It was a dark and stormy night. The drizzle was pouring down, and the gale was howling. In the middle of the metropolis, there was an exhibition, where a priceless diamond was on show. The diamond was known as the African Star, and it was the largest and most stunning diamond in the world. It was guarded by a high-tech security setup, and a group of armed guards. And no one noticed them, no one listened to them, no one knew who they were. They exited no mark, no clue, no proof. They faded into the night, with the African Star. And the enigma of the vanished diamond began.

One form can be used before intervention implementation to measure individuals’ vocabulary comprehension and the second edition can be employed for re-testing to measure and document improvement. The PPVT-4 also features a unique Growth Scale Value (GSV) which is reactive to minor changes over time.
