Together, we can abolish the system that continues to misuse and abuse power and collectively work for anti-racism." —Tiffany Jewell After Stories Irina Carlota Silber 2022-08-23 This book builds upon Irina Carlota [Lotti] Silber's nearly 25 years of ethnographic research centered in Chalatenango, El Salvador, to follow the trajectories—geographic, temporal, storied—of several extended Salvadoran families. Traveling back and forth in time and across borders, Silber narrates the everyday unfolding of diasporic lives rich with acts of labor, love, and renewed calls for memory, truth, and accountability in El Salvador's long postwar. Through a retrospective and intimate ethnographic method that examines archives of memories and troubles the categories that have come to stand for "El Salvador" such as alarming violent numbers, Silber considers the lives of young Salvadorans who were brought up in an everyday radical politics and then migrated to the United States after more than a decade of peace and democracy. She reflects on this generation of migrants—the 1.5 insurgent generation born to forgotten former rank-and-file militants—as well as their intergenerational, transnational families to unpack the assumptions and typical ways of knowing in postwar ethnography. As the 1.5 generation sustains their radical political project across borders, circulates the products of their migrant labor through remittances, and engages in collective social care for the debilitated bodies of their loved ones, they transform and depart from expectations of the wounded postwar that offer us hope for the making of more just global futures.

Culture, Connections, Comparisons, and Communities. *Tu mundo* delivers content in a variety of ways in order to ensure consistent course outcomes across all course formats. 1. Improved communication performance & skills: By jumping directly into communicative practice at the beginning of every chapter, students are encouraged to immerse themselves in the experience of active learning, whether in a face-to-face or online classroom. Grammar is presented at the end of each chapter, allowing students to study at home and work through the exercises in Connect Spanish for automatic feedback, coming to class ready to engage in discussion. This emphasis on communication in the classroom makes *Tu mundo* the most effective communicative program on the market. No other program commits to this methodology like *Tu mundo*. 2. Creating consistent learning outcomes: *Tu mundo* offers a powerful adaptive learning system called LearnSmart that allows students to identify grammatical structures and vocabulary words not yet mastered and to receive an individualized study program for mastering them. Students of all experience levels will benefit from using LearnSmart, which includes built-in reporting and a competitive scoreboard. Connect Spanish Voice Board and Blackboard Instant Messenger (BbIM), both powered by Wimba, ensure that students are getting ample practice time no matter where their classes take place. 3. Building community and connections between students: Creating a sense of community in the face-to-face or virtual classroom is a huge part of language learning and something that *Tu mundo* does implicitly. Whether students collaborate in a physical classroom or in Connect Spanish, they are provided with opportunities to engage in meaningful conversations and collaborative task-based activities. The Amigos sin fronteras, a cast of young Hispanic students that share common interests, are featured throughout the entire program and showcased in the Así somos video segments. Through the Amigos sin fronteras, students are exposed to a friendly model on how to apply what they are learning to another friendly group of students, i.e. their own class. In addition, *Tu mundo* presents an interactive online environment that applies engaging content and task-based scenarios that enable you to practicing your language skills in a fun, immersive way. Thus, students can practice Spanish in a context that is not only fun but extremely motivating. 4. More Culture and Comparisons coverage: Culture is so often left behind—so *Tu mundo* offers it throughout the program. Each chapter features a country of focus which doubles as the home country of one of the fifteen amigos. Along with in-chapter cultural sections, every chapter of *Tu mundo* features a second video segment called Mi país (within Connect), narrated by the amigos themselves, as they share information about their native countries. This window into the lives of the amigos provides a point of comparison for you to describe your own life. The Mundo interactivo scenarios represent a variety of cultural contexts in which you can interact with language and culture in a way that is meaningful to you. *Connect Spanish, including but not limited to the workbook/lab manual, LearnSmart, the video program, and chat tools, is sold separately and does not come automatically with the purchase of the textbook.

Comunicación y promoción de la Salud en la era digital. José Luis Terrón Blanco 2021-05-13 En este libro, titulado Comunicación y promoción de la salud en la era digital, y coordinado por tres reputados especialistas en la comunicación de la salud en España, se presta particular atención a la propagación de la pseudociencia y de bulos de tratamientos médicos, tanto por Twitter como otras redes sociales. También se analiza el uso de Instagram por los enfermos de cáncer en el momento de hablar de sus tratamientos y su relación con los médicos. Asimismo, se popularizan y discuten términos como "pacientes digitales", "comunicación de anticipación", "salud digital", "empresa saludable", "e-Health, eSalud o tele-salud". Todo ello aporta una muy interesante y actualizada revisión al estado de la cuestión de la comunicación de la salud en España, con complementos también muy valiosos centrados en Hispanoamérica, que abren vías de análisis a futuros trabajos de investigación.
