Theo Faber is a criminal psychotherapist who has waited a long time for the opportunity to work with Alicia.

Holes 2011-06-01 Louis Sachar This groundbreaking classic is now available in a special anniversary edition with bonus content. Winner of the Newbery Medal as well as the National Book Award, HOLES is a New York Times bestseller and one of the strongest-selling middle-grade books to ever hit shelves! Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center, Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character improvement going on at Camp Green Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? Stanley tries to dig up the truth in this inventive and darkly humorous tale of crime and punishment –and redemption. Special anniversary edition bonus content includes: A New Note From the Author!; "Ten Things You May Not Know About HOLES" by Louis Sachar; and more!

Tristan Strong Punches a Hole in the Sky (Volume 1) 2019-10-15 Kwame Mbalia Best-selling author Rick Riordan presents Kwame Mbalia's epic fantasy, a middle grade American Gods set in a richly-imagined world populated with African American folk heroes and West African gods. Seventh grader Tristan Strong feels anything but strong ever since he failed to save his best friend when they were in a bus accident together. All he has left of Eddie is the journal his friend wrote stories in. Tristan is dreading the month he's going to spend on his grandparents' farm in Alabama, where he's being sent to heal from the tragedy. But on his first night there, a sticky creature shows up in his bedroom and steals Eddie's notebook. Tristan chases after it--is that a doll?--and a tug-of-war ensues between them underneath a Bottle Tree. In a last attempt to wrestle the journal out of the creature's hands, Tristan punches the tree, accidentally ripping open a chasm into the MidPass, a volatile place with a burning sea, haunted bone ships, and iron monsters that are hunting the inhabitants of this world. Tristan finds himself in the middle of a battle that has left black American folk heroes John Henry and Brer Rabbit exhausted. In order to get back home, Tristan and these new allies will need to entice the god Anansi, the Weaver, to come out of hiding and seal the hole in the sky. But bartering with the trickster Anansi always comes at a price. Can Tristan save this world before he loses more of the things he loves?

Bang! ((repackage)) 2018-10-16 Sharon

Flake Bang! Guns really sound like that, you know. Bang! And people bleed from everywhere, and blood is redder than you think. And little kids look funny in caskets. That's 'cause they ain't meant to be in one, I guess. Mann is only thirteen, yet he has already had to deal with more than most go through in a lifetime. His family is still reeling from the tragic shooting death of his little brother, Jason, each person coping with grief in his or her own way. Mann's mother has stopped eating and is obsessed with preserving Jason's memory, while his father is certain that presenting a hard edge is the only way to keep his remaining son from becoming a statistic. Mann used to paint and ride horseback, but now he's doing everything he can to escape his emotions: getting involved in fights at school, joyriding at midnight, and much worse. His father, at his wit's end, does the only thing he thinks will teach his son how to be a man: he abandons him and his friend Kee-Lee in the woods, leaving them to navigate their way home, alone. Now Mann, struggling to find his way back to civilization, must also reconcile himself to the realities of a world that has stolen his little brother, and that isn't even sure it still wants Mann in it. One wrong turn and it could all be over for him, too. Bang.
