Save for the occasional visit from a client he had to endure. And that was exactly the way he liked it. Until one night, he finds her. Battered, scarred, tortured by the memories, in need of a safe haven. So he does the unthinkable. He offers to share his with her. It's not long before feelings start to arise. Ignition!

2018-05-23 John Drury Clark This newly reissued debut book in the Rutgers University Press Classics Imprint is the story of the search for a rocket propellant which could be trusted to take man into space. This search was a hazardous enterprise carried out by rival labs who worked against the known laws of nature, with no guarantee of success or safety. Acclaimed scientist and sci-fi author John Drury Clark writes with irreverent and eyewitness immediacy about the development of the explosive fuels strong enough to negate the relentless restraints of gravity. The resulting volume is as much a memoir as a work of history, sharing a behind-the-scenes view of an enterprise which eventually took men to the moon, missiles to the planets, and satellites to outer space. A classic work in the history of science, and described as "a good book on rocket stuff...that's a really fun one" by SpaceX founder Elon Musk, readers will want to get their hands on this influential classic, available for the first time in decades.

The Age of Surveillance Capitalism

2019-01-15 Shoshana Zuboff The challenges to humanity posed by the digital future, the first detailed examination of the unprecedented form of power called "surveillance capitalism," and the quest by powerful corporations to predict and control our behavior. In this masterwork of original thinking and research, Shoshana Zuboff provides startling insights into the phenomenon that she has named surveillance capitalism. The stakes could not be higher: a global architecture of behavior modification threatens human nature in the

twenty-first century just as industrial capitalism disfigured the natural world in the twentieth. Zuboff vividly brings to life the consequences as surveillance capitalism advances from Silicon Valley into every economic sector. Vast wealth and power are accumulated in ominous new "behavioral futures markets," where predictions about our behavior are bought and sold, and the production of goods and services is subordinated to a new "means of behavioral modification." The threat has shifted from a totalitarian Big Brother state to a ubiquitous digital architecture: a "Big Other" operating in the interests of surveillance capital. Here is the crucible of an unprecedented form of power marked by extreme concentrations of knowledge and free from democratic oversight. Zuboff's comprehensive and moving analysis lays bare the threats to twenty-first century society: a controlled "hive" of total connection that seduces with promises of total certainty for maximum profit -- at the expense of democracy, freedom, and our human future. With little resistance from law or society, surveillance capitalism is on the verge of dominating the social order and shaping the digital future -- if we let it.

Diamonds in the Dust

2020-05-19 Charmaine Pauls "She's a pretty wildflower destined for my brother's vase. I'll make her mine, even if how I do it will make flowers wilt." A DARK FRENCH MAFIA ROMANCE Men like us, we see things. We do things, things that make us unfeeling. That's the price of power and money, of living la belle vie and running the French mafia. Then she came along like a pretty wildflower pushing through the cracks on a dirty pavement - fragile yet resilient, a breath of beauty among the filth. She was supposed to be just another job, a nameless person I was to pluck from her life and hand to my brother, nothing but a pawn in the gamble of our diamond business. There's a psychological label for men like us. We lack empathy and guilt. We do things to have what we want, things that make flowers wilt. Note: Diamonds in the Dust is Book 1 of the Diamonds are Forever trilogy and ends on a cliffhanger. Zoe and Maxime's story continues in Diamonds in the Rough (Book 2) and concludes in Diamonds are Forever (Book 3). This dark mafia romance trilogy is part of the Diamond Magnate collection. Killer

2016-03-03 Jessica Gadziala Shooter I ran away when I was fifteen and never looked back. I built a new life: good friends, wild adventures, and an endless parade of gorgeous women. But then I got a call that changed everything; a call that told me it was time to go back and face my demons. I never thought I'd find an angel along the way... Amelia He was the absolute last thing I needed in my life: someone incapable of taking anything seriously, a notorious ladies' man, oh, and did I mention... a killer? As in, he shot people. For a living. Yeah, definitely someone I had no plans on letting in. Except, he set his sights on me and, well, when a man like him laid on the charm, he did it thick and in a way that made you never want him to stop. My only saving grace was that he was only in town for a few days. But when I found myself in a situation and he was the only one who had any answers, well, let's just say... things got complicated...

Barbarous Mexico

1910 John Kenneth Turner "I found Mexico to be a land where the people are poor because they have no rights, where peonage is the rule for the great mass, and where actual chattel slavery obtains for hundreds of thousands." — John Kenneth Turner, *Barbarous Mexico* In *Barbarous Mexico* (1911), John Kenneth Turner describes the corruption and brutal labor system he observed during three years of involvement in a revolutionary movement which led to the overthrow of Mexico's ruler Porfirio Diaz in 1910. Ulysses

2022-10-19 James Joyce Loosely based on the Odyssey, this landmark of modern literature follows ordinary Dubliners in 1904. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. Captivating experimental techniques range from interior monologues to exuberant wordplay and earthy humor. A major achievement in 20th century literature.
