As a bookish, introverted database programmer, Morgen Keller never thought she was a candidate for a midlife crisis.

Balanced on the Blade's Edge 2014-04-01 Lindsay Buroker Colonel Ridge Zirkander isn't the model of military professionalism—he has a tendency to say exactly what's on his mind, and his record has enough demerits to wallpaper the hull of an airship—but as the best fighter pilot in the Iskandian army, he's used to a little leniency from his superiors. Until he punches the wrong diplomat in the nose and finds himself issued new orders: take command of a remote prison mine in the inhospitable Ice Blades Mountains. Ridge has never been in charge of anything larger than a flier squadron—what's he supposed to do with a frozen fortress full of murderers and rapists? Not to mention the strange woman who shows up right before he arrives... Sardelle Terushan wakes from three hundred years in a mage stasis shelter, only to realize that she is the last of the Referatu, the sorcerers who once helped protect Iskandia from conquerors. Their subterranean mountain community was blown up in a treacherous sneak attack by soldiers who feared their power. Everyone Sardelle ever knew is dead, and the sentient soulblade she has been bonded to since her youth is buried in the core of the mountain. Further, what remains of her home has been infested by bloodthirsty miners commanded by the descendants of the very soldiers who destroyed her people. Sardelle needs help to reach her soulblade—her only link to her past and her last friend in the world. Her only hope is to pretend she's one of the prisoners while trying to gain the commander's trust. But lying isn't her specialty, especially when the world has changed so much in the intervening centuries, and if Colonel Zirkander figures out who she truly is, he'll be duty-bound to sentence her to the only acceptable punishment for sorcerers: death.

Patterns in the Dark 2014-12-14 Lindsay Buroker Everyone knows dragons have been extinct for over a thousand years. Everyone is wrong. At least one dragon remains, and military scientists from the Cofah Empire are experimenting with its blood, using the magical substance to power deadly new weapons that could be used to bring the world to its knees. That's a concern for Zirkander, Cas, and the rest of the Iskandians, but all Tolemek wants is to find his missing sister. The last time he saw her, their father had locked her in an asylum because of a mental illness with no cure. Now the military has taken her. What use the Cofah have for her, Tolemek can only guess, but he is certain she is in danger. He must save her before it's too late. But her fate is inexplicably tied to the dragon's, and he must find it to find her.

The Dragon Blood Collection, Books 1-3 2014-12-01 Lindsay Buroker A thousand years have passed since a dragon has been seen in the world. Science and technology have replaced magic, which has dwindled until it has become little more than an element of myth and legend. There are those who still have dragon blood flowing through their veins, distant descendants of the mighty creatures of old. These rare humans have the power to cast magic, the power to heal, and the power to craft alchemical weapons capable of starting wars... or ending them. But they are feared for those powers, and in recent centuries, they have been hunted nearly to extinction. The few remaining survivors must find a way to change how humanity perceives them or be lost to the world forever. The Dragon Blood Collection includes three full-length novels of action, magic, and romance: Balanced on the Blade's Edge Deathmaker Blood Charged

Deathmaker 2014-05-30 Lindsay Buroker When Lieutenant Caslin Ahn joined Wolf Squadron, she was prepared for the reality that she might one day be killed in the line of duty. She was less prepared for being shot down, assumed dead by her own people, and dragged off to the Cofah Empire as a prisoner of war. As if being thrust into a dungeon and interrogated wasn't bad enough, the sadistic commandant decides to give her a cellmate: the notorious pirate Deathmaker. Given the crimes he's committed against Iskandia, Cas owes it to her people to try and kill him. Part warrior and part scientist, Tolemek "Deathmaker" Targoson has not only slain thousands with his deadly concoctions, but he has a special loathing for Iskandian pilots. It was Ahn's commander, Colonel Zirkander, who ruined his military career, forcing him to leave his country in shame and join a pirate organization. Years later, he uses his dreadful reputation like a shield to keep people away; all he wants is to be left alone to work in his laboratory. But when fate lands him in a cell with Zirkander's protégé, he sees a chance for revenge. Why kill the lieutenant when he can use her to get to his old nemesis? There's just one problem: it's hard to plot against your enemies when you're in prison with them. Cas and Tolemek will have to work together if they hope to escape the Cofah dungeon. In the process, they may find that neither is what the other expects, and that they have far greater problems to worry about than ensnaring each other... Deathmaker is a full-length 85,000-word novel. It is set after the events in Balanced on the Blade's Edge, but it can be enjoyed even if you haven't read the first book.

The Blade's Memory 2015-06-14 Lindsay Buroker Ridge, Sardelle, and their comrades may have rescued Tolemek's sister and freed the dragon, but trouble awaits at home. The king is missing, a secret organization is hunting sorcerers, and the capital is more vulnerable than ever to enemy attack. Worst of all, at least from Ridge's point of view, someone put that jackass Colonel Therrik in charge of the flier battalion. Ridge and his allies have a lot of problems to fix, but they can't show their faces in the capital without being arrested or shot. This time, it's going to take a lot more than magic to save the country. The Blade's Memory is the fifth installment in the Dragon Blood series.

Under the Ice Blades 2018-02-28 Lindsay Buroker

Blood Charged 2014-07-04 Lindsay Buroker Sardelle Terushan, sorceress and healer, should be lying low. Magic is forbidden in Iskandia, and magic users are drowned, shot, or otherwise slain. The problem? She's fallen in love with ace fighter pilot and national hero, Colonel Ridge Zirkander, a man whom everybody notices, including the king. It's not long before Sardelle has spies dogging her steps and people trying to blow her up. Worse, her presence is jeopardizing Ridge's career. If she can't find a solution to the nation's centuries-old hatred of magic, the only way to protect Ridge—and herself—may be to leave. Ridge Zirkander isn't used to worrying about more than shooting down Cofah airships and keeping the officers in his squadron alive, but his world has gotten more complicated since giving his heart to Sardelle. It's difficult to keep people from noticing a mysterious and enigmatic woman, not to mention her chatty sentient sword. He's been passing her off as an archaeologist to his fellow pilots, but when the king calls him in to a private meeting, Ridge fears his secret has been discovered. But the king—and the rest of the country—has a greater problem. Cofah military scientists have acquired something that shouldn't exist in the world any longer: dragon blood. In addition to having countless mysterious properties, it's a powerful energy source that can be used to create devastating weapons. Ridge, Sardelle, and their allies must travel to the empire as part of a secret strike force to steal the dragon blood. If they fail, the Cofah will finally have the power to destroy all of Iskandia.

Shadow Thief 2020-07-22 Eva Chase One sassy pyromaniac thief, three sexy-as-sin monsters, and a paranormal conspiracy of epic proportions. It was an ordinary job. Another night, another asshole collector of the supernatural. I free some poor little beasties from their cages, pocket a few trinkets to pay my bills, and burn the place down on my way out. Just call me the Robin Hood of monster emancipation. I didn't count on three manly monsters following me home like lost puppies. Stunningly hot lost puppies, but still. Now I've got a seductively cheeky incubus, a sweetly enthusiastic demon, and a grimly stoic angel camped out in my kitchen. They're determined to repay me for my help, and they won't get out of my apartment until they're satisfied we're even. To be fair, they've got no place else to go. A covert band of hunters captured their boss, and the trail is ice-cold. I'll lend a hand if it means I can send them packing... and when it looks like we're up against the same creeps who murdered the person I loved most, you'd better believe

I'm all in. Track down the baddies. Steal back the boss. Don't get killed along the way. Oh, and maybe hook up with a monstrous hottie or two. Piece of cake. I'm so going to regret this. *Shadow Thief is the first book in a new urban fantasy series from bestselling author Eva Chase. If you love kickass heroines with sass to spare, drool-worthy monsters who have their own sense of morality, and steamy romances where there'll be no choosing required, dive in now!*

The Evil Eye 1895 Frederick Thomas Elworthy

Raptor 2015-10-27 Lindsay Buroker Responsible for her friend's death, Lieutenant Caslin Ahn wants nothing more than to be left alone. She no longer deserves the company of comrades or the fulfillment she felt as a Wolf Squadron fighter pilot. But a summons from the king leaves her with no choice but to rejoin her teammates. An ancient evil has been unleashed, bringing death and destruction to the nation, and they are the only ones with a chance of stopping it. Dragon Blood 6 brings back Cas, Tolemek, Ridge, Sardelle, Kaika, and Tylie, as well as her dragon, for a new epic fantasy adventure.

Soulblade (Dragon Blood, Book 7) 2015-12-22 Lindsay Buroker It's been a week since the dragon Morishtomarc fell, and Sardelle is not convinced that Ridge is truly gone. With a companion who thinks he's a god and a soldier who would happily kill her, she heads back to the mountains to look for signs that Ridge survived. What they uncover threatens to destroy their country and all they care about. Meanwhile, the Cofah emperor is furious with Iskandia over the loss of its airships and still has a bounty on Tolemek's head. King Angulus sends Tolemek, Cas, and Kaika on a daring mission that could solve both problems... or leave them all dead.

Shattered Past 2016-01-21 Lindsay Buroker An elite forces officer with a dreadful reputation. A bookish paleontologist with a love for mysteries. An ancient stronghold full of secrets that will take both of them to unearth. Professor Lilah Zirkander (yes, she's related to the famous pilot, and no, she can't get him to autograph your undergarments) is looking forward to a summer in the paleontology lab, researching and cataloging new fossils. But that summer takes an unexpected turn when the king sends her into the Ice Blades to a secret mine where ancient dragon bones have been discovered. Rumor has it that they're cursed and dangerous, but Lilah is more concerned about dealing with the outpost commander, a fierce officer with the temperament of a crabby badger. As punishment for irking the king, Colonel Vann Therrik is overseeing the hardened criminals working in the remote Magroth Crystal Mines. He would like a chance to redeem himself—and escape the loathsome duty station—but nothing is going his way. Cursed fossils have delayed production, miners are trying to escape, and now a scientist has shown up, making demands on his time. Worse, she's the cousin of his nemesis General Zirkander. As if one Zirkander in his world wasn't bad enough. Investigating the fossils leads Lilah and Vann into the depths of Magroth Mountain where centuries-old secrets lurk, and a long-forgotten threat stalks the passages. To have any chance at survival, they'll have to work together and perhaps learn that neither is what the other expected. Shattered Past is a stand-alone novel set in the author's Dragon Blood world.

Oaths (Dragon Blood, Book 8) 2018-04-24 Lindsay Buroker General Ridgewalker Zirkander is getting married. Sardelle—the woman who's battled dragons, shamans, and countless enemy soldiers at his side—has accepted his proposal, and it's the perfect time for a wedding. It's been two months since any dragons or sorceresses attacked the city, the Cofah haven't come after their kidnapped emperor, and King Angulus has stopped yelling at Ridge for his inadvertent role in destroying the castle. Yes, it's the perfect time for a wedding. Never mind that the resident dragon who thinks he's a god is pressuring Ridge to build a temple for him, or that the pirate-turned-scientist Tolemek has disappeared. Or that Ridge's mother is on the verge of discovering that magic exists and her future daughter-in-law is a sorceress. These are small hiccups, and the wedding will go smoothly. Ridge is sure of it. Really.

'Happiness for Mankind' 2012 Bruce Lincoln The product of twenty years' research, this is the first book to study the way religious concerns permeated Achaemenian culture, deeply influencing such varied things as categories of space, time, number, and causality; constructions of nature, humanity, and moral order; institutions of law, education, and kingship; practices of diplomacy, tribute, irrigation and gardening (including the sumptuous royal gardens designated as "paradises"). Particular attention is devoted to the role of cosmogonic myths, dualistic ethics, demonological beliefs, the ideology of royal charisma, the sense of Persia as a sacred center, and the conviction that Achaemenian rulers bore unique responsibility for restoring the world's lost perfection and realizing God's plans for creation: a task to be accomplished by reuniting the globe's tragically fragmented peoples.

The Evil Eye 1992 Alan Dundes The evil eye--the power to inflict illness, damage to property, or even death simply by gazing at or praising someone--is among the most pervasive and powerful folk beliefs in the Indo-European and Semitic world. It is also one of the oldest, judging from its appearance in the Bible and in Sumerian texts five thousand years old. Remnants of the superstition persist today when we drink toasts, tip waiters, and bless sneezers. To avert the evil eye, Muslim women wear veils, baseball players avoid mentioning a no-hitter in progress, and traditional Jews say their business or health is "not bad" (rather than "good"). Though by no means universal, the evil eye continues to be a major factor in the behavior of millions of people living in the Mediterranean and Arab countries, as well as among immigrants to the Americas. This widespread superstition has attracted the attention of many scholars, and the twenty-one essays gathered in this book represent research from diverse perspectives: anthropology, classics, folklore studies, ophthalmology, psychiatry, psychoanalysis, sociology, and religious studies. Some essays are fascinating reports of beliefs about the evil eye, from India and Iran to Scotland and Slovak-American communities; others analyze the origin, function, and cultural significance of this folk belief from ancient times to the present day. Editor Alan Dundes concludes the volume by proffering a comprehensive theoretical explanation of the evil eye. Anyone who has ever knocked on wood to ward off misfortune will enjoy this generous sampling of evil eye scholarship, and may never see the world through the same eyes again.

Dark Currents 2012-03-16 Lindsay Buroker It's been three months since former enforcer Amaranthe Lokdon and the notorious assassin Sicarius thwarted kidnappers and saved the emperor's life. The problem? Nobody knows they were responsible for this good deed. Worse, they're being blamed for the entire scheme. With enforcers and bounty hunters stalking them, and the emperor nursing a personal hatred for Sicarius, it's going to be hard to earn exoneration. When Amaranthe's team discovers mutilated bodies in the city aqueducts and a mysterious illness incapacitates thousands of citizens, she and Sicarius see an opportunity to solve the mystery and prove their loyalty. But they'll have to defeat vengeful shamans, man-eating predators, and deadly mechanical constructs, all while dodging imperial soldiers who would rather kill them than accept their help. Nobody said exoneration would be easy.

Sinister Magic 2020-02-28 Lindsay Buroker A tough, snarky heroine and an aloof dragon shifter must work together to save Seattle in this new urban fantasy series.

Deadly Games 2012-03-01 Lindsay Buroker When you've been accused of kidnapping an emperor, and every enforcer in the city wants your head, it's hard to prove yourself an honorable person and even harder to earn an imperial pardon. That doesn't keep Amaranthe Lokdon and her team of outlaws from trying. When athletes start disappearing from the Imperial Games, they may finally have an opportunity to show the emperor that they're on his side. If she and her comrades can get to the bottom of such a public mystery, they're sure to get the credit. But plans go awry when Amaranthe's own men start plotting against each other, the new ally she'd hoped to acquire tries to turn her in, and her best fighter—and closest friend—disappears. Maybe getting involved wasn't such a good idea after all...

Mind Over Magic 2021-09-30 Lindsay Buroker As a bookish, introverted database programmer, Morgen Keller never thought she was a candidate for a midlife crisis. That was before her husband divorced her, her boss let her go, and her grandmother died. Forty wasn't supposed to look like this. When Morgen heads up to the small town of Bellrock, Washington, to settle the estate, she looks forward to taking a peaceful break from life and figuring out what she's going to do next. But peace isn't to be had. The old farmhouse is full of witch paraphernalia, a fearsome werewolf has claimed the property, and contrary to what the family was told, Grandma didn't die of natural causes. Embroiled in a mystery, and heir to powers she knew nothing about, Morgen must turn to the only person who might be able to help: the werewolf who threatened to rip her throat out for trespassing. This isn't the fresh start on life that Morgen had in mind. A *Witch in Wolf Wood* is perfect for fans of mystery, magic, slow-burn romance, and second chances.
