strength and genius; and as they stand grouped around their mighty chief, they form a circle of military leaders, the like of whom the world has never at one time beheld. -from the Preface Within the reign of Napoleon still in the living memory of some, American author J. T. Headley took on the daunting task of rehabilitating the names and deeds of the emperor's righthand men, virtuoso military strategists and men of dauntless action eclipsed only by the brilliance of their leader. Gathered from essays that appeared in magazines in 1846, this striking two-volume work-notable in itself for being the first books published by the now legendary Scribner and Co.-offers an extraordinary and unparalleled look at Napoleon's most trusted generals. After a brief defense of Napoleon against British historians and an analysis of the emperor's character,

### **Napoleon's Imperial Guard Uniforms and Equipment.**

**Volume 2** Paul L. Dawson  
2019-05-30 The author of *Battle for Paris 1815* examines the uniforms and equipment of the cavalry of Napoleon's Imperial Guard. Few military formations have attracted more attention than Napoleon's Imperial Guard, and fewer still have been so extravagantly clothed and accoutered with the finest materials and the brightest colors. On both campaign and parade, the Guard, and especially the cavalry regiments, provided a dazzling display of military grandeur. From the green and gold trappings of the Chasseurs à

**The French Imperial Guard, Volume 2 Cavalry Officers And Soldiers Of Pdf Pdf upload Caliva g Murray**

Mamelukes, the Guard cavalry was among the most brilliantly dressed formations ever to grace the field of battle. In compiling this magnificent volume, the author has collected copies of almost all the surviving documents relating to the Guard, which includes a vast amount of material regarding the issuing of dress items, even in some instances down to company level. This information is supported by around 100 contemporary prints, many of which have never been published before, as well as images of original items of equipment held in museums and private collections across the globe. In addition, the renown military artist, Keith Rocco has produced a series of unique paintings commissioned exclusively for this book. This glorious book is, and will remain, unsurpassed as the standard work on the clothing and equipment of the cavalry of the Imperial

by reenactors, wargamers, and modelers, as well as historians and enthusiasts as one of the most important publications ever produced on this most famous of military formations.

Lasalle-the Hussar General John H. Lewis 2018-07-23 A new biography of possibly the most renowned light cavalryman There can be few, if any, students of the military history of the Napoleonic period who are unaware of the career of the flamboyant Antoine Charles Lasalle. General Lasalle did not only epitomise the spirit of the French light cavalry officer of his time, he became truly iconic--the archetypal 'hussar' who was brave to the point of recklessness on the battlefield and a libertine when there was no battle to fight. A soldier by the time he was just eleven years old, Lasalle rose meteorically through the ranks of the French light cavalry to become a General of Division.

revolutionary campaigns, during the campaign in Italy--where he became a favourite of Napoleon Bonaparte, the Egyptian Campaign, during the War of the Fourth Coalition, in Spain and in the War of the Fifth Coalition at the battles of Aspern-Essling and at Wagram in 1809 where he was killed in the closing moments of the battle. This new and original Leonaur title follows Lasalle and his peers through all these campaigns and battles, and includes many of first-hand accounts and anecdotes in which Lasalle featured. Included are many illustrations and maps to support the text and this new biography will be an entertaining and essential addition to every library of the warfare of the age of Napoleon. Leonaur editions are newly typeset and are not facsimiles; each title is available in softcover and hardback with dustjacket; our hardbacks are cloth bound and feature gold foil.

their spines and fabric head and tail bands.

### **Napoleon's Imperial Guard**

Gabriele Esposito 2021-07-30 A detailed analysis of the organization, uniforms and weapons of the French Imperial Guard created by Napoleon I. The author describes how this large military body evolved from the Consular Guard created by Bonaparte as early as 1799 and how this came to include dozens of different military units belonging to each branch of service (infantry, cavalry, artillery, specialist corps). The Imperial Guard was a 'miniature army' made up of veteran soldiers, who were dressed with the most spectacular and elegant uniforms ever seen on the battlefields of Europe. The Guard also included several 'exotic' non-French units that are also covered in the text: Egyptian Mamelukes, Polish and Lithuanian lancers, Tatar scouts, **The French Imperial Guard Volume 2 Cavalry Officers And Soldiers Of Pdf Pdf upload Caliva g Murray**

The way in which Napoleon employed the Guard in battle is discussed and also how it differed from the rest of the French Army in terms of military dress and weaponry.

### The Encyclopedia of the French Revolutionary and Napoleonic Wars

Gregory Fremont-Barnes 2006 This comprehensive three-volume work on the French Revolution and Napoleon's rule and campaigns covers a wide range of military, political, social, and cultural events and personalities during a time of dramatic change in Europe. In three extraordinarily rich volumes, The Encyclopedia of the French Revolutionary and Napoleonic Wars captures the full sweep and legacy of the transformation of Europe from 1792 to 1815. Its nearly 900 alphabetically organized, fully cross-referenced entries provide students and general readers with vivid biographies of politicians, sovereigns, and

commanders; accounts of battles, weaponry, and diplomatic affairs; insights into the art, music, and culture of the times; and much more. Unlike other works on the subject, this encyclopedia combines coverage of Napoleon's rule with that of the crucial Revolutionary years in France that set the stage for his rise to power. It includes contributions from the most wide-ranging group of international experts ever assembled for a work on this era. Students will see the full continent-wide impact of France's evolution from aristocracy to democracy to military autocracy and explore the effects of nationalism, empire-building, industrialization, and international conflict, which resonate with more relevance today than ever.

novel. Set in Russia during the Napoleonic era, this epic novel follows the fortunes of five aristocratic Russian families over the course of the French invasion. Tolstoy's timeless portrayal of the fates of families set against the backdrop of war is ultimately optimistic and life-affirming, with the educated, but socially awkward Count Pierre Bezukhov often giving voice to Tolstoy's own beliefs. Weaving together the historical and the personal, this powerful work of Russian literature encompasses the entirety of human existence.

French Imperial Guard André Jouineau 2006-06 This 3rd volume in the "Officers and Soldiers" series, shows in extraordinary detail the uniforms of the foot soldiers of Napoleon's Imperial Guard. This is a dream book for the modeler and historian alike and is packed full of full color images, using

The History of Napoleon's

Russian Campaign of 1812

Edward Foord 2022-01-04

Napoleon's Russian Campaign of 1812 is a historical account of the French invasion of Russia which was undertaken by Napoleon to force Russia back into the Continental blockade of the United Kingdom. On 24 June 1812 and the following days, the first wave of the multinational Grande Armée crossed the border into Russia with somewhere around 600,000 soldiers, the opposing Russian field forces amounted to around 180,000–200,000 at this time.

Through a series of long forced marches, Napoleon pushed his army rapidly through Western Russia in a futile attempt to destroy the retreating Russian Army of Michael Andreas

the Battle of Smolensk in August. Under its new Commander in Chief Mikhail Kutuzov, the Russian Army continued to retreat employing attrition warfare against Napoleon forcing the invaders to rely on a supply system that was incapable of feeding their large army in the field. The fierce Battle of Borodino, seventy miles west of Moscow, was a narrow French victory that resulted in a Russian general withdrawal to the south of Moscow near Kaluga. On 14 September, Napoleon and his army of about 100,000 men occupied Moscow, only to find it abandoned, and the city was soon ablaze. Napoleon stayed in Moscow for 5 weeks, waiting for a peace offer that never came. Lack of food for the men and fodder for the horses, hypothermia from the bitter cold and guerilla warfare from Russian peasants and Cossacks led to great losses. Three days after

around 10,000 soldiers of the main army remained. On 5 December, Napoleon left the army and returned to Paris. *Napoleon's Guard Cavalry* Emir Bukhari 1978-03-26 This title examines some of the most colourful and fanciful uniforms in military history, those of Napoleon's Guard Cavalry. The detailed text covers units such as the Grenadiers à Cheval; the Empress's Dragoons; the Chasseurs à Cheval; the Mamelukes; the Gardes d'Honneur; the Polish Lancers; the Dutch Lancers; the German Lancers and the Lithuanian Tartars. A plethora of illustrations complement the text, including eight fine full page colour plates by inimitable Angus McBride, providing admirably detailed reconstructions of uniforms and accompanied by ten pages of commentaries.

Retreat from Moscow 1812 - 13

Adrien Bourgoigne 2006-10-01

Adrien Bourgoigne was a seasoned veteran before the campaign of 1812, but nothing in his experience prepared him for the horrors of the infamous retreat from Moscow. Believing he was settling into comfortable winter quarters, Bourgoigne found himself together with his comrades on the Velite Fusilier - Grenadiers of the Imperial Guard - on the road to the west.

“sheds new light on the campaign of 1815 and surely will satisfy all with an interest in the Napoleonic Era” (The Napoleonic Historical Society Newsletter). When Napoleon returned to Paris after exile on the Island of Elba, he appealed to the European heads of state to be allowed to rule France in peace. His appeal was rejected and the Emperor of the French knew he would have to fight to keep his throne. In just eight weeks, Napoleon assembled 128,000 soldiers in the French Army of the North and on 15 June moved into Belgium (then a part of the kingdom of the Netherlands). Before the large Russian and Austrian armies could invade France, Napoleon hoped to defeat two coalition armies, an Anglo-Dutch-Belgian-German force under the Duke of Wellington, and a Prussian army led by Prince von Blücher. He nearly succeeded. Paul Dawson’s

Dempsey 2021-11-15 Three talented French artists, Carle Vernet, Horace Vernet (son of Carle) and Eugène Lami, capitalised on the wave of nostalgia for the First Empire brought on by the death of Napoleon in 1821 by producing a series of prints of French military uniforms of the French revolutionary and imperial armies. These colourful lithographs, each accompanied by a text by an unidentified author describing the unit depicted, were published in book form in 1822 as *Collection des Uniformes des Armées Françaises de 1791 à 1814* (Paris: Gide fils, 1822). The broad range of uniforms depicted includes many from infrequently-illustrated foreign and auxiliary units in the French army. The images also include unusual back and side views of uniforms. The images in this book are contemporary watercolor copies of the prints

dynamics of the military campaigns that helped the Mughals conquer North India and project their power beyond it. The author argues that the diverse natural environment of South Asia deeply shaped Mughal military techniques and the course of imperial expansion. He also sheds light on the world of military logistics, labour, animals, and the organization of war; the process of the formation of imperial frontiers; and the empire's legitimization of war and conquest. What emerges is a fresh interpretation of Mughal empire-building as a highly adaptive, flexible, and accommodative process.

He was born in France at a time when the 1871 military defeat by Prussia was still very present in the psyche of the French people. After all, it had not been long since the French army under Napoleon I had not only amazed the world, but had stood victoriously astride the whole of Europe. Indeed, triumphant armies guided by the military genius of Bonaparte had marched down the avenues of Paris to the delight of enormous crowds. It is no surprise, therefore, that the talented young Rousselot decided to devote much of his life to recreating the martial splendour of France's greatest age. The Napoleonic period offered innumerable opportunities for his skills, as uniforms varied widely in style and colour, as befitted an age when individual glory still counted for much on Europe's battlefields. Rousselot received his artistic training at the renowned School of Decorative

## **L' INFANTERIE de LIGNE**

**Tome 1** Jean-Marie Mongin

2020-06-30 Text in French: Pour Napoléon, « l'infanterie est l'âme de l'armée ». Elle regroupe effectivement la majeure partie des combattants présents sous les drapeaux. Nous étudierons de près ces « poussecailloux », qui parcourent l'Europe en tous sens pendant près d'un quart de siècle. Hormis le cas particulier de la Garde impériale, l'infanterie française, sous l'Empire, est partagée en deux grandes catégories : l'infanterie de ligne et l'infanterie légère. La première forme le gros bataillon de cette masse combattante. Cet ouvrage - compilation des deux dossiers, qui seront publiés dans les numéros 15 et 16 de la revue SOLDAT, est

quelques 120 planches dessinées par André Jouineau et commentées par Jean-Marie Mongin présentent les soldats de l'infanterie de Ligne, reine des batailles depuis les fantassins de Louis XVI à ceux de Charles X sans oublier, bien évidemment, les fantassins de la Révolution et les grognards de l'Empereur.

### **Napoleon's Imperial Guard Uniforms and Equipment.**

**Volume 1** Paul L. Dawson  
2019-08-30 The author of *Battle for Paris 1815* examines the uniforms and equipment of the infantry of Napoleon's Imperial Guard. From its origins as the Consular Guard of the French Republic, and as Napoleon's personal bodyguard, the Imperial Guard developed into a force of all arms numbering almost 100,000 men. Used by Napoleon as his principal tactical reserve, the Guard was engaged only sparingly, being deployed at the crucial moment of battle to turn

Emperor of the French. Naturally, the Imperial Guard has been the subject of numerous books over many decades, yet there has never been a publication that has investigated the uniforms and equipment of the infantry of the Imperial Guard with such detail and precision. The author has collected copies of almost all the surviving documents relating to the Guard, which includes a vast amount of material regarding the issuing of dress items, in some instances down to company level. This information is supported by an unrivaled collection of illustrations, many of which have never been published before, as well as images of original items of equipment held in museums and private collections across the globe. In addition, the renowned military artist, Keith Rocco, has produced a series of unique paintings commissioned exclusively for this book. This

unsurpassed as the standard work on the clothing and equipment of the Imperial Guard, and will not only be invaluable to historians, but also reenactors, wargamers and modelers. It is one of the most important publications ever produced on this most famous of military formations.

### **Chasseurs À Cheval 1779-1815**

Ludovic Letrun 2012-11-05 Here we deal with the missions given over to the Chasseurs a cheval, a type of French light cavalry before, during, and after the battle.

### **Officers and Soldiers of the**

**French Imperial Guard** André Jouineau 2008-03 The fifth and final volume of this rich saga of the French Imperial Guard, André Jouineau presents the last troops in the Garde: the Horse Artillery, the Health Service, the crew trains, the artillery and artillery trains. A chapter about the headquarters staff closes the story of these glorious units.

contributing to Histoire & Collections for more than 16 years. His uniforms plates, which are fully designed using data processing, have made him a pioneer in this field. In the "Officers and Soldiers Series" (OAS) he is also co-author of American Civil War (vols. 1 and 2), The Imperial Guard (vol. 1, 2, 3 and 4), and French Hussars (vol. 1, 2 and 3).

### *The Great Waterloo Controversy*

Gareth Glover 2020-12-02 This groundbreaking historical study resolves a hotly debated conundrum with a newly uncovered firsthand account of the Battle of Waterloo. As the battle reached its momentous climax, Napoleon's Imperial Guard marched towards the Duke of Wellington's thinning red line. Having never before tasted defeat, it was now sent reeling back in disorder. The British 1st Foot Guards were honored for this historic victory

Guards. But while the 52nd Foot also contributed to the defeat of the Imperial Guard, it received no comparable recognition. The ensuing controversy has continued down the decades and remains a highly contentious subject. But now, thanks to the previously unpublished journal of Charles Holman of the 52nd Foot, Gareth Glover sheds vital new light on those final, fatal moments. Using these journals and other firsthand accounts, Glover pieces together the most likely sequence of events as well as their immediate aftermath. Who did Wellington honor at the time? How did the Foot Guards gain much of the credit in London? Was there an establishment cover-up? Were the 52nd robbed of their glory? The Great Waterloo Controversy is the definitive answer to these questions.

of the best novelists since Jane Austen....The Hundred Days may be the best installment yet....I give O'Brian's fans joy of it."—Philadelphia Inquirer  
Napoleon, escaped from Elba, pursues his enemies across Europe like a vengeful phoenix. If he can corner the British and Prussians before their Russian and Austrian allies arrive, his genius will lead the French armies to triumph at Waterloo. In the Balkans, preparing a thrust northwards into Central Europe to block the Russians and Austrians, a horde of Muslim mercenaries is gathering. They are inclined toward Napoleon because of his conversion to Islam during the Egyptian campaign, but they will not move without a shipment of gold ingots from Sheik Ibn Hazm which, according to British intelligence, is on its way via camel caravan to the coast of North Africa. It is this gold that Jack Aubrey and

intercept. The fate of Europe hinges on their desperate mission. "The Hundred Days is certain to delight O'Brian's fans, for whom happiness is an unending stream of Aubrey/Maturin books....[It] is a fine novel that stands proudly on the shelf with the others."—Los Angeles Times

### **The Swiss in French Service**

Didier Davin 2012 That association of mountainous territories shut in among the European powers, Switzerland solved part of its financial problems as early as the Renaissance by developing a truly mercenary industry. Each canton could sign a contract (a capitulation) to recruit military units with their own officers and regulations in exchange for pay and equipment for a neighboring state. On the eve of the Revolution there were therefore Swiss units in the government guards or the troops of the Line

and the United Provinces. The revolutionary process in France ran up against their loyalty to their employer: the King, and the sad events of the massacre of the Swiss Guard on 10 August 1792 whereas the Swiss regiments of the Line were disbanded. During the vast European reorganization led by France between 1793 and 1813, Switzerland was politically and geographically transformed and furnished its big neighbor whether it liked it or not with troops of great worth who upheld their favorite motto "Honneur et Fidélité". A lot has already been written on the Swiss regiments. The book skims over the Swiss troops in service with the King on the eve of the Revolution to concentrate on those who served the Republic, the Consulate and then the Empire, focusing on less well-known aspects.

*The French Imperial Guard 1800-1815. Volume 2* André Jouineau 2018 'The Guard Gives!' The Imperial Guard, this glorious phalanx, the fruit of all the attention of the Emperor Napoleon I, forms a small army in the Grande Armée. This study of its organization, like that of its uniforms and its equipment, is here completed to the finest degree. Volume 2 explores the centaurs of the Cavalry of the Guard. This practical, small, precise, clear, logical and visual tool, a true vade mecum for amateurs of imperial history, is intended for enthusiasts of imperial history and figures. This book is the new version that has been completely redesigned, revised, amended and widely expanded - it contains nearly 50% new characters from the book published several years ago. On 176 pages, nearly a thousand drawings develop the purpose of these two specialists of the period.

and Jean-Marie Mongin present the general colonels, horse hunters, Mamelukes, dragons, grenadiers on horseback, lancers, tartars, guides, artillery train, and other artillerymen on horseback. In 176 pages there are nearly 1,000 drawings illustrating the centaurs of the Guard.

**Officers and Soldiers of the French Imperial Guard, 1804-1815: The Cavalry pt. 2**

André Jouineau 2005 The third volume in this successful series

detailing the elite phalanx of Emperor Napoléon, puts an end to the study of the Guard cavalry. The troops depicted in Vol. 3 are the Mamelucks in their oriental dress, the famous Polish lancers, the red lancers (Dutch) and the guards of honor. (A fourth and last volume will subsequently describe the other mounted troops of the Imperial Guard: horse artillery, supply train and gendarmerie).
