**Subculture** Dick Hebdige 2013-10-08 First Published in 2002. It is easy to see that we are living in a time of rapid and radical social change. It is much less easy to grasp the fact that such change will inevitably affect the nature of those disciplines that both reflect our society and help to shape it. Yet this is nowhere more apparent than in the central field of what may, in general terms, be called literary studies. 'New Accents' is intended as a positive response to the initiative offered by such a situation. Each volume in the series will seek to encourage rather than resist the process of change. To stretch rather than reinforce the boundaries that currently define literature and its academic study.
