Anne Hutchinson Timothy D. Hall 2010 Ideal supplement for U.S. History survey course as well as courses in Colonial American History, History of Women in America, American Religious History, and American Biography. Examines the life of this perennially fascinating and controversial woman within the dynamic social and cultural contexts of seventeenth-century England and North America. Drawing upon the latest scholarship, Timothy D. Hall presents Hutchinson as a literate, highly intelligent agent of a militant Protestant vanguard pressing to extend English influence into the new world. Hall explores the charges brought against Hutchinson and analyzes her responses to them, and he provides thorough coverage of her continued influence in other communities after her trial and expulsion from the Massachusetts Bay colony. Paperback, brief, and inexpensive, each of the titles in the Library of American Biography series focuses on a figure whose actions and ideas significantly influenced the course of American history and national life. In addition, each biography relates the life of its subject to the broader themes and developments of the times.

Anne Marbury Hutchinson Christy K. Robinson 2018-09-25

Marmee & Louisa Eve LaPlante 2013-11-19 A great niece and cousin of Louisa May Alcott draws on newly uncovered family papers to present a revisionist portrait of Louisa's relationship with her mother, discussing how Abigail May served as the intellectual and emotional center of Louisa's life.

Glory, Passion, and Principle Melissa Lukeman Bohrer 2007-11-01 Much has been written of the brave deeds, acts of heroism, and intellectual prowess of the men who drafted the Declaration of Independence over two hundred years ago, yet almost no attention has been paid to the extraordinary women of that time -- women who helped found our nation with courage, sacrifice, and intellect equal to any of the famed male politicians of 1776. Glory, Passion, and Principle tells the story of eight incredible women, each deprived of formal education, world travel, or equal status, and yet all managed to flourish against incredible odds. Whether advising such men as John Adams, Thomas Jefferson, or Benjamin Franklin on political theory; publishing poems and plays that would rouse a nation to independent furor; helping negotiate treaties; acting as spies; or fighting alongside men in the military -- these women broke the limiting definitions imposed upon them, much as America was doing for itself, and helped form and found the country that is America today. Each chapter is dedicated to a different woman, starting with Abigail Adams, political confidante and wife of John Adams. Using her intellect to influence her husband's position in the Continental Congress, she earned the distinction of being the only person to put Thomas Jefferson in his place. Nancy Ward, the brave and diplomatic leader of the Cherokee tribe, matured from a young widow to bold warrior, risking her life and those of her people when she warned the Patriots of imminent attack by Native American tribes. She became a strong voice when the Treaty of Hopewell was signed in 1785. Yet another bright light was Sybil Ludington, a seventeen-year-old who took it upon herself to alert her town's militia that the British were coming, and survived a ride twice as long as Paul Revere's. And where Revere got caught, Ludington did not. Alongside Ludington, Adams, and Ward, the five other chapters chronicle the lives of Deborah Sampson, Lydia Darragh, Mercy Otis Warren, Phillis Wheatley, and Molly Hays. Filled with unimaginable heartbreak, personal sacrifice, and cunning survival skills, Glory, Passion, and Principle is an inspiring testament to the women who undoubtedly made a considerable dent in our great nation's history.

Europe at Home Raffaella Sarti 2002-01-01 Vivid personal stories bring each topic to life and offer insights into human relations not only between rich and poor, powerful and weak, masters and servants, but also between parents and children, husbands and wives, and men and women."--BOOK JACKET.

Fire in the Blood Irene Nemirovsky 2010-10-22 A new treasure unearthed by Némirovsky's

biographers: another never-before-published novel from the author of the #1 bestselling Suite Française. This perfect gem of a novel was discovered only recently in separate archive files. A few pages were in the famous suitcase that Irène Némirovsky's daughters saved, but the balance had been deposited with a very close friend during the war. A morality tale with doubtful morals, a story of murder, love and betrayal in rural France, *Fire in the Blood*, planned in 1937 and written in 1941, is set in a small village (based on Issy l'Evêque, where Suite Française was written), and brilliantly prefigures the village community in her later masterpiece. *Fire in the Blood* is a beautiful chamber piece which starts quietly, lyrically, but then races away with revelations and narrative twists in a story about young women forced into marriages with old men, about mothers and daughters, stepmothers and stepdaughters, youthful passions and the regrets of old age, about peasant communities and the ways they hide their secrets. Némirovsky looks at her characters, both young and old, with the same clear-eyed distance and humanity as she displayed in Suite Française, unpeeling layer after layer. As atmospheric and haunting as Sándor Márai's *Embers*, and with the crystalline perfection of Chekhov, *Fire in the Blood* is another gripping literary find.

Galileo's Daughter Dava Sobel 2009-05-26 Inspired by a long fascination with Galileo, and by the remarkable surviving letters of Galileo's daughter, a cloistered nun, Dava Sobel has written a biography unlike any other of the man Albert Einstein called "the father of modern physics- indeed of modern science altogether." Galileo's Daughter also presents a stunning portrait of a person hitherto lost to history, described by her father as "a woman of exquisite mind, singular goodness, and most tenderly attached to me." Galileo's Daughter dramatically recolors the personality and accomplishment of a mythic figure whose seventeenth-century clash with Catholic doctrine continues to define the schism between science and religion. Moving between Galileo's grand public life and Maria Celeste's sequestered world, Sobel illuminates the Florence of the Medicis and the papal court in Rome during the pivotal era when humanity's perception of its place in the cosmos was about to be overturned. In that same time, while the bubonic plague wreaked its terrible devastation and the Thirty Years' War tipped fortunes across Europe, one man sought to reconcile the Heaven he revered as a good Catholic with the heavens he revealed through his telescope. With all the human drama and scientific adventure that distinguished Dava Sobel's previous book *Longitude*, Galileo's Daughter is an unforgettable story

Hope in a Jar Kathy Peiss 2011-11-29 How did powder and paint, once scorned as immoral, become indispensable to millions of respectable women? How did a "kitchen physic," as homemade cosmetics were once called, become a multibillion-dollar industry? And how did men finally take over that rarest of institutions, a woman's business? In *Hope in a Jar*, historian Kathy Peiss gives us the first full-scale social history of America's beauty culture, from the buttermilk and rice powder recommended by Victorian recipe books to the mass-produced products of our contemporary consumer age. She shows how women, far from being pawns and victims, used makeup to declare their freedom, identity, and sexual allure as they flocked to enter public life. And she highlights the leading role of white and black women—Helena Rubenstein and Annie Turnbo Malone, Elizabeth Arden and Madame C. J. Walker—in shaping a unique industry that relied less on advertising than on women's customs of visiting and conversation. Replete with the voices and experiences of ordinary women, *Hope in a Jar* is a richly textured account of the ways women created the cosmetics industry and cosmetics created the modern woman.

Good Newes from New England Edward Winslow 1996-08 One of America's earliest books and one of the most important early Pilgrim tracts to come from American colonies. This book helped persuade others to come join those who already came to Plymouth.

Teenage Wasteland Anne Tyler 2020-09-29 First appearing in the pages of *Seventeen Magazine*, "Teenage Wasteland" has become one of Anne Tyler's most widely beloved short stories—an affecting and masterful portrait of a life interrupted and a family come undone. Daisy

Coble had been a good mother, and so she was ashamed to find out from Donny's teacher that he had been misbehaving. He was noisy, lazy, disruptive, and he was caught smoking. At night, she lay awake wondering where she had gone wrong, and how she could have failed as a parent. Unsure of herself, Daisy follows the advice of professionals, and hires Donny a tutor with some unusual ideas to set the boy straight. But, has the gap between them grown too wide to bridge? A Vintage Short.

The Passion of Anne Hutchinson Marilyn J. Westerkamp 2021-06-03 When English colonizers landed in New England in 1630, they constructed a godly commonwealth according to precepts gleaned from Scripture. For these 'Puritan' Christians, religion both provided the center and defined the margins of existence. While some Puritans were called to exercise power as magistrates and ministers, and many more as husbands and fathers, women were universally called to subject themselves to the authority of others. Their God was a God of order, and out of their religious convictions and experiences Puritan leaders found a divine mandate for a firm, clear hierarchy. Yet not all lives were overwhelmed; other religious voices made themselves heard, and inspired voices that defied that hierarchy. Gifted with an extraordinary mind, an intense spiritual passion, and an awesome charisma, Anne Hutchinson arrived in Massachusetts in 1634 and established herself as a leader of women. She held private religious meetings in her home and later began to deliver her own sermons. She inspired a large number of disciples who challenged the colony's political, social, and ideological foundations, and scarcely three years after her arrival, Hutchinson was recognized as the primary disrupter of consensus and order--she was then banished as a heretic. Anne Hutchinson, deeply centered in her spirituality, heard in the word of God an imperative to ignore and move beyond the socially prescribed boundaries placed around women. The Passion of Anne Hutchinson examines issues of gender, patriarchal order, and empowerment in Puritan society through the story of a woman who sought to preach, inspire, and disrupt.

Trouble's Daughter Katherine Kirkpatrick 2020-03 In 1663, Susanna Hutchinson, daughter of religious firebrand Anne Marbury Hutchinson, moves with her family to the wilderness along Long Island Sound. Soon, Lenape warriors massacre the family and take Susanna hostage.

Anne Hutchinson Captivating History 2020-03-04 Her steps were determined and steady, even though the plank of the wooden ship bobbed up and down in the glittering but frigid water that splashed against the wet dock. In the first light of day, these were the times tinged with the hues of promise shadowed only by the vague unknown.

Film Art Phenomena Nicky Hamlyn 2019-07-25 Alongside the commercial cinema of narrative and spectacle there has always been another practice - call it avant-garde, experimental or artists' film (as opposed to art cinema). It is this work that Nicky Hamlyn, himself an acclaimed film-maker in the alternative tradition, investigates in Film Art Phenomena. The work takes its cue from modern trends in other artforms, notably painting and sculpture. This is film-making that emphasises the nature of its apparatus and medium in order to bring about a critical, inquisitive state of mind in the viewer. It deconstructs, anatomises and reimagines what film images are; it builds new machines; it recreates the setting of cinema or expands into new kinds of performance and exhibition. It often has a political dimension - urging audiences to make a free and active response not a passive, consumerist one. Hamlyn's major new study treats artists' film conceptually in order to explore key categories that connect different works and film-makers: from framing to digital media, installation to interactivity, point of view to sound. In so doing he considers the work of Stan Brakhage, Malcolm Le Grice and Michael Snow, as well as younger artists such as Karen Mirza and Brad Butler, Jennifer Nightingale, and Colin Crockatt, among many others. Film Art Phenomena is a crucial intervention in debates about the modes of film-making that diverge from and oppose the mainstream.

American Jezebel Eve LaPlante 2005-03-01 The Dramatic Story of America's Founding Mother **The Wordy Shipmates** Sarah Vowell 2009-10-06 In this New York Times bestseller, the author of Lafayette in the Somewhat United States "brings the [Puritan] era wickedly to life" (Washington Post). To this day, America views itself as a Puritan nation, but Sarah Vowell investigates what that means-and what it should mean. What she discovers is something far different from what their uptight shoebuckles- and-corn reputation might suggest-a highly literate, deeply principled, and surprisingly feisty people, whose story is filled with pamphlet feuds, witty courtroom dramas, and bloody vengeance. Vowell takes us from the modern-day reenactment of an Indian massacre to the Mohegan Sun casino, from old-timey Puritan poetry, where "righteousness" is rhymed with "wilderness," to a Mayflower-themed waterslide. Throughout, The Wordy Shipmates is rich in historical fact, humorous insight, and social commentary by one of America's most celebrated voices.

American Jezebel Eve LaPlante 2004 Recounts the life and political achievements of the seventeenth-century feminist, noting her successful reform efforts in spite of the limitations placed on Puritan women and multiple charges of heresy and sedition, in a portrait that also identifies her role in the establishment of modern concepts of religious freedom, gender equality, and civil rights. 25,000 first printing.

Victoria and the Rogue Meg Cabot 2009-10-06 Victoria Growing up in far-off India, wealthy young heiress Lady Victoria Arbuthnot was accustomed to handling her own affairs -- not to mention everyone else's. But in her sixteenth year, Vicky is unceremoniously shipped off to London to find a husband. With her usual aplomb, however, Lady Victoria gets herself engaged to the perfect English gentleman, even before setting foot on British soil. The Rogue Hugo Rothschild, ninth earl of Malfrey, is everything a girl could want in a future husband: he is handsome and worldly, if not rich. Lady Victoria has everything just as she'd like it. That is, if raffish young ship captain Jacob Carstairs would leave well enough alone. Jacob's meddling is nothing short of exasperating, and Victoria is mystified by his persistence. But when it becomes clear that young Lord Malfrey just might not be all that he's professed to be, Victoria is forced to admit, for the first time in her life, that she is wrong. Not only about her fiance, but about the reason behind the handsome ship captain's interference.

This Child Will Be Great Ellen Johnson Sirleaf 2009-04-14 ?"Exceptionally well written, a true story that seems as much a thriller as the remembrances of an ambitious and brave woman. . . . This timely book. . . is a lesson in courage and perseverance." — Washington Post An inspirational memoir from Africa's first elected female president about her improbable rise to international prominence, her fight for political freedom, and her unwavering determination to rebuild her nation—Liberia—in the wake of civil war In January 2006, after the Republic of Liberia had been racked by fourteen years of brutal civil conflict, Ellen Johnson Sirleaf—Africa's "Iron Lady"—was sworn in as president, an event that marked a tremendous turning point in the history of the West African nation. In this stirring memoir, Sirleaf shares the story of her rise to power, including her early childhood; her experiences with abuse, imprisonment, and exile; and her fight for democracy and social justice. She reveals her determination to succeed in multiple worlds, from her studies in the United States to her work as an international bank executive, to campaigning in some of Liberia's most desperate and war-torn villages and neighborhoods. It is the tale of an outspoken political and social reformer who fought the oppression of dictators and championed change. By telling her story, Sirleaf encourages women everywhere to pursue leadership roles at the highest levels of power, and gives us all hope that we can change the world.

The Age of Homespun Laurel Thatcher Ulrich 2009-08-26 They began their existence as everyday objects, but in the hands of award-winning historian Laurel Thatcher Ulrich, fourteen domestic items from preindustrial America—ranging from a linen tablecloth to an unfinished sock—relinquish their stories and offer profound insights into our history. In an age when even meals are rarely made from scratch, homespun easily acquires the glow of nostalgia. The objects Ulrich investigates unravel those simplified illusions, revealing important clues to the culture and people who made them. Ulrich uses an Indian basket to explore the uneasy coexistence of native and colonial Americans. A piece of silk embroidery reveals racial and class distinctions, and two old spinning wheels illuminate the connections between colonial cloth-making and war. Pulling these divergent threads together, Ulrich demonstrates how early Americans made, used, sold, and saved textiles in order to assert their identities, shape relationships, and create history.

Facing East from Indian Country Daniel K. Richter 2009-06-01 In the beginning, North America was Indian country. But only in the beginning. After the opening act of the great national drama, Native Americans yielded to the westward rush of European settlers. Or so the story usually goes. Yet, for three centuries after Columbus, Native people controlled most of eastern North America and profoundly shaped its destiny. In Facing East from Indian Country, Daniel K. Richter keeps **American Jezebel The Uncommon Life Of Anne Hutchinson The Woman Who Defied The Puritans Pdf Pdf upload Mia w Paterson**

Native people center-stage throughout the story of the origins of the United States. Viewed from Indian country, the sixteenth century was an era in which Native people discovered Europeans and struggled to make sense of a new world. Well into the seventeenth century, the most profound challenges to Indian life came less from the arrival of a relative handful of European colonists than from the biological, economic, and environmental forces the newcomers unleashed. Drawing upon their own traditions, Indian communities reinvented themselves and carved out a place in a world dominated by transatlantic European empires. In 1776, however, when some of Britain's colonists rebelled against that imperial world, they overturned the system that had made Euro-American and Native coexistence possible. Eastern North America only ceased to be an Indian country because the revolutionaries denied the continent's first peoples a place in the nation they were creating. In rediscovering early America as Indian country, Richter employs the historian's craft to challenge cherished assumptions about times and places we thought we knew well, revealing Native American experiences at the core of the nation's birth and identity.

Anne Hutchinson Bianca Leonardo 1995 An Incredible Life a Tragic Death! America's first feminist, female minister, and martyr. True, Dramatic, Inspiring! "If Anne had been a man, she'd be in all the history books." Her exciting story has been neglected for 350 years. Read how Anne Hutchinson came to America from a comfortable life in England, to settle in rugged, four-year-old Boston. The conditions were extremely harsh. The women, with constant child-bearing, suffered the most. Spiritually minded, loving Anne became involved in helping the women in the Colony understand "the God of Love, not Law." Anne's zeal for God's truth in an all-male clergy led to an outright inquisition, and, ultimately, to her excommunication and banishment. Soon thereafter, came her tragic and untimely death, along with her young children.

Towers of Gold Frances Dinkelspiel 2010-01-05 Isaias Hellman, a Jewish immigrant, arrived in California in 1859 with very little money in his pocket and his brother Herman by his side. By the time he died, he had effectively transformed Los Angeles into the modern metropolis we see today. In Frances Dinkelspiel's groundbreaking history, the early days of California are seen through the life of a man who started out as a simple store owner only to become California's premier money-man of the late 19th and early 20th century. Growing up as a young immigrant, Hellman quickly learned the use to which "capital" could be put, founding LA's Farmers and Merchants Bank, that city's first successful bank, and transforming Wells Fargo into one of the West's biggest financial institutions. He invested money with Henry Huntington to build trolley lines, lent Edward Doheney the funds that led him to discover California's huge oil reserves, and assisted Harrison Gary Otis in acquiring full ownership of the Los Angeles Times. Hellman led the building of Los Angeles' first synagogue, the Wilshire Boulevard Temple, helped start the University of Southern California and served as Regent of the University of California. His influence, however, was not limited to Los Angeles. He controlled the California wine industry for almost twenty years and, after San Francisco's devastating 1906 earthquake and fire, calmed the financial markets there in order to help that great city rise from the ashes. With all of these accomplishments, Isaias Hellman almost single-handedly brought California into modernity. Ripe with great historical events that filled the early days of California such as the Gold Rush and the San Francisco earthquake, Towers of Gold brings to life the transformation of California from a frontier society whose economy was driven by the barter of hides and exchange of gold dust into a vibrant state with the strongest economy in the nation.

American Jezebel Eve LaPlante 2010-10-19 In 1637, Anne Hutchinson, a forty-six-year-old midwife who was pregnant with her sixteenth child, stood before forty male judges of the Massachusetts General Court, charged with heresy and sedition. In a time when women could not vote, hold public office, or teach outside the home, the charismatic Hutchinson wielded remarkable political power. Her unconventional ideas had attracted a following of prominent citizens eager for social reform. Hutchinson defended herself brilliantly, but the judges, faced with a perceived threat to public order, banished her for behaving in a manner "not comely for [her] sex." Written by one of Hutchinson's direct descendants, American Jezebel brings both balance and perspective to Hutchinson's story. It captures this American heroine's life in all its complexity, presenting her not as a religious fanatic, a cardboard feminist, or a raging crank—as some have portrayed her—but as a flesh-and-blood wife, mother, theologian, and political leader. The book narrates her dramatic expulsion from Massachusetts, after which her judges, still threatened by her challenges, promptly built Harvard College to enforce religious and social orthodoxies—making her the mid-wife to the nation's first college. In exile, she settled Rhode Island, becoming the only woman ever to co-found an American colony. The seeds of the American struggle for women's and human rights can be found in the story of this one woman's courageous life. American Jezebel illuminates the origins of our modern concepts of religious freedom, equal rights, and free speech, and showcases an extraordinary woman whose achievements are astonishing by the standards of any era.

Anne Hutchinson's Way Jeannine Atkins 2007-07-24 A fictionalized episode from the life of Anne Hutchinson, who arrived with her family in Massachusetts in 1634, but was soon banished for holding religious meetings and teaching ideas with which Puritan ministers disagreed.

Salem Witch Judge Eve LaPlante 2009-10-13 In 1692 Puritan Samuel Sewall sent twenty people to their deaths on trumped-up witchcraft charges. The nefarious witch trials in Salem, Massachusetts represent a low point of American history, made famous in works by Longfellow, Nathaniel Hawthorne (himself a descendant of one of the judges), and Arthur Miller. The trials might have doomed Sewall to infamy except for a courageous act of contrition now commemorated in a mural that hangs beneath the golden dome of the Massachusetts State House picturing Sewall's public repentance. He was the only Salem witch judge to make amends. But, remarkably, the judge's story didn't end there. Once he realized his error, Sewall turned his attention to other pressing social issues. Struck by the injustice of the New England slave trade, a commerce in which his own relatives and neighbors were engaged, he authored "The Selling of Joseph," America's first antislavery tract. While his peers viewed Native Americans as savages, Sewall advocated for their essential rights and encouraged their education, even paying for several Indian youths to attend Harvard College. Finally, at a time when women were universally considered inferior to men, Sewall published an essay affirming the fundamental equality of the sexes. The text of that essay, composed at the deathbed of his daughter Hannah, is republished here for the first time. In Salem Witch Judge, acclaimed biographer Eve LaPlante, Sewall's great-great-great-great-great-granddaughter, draws on family lore, her ancestor's personal diaries, and archival documents to open a window onto life in colonial America, painting a portrait of a man traditionally vilified, but who was in fact an innovator and forefather who came to represent the best of the American spirit.

The Mayflower Rebecca Fraser 2017-11-07 "First published in the United Kingdom under the title The Mayflower generation by Chatto & Windus, an imprint of Vintage, a Penguin Random House company"--Verso.

The Winthrop Woman Anya Seton 2014-04-22 Colonial America holds friendship, hardship, and love for a bold woman in this classic historical romance from the bestselling author of Green Darkness. In 1631 Elizabeth Winthrop, newly widowed with an infant daughter, set sail for the New World. Against a background of rigidity and conformity she dared to befriend Anne Hutchinson at the moment of her banishment from the Massachusetts Bay Colony; dared to challenge a determined army captain bent on the massacre of her friends the Siwanoy Indians; and, above all, dared to love a man as her heart and her whole being commanded. And so, as a response to this almost unmatched courage and vitality, Governor John Winthrop came to refer to this woman in the historical records of the time as his "unregenerate niece." Anya Seton's riveting historical novel portrays the fortitude, humiliation, and ultimate triumph of the Winthrop woman, who believed in a concept of happiness transcending that of her own day. "The Winthrop Woman is that rare literary accomplishment—living history. Really good fictionalized history [like this] often gives closer reality to a period than do factual records."—Chicago Tribune "A rich and panoramic narrative full of gusto, sentimentality and compassion. It is bound to give much enjoyment and a good many thrills."—Times Literary Supplement (UK) "Abundant and juicy entertainment."—New York Times

Seized Eve LaPlante 2016-03-22 Seized is a narrative portrait of a common brain disorder that can alter personality, illuminating the mind-body problem and the limits of free will. An invaluable resource for anyone touched by epilepsy, Seized gives first-hand accounts of three ordinary patients with temporal lobe epilepsy (TLE), explaining what they suffer and how they cope. The book also tells the stories of creative luminaries diagnosed with or suspected of having TLE,

including van Gogh, Dostoevsky, Lewis Carroll, Saint Paul, and Flaubert. The psychological implications of Seized are, according to Publishers Weekly, “staggering.” Kirkus Reviews called the book “Fascinating . . . LaPlante’s descriptions of the human brain are wonderfully concrete, her historical research is well presented, and her empathy for TLE’s victims is clear.” In this “fascinating account of medical research,” Howard Gardner noted, “LaPlante shows how a brain scar may cause bizarre aggressive or sexual behavior—and works of profound creative imagination.”

Anne Hutchinson Susan Bivin Aller 2010-01-01 Biography of Anne Marbury Hutchinson, a Puritan woman in colonial Massachusetts who was put on trial by the church leaders for her spiritual teachings.

The Three Mothers Anna Malaika Tubbs 2021-02-02 "Tubbs' connection to these women is palpable on the page — as both a mother and a scholar of the impact Black motherhood has had on America. Through Tubbs' writing, Berdis, Alberta, and Louise's stories sing. Theirs is a history forgotten that begs to be told, and Tubbs tells it brilliantly." — Ibram X. Kendi, #1 New York Times bestselling author of *How to Be an Antiracist* and National Book Award winner *Stamped from the Beginning* Much has been written about Berdis Baldwin's son James, about Alberta King's son Martin Luther, and Louise Little's son Malcolm. But virtually nothing has been said about the extraordinary women who raised them. In her groundbreaking and essential debut *The Three Mothers*, scholar Anna Malaika Tubbs celebrates Black motherhood by telling the story of the three women who raised and shaped some of America's most pivotal heroes. A New York Times Bestsellers Editors' Choice An Amazon Editor's Pick for February Amazon's Best Biographies and Memoirs of 2021 One of theSkimm's "16 Essential Books to Read This Black History Month" One of Fortune Magazine's "21 Books to Look Forward to in 2021!" One of Badass Women's Bookclub picks for "Badass Books We Can't Wait to Read in 2021!" One of Working Mother Magazine's "21 Best Books of 2021 for Working Moms" One of Ms. Magazine's "Most Anticipated Reads for the Rest of Us 2021" One of Bustle's "11 Nonfiction Books To Read For Black History Month — All Written By Women" One of SheReads.com's "Most anticipated nonfiction books of 2021" Berdis Baldwin, Alberta King, and Louise Little were all born at the beginning of the 20th century and forced to contend with the prejudices of Jim Crow as Black women. These three extraordinary women passed their knowledge to their children with the hope of helping them to survive in a society that would deny their humanity from the very beginning—from Louise teaching her children about their activist roots, to Berdis encouraging James to express himself through writing, to Alberta basing all of her lessons in faith and social justice. These women used their strength and motherhood to push their children toward greatness, all with a conviction that every human being deserves dignity and respect despite the rampant discrimination they faced. These three mothers taught resistance and a fundamental belief in the worth of Black people to their sons, even when these beliefs flew in the face of America's racist practices and led to ramifications for all three families' safety. The fight for equal justice and dignity came above all else for the three mothers. These women, their similarities and differences, as individuals and as mothers, represent a piece of history left untold and a celebration of Black motherhood long overdue.

Divine Rebel Selma R. Williams 1981

Nicola and the Viscount Meg Cabot 2009-10-06 A breezy, funny Regency romance with an unforgettable heroine—from the bestselling author of *The Princess Diaries* series and many well-loved romances. Nicola Sparks has fallen in love, big time. The object of her dreams is the fabulously rich Lord Sebastian, he of the ice-blue eyes, golden hair, and full-on mastery of the dance floor. To Nicky, Lord S. is a god. But are gods always quite as perfect as they are meant to be? Nicola, sixteen and an orphan, always gets what she wants. She's ready to dive headlong into her first glittering London society season. She's also ready to dive headlong into the arms of handsome and debonair Lord Sebastian. Nicola's dream is a proposal from the viscount—a dream she's about to realize at last! So naturally, Nathaniel Sheridan's insinuations about her fiancé's flawed character annoy her mightily. But when Nicola's natural curiosity gets the best of her, she begins to piece together a few things for herself. To her great surprise, Nicola realizes she's had the wrong viscount all along . . . but is it too late to make things right? Nicola could feel Lord Sebastian's heart beating. It was the most delightful feeling in the world. Surely it meant that The God liked her. More than simply liked her—loved her even. It had to! It just had to!

Wild Women Autumn Stephens 2020-10-27 A delightful collection of 150 profiles of women who refused to confine themselves to the nineteenth-century Victorian model for proper womanhood. During the Victorian era, a woman's pedestal was her prison . . . “Women should not be expected to write, or fight, or build, or compose scores. She does all by inspiring man to do all.” —Ralph Waldo Emerson “There is nothing more dangerous for a young woman than to rely chiefly upon her intellectual powers, her wit, her imagination, her fancy.” —Godey's *Lady's Book* magazine But, scores of nineteenth-century American women chose to live life on their terms. In this book you will meet women who refused to remain on a Victorian pedestal. In San Francisco, a courtesan appeared as a plaintiff in court, suing her clients for fraud. In Montana, a laundress in her seventies decked a gentleman who refused to pay his bill. A forty-three-year-old schoolteacher plunged down Niagara Falls in a wooden barrel. A frail lighthouse keeper pulled twenty-two sinking sailors out of the ocean off Rhode Island. A pair of Colorado madams fought a public pistol duel over their mutual beau. Two lady lovebirds were legally wed in Michigan. An ad hoc abolitionist spirited away scores of slaves on the Underground Railroad. A Secessionist spy swallowed a secret message as she was arrested, claiming that no one could capture her soul. Featuring fifty black-and-white photos from the era. Perfect for fans of *Women Who Run with the*

Wolves or *Badass Affirmations*. Praise for *Wild Women* “A fantastic read with unforgettable woman from across the world. I love this groundbreaking and fascinating book of wonderful women!”

—Becca Anderson, author of *The Book of Awesome Women*

Come Back to Me Mila Gray 2015-12-08 In this heart-wrenching tale of love and loss, a young Marine and his best friend's sister plunge into a forbidden love affair while he's home on leave. When a Marine Chaplain knocks on her door, Jessa's heart breaks—someone she loves is dead. Killed in action, but is it Riley or Kit? Her brother or her boyfriend... Three months earlier, Marine Kit Ryan finds himself back home on leave and dangerously drawn to his best friend Riley's sister, Jessa—the one girl he can't have. Exhausted from fighting his feelings, Kit finally gives in, and Jessa isn't strong enough to resist diving headfirst into a passionate relationship. But what was just supposed to be a summer romance develops into something far greater than either of them expected. Jessa's finally found the man of her dreams and Kit's finally discovered there's someone he'd sacrifice everything for. When it's time for Kit to redeploy, neither one is ready to say goodbye. Jessa vows to wait for him and Kit promises to come home to her. No matter what. But as Jessa stands waiting for the Marine Chaplain to break her heart, she can't help but feel that Kit has broken his promise... Riley or Kit? Kit or Riley? Her brother or her boyfriend? Who's coming home to her?

It's Complicated Danah Boyd 2014-02-25 Surveys the online social habits of American teens and analyzes the role technology and social media plays in their lives, examining common misconceptions about such topics as identity, privacy, danger, and bullying.

The Word According to Eve Cullen Murphy 2015-07-14 “A disarming, intelligent, and timely book” that re-examines religious history and scripture with a focus on the feminine experience (*The New York Times*). In the world that created the Bible, there were no female scholars and theologians, yet in recent decades, owing to such stunning discoveries as the Dead Sea Scrolls and the Nag Hammadi texts, as well as advances in historical understanding and the rise of feminism, a generation of scholars has found new ways to interpret the Scriptures and the societies that created them—exploring avenues traditionally ignored by male-dominated religious study. Surveying the new scholarship and the personalities of those who have created it, *The Word According to Eve* not only explores afresh the history of our religions but offers exciting new challenges to our sense of worship. “Provocative and lucid . . . an engaging book.” —*The Boston Globe*

God, War, and Providence James A. Warren 2018-06-12 The tragic and fascinating history of the first epic struggle between white settlers and Native Americans in the early seventeenth century: “a riveting historical validation of emancipatory impulses frustrated in their own time” (*Booklist*, starred review) as determined Narragansett Indians refused to back down and accept English authority. A devout Puritan minister in seventeenth-century New England, Roger Williams was also a social critic, diplomat, theologian, and politician who fervently believed in tolerance. Yet his orthodox brethren were convinced tolerance fostered anarchy and courted God's wrath. Banished from Massachusetts Bay Colony in 1635, Williams purchased land from the Narragansett Indians and laid the foundations for the colony of Rhode Island as a place where Indian and English cultures could flourish side by side, in peace. As the seventeenth century wore on, a steadily deepening antagonism developed between an expansionist, aggressive Puritan culture and an increasingly vulnerable, politically divided Indian population. Indian tribes that had been at the center of the New England communities found themselves shunted off to the margins of the region. By the 1660s, all the major Indian peoples in southern New England had come to accept English authority, either tacitly or explicitly. All, except one: the Narragansetts. In *God, War, and Providence* “James A. Warren transforms what could have been merely a Pilgrim version of cowboys and Indians into a sharp study of cultural contrast...a well-researched cameo of early America” (*The Wall Street Journal*). He explores the remarkable and little-known story of the alliance between Roger Williams's Rhode Island and the Narragansett Indians, and how they joined forces to retain their autonomy and their distinctive ways of life against Puritan encroachment. Deeply researched, “Warren's well-written monograph contains a great deal of insight into the tactics of war on the frontier” (*Library Journal*) and serves as a telling precedent for white-Native American encounters along the North American frontier for the next 250 years.

The Times and Trials of Anne Hutchinson Michael Paul Winship 2005 Anne Hutchinson was perhaps the most famous Englishwoman in colonial American history, viewed in later centuries as a crusader for religious liberty and a prototypical feminist. Michael Winship disentangles what really happened from the legends that have misrepresented her for so long

Political Women and American Democracy Christina Wolbrecht 2008-03-24 What do we know about women, politics, and democracy in the United States? The last thirty years have witnessed a remarkable increase in women's participation in American politics and an explosion of research on female political actors, and the transformations effected by them, during the same period. *Political Women and American Democracy* provides a critical synthesis of scholarly research by leading experts in the field. The collected essays examine women as citizens, voters, participants, movement activists, partisans, candidates, and legislators. The authors provide frameworks for understanding and organizing existing scholarship; focus on theoretical, methodological, and empirical debates; and map out productive directions for future research. As the only book to offer “state of the field” essays on women and gender in U.S. politics, *Political Women and American Democracy* will be an invaluable resource for scholars and students studying and conducting women and politics research.
