Star Wars that Altered Chronicle

It had been the year 23, and the globe stood at the edge of war. The USA and Peoples Republic of China, the two superpowers, had been entangled in a ferocious rivalry, vying for resources, influence, and dominance. They had developed advanced arms, like laser weapons, drones, and satellites, that can strike any location, any moment. They had also clandestinely constructed space stations, which can deploy atomic weapons, which can destroy the planet. They were prepared to employ them, if ever needed. But they were the sole ones. There was a 3rd power, a hidden force, which had watching them both, waiting patiently for them, preparing for them both. They were the ETs, and they had come to halt them. Eva had always been intrigued by the realm of magic, but she never envisioned that she would uncover her own sorcerous abilities. She had spent her childhood in a normal family, living in a unassuming town, devoid of any signs of the supernatural. However, on her sixteenth birthday, her life took an unexpected turn. A enigmatic package arrived, sent by her grandmother, who had passed away years ago. Within the package lay an ancient leather-bound book, its cover adorned with the inscription, "The Book of Shadows". As Eva opened the book, a torrent of magic coursed through her veins. She realized that the book held the secrets of her familys magical lineage, and that she was the last descendant of a long line of formidable witches. But she also discovered that she was not alone. There were others like her, individuals who possessed similar abilities, and some of them sought to wield their magic for nefarious purposes. Eva faced a pivotal decision: embrace her destiny as a witch and delve into the world of sorcery, or reject her newfound powers and continue living her life as she had always known it. Regardless of her choice, she knew that her life would forever be altered from that moment forward.
