witch Eden Riley knows that codependent relationships aren't good, especially when you're possessed by a sexy but troublemaking demon. Darrak's physical form makes good girl Eden want to go bad, but the constant itch to use the soul-destroying black magic she's recently acquired might force Eden to explore her dark side in an entirely different way. And when her magic starts manifesting itself without conscious effort, both Eden's life and the possibility of a future with Darrak are threatened-since only one of them might be able to survive this...

Age of the Masters

1975 Reyner Banham "The Age of the Masters was the age of an architectural revolution that lasted over fifty years - from Charles Rennie Mackintosh's Glasgow Art School at the beginning of the century to Mies van der Rohe's National Gallery in Berlin at the end of the sixties. While they lived, the Masters comprised some of the most powerful architectural talents the Western world has yet produced, and at least two men of towering genius -

Frank Lloyd Wright and Le Corbusier. Their aspirations for the future of men, cities, and society may have been thwarted, but the prototypes they created still reflect the light of their creative fervor..." --

Star Wars that Changed History

It was the year 2023, and the world was on the brink of war. The United States and China, the two superpowers, were locked in a fierce rivalry, competing for resources, influence, and dominance. They had developed advanced weapons, such as lasers, drones, and satellites, that could strike anywhere, anytime. They had also secretly built space stations, that could launch nuclear missiles, that could destroy the planet. They were ready to use them, if necessary. But they were not alone. There was a third force, a hidden force, that had been watching them, waiting for them, preparing for them. They were the aliens, and they had come to stop them. They had come to save the world, or to end it. They had come to start the star wars that changed history.
