Mystery of the Missing Diamond

It was a dark and tempestuous night. The drizzle was falling heavily, and the breeze was whistling. In the heart of the town, there was a exhibition, where a invaluable diamond was on exhibit. The diamond was named the Star of Africa, and it was the greatest and most beautiful diamond in the globe. It was guarded by a sophisticated security system, and a team of weaponized guards. No one could rob it, or so they assumed. But somebody did. Someone succeeded to bypass the protection, to evade the guards, to shatter the glass, and to steal the diamond. And no one saw them, no one listened to them, no one recognized who they were. They exited no mark, no hint, no proof. They faded into the darkness, with the African Star. And the enigma of the missing diamond commenced.
