The Ballad of the Lone Medievalist 2018 Kisha G. Tracy Working medievalists are often the only scholar of the Middle Ages in a department, a university, or a hundred-mile radius. While working to build a body of focused scholarly work, the lone medievalist is expected to be a generalist in the classroom and a contributing member of a campus community that rarely offers disciplinary community in return. As a result, overtasked and single medievalists often find it challenging to advocate for their work and field. As other responsibilities and expectations crowd in, we come to feel disconnected from the projects and subjects that sustain our intellectual passion. An insidious isolation even from one another creeps in, and soon, even attending a conference of fellow medievalists can become a lonely experience. Surrounded by scholars with greater insitutional support, lower teaching loads, or more robust research agendas, we may feel alienated from our work - the work to which we've dedicated our careers. The Lone Medievalist (the collaborative community and the book) is intended as an antidote to the problem of professional isolation. It is offered in the spirit of common weal that marks the ideals (if not always the realities) of so many of the communities we study - agricultural, professional, national, notional, and of course, monastic. The Ballad of the Lone Medievalist isn't only about scholarship, or teaching, or institutional life, or the pursuit of new learning - it's about all of them. The essays in this volume address all aspects of the professional and intellectual life of medievalists. Though many of us acknowledge and address the challenges in being Lone Medievalists, these essays are not intended as voces clamantium; they are offered to provide strategies, camaraderie, and an occasional bit of inspiration. They are a call to action, a sharing of hard-won wisdom, and a helping hand - and, above all, a reminder that we are not alone.

Chained in Darkness 2015-01-29 Nicholas Bella Follow Noel, a captured rebel of the human Resistance, as he endures his punishment at the hands of his supernatural enemies, the vampires. See where his fate lies. Highly erotic and extremely dark and twisted. Prepare yourself !"I've been betrayed by someone I trusted. Because of him, I was captured by my loathed enemy: The vampires. Right now, the sun is still high in the sky, but I know when it sets, I'm as good as dead. They can't wait to get their fangs into me. I guess some would say I have it coming. I did raise a lot of hell with my Resistance crew, and I was planning on raising a hell of a lot more at dawn before I was sold out by Jonah. The vampires, werewolves and dragons, have been trying to track me down for months and I'd always been two steps ahead of them. I guess my number is up. I just hope they make it quick. You see, the vampires in my reality aren't the romantic lot you read about in books. They don't sparkle or hang out at high schools with their teenage girlfriends. Hell no, vampires are brutal, calculating, sadistic and bloodthirsty. As a matter of fact, all of the monsters are! That's how they were able to take over the world so easily and change an entire civilization to suit their needs. Whatever happens, I know it's not going to be pretty, so I'm preparing myself for the worst. May God help me." Warning: This novelette series contains hardcore sexual situations between men, not meant for sensitive eyes. I'm talking crude, lewd and full of attitude. This series will most likely either offend you or get ya revved up. This series isn't going to be pulling any punches whatsoever, so you've been warned. Mature Adult Content meant for readers looking for something dark, taboo, sexy, and unapologetic in their paranormal erotica. This is NOT a romance.

You Will Bow Down 2020-06-28 Nicholas Bella Dominic: I don't even recognize my best friend, Dante, anymore. Especially not after what he did to me. Turning me into some vampire/wolf monster. I don't even know what to do next and I'm still hungry. God, I can't do this... I can't kill innocent people for food. What am I going to do? Noel: Waking up tonight, I've got a sexually frustrated brother in the dungeon who's probably going out of his mind with the need to release. I promised I wouldn't make him wait, so I won't. But after that... Theoden has left the fate of the prisoner in our cell, Jules, up to me. He's a friend of mine, I recruited him, but now I'm supposed to decide if he lives or dies. I can't help but feel that this is a test, one I can't fail. Deacon: Oh, the look on Theoden's face when he realized that I outsmarted him. I bet that doesn't happen often, if at all. In the end, I have more territory that I don't have to share. I did it all without jeopardizing my alliance with him. Now, we just have to see what Laurent and Akio will do next. Kendrick: I must say, things are turning out to be very interesting. I didn't expect to have to deal with the female Alpha mate of Laurent when I took him out. But she is proving to be festy and I like that in a woman. This tournament to decide who gets to keep this territory may prove to be one of the most entertaining things I've seen in a long time. Still, regardless of the outcome... I've already decided that this entire colony is mine for the taking. Theoden: Something isn't right and I don't like when things don't go according to how I expect them to. There should have been an attack on Josef's territory from Laurent and Akio, but nothing. Are they pulling back now that they know Deacon betrayed Selena or is there something else at play? I don't like the unknown and Josef and I need to figure out just what in the hell is going on and fast. Warning: This dark fantasy series is highly addictive, and fans have complained that it's all they can think about, oftentimes re-reading each book until their next fix. Be further warned: This serial contains strong adult content not meant for sensitive eyes as each episode will be filled with dark, twisted, violent, raunchy and steamy scenes between powerful, sexy men that will either offend you or get ya revved up. This series will not be pulling any punches, and it won't apologize for hurting your feelings, either. You'll find no fluff and ruffles here. The vampires are not misunderstood, hopeless romantics looking for love. The werewolves are not cute and cuddly and the dragons aren't the ones from your childhood. This is NOT a romance.

Toxic Geek Masculinity in Media 2017-11-08 Anastasia Salter This book examines changing representations of masculinity in geek media, during a time of transition in which "geek" has not only gone mainstream but also become a more contested space than ever, with continual clashes such as Gamergate, the Rabid and Sad Puppies' attacks on the Hugo Awards, and battles at conventions over "fake geek girls." Anastasia Salter and Bridget Blodgett critique both gendered depictions of geeks, including shows like Chuck and The Big Bang Theory, and aspirational geek heroes, ranging from the Winchester brothers of Supernatural to BBC's Sherlock and the varied superheroes of the Marvel Cinematic Universe. Through this analysis, the authors argue that toxic masculinity is deeply embedded in geek culture, and that the identity of geek as victimized other must be redefined before geek culture and media can ever become an inclusive space.

Contemporary Hollywood Masculinities 2013-12-04 Susanne Kord Kord and Krimmer investigate the most common male types - cops, killers, fathers, cowboys, superheroes, spies, soldiers, rogues, lovers, and losers - by tracing changing concepts of masculinity in popular Hollywood blockbusters from 1992 to 2008 - the Clinton and Bush eras - against a backdrop of contemporary political events, social developments, and popular American myths. Their in-depth analysis of over sixty films, from The Matrix and Iron Man to Pirates of the Caribbean and The Lord of the Rings, shows that movies, far from being mere entertainment, respond directly to today's social and political realities, from consumerism to "family values" to the War on Terror.

Framing Borders in Literature and Other Media 2006 Werner Wolf This book is both a contribution to an interdisciplinary study of literature and other media and a pioneering application of cognitive and frame-theoretical approaches to these fields. In the temporal media a privileged place for the coding of cognitive frames are the beginnings while in spatial media physical borders take over many framing functions. This volume investigates forms and functions of such framing spaces from a transmedial perspective by juxtaposing and comparing the framing potential of individual media and works. After an introductory theoretical essay, which aims to clarify basic concepts, the volume presents eighteen contributions by scholars from various disciplines who deal with individual media. The first section is dedicated to framing in or through the visual arts and includes discussions of the illustrations of medieval manuscripts, the practice of framing pictures from the Middle Ages to Magritte and contemporary American art as well as framings in printmaking and architecture. The second part deals with literary texts and ranges from studies centred on framings in frame stories to essays focussing on the use of paratextual, textual and non-verbal media in the framings of classical, medieval and modern German and American narrative literature; moreover, it includes studies on defamiliarized framings, e.g. by Julio Cortázar and Jasper Florde, as well as an essay on end-framing practices. Sections on framings in film (including the trailers of Tolkien's The Lord of the Rings) and in music (operatic overtures and Schumann's piano pieces) provide perspectives on further media. The volume is of relevance to students and scholars from various fields: intermedia studies, cognitive approaches to the media, literary and film studies, history of art, and musicology.
