows the casuist Kierkegaard in what he characterized as the aesthetic mode. A new introduction by Michael Dirda puts this influential novella into high relief.

Eighteen Upbuilding Discourses Søren Kierkegaard 2003 Upbuilding or edification, is the central theme of Søren Kierkegaard's authorship: only the truth that builds up is truth for you (E02:354). Somewhere along the way, Søren Kierkegaard developed a plan to publish some upbuilding discourses to 'accompany his pseudonymous works. These Eighteen Upbuilding Discourses are the focus of the edifying commentaries in this volume.

Attack upon Christendom Søren Kierkegaard 2020-09-01 A religious diatribe written from

within the Church against the established order of things in a presumably "Christian" land.

Kierkegaard's Writings, XIV, Volume 14 Søren Kierkegaard 2009-07-26 After deciding to terminate his authorship with the pseudonymous *Concluding Unscientific Postscript*, Kierkegaard composed reviews as a means of writing without being an author. *Two Ages*, here presented in a definitive English text, is simultaneously a review and a book in its own right. In it, Kierkegaard comments on the anonymously published Danish novel *Two Ages*, which contrasts the mentality of the age of the French Revolution with that of the subsequent epoch of rationalism. Kierkegaard commends the author's shrewdness, and his critique builds on the novel's view of the two generations. With keen prophetic insight, Kierkegaard foresees the birth of an impersonal cultural wasteland, in which the individual will either be depersonalized or obliged to find an existence rooted in "equality before God and equality with all men." This edition, like all in the series, contains substantial supplementary material, including a historical introduction, entries from Kierkegaard's journals and papers, and the preface and conclusion of the original novel.
