The Siege of Delhi Amarpal Singh 2021-07-15 A forensic look into the Sepoy rebellion at Meerut in 1857 and the three-month siege and capture of Delhi which followed.

Conquerors Roger Crowley 2015-12-01 In Conquerors, New York Times bestselling author Roger Crowley gives us the epic story of the emergence of Portugal, a small, poor nation that enjoyed a century of maritime supremacy thanks to the daring and navigational skill of its explorers—a tactical advantage no other country could match. Portugal’s discovery of a sea route to India, campaign of imperial conquest over Muslim rulers, and domination of the spice trade would forever disrupt the Mediterranean and build the first global economy. Crowley relies on letters and eyewitness testimony to tell the story of tiny Portugal’s rapid and breathtaking rise to power.

enterprising and fanatical house of Aviz. Figures such as King Manuel “the Fortunate,” João II “the Perfect Prince,” marauding governor Afonso de Albuquerque, and explorer Vasco da Gama juggled their private ambitions and the public aims of the empire, often suffering astonishing losses in pursuit of a global fortune. Also central to the story of Portugal’s ascent was its drive to eradicate Islamic culture and establish a Christian empire in the Indian Ocean. Portuguese explorers pushed deep into the African continent in search of the mythical Christian king Prester John, and they ruthlessly besieged Indian port cities in their attempts to monopolize trade. The discovery of a route to India around the horn of Africa was not only a brilliant breakthrough in navigation but heralded a complete upset of the world order. For the next century, no European empire was more ambitious, no rulers more rapacious than the kings of Portugal. In the process they created the first

maritime empire and set in motion the forces of globalization that now shape our world. At Crowley's hand, the complete story of the Portuguese empire and the human cost of its ambition can finally be told. Praise for Conquerors "Excellent . . . Crowley's interpretations are nuanced and fair."—The Christian Science Monitor "In a riveting narrative, Crowley chronicles Portugal's horrifically violent trajectory from 'impoverished, marginal' nation to European power, vying with Spain and Venice to dominate the spice trade."—Kirkus Reviews (starred review) "Brings to life the Portuguese explorers . . . perfect for anyone who likes a high seas tale."—Publishers Weekly "Readers of Crowley's previous books will not be disappointed by this exciting tale of sea battles, land campaigns and shipwrecks. . . . Crowley makes a good case for reclaiming Portugal's

significance as the forger of the first global empire."—The Daily Telegraph "Crowley has shown

a rare gift for combining compelling narrative with lightly worn academic thoroughness as well as for balancing the human with the geopolitical—qualities on display here. The story he has to tell may be a thrilling one but not every historian could tell it so thrillingly."—Michael Prodger, Financial Times "A fast-moving and highly readable narrative . . . [Crowley's] detailed reconstruction of events is based on a close reading of the works of the chroniclers, notably Barros and Correa, whose accounts were written in the tradition of the chronicles of chivalry."—History Today

Hindus Under Siege

Subramanian Swamy 2006
Cultures Under Siege Antonius C. G. M. Robben 2000-09-14
Collective violence changes the perpetrators, the victims, and the societies in which it occurs. It targets the body, the psyche, and the socio-cultural order. How do people come to terms with these tragic events, and how are cultures affected by massive outbreaks of violence? This book is a groundbreaking collection of essays by anthropologists, psychologists and psychoanalysts, drawing on field research in many different parts of the world. Profiting from an interdisciplinary dialogue, the authors provide provocative, at times deeply troubling, insights

into the under side of humanity, and they also propose new ways of

numerous ways in which this profound heritage is being attacked and threatened today, and what we can do about it. Therefore, we should carefully understand: How there is presently a war against Hinduism and its yoga culture. The weaknesses of India that allowed invaders to conquer her. Lessons from India's real history that should not be forgotten. The atrocities committed by the Muslim invaders, and how they tried to destroy Vedic culture and its many temples, and slaughtered thousands of Indian Hindus. How the British viciously exploited India and its people for its resources. How the cruelest of all Christian Inquisitions in Goa tortured and killed thousands of Hindus. Action plans for preserving and strengthening Vedic India today. How all Hindus and concerned people must stand up and be strong for protecting the universal spiritual traditions of Vedic culture.

Bunker Hill Nathaniel Philbrick, 2014, 304, 29. The best read online Pdf file in the Search Kindle and Ipad Ebooks Pdf Pdf upload Mia f Robertson

Heart of the Sea, Mayflower, and In the Hurricane's Eye tells the story of the Boston battle that ignited the American Revolution, in this "masterpiece of narrative and perspective." (Boston Globe) In the opening volume of his acclaimed American Revolution series, Nathaniel Philbrick turns his keen eye to pre-Revolutionary Boston and the spark that ignited the American Revolution. In the aftermath of the Boston Tea Party and the violence at Lexington and Concord, the conflict escalated and skirmishes gave way to outright war in the Battle of Bunker Hill. It was the bloodiest conflict of the revolutionary war, and the point of no return for the rebellious colonists. Philbrick gives us a fresh view of the story and its dynamic personalities, including John Adams, Samuel Adams, John Hancock, Paul Revere, and George Washington. With passion and insight, he reconstructs the revolutionary landscape—geographic and

ideological—in a mesmerizing narrative of the robust, messy, blisteringly real origins of America.

I Know Why the Caged Bird Sings Maya Angelou

2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a

lifetime. One year later, in San Francisco, Maya learns that

one-dimensional picture of what is at its heart a complex, richly textured country of 200 million people. In this book, using rigorous analysis of survey data, in-depth interviews in schools and universities in Pakistan, historical narrative reporting, and her own intuitive understanding of the country, Madiha Afzal gives the full picture of Pakistan's relationship with extremism. The author lays out Pakistanis' own views on terrorist groups, on jihad, on religious minorities and non-Muslims, on America, and on their place in the world. The views are not radical at first glance, but are riddled with conspiracy theories. Afzal explains how the two pillars that define the Pakistani state?Islam and a paranoia about India?have led to a regressive form of Islamization in Pakistan's narratives, laws, and curricula. These, in turn, have shaped its citizens' attitudes. Afzal traces this outlook to Pakistan's unique and tortured birth. She examines the rhetoric

strategic actions of three actors in Pakistani politics?the military, the civilian governments, and the Islamist parties?and their relationships with militant groups. She shows how regressive Pakistani laws instituted in the 1980s worsened citizen attitudes and led to vigilante and mob violence. The author also explains that the educational regime has become a vital element in shaping citizens' thinking. How many years one attends school, whether the school is public, private, or a madrassa, and what curricula is followed all affect Pakistanis' attitudes about terrorism and the rest of the world. In the end, Afzal suggests how this beleaguered nation?one with seemingly insurmountable problems in governance and education?can change course.

The Lost Warfare of India

Antony Cummins 2016-10-30

vla.ramtech.uri.edu on
October 4, 2023 by Mia f

Robertson

The Arthashastra is an ancient Indian 15-book manual on warfare and governance authored in the 3rd/4th century BCE by a Brahmin scholar named Chanakya. It was under his tuition that an ordinary boy, Chandragupta Maurya, became the first emperor of a united India. Chanakya's text was published in English by Dr. Rudrapatnam Shamashastry in 1915. The text is a treasure-trove of almost-lost ancient knowledge with subjects covering, but not limited to:*

- spy classes and espionage*
- various battle formations*
- psychological warfare*
- fortification and siege fighting
- * battlefield magic with help of gods and demons*
- ancient biological and chemical weapons*
- basic and advanced assassination tactics*
- traditional "Hindu" weapons and armour
- * uses of Indian chariots, elephants, cavalry and infantry

Chanakya's text, sheds light on ancient Indian army training, weapon

technology, battle formations, strategy and so much more.

friends who would do anything for him, like Johnny and Two-Bit. But not on much else besides trouble with the Socs, a vicious gang of rich kids whose idea of a good time is beating up on “greasers” like Ponyboy. At least he knows what to expect—until the night someone takes things too far. *The Outsiders* is a dramatic and enduring work of fiction that laid the groundwork for the YA genre. S. E. Hinton's classic story of a boy who finds himself on the outskirts of regular society remains as powerful today as it was the day it was first published. "The Outsiders transformed young-adult fiction from a genre mostly about prom queens, football players and high school crushes to one that portrayed a darker, truer world." —The New York Times "Taut with tension, filled with drama." —The Chicago Tribune "[A] classic coming-of-age book." —Philadelphia Daily News A New York Herald Tribune Best Teenage Book A Chicago Tribune Book of the Year

Gandhi's Hinduism the Struggle against Jinnah's Islam M J Akbar 2020-03-05

Gandhi, a devout Hindu, believed faith could nurture the civilizational harmony of India, a land where every religion had flourished. Jinnah, a political Muslim rather than a practicing believer, was determined to carve up a syncretic subcontinent in the name of Islam. His confidence came from a wartime deal with Britain, embodied in the 'August Offer' of 1940. Gandhi's strength lay in ideological commitment which was, in the end, ravaged by the communal violence that engineered partition. The price of this epic confrontation, paid by the people, has stretched into generations. M.J. Akbar's book, meticulously researched from original sources, reveals the astonishing blunders, lapses and conscious chicanery

that permeated the politics of seven explosive years between 1940 and 1947 from the

Mia f Robertson

archives challenge the conventional narrative, and disturb the conspiratorial silence used to protect the image of famous icons. Gandhi's Hinduism: The Struggle Against Jinnah's Islam delves into both the ideology and the personality of those who shaped the fate of a region between Iran and Burma. It is essential reading for anyone interested in modern Indian history, and the past as a prelude to the future.

Hindu Castes and Sects

Travels with George

Nathaniel Philbrick 2022-05-31
NEW YORK TIMES

BESTSELLER "Travels with George . . . is quintessential Philbrick—a lively, courageous, and masterful achievement."

—The Boston Globe Does George Washington still matter? Bestselling author Nathaniel Philbrick argues for Washington's unique contribution to the forging of America by retracing his journey as a new president through all thirteen former colonies, which were now an unsure nation. *Travels with George* marks a new first-person voice for Philbrick, weaving history and personal reflection into a single narrative. When George Washington became president in 1789, the United States of America was still a loose and quarrelsome confederation and a tentative political experiment. Washington undertook a tour of the

colonies to talk to ordinary citizens about his new government, and to imbue in them the idea of being one thing—Americans. In the fall of 2018, Nathaniel Philbrick embarked on his own journey into what Washington called “the infant woody country” to see for himself what America had become in the 229 years since. Writing in a thoughtful first person about his own adventures with his wife, Melissa, and their dog, Dora, Philbrick follows Washington’s presidential excursions: from Mount Vernon to the new capital in New York; a monthlong tour of Connecticut, Massachusetts, New Hampshire, and Rhode Island; a venture onto Long Island and eventually across Georgia, South Carolina, and North Carolina. The narrative moves smoothly between the eighteenth and twenty-first centuries as we see the country through both Washington’s and Philbrick’s eyes. Written at a

with George grapples bluntly and honestly with Washington’s legacy as a man of the people, a reluctant president, and a plantation owner who held people in slavery. At historic houses and landmarks, Philbrick reports on the reinterpretations at work as he meets reenactors, tour guides, and other keepers of history’s flame. He paints a picture of eighteenth-century America as divided and fraught as it is today, and he comes to understand how Washington compelled, enticed, stood up to, and listened to the many different people he met along the way—and how his all-consuming belief in the union helped to forge a nation.

Pakistan Under Siege

Madiha Afzal 2018-01-02 Over the last fifteen years, Pakistan has come to be defined exclusively in terms of its struggle with terror. But are ordinary Pakistanis extremists? And what explains how Pakistanis think? Much of the current work on extremism in Pakistan tends to study extremist trends

Around the world in 80 Days

Jules Verne

Fire in the Minds of Men

James H. Billington 1999 This book traces the origins of a faith--perhaps the Birth of Life from

vla.ramtech.uri.edu on October 4, 2023 by Mia f Robertson

century. Modern revolutionaries are believers, no less committed and intense than were Christians or Muslims of an earlier era. What is new is the belief that a perfect secular order will emerge from forcible overthrow of traditional authority. This inherently implausible idea energized Europe in the nineteenth century, and became the most pronounced ideological export of the West to the rest of the world in the twentieth century. Billington is interested in revolutionaries--the innovative creators of a new tradition. His historical frame extends from the waning of the French Revolution in the late eighteenth century to the beginnings of the Russian Revolution in the early twentieth century. The theater was Europe of the industrial era; the main stage was the journalistic offices within great cities such as Paris, Berlin, London, and St. Petersburg.

Billington's *Siege* with considerable evidence that revolutionaries were

shaped as much by the occultism and proto-romanticism of Germany as the critical rationalism of the French Enlightenment. The conversion of social theory to political practice was essentially the work of three Russian revolutions: in 1905, March 1917, and November 1917. Events in the outer rim of the European world brought discussions about revolution out of the school rooms and press rooms of Paris and Berlin into the halls of power. Despite his hard realism about the adverse practical consequences of revolutionary dogma, Billington appreciates the identity of its best sponsors, people who preached social justice transcending traditional national, ethnic, and gender boundaries. When this book originally appeared The New Republic hailed it as "remarkable, learned and lively," while The New Yorker noted that Billington "pays great attention to the lives and emotions of individuals and this makes his book absorbing." It is an invaluable work of history

A Little History of the World E. H. Gombrich 2014-10-01 E. H. Gombrich's Little History of the World, though written in 1935, has become one of the treasures of historical writing since its first publication in English in 2005. The Yale edition alone has now sold over half a million copies, and the book is available worldwide in almost thirty languages.

Gombrich was of course the best-known art historian of his time, and his text suggests illustrations on every page.

This illustrated edition of the Little History brings together the pellucid humanity of his narrative with the images that may well have been in his mind's eye as he

book. The two hundred illustrations—most of them in full color—are not simple embellishments, though they are beautiful. They emerge from the text, enrich the author's intention, and deepen the pleasure of reading this remarkable work. For this edition the text is reset in a spacious format, flowing around illustrations that range from paintings to line drawings, emblems, motifs, and symbols. The book incorporates freshly drawn maps, a revised preface, and a new index. Blending high-grade design, fine paper, and classic binding, this is both a sumptuous gift book and an enhanced edition of a timeless account of human history.

The Brain David Eagleman
2015-10-06 Locked in the silence and darkness of your skull, your brain fashions the rich narratives of your reality and your identity. Join renowned neuroscientist David Eagleman for a journey into the

do you make decisions? Why does your brain need other people? How is technology poised to change what it means to be human? In the course of his investigations, Eagleman guides us through the world of extreme sports, criminal justice, facial expressions, genocide, brain surgery, gut feelings, robotics, and the search for immortality. Strap in for a whistle-stop tour into the inner cosmos. In the infinitely dense tangle of billions of brain cells and their trillions of connections, something emerges that you might not have expected to see in there: you. This is the story of how your life shapes your brain, and how your brain shapes your life. (A companion to the six-part PBS series. Color illustrations throughout.)

The Class Erich Segal
2014-11-12 From world-renowned author Erich Segal comes a powerful and moving saga of five extraordinary members of the Harvard class of 1958 and the women with whom their lives are intertwined. Five Lives, five from vla.ramtech.uri.edu on October 4, 2023 by Mia f Robertson

love stories: Danny Rossi, the musical prodigy, risks it all for Harvard, even a break with his domineering father. Yet his real problems are too much fame too soon—and too many women. Ted Lambros spends his four years as a commuter, an outsider. He is obsessed by his desire to climb to the top of the Harvard academic ladder, heedless of what it will cost him in personal terms. Jason Gilbert, the Golden Boy—handsome, charismatic, a brilliant athlete—learns at Harvard that he cannot ignore his Jewish background. Only in tragedy will he find his true identity. George Keller, a refugee from Communist Hungary, comes to Harvard with the barest knowledge of English. But with ruthless determination, he masters not only the language but the power structure of his new country. Andrew Eliot is haunted by three centuries of Harvard ancestors who cast

giant shadows on his confidence. It is not until the sad and startling events of the reunion that he learns his value as a man. Their explosive story begins in a time of innocence and spans a turbulent quarter century, culminating in their dramatic twenty-five year reunion at which they confront their classmates—and the balance sheet of their own lives. Always at the center; amid the passion, laughter, and glory, stands Harvard—the symbol of who they are and who they will be. They were a generation who made the rules—then broke them—whose glittering successes, heartfelt tragedies, and unbridled ambitions would stun the world. Praise for *The Class* “Erich Segal’s best.”—Pittsburgh Press “First class entertainment.”—*Cosmopolitan* “An absorbing page-turner.”—*Publishers Weekly* “A panoramic saga.”—*Philadelphia Inquirer*
