Path of Shadows, Flickering Light 2021-03-24 Cordell Strug This is one pastor's story of the touch of death on life: how he first learned of it and what it brings upon us, how he met its coming to those he served as pastor, and how he awaits its coming to him as he ages. The book is marked by shifting perspectives, beginning with a child experiencing the deaths of others and ending with an elderly person acutely aware of frailty and loss. But those common stages of life are themselves seen from the perspective of a Christian pastor who served in older communities. The heart of the book is a ground-level description of how a working pastor deals with the approach of death and the shaping of the funeral experience; another perspective is provided by some of the sermons given in the wake of the deaths described. The book ends with a brief epilogue continuing these meditations during the coronavirus outbreak, pondering the power death has to isolate and obsess us, both physically and spiritually.

Anthropology 2012 Susan A. Ross Drawing on the wisdom and teaching experience of highly respected theologians, the Engaging Theology series builds a firm foundation for graduate study and other ministry formation programs. Each of the volumes--Scripture, Jesus, God, Anthropology, and Church--is concerned with retrieving, carefully evaluating, and constructively interpreting the Christian tradition. Comprehensive in scope and accessibly written, these volumes, used together or independently, will stimulate rich theological reflection and discussion. More important, the series will create and sustain the passion of the next generation of theologians and church leaders. What does it mean to be human in the twenty-first century? Susan Ross explores this question through the lens of human desires: for God, freedom, knowledge, love, and pleasure, but also for power, consumer goods, self-gratification, and money. Beginning with biblical narratives of human desires, she goes on to consider how ancient, medieval, and modern thinkers have wrestled with the various ways that human beings have sought fulfillment in the world and in God. The twenty-first century brings new questions and continuing challenges: In a world of increasing complexity and fragmentation, can we still talk about the self? How have feminism and new thinking about sexuality changed the ways we think about ourselves? How do we maintain our humanity in the face of monstrous human evil? What do the findings of science say about our uniqueness as human beings? Anthropology: Seeking Light and Beauty offers a path through the many conflicting views of humanity, suggesting a fuller way of living as we try to follow the example of Jesus.

Abraham Kuyper 2011-06-10 Richard J. Mouw Richard Mouw was first drawn to Abraham Kuyper's writings about public life in the turbulent 1960s. As he struggled to find the right Christian stance toward big social issues such as the civil rights movement and the Vietnam War, Mouw discovered Kuyper's Lectures on Calvinism — and, with it, a robust vision of active Christian involvement in public life that has guided him ever since. In this "short and personal introduction" Mouw sets forth Kuyper's main ideas on Christian cultural discipleship, including his views on sphere sovereignty, the antithesis, common grace, and more. Mouw looks at ways to update — and, in some places, even correct — Kuyper's thought as he applies it to such twenty-first-century issues as religious and cultural pluralism, technology, and the challenge of Islam.

Engaging the Doctrine of Israel 2021-09-16 Matthew Levering This book is

the dogmatic sequel to Levering's *Engaging the Doctrine of Marriage*, in which he argued that God's purpose in creating the cosmos is the eschatological marriage of God and his people.. God sets this marriage into motion through his covenantal election of a particular people, the people of Israel. Central to this people's relationship with the Creator God are their Scriptures, exodus, Torah, Temple, land, and Davidic kingship. As a Christian Israelology, this book devotes a chapter to each of these topics, investigating their theological significance both in light of ongoing Judaism and in light of Christian Scripture (Old and New Testaments) and Christian theology. The book makes a significant contribution to charting a path forward for Jewish-Christian dialogue from the perspective of post-Vatican II Catholicism.

Jesus Christ and Yoga 2023-07-24 Shyam Sundar Goswami Only through spirituality can man's meanness and smallness be conquered and his divine nature manifested. To transform materialistic influences requires a gigantic spiritual effort and living spiritual inspiration. This can only be achieved by a great spiritual master. Jesus Christ, who, by millions of people is regarded as an incarnation of God, came into our world to teach us spiritual truths by which we can be free from bondage and attain immortality. His teaching does not consist of mere words but is based on his own realization in silent prayer. His spirituality was not like something grafted on his personality; reality and strength were exhibited in his mode of life and his activities. He came to this world as the Divine Light to show the path which leads to God to human beings who forgot about him in their deep immersion in the vast ocean of worldliness. His spiritual life inspires us. This book is an attempt to study the teachings and activities of Jesus Christ for our spiritual development. Interreligious learning is the norm today, and we have much to learn from how people in other faiths see and interpret even our most fundamental and treasured beliefs. But we need to learn well; we need stellar examples of deep learning. Shyam Sundar Goswami's *Jesus Christ and Yoga* goes deep into the mystery of Jesus in great detail and with great imagination, drawing on every resource available to the Goswami. Jesus is seen differently indeed from this fresh perspective--even as yoga itself is transformed in the light of Christ the great yogi. Goswami's classic study, accessible once more, is now more timely than ever. Francis X. Clooney, SJ, Parkman Professor of Divinity, Harvard University Sri Goswami's remarkable familiarity with the teachings of Jesus, and his citations of corresponding teachings by the seers of ancient India, offer a significant learning experience for both Christians and members of Eastern religions. The notable resonance, albeit not complete, between classical yoga teaching and aspects of Christian theology and spiritual practice takes yoga far beyond being just a physical "feel-good experience" into being a means for acquiring divine knowledge and deepening one's relationship with God. Fr. Thomas Ryan, CSP, author of *Prayer of Heart and Body, Meditation and Yoga as Christian Spiritual Practice*

The Narrow Path to Expansive Vision 2022-12-08 RD Oostra "You can buy *The Narrow Path to Expansive Vision* online at any major online bookstore, or through the Westbow website." We live in a country deeply divided politically and culturally, and the chasm widens and deepens with each passing day. As a society, it seems like there is an increasing tendency to follow the wrong things and the wrong people. So where do we turn to find a leadership example in an "all about me" world? How do you live and lead a narrow-path (yet not narrow-minded) life in a wide-path world and society? You turn to the greatest leadership example in history: Jesus Christ. This may seem like an obvious answer, but it is not. In conducting original research for the book *The Narrow Path to Expansive Vision*, RD (Randy) Oostra completed a national online survey of business leaders, including those who identified as Christian leaders. One question on the survey asked those who identified as Christian leaders to name their top three leaders of all time. Only 13 percent mentioned Christ as one of their top three leaders. In addition, only 43 percent of these Christian leaders considered themselves to be servant leaders. As *The Narrow Path to Expansive Vision* unfolds, it weaves a narrative of Randy's personal journey growing up in a rigorous Dutch Reformation background to his life as a CEO of a national health and well-being organization. Randy tells his story of how he has lived in and navigated through the science-based world of health care, as well as his frustrations with a Church leadership that frankly has not always been helpful in meeting the challenges he faced as a business leader, and in life in general. Based on these experiences, Randy offers a foundational approach to leadership inspired by the example of Christ. It is a hopeful message that both believers and non-believers will find meaningful and useful.

The Ancient Way 2020-10-13 River Jordan For years, from her home on a hill outside Nashville, River Jordan felt a call to travel to the mystical Isle of Iona, off the coast of Scotland--the island that gave birth to Celtic Christianity. In The Ancient Way she invites us to leave the sacred space of our homes and our lives and join her on this pilgrimage. With the help of friends and the kindness of strangers, Jordan winds her way across green mountains to late-night ferries, across islands and down one-way roads led by the light of Iona and a trust in God. Along the way she explores ancient Celtic Christian practices such as cherishing creation, trusting spiritual friendship, offering hospitality, creative imagination, and honoring community--carrying them home with her to infuse her daily life. This is an intimate story of imagination, of personal transformation, of stillness and prayer. It's also a quirky, thoughtful guide for cultivating divine connection and creativity as we embark on our own wild adventures, chasing after the mystery that calls us all.

The Light of the Spirit 1996 Mary Bassano This work explores the power and the rich symbolic history of light in human spirituality. Light symbolizes the creative energy of the universe; a halo of light surrounds the heads of the saints, and the prophets. Spiritual realization, and those that have had near-death experiences often describe the experience as having seen the light. Enlightenment allows people to see the world in a new way, by seeing the light, one can surmount inner darkness, and this is what Bassano focuses on in this introductory guide for those beginning to explore the spiritual path towards enlightenment. It looks at the concept of light energy in Jewish, Buddhist, Hindu, native American and Christian cultures - as a connecting path between the physical and spiritual worlds and how we can use it to dispel negative emotions and imbalances.

On God's Path: The Unfolding Story of Humanity 2010-06-25 S. Craig George On God's Path: The Unfolding Story of Humanity is an optimistic, realistic and pious view of humanity's role on the stage of creation. In this generation a variety of competing stories have been told to explain where we came from and where we are going, each story told with sincere conviction. These stories seem to turn on two centers: science and religion and they are often placed in opposition. The theme of this book is that the truths of science and religion need not be viewed as mutually exclusive, but complementary in the big picture. With significant advances in both science and theology in the recent past we have much more information to attempt to incorporate in humanity's story than ever before. More dots to connect give us a better chance of bringing into focus a much larger and more inclusive picture of where we came from and where we may be going. The story of humanity, as presented in this book, begins with the first moment of the cosmos and traces the rise of the human physically, socially and morally. It engages the reader to consider humanity's trajectory. With a Christian perspective respectful of all faiths, the author weaves the human religious impulse and the Spirit of Christ together brightly into the tapestry of Creation. Written with the lay reader in mind, On God's Path presents a wide spectrum of mainstream contemporary scientific and theological ideas in surprisingly straightforward and creative ways. Part of the author's objective in this book is to challenge readers to expand their thinking about God and science and to reconsider their own roles in advancing the human story.

Leadership 2020-06-24 Derius J Skinner Being a transformational leader requires adaptability, great communication skills, virtue and a certain *je ne sais quoi*. Leadership: A Perspective Centered Around Christianity comes to de-mysticize that indescribable trait and clearly guide the audience on the essence and application of that trait, person, being, higher power - called Jesus Christ. When a leader seeks first the Kingdom of God in every action, this now involves the Great Elohim - Jesus, who can make all things anew. Leadership: A Perspective Centered Around Christianity gives guidance to leaders who seek to make a mark in their lives and the lives of others with a purpose that is kingdom focused. At some point in time, we all must exhibit leadership qualities that impact a person or group of people in several ways. The role of a leader is to make a lasting impression that inspires and motivates individuals to succeed in all aspects. The only way to ensure that this interaction plants seeds that grow on good soil is to involve God in every step. Derius Skinner, a devout man of God with over ten years of leadership experience, wrote this book with the hope to change lives for those who have a front row seat to the challenging, yet rewarding occupation of leadership. He believes that leadership is a blessing from above that gives an opportunity to impart Biblical and Christian principles into everyday life, with the ultimate goal of making a difference that has lasting effects. Leadership: A Perspective Centered Around Christianity will give you the tips, tricks, and script to realize one's own potential and help leaders express the love, encouragement and support that can only come from walking in the ways of God. About the author: Mr. Derius J. Skinner is a multi-faceted entrepreneur and change agent dedicated to social justice reform, community enhancement, and Kingdom Building principles. A Louisiana

native and humble man of God, Derius started his journey to educational advancement as an alumnus of Wiley College, a Historically Black College in East Texas where he pledged Alpha Phi Alpha Fraternity, Inc. He later embarked on his career endeavors in Corporate America with a career in Finance and Leadership that has spanned over 10 years at a Top 25 Fortune 500 company. Derius expanded his knowledge by earning a Bachelor's Degree in Psychology and a Master's Degree in Organizational Leadership. This led to the formation of Mindwarped Enterprize LLC, a consulting firm focused on business and career development in which he serves as CEO. As the son of a minister, Mr. Skinner has always had the love of God in his heart, and now seeks to share that same love of God with leaders who look to blaze a path for others while allowing the Lord's "Word to be lamp to their feet and light unto their path." - Psalm 119:105

Luther and the Beloved Community 2010-05-17 Paul R. Hinlicky Is Christian belief tenable today? Is it possible to be a creedal Christian? With the help of Martin Luther, Paul Hinlicky here explores classical Christian beliefs regarding the person and work of Christ and human nature and destiny. He also counters contemporary objections to creedal faith, from the so-called new perspective on Paul to Pope Benedict's rejection of the Augsburg Confession to the continuing challenge of Marx. Luther and the Beloved Community does not present Luther's medieval thought as a possibility for today, but does make him available for the future as a teacher of the faith and a help for tackling contemporary questions of Christian belief. According to Hinlicky, Luther is misused and misunderstood by those of his own tradition and needs to be understood not as hero of the faith but rather as the proponent of a beloved community that does not yet fully exist. In performing this makeover, Hinlicky reveals genuine new insights concealed within Luther's rhetoric.

The Mystic Way of Evangelism 2014-05-14 Elaine A. Heath Brings a fresh perspective to the theory and practice of evangelism by approaching it through contemplative spirituality.

Olivier Messiaen's Opera, Saint Francois d'Assise 2019-07-25 Vincent Perez Benitez In this comprehensive study of Olivier Messiaen's magnum opus, Saint François d'Assise, Vincent Perez Benitez examines the opera from both theological and musical-analytical perspectives to ask how Messiaen expresses his Catholic theology through his work. Benitez combines a close reading of the opera score with accounts from Messiaen's associates, studies of Messiaen's birdsong notebooks and other primary documents, and an examination of the religious, musical, poetic, and visual arts literature with which the composer was familiar to explore how the opera's harmonic language and sound-color relationships motivate its musical meaning and expression. Through his analysis of these diverse sources and comparisons of Saint François d'Assise with other works such as Berg's *Wozzeck* and Wagner's *Parsifal*, Benitez places Messiaen's compositional practice within larger musical perspectives and historical contexts.

Yogamass 2017-04-21 Gena Davis YogaMass: Embodying Christ Consciousness bridges yogic principles and practices with Christian spirituality and worship as a path for bringing the whole self (body, mind, soul, and spirit) to the experience of spiritual awakening. The author, an ordained Episcopal priest, weaves together spiritual practices from different traditions with her own discovery that yogas ancient truths are complementary with Christian beliefs taking one deeper into the spiritual life in ways that people of diverse faiths can embrace. Blending yogic practices with Christian spirituality and worship, the Reverend Gena Davis has co-created an exciting and powerful new practice of spiritual ritual and celebration called YogaMass that leads to embodying Christ Consciousness. On and off the yoga mat, this book points the way to discovering a whole-self spiritual experience and connecting with God through an awakened open mind and heart. I loved this book! The author, the Reverend Gena Davis, shares the story of her amazing spiritual journey that culminates in the creation of the world's first YogaMass service. This alone would make the book well worth reading, but throughout, she integrates sacred writings, stories, and poems from spiritual masters of western and eastern spirituality, all the while never losing sight of her own Christian heritage. It is a remarkable accomplishment. You will be blessed by this book and want to share it with others. - The Reverend Dr. John K. Graham, president and CEO, Institute for Spirituality and Health at the Texas Medical Center, Houston I am delighted and privileged to encourage those who seek to worship God with all that is within to pick up and digest this spiritual teaching presented by the Reverend Gena Davis. Gena has captured the importance of worshipping God with, as the Psalmist uttered, all that is within me. I am fascinated by the interplay of yoga and liturgy within these pages, and find myself wanting to go deeper into both. I think the Reverend Davis is on to something that has been lacking in our Christian path and tradition. The interweaving of her personal narrative and the spiritual insights she gained through the study and practice of yoga unveils how God's truth makes itself known through many different paths. - The Reverend Dr. Richard Kleiman, retired Presbyterian pastor Yoga is an exploration based on experiential processes. It is defined by our own internal truth! Making Yoga universal but deeply personal is something Gena Davis expresses so beautifully. - Robert Boustany, Yoga instructor and master, and founder of Pralaya Yoga system

A Year's Journey From A Pastor's Perspective 2023-06-28 Vernon R Groce A few years ago, I felt led by the Lord to write this book of devotions. At the time, my motivation was for the most part my family, as I knew that we are living in perilous times, and as we draw nearer to the coming of the Lord, the times would not get better, but worse. But then I began to understand that the body of Christ (the church), and the individuals that make up the church are and will face issues that may be unique to this time in history. But God's word is all inclusive and is relevant to all times and all situations. As David said in Psalm 119:105, "Thy word is a lamp unto my feet and a light unto my path." In this book of devotions, with God's help, I wanted to speak about and deal with the issues that we face in life from a scriptural standpoint, knowing that in God's word, there is a direction, strength, encouragement, and comfort. And it is my prayer that the reader find peace and hope in the Lord and be motivated to draw high to him, knowing that our hope is not in this world but in Jesus Christ.

Out of the Darkness of Academics Into the Light of Jesus Christ- 2009-05 Glenn W. Martin This book is about the nuances of college life as viewed from a Christian perspective. Dr. Martin came to the conclusion that the quest for human knowledge is endless in its own seductive way. Our educational bastions are an arms length from the church; yet it appears the church is being neglected by many who labor in the halls of academics by their lack of participation in church. It is durable and manageable for one to participate in both the educational process and the church, however, these individuals are becoming a rare breed and that is

why Dr. Martin challenges the educator to return to his/her spiritual roots. Dr. Martin asserts spiritual values are a reality and to be negligent here is without excuse.

How Science Can Help Us Live In Peace 2018-05-15 Markolf H. Niemz Award-winning biophysicist Markolf H. Niemz puts into a nutshell what the top 3 scientists on earth have discovered. Charles Darwin: Animal and man are not two. Albert Einstein: Space and time are not two. Alfred N. Whitehead: The world and I are not two. The world we live in is non-dualistic. Nature is crying for peace, but we shut off foreign from native, poor from rich, others from ourselves. It is our concept of the self that stands in the way of peace. Based on Darwin's, Einstein's and Whitehead's scientific discoveries the author demonstrates how easily we mistake reality. There is neither a personal self nor an external, almighty God. Eternity, which most religious people hope for, does not begin at death. It is here and now—at the speed of light when all distances turn zero. This book has the power to foster empathy among mankind as it brings together science and religion—human sources of truth. In the clearest of terms and examples possible, this bestselling author teaches us that a single cosmic self feels and learns through us. Lucid texts and colorful images help us understand why our concept of the self is false, how to interpret eternity, and where to spot God. An enlightening journey for anyone from age 16 to 100 who is thrilled to learn.

Thank God for Evolution 2008 Michael Dowd Presents a philosophy that unifies evolution and religion, discussing evolution as a divine process, how to use insights derived from evolution to improve spiritual life, and how to work for systemic change within this framework.

Christian Women on the Job provides twelve specific strategies that will help women excel by overcoming the hindrances they face at work.
