Contains trends, statistical tables, and an industry glossary. Includes one page profiles of food industry firms, which provides data such as addresses, phone numbers, and executive names.

Foreign Direct Investment in Latin America and the Caribbean 2019 2019-10-01 United Nations

This ECLAC annual report sets out and analyses the main foreign direct investment (FDI) trends in the countries of Latin America and the Caribbean. In the region, FDI inflows were up (by 13.2%) year on year for the first time in five years, at US\$ 184.287 billion. This performance is explained by higher flows into just a few countries, however, mainly Brazil and Mexico. Moreover, it does not reflect equity investment, but higher inflows in the form of intercompany loans and, to a lesser extent, reinvestment of earnings. Manufactures and services were the sectors receiving most equity, although there was a slight rise in investment in natural resource sectors compared with 2018.

The Coke Machine 2011-09-06 Michael Blanding
The Coke Machine takes readers deep inside the Coca-Cola Company and its international franchisees to reveal how they became the number one brand in the world, and just how far they'll go to stay there. Ever since its "I'd like to teach the world to sing" commercials from the 1970s, Coca-Cola has billed itself as the world's beverage, uniting all colors and cultures in a mutual love of its caramel-sweet sugar water. The formula has worked incredibly well-making it one of the most profitable companies on the planet and "Coca-Cola" the world's second- most recognized word after "hello." However, as the company expands its reach into both domestic and foreign markets, an increasing number of the world's citizens are finding the taste of Coke more bitter than sweet. Journalist Michael Blanding's *The Coke Machine* probes shocking accusations about the company's global impact, including: ? Coca-Cola's history of winning at any cost, even if it meant that its franchisees were making deals with the Nazis and Guatemalan paramilitary squads ? How Coke has harmed children's health and contributed to an obesity epidemic through exclusive soda contracts in schools ? The horrific environmental impact of Coke bottling plants in India and Mexico, where water supplies have been

decimated while toxic pollution has escalated ? That Coke bottlers stand accused of conspiring with paramilitaries to threaten, kidnap, and murder union leaders in their bottling plants in Colombia A disturbing portrait drawn from an award-winning journalist's daring, in-depth research, *The Coke Machine* is the first comprehensive probe of the company and its secret formula for greed. COKE is a registered trademark of The Coca-Cola Company. This book is not authorized by or endorsed by The Coca-Cola Company.

Intellectual Property 2019-03-19 Russell L. Parr Update yourself on the latest developments in intellectual property regulation and practices As the 2019 supplement to the Fifth Edition of *Intellectual Property, Valuation, Exploitation, and Infringement Damages*, this handbook covers changes made to laws and industry practices within the last year since the current edition's release. Like its parent volume, it is designed to simplify the process of attaching a dollar amount to intangible assets, be it for licensing, mergers and acquisitions, loan collateral, or investment purposes. The author explains commonly used strategies for determining the value of intellectual property, as well as methods used to set royalty rates based on investment rates of returns. The text also examines the business economics of strategies involving intellectual property licensing and joint ventures, providing practical tools for evaluating the investment aspects of such arrangements and discussing the legal, tax, and accounting practices and procedures related to them. In addition, analytical models are provided that can be used to determine reasonable royalty rates for licensing and for determining fair equity splits in joint venture arrangements. The author gives these models practical applications, critiquing commonly used royalty rate derivation techniques and presenting real world examples of exploitation strategies being used by major corporations. Understand the theory behind intellectual property law and industry practices Learn from practical real-world case studies Ensure compliance with any relevant regulations Get ahead of the competition by subscribing and being among the first to receive the supplement Written by the President of Intellectual Property

Research Associates, this supplement is an excellent expansion of the foundation laid in *Intellectual Property, Valuation, Exploitation, and Infringement Damages*. It will prove a valuable investment for any professional whose field deals with intellectual property, its law, and its administration.

Valuation 2020-05-21 McKinsey & Company Inc. McKinsey & Company's #1 best-selling guide to corporate valuation—the fully updated seventh edition *Valuation* has been the foremost resource for measuring company value for nearly three decades. Now in its seventh edition, this acclaimed volume continues to help financial professionals around the world gain a deep understanding of valuation and help their companies create, manage, and maximize economic value for their shareholders. This latest edition has been carefully revised and updated throughout, and includes new insights on topics such as digital, ESG (environmental, social and governance), and long-term investing, as well as fresh case studies. Clear, accessible chapters cover the fundamental principles of value creation, analyzing and forecasting performance, capital structure and dividends, valuing high-growth companies, and much more. The *Financial Times* calls the book “one of the practitioners’ best guides to valuation.” This book: Provides complete, detailed guidance on every crucial aspect of corporate valuation Explains the strategies, techniques, and nuances of valuation every manager needs to know Covers both core and advanced valuation techniques and management strategies Features/Includes a companion website that covers key issues in valuation, including videos, discussions of trending topics, and real-world valuation examples from the capital markets For over 90 years, McKinsey & Company has helped corporations and organizations make substantial and lasting improvements in their performance. Through seven editions and 30 years, *Valuation: Measuring and Managing the Value of Companies*, has served as the definitive reference for finance professionals, including investment bankers, financial analysts, CFOs and corporate managers, venture capitalists, and students and instructors in all areas of finance.

Valuation, DCF Model Download 2020-11-24
McKinsey & Company Inc. The Valuation DCF Model, 7th Edition is a vital companion to the seventh edition of Valuation, containing an expert guide and the renowned discounted cash flow (DCF) valuation model developed by McKinsey's own finance practice. The DCF Model can be used to value real companies in real-world situations, and includes detailed instruction and expert guidance on how to use it. The advantage of the ready-made model is that allows users to focus on analyzing a company's performance instead of worrying about computation errors.

Seeking Justice 2023-08-31 Tricia D. Olsen
Seeking Justice explores when and why victims of corporate human rights abuse have access to remedy mechanisms.

Strategic Management: Competitiveness and Globalisation 2016-09-29 Dallas Hanson
With an emphasis on global advantage, the text offers a comprehensive examination of regional and international issues to provide a complete, accurate and up-to-date explanation of the strategic management process. New coverage on environmental concerns and emerging technologies as well as examples and cases from Australia, New Zealand and Asia-Pacific serve to engage students while updated international content demonstrates how strategic management is used in the global economy. The text takes a 'resource-based' approach, which requires the examining of a firm's unique bundling of its internal resources. This text is appropriate for upper-level undergrad, usually third year; post grad in Masters courses.

Valuation of Equity Securities 2010-06-30
Geoffrey Poitras Provides a treatment of academic and practitioner approaches to equity security valuation. This book challenges conventional academic wisdom surrounding the ergodic properties of stochastic processes, guided by historical and philosophical insights. It presents the implications of a general stochastic interpretation of equity security valuation.

Managing a Chinese Partner 2013-11-29 L. Chong
By drawing on the experiences of

Danone, Nestlé, Coca-Cola and SABMiller, this book provides an insight into why and how the managing a Chinese Partner can deliver value for a joint venture in China, a goal shared by many but achieved by few.

Financial Disclosure Reports of Members of The U.S. House of Representatives for the Period..., (Vol. 2 of 4), July 8, 2008, 110-2 House Document 110-129 2008

Financial Accounting 2009-11-02 Jerry J. Weygandt
Weygandt Weygandt helps corporate managers see the relevance of accounting in their everyday lives. Challenging accounting concepts are introduced with examples that are familiar to them, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance. The new Do It! feature reinforces the basics by providing quick-hitting examples of brief exercises. The chapters also incorporate the All About You (AAY) feature as well as the Accounting Across the Organization (AAO) boxes that highlight the impact of accounting concepts. With these features, corporate managers will learn the concepts and understand how to effectively apply them.

Financial Disclosure Reports of Members of the U.S. House of Representatives for the Period Between January 1, 2008 and December 31, 2008 2009 United States. Congress House

International GAAP 2020 2020-02-25 Ernst & Young LLP
International GAAP 2020 is a comprehensive guide to interpreting and implementing International Financial Reporting Standards (IFRS), setting IFRS in a relevant business context, and providing insights into how complex practical issues should be resolved in the real world of global financial reporting. This book is an essential tool for anyone applying, auditing, interpreting, regulating, studying, or teaching IFRS. Written by financial reporting professionals from around the world, this guide to reporting under IFRS provides a global perspective, clearly explaining complex technical accounting issues and setting IFRS in a practical context. Numerous worked examples and hundreds of illustrations from the published

financial reports of major listed companies from around the world are included. The 2020 edition has been fully revised and updated with information on the latest IFRS changes and current issues.

International GAAP 2018 2017-12-19 Ernst & Young LLP The essential guide to practical IFRS implementation, updated for 2018 International GAAP 2018 is the definitive reference for IFRS application around the world. Written by the expert practitioners at Ernst & Young, this invaluable resource provides both interpretation and practical implementation guidance for anyone applying, auditing, interpreting, regulating, studying, or teaching IFRS. Specific instruction written from a global perspective provides clarity on complex issues, and coverage of the latest changes ensures that you will apply the most current standards appropriately and effectively. Worked examples provide answers at a glance, and hundreds of illustrations from major companies' financial reports demonstrate IFRS implementation and bring technical concepts to life. Countries around the world have adopted the International Financial Reporting Standards (IFRS), and in the US, foreign private issuers are allowed to report under IFRS without reconciling to US GAAP. This book provides the essential information practitioners need to correctly understand and apply these standards, using a clear, consistent approach to resolving global financial reporting issues under IFRS in real-world scenarios. Updated and expanded for 2018, this new edition allows you to: Get up to date on the newest amendments and interpretations issued in the past year Examine implementation issues caused by widespread adoption of IFRS 9, IFRS 15, and the upcoming adoption of IFRS 16 in 2019 Understand the new insurance contract standard IFRS 17, which solves the comparison problem of IFRS 4 Gain clarity and insight on practical matters involved with IFRS implementation This three-volume set provides the depth and breadth of coverage necessary, with financial instruments covered separately for greater ease of navigation. As the world's most comprehensive reference for IFRS implementation, International GAAP 2018 is the resource no practitioner, regulator, student, or

researcher should be without. For further information on the various digital versions which are available for this material please visit www.wileyigaap.com

The Almanac of American Employers 2008 2007-10 Jack W. Plunkett Includes information, such as benefit plans, stock plans, salaries, hiring and recruiting plans, training and corporate culture, growth, facilities, research and development, fax numbers, toll-free numbers and Internet addresses of companies that hire in America. This almanac provides a job market trends analysis.

International GAAP 2017 2017-02-16 Ernst & Young LLP IFRSs, the standards set by the International Accounting Standards Board (IASB), are complex and sometimes obscure. Understanding their implications and applying them appropriately requires something special; and that is why International GAAP® 2017 is the essential tool for anyone applying, auditing, interpreting, regulating, studying and teaching international financial reporting. It provides expert interpretation and practical guidance for busy professionals, and includes, in every chapter, detailed analysis of how complex financial reporting problems can be resolved appropriately and effectively. The International Financial Reporting Group of Ernst & Young includes financial reporting specialists from throughout the world. Complex technical accounting issues are explained clearly in a practical working context that enables immediate understanding of the point at issue. International GAAP® 2017 is the only globally focused work on IFRSs. It is not constrained by any individual country's legislation or financial reporting regulations, and it ensures an international consistency of approach unavailable elsewhere. It shows how difficult practical issues should be approached in the complex, global world of international financial reporting, where IFRSs have become the accepted financial reporting system in more than 100 countries. This integrated approach provides a unique level of authoritative material for anyone involved in preparing, interpreting or auditing company accounts, for regulators, academic researchers and for all students of

accountancy. All aspects of the detailed requirements of IFRS are dealt with on a topic-by-topic basis. Each chapter of International GAAP® 2017 deals with a key area of IFRS and has a common structure for ease of use: an introduction to the background issues; an explanation of relevant principles; a clear exposition of the requirements of IFRS; a discussion of the implications in practice and possible alternative solutions available; worked examples; extracts from real company accounts; a full listing of the required disclosures. "... an important part to play in the process of promoting consistent, comparable and high quality financial reporting under IFRSs ... a book that not only provides an analysis of the requirements of the standards and the principles that they expound, but also presents a unique explanation of how the standards should be interpreted and applied in practice." - the Chairman of Trustees of the IASC Foundation "A standard reference work" - Financial Times "The definitive guide to financial reporting" - The Times

International GAAP 2016 2015-12-21 Ernst & Young LLP International GAAP® 2016 is a comprehensive reference tool to interpreting and implementing International Financial Reporting Standards (IFRS) and provides detailed analysis of how complex financial reporting problems can be addressed appropriately and effectively. It demonstrates how difficult practical issues should be approached in the new complex global world of international financial reporting, where IFRS has become the accepted financial reporting system in more than 100 countries. The International Financial Reporting Group of Ernst & Young (EY) includes financial reporting professionals from around the world. Complex technical accounting issues are explained clearly in a working context that enables immediate understanding of the point at issue. It is accompanied by numerous worked examples, a comprehensive discussion of the practical issues of the day and the possible alternative options available, and hundreds of illustrations taken from the actual financial statements of companies that report under IFRS. The volumes cover the International Accounting Standards

Board's (IASB) conceptual framework, financial statements, accounting policies, non-current assets held for sale and discontinued operations, consolidated financial statements, foreign exchange, inflation, intangible assets, leases, government grants, income taxes, share-based payment, statement of cash flows, hedge accounting, IAS 39, IFRS 9, insurance contracts and others.

International GAAP 2019 2019-01-14 Ernst & Young LLP International GAAP® 2019 is a comprehensive guide to interpreting and implementing International Financial Reporting Standards (IFRS), setting IFRS in a relevant business context and providing insights into how complex practical issues should be resolved in the real world of global financial reporting. This book is an essential tool for anyone applying, auditing, interpreting, regulating, studying or teaching IFRS. Written by EYs financial reporting professionals from around the world, this three-volume guide to reporting under IFRS provides a global perspective on the application of IFRS. Complex technical accounting issues are explained clearly and IFRS is set in a practical context with numerous worked examples and hundreds of illustrations from the published financial reports of major listed companies from around the world. The 2019 edition of International GAAP® has been fully revised and updated in order to:

- Continue to investigate the many implementation issues arising as entities adopt IFRS 9 (Financial Instruments) and IFRS 15 (Revenue from Contracts with Customers).
- Explore the complex implementation issues arising as entities adopt, in 2019, IFRS 16 (Leases).
- Include an updated chapter on the new insurance contracts standard IFRS 17 (Insurance Contracts), which reflects the recent discussions of the IASB's Transition Resource Group on implementation issues raised, proposed narrow-scope amendments to IFRS 17 intended by the IASB, and also explores other matters arising as users prepare for the adoption of this standard.
- Include an amended chapter on the revised Conceptual Framework, which was published in March 2018. The changes to the Conceptual Framework may affect the application of IFRS in situations where no

standard applies to a particular transaction or event. • Address amended standards and new interpretations issued since the preparation of the 2018 edition. • Explain the many other initiatives that are currently being discussed by the IASB and by the IFRS Interpretations Committee and the potential consequential changes to accounting requirements. • Provide insight on the many issues relating to the practical application of IFRS, based on the extensive experience of the book's authors in dealing with current issues.

International GAAP 2021 2021-03-08 Ernst & Young LLP International GAAP 2021 International GAAP 2021 is a detailed guide to interpreting and implementing International Financial Reporting Standards (IFRS). By setting IFRS in a relevant business context, it provides insights on how complex practical issues should be resolved in the real world of global financial reporting. This book is an essential tool for anyone applying, auditing, interpreting, regulating, studying or teaching IFRS. Written by EY financial reporting professionals from around the world, this three-volume guide to reporting under IFRS provides a global perspective on the application of IFRS. The book explains complex technical accounting issues clearly by setting IFRS in a practical context with numerous worked examples and hundreds of illustrations from the published financial reports of major listed companies from around the world. Volume 1 contains the following chapters and sections: International GAAP The IASB's Conceptual Framework Presentation of financial statements and accounting policies Non-current assets held for sale and discontinued operations First-time adoption Consolidated financial statements Consolidation procedures and non-controlling interests Separate and individual financial statements Business combinations Business combinations under common control Investments in associates and joint ventures Joint arrangements Disclosure of interests in other entities Fair value measurement Foreign exchange Hyperinflation Intangible assets Property, plant and equipment Investment property Impairment of fixed assets and goodwill Capitalisation of borrowing costs Inventories Index of extracts from financial

Multinational Enterprises and the Global Economy 2008-01-01 John H. Dunning For many years to come this volume. . . is surely going to be the ultimate reference work on international business. . . thanks to Dunning and Lundan, have at their disposal, a wealth of relevant data, as well as theoretical and empirical analyses, which will enable them to assess the capabilities, contributions and challenges posed by the multinational enterprises to the global economy. Seev Hirsch, *International Business Review* Multinational Enterprises and the Global Economy has become a classic in international business. . . Yet , the book s second edition is even better than the first, in part because of Professor Dunning s wise decision to choose Dr Lundan as his co-author and to draw upon her

deep knowledge of various strands of research on business government relations and the societal effects of firm behaviour. . . In addition to being a remarkably useful reference book, *Multinational Enterprises and the Global Economy* is the first book any IB doctoral student should read to understand the significance and richness of IB scholarship as it has developed over the past 50 years. Alain Verbeke, *Journal of International Business Studies* The second edition of *Multinational Enterprises and the Global Economy* provides unparalleled coverage not only of the literature relevant to IB research but also of the evolution of IB in the world economy. Dunning and Lundan offer powerful insights into the societal effects of MNEs and the role of business government relations in the IB context. *Journal of International Business Studies* This wonderful book offers the definitive synthesis of the modern literature on the economic aspects of international business. It is encyclopedic yet full of incisive insights. It is a creative masterpiece which unbundles the DNA of the multinational enterprise and shows how it is the cornerstone of the field of international business. Alan M. Rugman, University of Reading, UK The rise of the multinational enterprise, and the consequent globalisation of the world economy, was arguably the single most important phenomenon of the second half of the twentieth century. This magisterial book, written by two leading authorities, examines this phenomenon in depth. It explains how foreign investment by multinationals diffused advanced technologies and novel management methods, driving productivity growth in Europe, Asia and North America; however, economic inequalities were reinforced as rich countries attracted more foreign investment than poor ones. This new edition of a classic work is not only an authoritative guide to contemporary multinational business, but a major historical resource for the future. Mark Casson, University of Reading, UK This thoroughly updated and revised edition of a widely acclaimed, classic text will be required reading for academics, policymakers and advanced students of international business worldwide. Employing a distinctive and unified framework, this book draws together research across a range of

academic fields to offer a synthesis of the determinants of MNE activity, and its effects on the economic and social well-being of developed and developing countries. Unique to the new edition is its focus on the institutional underpinnings of the resources and capabilities of MNEs, and the role of MNE activity in transmitting and facilitating institutional change. Since the initial publication of this book more than a decade ago, the economic, managerial and social implications of globalisation and technological advancement have become even more varied and prominent. Accompanying these developments, there has been a rise in scholarly interest in interdisciplinary research addressing the important challenges of an ever-changing physical and human environment. Drawing on articles and books from international business and economics, as well as economic geography, political economy and strategic management, a systematic overview of the developments in scholarly thinking is prese
