The Tree of Life Witness Lee 2016-03-01 When God created man, He placed him before two trees: the tree of the knowledge of good and evil and the tree of life. In warning man to avoid the tree of the knowledge of good and evil, God indicated His desire for man to eat of the tree of life, signifying that man should receive God as his life supply. Witness Lee unveils in the *The Tree of Life* that God is not looking for well-behaved Christians; He is looking for those who will experience and enjoy Christ as the reality of the tree of life.

Concerning the Lord's Recovery Witness Lee 1983-09-01 These messages cover the primary and crucial aspect of the Lord's recovery of the truth today—to recover the dispensing of the Triune God as life into His redeemed people in order that He may be fully expressed on the earth.

Holy Bible Recovery Version Living Stream Ministry Throughout the centuries, translations of the Bible have steadily improved. In general, each new translation inherits from previous ones and opens the way for later ones. While a new translation derives help from its predecessors, it should go further. The Recovery Version of the New Testament, following the precedent set by the major authoritative English versions and taking these versions as reference, not only incorporates lessons learned from an examination of others' practices but also attempts to avoid biases and inaccurate judgments. This version, frequently guided by other versions, attempts to provide the best utterance for the revelation in the divine Word, that it may be expressed in the English language with the greatest accuracy. Translating the Bible depends not only on an adequate comprehension of the original language but also on a proper understanding of the divine revelation in the holy Word. Throughout the centuries the understanding of the divine revelation possessed by the saints has always been based upon the light they received, and this understanding has progressed steadily. The consummation of this understanding forms the basis of this translation and its footnotes. Hence, this translation and the accompanying footnotes could be called the "crystallization" of the understanding of the divine revelation which the saints everywhere have attained to in the past two thousand years. It is our hope that the Recovery Version will carry on the heritage that it has received and will pave the way for future generations. As with any New Testament translation, the determination of the original Greek text, based upon the available manuscripts, forms the basis for the text of the Recovery Version of the New Testament. The Recovery Version follows, for the most part, the Nestle-Aland Greek text as found in *Novum Testamentum Graece* (26th edition). However, in determining the original form of any verse, the translators of the Recovery Version gave careful consideration to the larger context of chapter and book and to similar portions of the New Testament. The most recently discovered manuscripts or the manuscripts of oldest date are not necessarily the most accurate or reliable; hence, the determination of the text for this version was based largely upon the principle stated above. Departures from the Nestle-Aland text are sometimes indicated in the footnotes. Italicized words in the verses indicate supplied words, not found in the Greek text. Quotation marks are used to

indicate close quotation from the Old Testament. The Recovery Version embodies extensive research into the meaning of the original text and attempts to express this meaning with English that is to the point, easy to understand, and readable. In those places where it is difficult to express the exact meaning of the original Greek, explanatory footnotes have been supplied. The subject provided at the beginning of each book and the outline of each book take the historical facts as their base and express the spiritual meaning in each book. The footnotes stress the revelation of the truth, the spiritual light, and the supply of life more than history, geography, and persons. The cross-references lead not only to other verses with the same expressions and facts but also to other matters related to the spiritual revelation in the divine Word.

Life-Study of Psalms Witness Lee 1984-05-01 In the Lord's recovery during the past five hundred years the church's knowledge of the Lord and His truth has been continually progressing. This monumental and classical work by Brother Witness Lee builds upon and is a further development of all that the Lord has revealed to His church in the past centuries. It is filled with the revelation concerning the processed Triune God, the living Christ, the life-giving Spirit, the experience of life, and the definition and practice of the church. In this set Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation, development, and expounding of the truths contained in the Scriptures. The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people; the second principle is that we should interpret, develop, and expound the truths contained in the Bible with Christ for the church; and the third governing principle is Christ, the Spirit,

life, and the church. No other study or exposition of the New Testament conveys the life nourishment or ushers the reader into the divine revelation of God's holy Word according to His New Testament economy as this one does.

Lessons on Prayer Witness Lee 1981-04-01 The effectiveness of our prayer depends upon our understanding of the meaning of prayer itself. In Lessons on Prayer Witness Lee first discusses the real meaning of prayer: Prayer is the mutual contact between man and God; prayer is man breathing God, obtaining God, and being obtained by God; and prayer is man cooperating and co-working with God, allowing God to express Himself and His desire through man, and thus accomplish His purpose.

Basic Lessons on Service Witness Lee 1993

Perfecting Training Witness Lee 1990-06-01 According to [Ephesians 4:11-16], we are first told that the gifts were given: 'And He gave some apostles, and some prophets, and some evangelists, and some shepherds and teachers.' This is the initial step; then the result is unto the work of the ministry, that is, unto the building up of the Body of Christ. How could the Body be built up? By the growth in life. Then out of the growth in life the function will come, the operation in measure of each one part, to cause the growth of the Body unto the building up of itself in love. Thus, there is the initial stage and then there is the result. Between these two ends is the perfecting of the saints. If there is no perfecting of the saints, all the gifts given by the Head become vain. Also, there will be nothing to cause the growth of the Body in life that functions may come out to build up the Body in love. The crucial and central point in this portion of the Word is the perfecting of the saints. Throughout the past years the Lord has been leading us in the ministry to perfect the saints for the growth in life so that the functions may come out to build up the Body in love.
