The book "Analyzing Casual Conversation" by Suzanne Eggins and Diana Slade, originally published in 1997, establishes a organized model for the analysis and portrayal of casual conversation in English. The scholars contend that notwithstanding its occasionally aimless appearance and apparently unstructured substance, casual conversation is a extremely structured activity and performs a crucial role in the social formation of reality. The work goes through authentic instances of casual conversations entailing participants differing in age, gender, ethnicity, and socio-economic class<sup>12</sup>. Drawing on understandings from sociology, linguistics, and critical semiotics, the book furnishes readers with the analytical skills to portray the layers of structure and critical interpretive structures to explain the 'social work' that occurs on through chat.
