and American nationhood that has inspired generations of writers and thinkers, first published in 1963, the same year as the March on Washington "The finest essay I've ever read."—Ta-Nehisi Coates, #1 New York Times bestselling author of the National Book Award winner *Between the World and Me* With clarity, conviction, and passion, James Baldwin delivers a dire warning of the effects of racism that remains urgent nearly sixty years after its original publication. In the first of two essays, "My Dungeon Shook: Letter to My Nephew on the One Hundredth Anniversary of the Emancipation," Baldwin offers kind and unflinching counsel on what it means to be Black in the United States and explains the twisted logic of American racism. In "Down at the Cross: Letter from a Region in My Mind," Baldwin recounts his spiritual journey into the church after a religious crisis at the age of fourteen, and then back

out of it again, as well as his meeting with Elijah Muhammad, the leader of the Nation of Islam. Throughout, Baldwin urges us to confront the oppressive institutions of race, religion, and nationhood itself, and insists that shared resilience among both Black and white people is the only way forward. As much as it is a reckoning with America's racist past, *The Fire Next Time* is also a clarion call to care, courage, and love, and a candle to light the way.

offers fresh insight into the art and politics of James Baldwin, one of the most important writers and provocative cultural critics of the twentieth century. Black, gay, and gifted, he was hailed as a 'spokesman for the race', although he personally, and controversially, eschewed titles and classifications of all kinds. Individual essays examine his classic novels and nonfiction as well as his work across lesser-examined domains: poetry, music, theatre, sermon, photo-text, children's literature, public media, comedy, and artistic collaboration. In doing so, *The Cambridge Companion to James Baldwin* captures the power and influence of his work during the civil rights era as well as his relevance in the 'post-race' transnational twenty-first century, when his prescient questioning of the boundaries of race, sex, love, leadership, and country assume new urgency.

James Baldwin: The Last Interview

2014-12-02 James Baldwin Never before available, the unexpurgated last interview with James Baldwin “I was not born to be what someone said I was. I was not born to be defined by someone else, but by myself, and myself only.” When, in the fall of 1987, the poet Quincy Troupe traveled to the south of France to interview James Baldwin, Baldwin’s brother David told him to ask Baldwin about everything—Baldwin was critically ill and David knew that this might be the writer’s last chance to speak at length about his life and work. The result is one of the most eloquent and revelatory interviews of Baldwin’s career, a conversation that ranges widely over such topics as his childhood in Harlem, his close friendship with Miles Davis, his relationship

with writers like Toni Morrison and Richard Wright, his years in France, and his ever-incisive thoughts on the history of race relations and the African-American experience. Also collected here are significant interviews from other moments in Baldwin’s life, including an in-depth interview conducted by Studs Terkel shortly after the publication of *Nobody Knows My Name*. These interviews showcase, above all, Baldwin’s fearlessness and integrity as a writer, thinker, and individual, as well as the profound struggles he faced along the way.

Explaining a thesis title requires a method where you present and explain your planned research to a committee of evaluators. This is a typical practice in many universities where groups are established to assess and review research titles before they are allowed to continue with the real research. The defense typically consists of a question-and-answer session designed at showing the importance of the research you have chosen and deciding if you, as a student, are actually able of accomplishing it.
