desperate need—and a terrible secret—in this suspenseful, “astonishing” novel (Vogue). Aubrey Wallace is the kind of man no one notices. Dotty Johnson is the kind of woman no one can ignore. One afternoon, they both disappear from the small Vermont town where they live. The next day, two hundred miles away, a toddler is kidnapped from her Massachusetts home. For the next five years, Aubrey, Dotty, and the kidnapped child—united by a mix of strange love, desperate need, and the crime that brought them together—are trapped in a nomadic existence governed by their constant fear of discovery. Canny, the little girl, becomes Aubrey's entire existence. But Dotty wants out. She is tired of being saddled with this fearful man, and when she meets a brutal ex-convict, the wheels of Canny's return to her natural parents are wrenched fatally into motion. A dark, riveting tale about the impulses and weaknesses that underlie an evil act, *Vanished* was nominated for both the National Book Award and the PEN/Faulkner Award, and marked the debut of the New York Times–bestselling author of *Songs in Ordinary Time* and *A Dangerous Woman*.

The Art of Resistance Allyson Fiddler 2018-10-19 Well before the far-right resurgence that has most recently transformed European politics, Austria's 1999 parliamentary elections surprised the world with the unexpected success of the Freedom Party of Austria and its charismatic leader, Jörg Haider. The party's perceived xenophobia, isolationism, and unabashed nationalism in turn inspired a massive protest movement that expressed opposition not only through street protests but also in novels, plays, films, and music. Through careful readings of this varied cultural output, The Art of Resistance traces the aesthetic styles and strategies deployed during this time, providing critical context for understanding modern Austrian history as well as the European protest movements of today.

Have Jokes, Will Travel James Cason 2006-08 What is the one thing we have in common? We love to laugh! From the car that creates its own music out of thin air and a mass murderer appearing on Jeopardy to the strange way in which the hunt for Osama bin Ladin first began, *Have Jokes, Will Travel* has it all. Author James Alan Cason provides an entertaining collection of witticisms as he ponders every topic imaginable: I wonder what tooth fairies do with all those teeth. They probably sell them to old people. Wayne is a recruiter for McDonalds. High school guidance counselors provide him with the names of students who definitely have no future. Question: What's another name for the material used during cosmetic surgeries? Answer: Ugly-be-gone. I refuse to eat German

Chocolate cake! I'm not eating anything that was baked by a Nazi. Nothing is off limits for Cason, so if you love to laugh, you're in luck. Sit back, take a break from reality and enjoy the comedy in *Have Jokes, Will Travel*.

If It Ain't One Thang It's 98 Robert Massingill, Jr. 2008-02-01 Did I say that? I must have. Did I make the comment that $1 + 1 = 98$? That's crazy ain't it? How could that ever be? I know what it is. It's that new mathenomics they have now. You know how it is with all these inventions. I've asked myself where I got all this nonsense about the figure 98. I've always had this weird hang-up for 98. I think I know where I got it. When I was a kid watching *The Beverly Hillbillies*, when during the course of the episode, Uncle Jed was sharing with their family and friends about the marriage of two of their ancestors. He said they got married at 1898; she was 18 and he was 98. You remember the game hide-and-go-seek we used to play when we were kids? Everyone would go hide while the person who was *it* would count to

100. But there was an illegal catch. Sometimes the person would take a short cut by starting at 98; they would holler, 98, 99, 100, ready or not here I come. It just seems like 98 gets in the way all the time. Maybe if we didn't have 98, we would start all over with 1. Then we could count to 98. You know how it is; it ain't one thang, it's ninety-eight.

Table Mountain to Taumarunui Graham Deeks 2008 AUTHOR'S NOTE This book is largely a tongue in cheek rendition of real life stories, very often from the animal's perspective. The stories are real but are told using the mental flexibility of a young child with an enquiring

mind, who still believes in the Easter bunny. Along the way some literal interpretations of the English language are considered with a hopefully refreshing collapse of their originally intended meaning. These intentionally directionless ramblings include an introduction to some of the most sacred yet basic culinary delights of South African everyday humdrum' cuisine. My partner Frikki and I share a boundless passion for all forms of life.

Through circumstance, and sheer numbers, cats have dominated the thread of this book. There are, however, many other creatures that, through no fault of their own, have also contributed significantly to the adventures within this book. What have you got to lose? On your couch .Get set . Go!

Bachelor Brothers' Bed & Breakfast Pillow Book Bill Richardson 1998-10-15 A pair of endearingly eccentric bachelors--in their fifties, and fraternal twins--own and operate a bed & breakfast establishment where people like them, the "gentle and bookish and ever so slightly confused," can feel at home. Hector and Virgil think of their B&B as a refuge, a retreat, a haven, where folks may bring their own books or peruse the brothers' own substantial library. An antic blend of homespun and intellectual humor, Bachelor Brothers' Bed and Breakfast is a place readers will want to return to again and again.

BRIEF CANDLE Mahesh Dattani 2010-10-30 Brief Candle: Three Plays brings together the most recent work of Sahitya Akademi award-winner Mahesh Dattani as he continues to explore subjects that need to be addressed but are relentlessly brushed under the carpet of middle-class morality--incest; gender bias and death. The title play is set in a hospital ward where terminally ill patients put up an energetic farce in memory of their friend who died of cancer. The blurring of lines between their romp and the events of their own lives leads to revelations that are both tragic and life-affirming. In the radio play *The Girl Who Touched the Stars*; Bhavna--now an astronaut ready to take off on a mission into outer space--reflects on her past in this moment of glory; only to confront the bitter truths she has tried to ignore all her life. The fragile fabric of familial relations is ripped apart in *Thirty Days in September* when memories of a traumatic past return to haunt a mother and her daughter. Playful and poignant; devastating and redemptive; these critically acclaimed plays lay bare the far-reaching consequences of the choices we make; confirming Dattani as one of India's foremost dramatists.

Hare, Hare, What You Doing There? Robert M. Twedt 2002-09 This memoir is the story of growing-up in a Norwegian-American family in the hard times that followed the great depression of 1929. It is much more than that, however, for it describes the many, often bewildering, changes in the relationship of a boy with his father. Alternating between the ecstatic heights of hero-worship and the heart-breaking disappointment that

each disclosure of his father's very human faults brings about, the boy finds solace in books, fantasy, and trains. As he grows into adulthood, he learns to appreciate the difficult circumstances that constrict his parents' lives and their ways of surmounting them. In scenes both vigorous and tender, he experiences his father's willingness to sacrifice, materially as well as emotionally, in order to further his son's chances in life.

Mason Brewer; and a section giving resources for the further study of African Americans in Texas.
