DRAPLIN DESIGN CO.

2016-05-17 Aaron James Draplin A funny, colorful, fascinating tour through the work and life of one of today's most influential graphic designers. Esquire. Ford Motors. Burton Snowboards. The Obama Administration. While all of these brands are vastly different, they share at least one thing in common: a teeny little bit of Aaron James Draplin. Draplin is one of the new school of influential graphic designers who combine the power of design, social media, entrepreneurship, and DIY aesthetic to create a successful business and way of life. Pretty Much Everything is a mid-career survey of work, case studies, inspiration, road stories, lists, maps, how-tos, and advice. It includes examples of his work—posters, record covers, logos—and presents the process behind his design with projects like Field Notes and the "Things We Love" State Posters. Draplin also offers valuable advice and hilarious commentary that illustrates how much more goes into design than just what appears on the page. With Draplin's humor and pointed observations on the contemporary design scene, Pretty Much Everything is the complete package.

WORK FOR MONEY, DESIGN FOR LOVE

2012-10-26 David Airey Unlike other dry business books, this refreshing, straightforward guide from Logo Design Love author and international designer David Airey answers the questions all designers have when first starting out on their own. In fact, the book was inspired by the many questions David receives every day from the more than 600,000 designers who visit his three blogs (Logo Design Love, Identity Designed, and DavidAirey.com) each month. How do I find new clients? How much should I charge for my design work? When should I say no to a client? How do I handle difficult clients? What should I be sure to include in my contracts? David's readers—a passionate and vocal group—regularly ask him these questions and many more on how to launch and run their own design careers. With this book, David finally answers their pressing questions with anecdotes, case studies, and sound advice garnered from his own experience as well as those of such well-known designers as Ivan Chermayeff, Jerry Kuyper, Maggie Macnab, Eric Karjaluoto, and Von Glitschka. Designers just starting out on their own will find this book invaluable in succeeding in today's hyper-networked, global economy.
