2016-03-23 Katherine J.
Cramer "An important
contribution to the literature
on contemporary American
politics. Both methodologically
and substantively, it breaks
new ground." —Journal of
Sociology & Social Welfare
When Scott Walker was elected
Governor of Wisconsin, the
state became the focus of
debate about the appropriate
role of government. In a time of

rising inequality, Walker not
only survived a bitterly
contested recall, he was
subsequently reelected. But
why were the very people who
would benefit from strong
government services so
vehemently against the idea of
big government? With *The
Politics of Resentment*,
Katherine J. Cramer uncovers
an oft-overlooked piece of the
puzzle: rural political
consciousness and the
resentment of the "liberal
elite." Rural voters are
distrustful that politicians will
respect the distinct values of
their communities and allocate
a fair share of resources. What
can look like disagreements
about basic political principles
are therefore actually rooted in
something even more
fundamental: who we are as
people and how closely a
candidate's social identity
matches our own. Taking a
deep dive into Wisconsin's
political climate, Cramer
illuminates the contours of
rural consciousness, showing
how place-based identities
profoundly influence
